EXECUTIVE ORDER

PRINCIPLES OF POLICE SERVICE

The police are the public and the public is the police; the police are the only members of the public who are paid to give fulltime attention to duties which are incumbent on every citizen to perform.

The basic mission for which the police exist is to prevent crime and the breach of public order.

The test of police effectiveness is the absence of crime and the presence of public order, not the evidence of police action in coping with crime and disorder.

The success of the police mission is solely dependent upon public approval of police existence, action, and behavior, and the ability of the police to secure and maintain public respect.

The primary trust of a peace officer's duties consists of an attempt to enforce the law. In the performance of that duty, the officer must first and foremost have reverence for the law. The solution of a crime or the arrest of a lawbreaker can never justify the peace officer violating, as an expedient, the rights of the accused.

The police must use every method at their disposal to secure the cooperation of the public in voluntary observance of the law.

The police shall use physical force only to the extent necessary to secure observance of the law or for the restoration of order and only when persuasion, advice, and warning are found to be insufficient.

Crime prevention entails the cooperation of the public and the police working toward a common goal.

Line officers perform the primary task for which police were created. They are the operating professionals. Supervisors and managers exist to define problems, establish objectives, and to assist line officers in the performance of the police mission.

All employees are directly affected by the decisions made by management. Employees should be encouraged to make recommendations which might lead to an improvement in the delivery of police services and the success of the police mission.

It must be recognized that the public and the police cannot successfully resolve the problems of crime. A spirit of cooperation and mutual support with the totality of the criminal justice system and aligned agencies is essential and it is incumbent upon the police to engender this feeling.

The police seek public favor, not by catering to public opinion, but by demonstrating absolute impartiality in serving the public without regard to race or social standing; by the exercise of courtesy and by readily offering individual sacrifice in protecting and preserving life.

LAW ENFORCEMENT CODE OF ETHICS AND CANONS

LAW ENFORCEMENT CODE OF ETHICS AND CANON OF ETHICS

CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

CODE OF PROFESSIONAL CONDUCT AND RESPONSIBILITIES FOR PEACE OFFICERS

Developed by California Peace Officers' Association

Forward

Like other professions, law enforcement must establish minimum standards of ethical conduct for its incumbents. The Law Enforcement Code of Ethics was jointly developed in 1959 by the California Peace Officers' Association (CPOA) and the Peace Officers' Research Association of California (PORAC).

Although the Code remains a universally accepted and valid statement of peace officer conduct, there is need for more detailed ethical standards for peace officers of all ranks and types. This

Law Enforcement Code of Ethics and Canons

Code of Professional Conduct and Responsibilities is intended as a vital supplement to the Law Enforcement Code of Ethics.

This Code was developed by the Standard and Ethics Committee of the California Peace Officers' Association. With representation from every peace officer rank, the Code required more than three years of effort to develop. Special recognition is given to Donald Oliver, Undersheriff of San Diego County Sheriff's Department (Retired), whose efforts and leadership were essential to its development.

To provide recognition to California's peace officers that is so richly deserved, this Code has been copyrighted by CPOA in their behalf. Permission for reprinting this Code is granted for non-profit purposes. Copies may also be purchased from CPOA.

I. PREAMBLE

WHEREAS, peace officers are vested with a public trust which requires that they consistently demonstrate the highest degree of integrity and good moral character; and

WHEREAS, the need to maintain high standard of moral character, integrity, knowledge and trust requires the establishment of a Code of Professional Conduct and Responsibility for Peace Officers as a matter of the highest significance to the health, welfare and safety of the citizens of this state; and

WHEREAS, the establishment of a Code of Professional Conduct and Responsibility for Peace Officers, which includes Canon of Ethics and minimum standards, requires the granting of authority to enforce those standards of professional conduct through disciplinary action as necessary for the protection of the health, welfare and safety of the public; therefore

BE IT RESOLVED that the need to maintain high standards of moral character, integrity, knowledge and trust require that peace officers establish and conform to a Code of Professional Conduct and Responsibility for Peace Officers.

II. GENERAL STATEMENT

Peace Officers are granted a public trust that requires that they consistently demonstrate the highest degree of integrity. To be worthy of this public trust and to ensure that their professional conduct is above reproach, members of the peace officer profession must not only conform to a Code of Ethics but must also abide by these Canons of Ethics and Ethical Standards which constitute this Code of Professional Conduct and Responsibility as a means of internal regulation.

The essence of a profession that requires that in addition to prescribing a desired level of performance, it must establish minimum standards of ethical conduct with prescribed rules of internal discipline to ensure compliance. Accordingly, this Code of Professional Conduct and Responsibility is established for the peace officer profession.

Nothing in the Code of Professional Conduct and Responsibility for Peace Officers is intended to limit or supersede any provision of law relating to the duties and obligations of peace officers

Law Enforcement Code of Ethics and Canons

or the consequences of a violation thereof. Whereas these rules specify certain conduct as unprofessional, this is not to be interpreted as approval of conduct not specifically mentioned.

Nothing in this Code is intended to limit the authority of an agency to adopt and enforce rules and regulations that are more stringent or comprehensive than those that are contained in this Code of Professional Conduct and Responsibility for Peace Officers.

III. DEFINITIONS

This Code of Professional Conduct and Responsibility for Peace Officers is comprised of nine Canons of Ethics, with explanatory statements in the form of Ethical Standards. Examples of Disciplinary Rules and Enforcement Procedure are included as an Addendum of individual agency consideration. Following are definitions of these terms, as used in the context of the code.

A. **PEACE OFFICER:** means a regular employed and full-time sheriff, undersheriff, or deputy sheriff of a county; a chief of police, or any police officer of a city or any chief of police or police officer of a district authorized by law to maintain a police department, or any other person within the state who is defined as a peace officer.

B. **CANONS:** are statements that express in general terms standards of professional conduct expected of peace officers in their relationship with the public, the criminal justice system and the peace officer profession. They embody the general concepts from which the Ethical Standards and The Disciplinary Rules are derived.

C. **ETHICAL STANDARDS:** are statements that represent the objectives toward which every peace officer shall strive. They constitute principles that can be relied upon by the peace officer for guidance in specific situations.

D. **DISCIPLINARY RULES:** specify an unacceptable level of conduct for all peace officers, regardless of their rank or the nature of their assignment. Any peace officer who violates any agency rule that applies to these canons and standards is guilty of unprofessional conduct and is subject to disciplinary action ranging from oral reprimand to termination and/or criminal prosecution or other administrative action sanctioned by law, as dictated by the individual case.

E. **ENFORCEMENT PROCEDURES:** are the fundamental rights of an accused officer that are applicable to a disciplinary investigation or proceeding against the officer.

F. **ADMINISTRATIVE INVESTIGATION:** is an investigation conducted to determine whether an officer has violated any provision of this code, or an agency rule or regulation; or whether an officer is impaired or unfit to perform the duties and responsibilities of a peace officer.

G. **FORMAL DISCIPLINE:** refers to the final adjudication of administrative or disciplinary charges. Formal discipline shall be deemed final only after an officer has exhausted or waived all legal remedies available and actual discipline has been invoked.

B. CONFIDENTIALITY OF INVESTIGATIVE FILES. Tactical Action Plan

207.1 PURPOSE AND SCOPE

This procedure is intended to establish guidelines, in the event of a natural or man-made disaster or unusual occurrence, for the mobilization of maximum departmental resources. These events could include, but are not limited to: civil unrest, major floods, earthquakes or other natural disasters, terrorist events, extensive fires, etc. The procedure should be activated by a command-level officer, above the rank of lieutenant, in the event of a major public safety emergency requiring immediate and sustained maximum staffing.

207.2 PROCEDURE

The term Tactical Action Plan is established as a term to signify that our department has mobilized for maximum deployment. This term indicates to all employees that by executive order, all available departmental personnel are required to suspend their regular days off, including vacations, training, etc., for the duration of the event. A typical duration would be one week, or longer.

Tactical Alerts can be either at STAGE ONE or STAGE TWO.

207.2.1 STAGE ONE TACTICAL ALERT

A **STAGE ONE** Tactical Alert would involve primarily personnel assigned to the Patrol Bureau (Patrol, Traffic, and CSOs).

All Patrol shifts would be compressed as follows: All Day Team officers and CSOs would immediately change their schedules to a Tactical Alert schedule of 0600 hrs - 1800 hrs. All Night Team officers and CSOs would immediately change their schedules to a Tactical Alert schedule of 1800 hrs - 0600 hrs. The Cover Teams and Traffic Units would merge into the above schedules for the duration of the event and days off would be suspended.

207.2.2 STAGE TWO TACTICAL ALERT

A **STAGE TWO** Tactical Alert would add all sworn and support personnel from specialized units (in Investigation). The officers and CSOs assigned to these units would be assigned as needed to augment the Patrol Bureau personnel or other units.

Non-sworn personnel would be reassigned to non-hazardous duties as they are identified. Examples of appropriate duties are: assist dispatch with non-emergency call taking, informational liaisons, logistical support, transportation, etc.

207.3 NOTIFICATIONS

Personnel will be notified of a Tactical Alert via Nixle messages sent to all known employee telephone numbers. Emergency announcements will be sent through local and regional broadcast media, email, and/or personal contact from messengers, if necessary. Employees with department-issued phones are urged to keep them with you at all times, and fully charged.

Tactical Action Plan

The following Tactical Alert Plan outlines our emergency response and coverage for dispatch.

A fully staffed dispatch consists of;16 dispatchers, one part-time dispatcher, three supervisors, and one manager.

All dispatchers with regular start times between 0600-1300 hours would be assigned to work 0600-1800 hours. All dispatchers with start times from 1400-2000 hours would be assigned to work 1800-0600 hours. One supervisor would be assigned 0600-1800 hours. One supervisor would be assigned to 1400-0200 hours. Business lines can be call-forwarded to a designated line to be screened by call takers outside of dispatch, as necessary.

207.6 TERMINATION OF TACTICAL ALERT

A command-level officer may terminate the Tactical Action Plan when the need for such deployment has passed. Because this plan causes significant disruption of personnel, every effort should be made to terminate the mobilization as soon as practicable.

Members should be selected based on their abilities at post-incident evaluation and at assessing related training needs. The Training Sergeant may remove or replace members of the committee at his/her discretion.

The Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

- (a) Any incident involving the death or serious injury of an employee.
- (b) Incidents involving a high risk of death, serious injury or civil liability.
- (c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Committee should convene on a regular basis as determined by the Training Sergeant to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Training Sergeant. The recommendation should not identify specific facts of any incidents, such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

The Training Sergeant will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources.

208.7 TRAINING MATERIALS

The Training Unit is responsible for editing and disseminating training material. The method used to disseminate this information will vary depending upon the subject matter. Normally, training bulletins, roll call training items, electronic bulletins, video tapes or a combination of the aforementioned will be used. Subject material should be based upon established goals and needs of the department. Some examples of proper subject matter are:

- New legislation/court decisions, etc.
- Procedural clarifications
- Developed ideas authored by department personnel

208.7.1 TRAINING MATERIAL SUBMITTED BY DEPARTMENT PERSONNEL AFTER ATTENDING OUTSIDE-AGENCY TRAINING COURSES

Department personnel who attend training courses outside this agency are encouraged to help prepare training material that will share new information with other members of the department. Topics should be thoroughly researched before they are submitted for publication. They may be submitted in draft format for editing by Training Unit personnel. Accurate records of information provided to employees in the form of training bulletins must be maintained.

208.7.2 TRAINING BULLETIN PROCEDURE

It shall be the responsibility of the Training Unit to disseminate the information to personnel in accordance with "need-to-know/right-to-know" rules governing such dissemination. The following method of distributing training bulletins will be used:

- (a) Training Bulletins and e-bulletins will be routed through the command staff prior to general distribution to employees. Command staff will have 96 hours to review the bulletins and provide feedback to the Training Unit. After 96 hours, if no feedback has been received, the Administrative Services Lieutenant, or a designee, may authorize the bulletins to be distributed as normal.
- (b) If it is determined that a training bulletin warrants an employee signature confirming receipt of the bulletin, the Training Unit will prepare packets containing enough bulletins for every employee in the division/unit receiving the bulletin. The packet will also contain a form with the name of each employee in the division/unit, a signature block next to each employee's name and a place for the date the training is received. This form will include a statement saying an employee has read and understands the contents of the training bulletin, which is verified by the presence of his or her signature.
- (c) These packets will be given to division/unit supervisors who must distribute the material. The division/unit supervisor is responsible for obtaining signatures of each employee in his or her unit to verify the training information has been received and understood.
- (d) Division/unit supervisors must then forward the completed verification forms to the Training Unit by the listed deadline. The verification forms will be maintained on file by the Training Unit.

208.8 TRAINING PROCEDURES

All employees assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to the following:

- (a) Court appearances
- (b) First choice vacation
- (c) Sick leave
- (d) Physical limitations preventing the employee's participation
- (e) Emergency situations

When an employee is unable to attend mandatory training, that employee shall:

- (a) Notify his/her supervisor as soon as possible but no later than one hour prior to the start of training.
- (b) Document his/her absence in Schedule Express.
- (c) Make arrangements through his/her supervisor and the Training Sergeant to attend the required training on an alternate date.

208.10 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Fairfield Police Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Sergeant.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Training Sergeant. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

208.11 POLICY

The Department shall administer a training program that will meet the standards of federal, state, local, and POST training requirements. It is a priority of this department to provide continuing education and training for the professional growth and development of its members.

208.12 TRAINING SERGEANT

The Chief of Police shall designate a Training Sergeant who is responsible for developing, reviewing, updating, and maintaining the department training plan so that required training is completed. The Training Sergeant should review the training plan annually.

208.12.1 TRAINING RESTRICTION

The Training Sergeant is responsible for establishing a process to identify officers who are restricted from training other officers for the time period specified by law because of a sustained use of force complaint (Government Code § 7286(b)).

Electronic Mail

212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

212.2 EMAIL USE BY EMPLOYEES

Employees should check their Department email messages at least once during each work shift to ensure that important information is received. Employees should reply to emails that require a response or are requesting information as soon as practicable. If an employee has a planned absence from work, the out of office reply feature should be used in order to alert others that a response will be delayed.

212.3 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.4 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department, department distribution lists or other city departments are only to be used for official business related items that are of particular interest to all users. This includes emails being forwarded from other agencies relating to non-emergency officer safety information, information bulletins (information from the Training Unit is covered under §208), etc. Personal advertisements are not acceptable.

Electronic Mail

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

212.5 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

Administrative Communications

214.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

214.2 MEMORANDUMS

Memorandums may be issued periodically by the Chief of Police or designee to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status. Internal administrative communications may be made by memorandum or by email.

214.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. Personnel should use Department letterhead only for official business and with approval of their supervisor.

214.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or a Bureau Captain.

Any applicant who provides false information or statements on the application will be removed from further consideration and may be prosecuted for a criminal offense (Penal Code § 26180).

- (e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the department Rangemaster, or provide proof of successful completion of another department-approved firearms safety and proficiency examination, including completion of all releases and other forms. 218.5 ISSUED FIREARMS PERMITS

In the event a license to carry a firearm is issued by the Chief of Police, the following shall apply:

220.4.3 QUALIFIED RETIRED RESERVES

Qualified retired reserve officers who meet the department requirements shall be provided an identification card with a CCW Approved endorsement (Penal Code § 26300).

220.5 FORMER OFFICER RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions policy.

220.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.
- (b) Remain subject to all applicable department policies and federal, state and local laws.
- (c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.
- (d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

220.5.2 MAINTAINING A CALIFORNIA IDENTIFICATION CARD CCW ENDORSEMENT

In order to maintain a CCW Approved endorsement on an identification card issued under California law, the retired officer shall (Penal Code § 26305):

- (a) Qualify annually with the authorized firearm at a course approved by this department at the retired officer's expense.
- (b) Remain subject to all applicable department policies and federal, state and local laws.
- (c) Not engage in conduct that compromises public safety.
- (d) Only be authorized to carry a concealed firearm inspected and approved by the Department.

220.6 DENIAL, SUSPENSION, OR REVOCATION OF A LEOSA IDENTIFICATION CARD

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended, or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

220.7 DENIAL, SUSPENSION, OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD

A CCW endorsement for any officer retired from this department may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety (Penal Code § 25470).

- (a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.
- (b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree's last known address (Penal Code § 26315).
 - 1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
 - 2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
 - 3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.
- (c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization, and one selected jointly (Penal Code § 26320).
 - 1. The decision of such hearing board shall be binding on the Department and the retiree.
 - 2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped "No CCW Privilege."
- (d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.
 - 1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).
 - 2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.

3. The personal and written notification should be as follows:
 - (a) The retiree's CCW endorsement is immediately and temporarily suspended.
 - (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
 - (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.
4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

220.8 FIREARM QUALIFICATIONS

The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

Police Assistance to City Council/City Manager

221.1 PURPOSE AND SCOPE

Because it is highly desirable for the Police Chief to be informed and made aware of specific requests for police assistance by City Councilmembers or by the City Manager, the following procedure has been established.

221.2 PROCEDURE

If a member of the City Council or the City Manager requests police assistance, the dispatcher will complete the normal CAD entry and then immediately notify the on-duty Supervisor of the nature of the service request and our proposed response. The Supervisor will notify the on-duty Watch Commander if one is available, who shall then evaluate the situation and determine if the response level is appropriate or if it should be changed.

As soon as practical, the Watch Commander or Supervisor shall notify the Chief, through the the Operations Bureau Captain, and provide information relating to the nature of the request for service and our intended response.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

The use of force by members of law enforcement is a matter of critical concern both to the public and the law enforcement community. It is recognized that some individuals will not comply with the law or submit to control unless compelled to do so by the use of force; therefore, law enforcement officers are sometimes called upon to use force in the performance of their duties. It is also recognized that members of law enforcement derive their authority from the public and therefore must be ever mindful that they are not only the guardians but also the servants of the public.

The Department's guiding principle when using force shall be reverence for human life. Officers shall attempt to control an incident by using time, distance, communication, and available resources in an effort to de-escalate the situation, whenever it is safe, feasible, and reasonable to do so. As stated below, when warranted, Department personnel may use objectively reasonable force to carry out their duties. Officers may use deadly force only when they reasonably believe, based on the totality of circumstances, that such force is necessary in defense of human life. Officers who use unreasonable force degrade the confidence of the community we serve, expose fellow officers to physical hazards, violate the law and rights of individuals upon whom unreasonable force or unnecessary deadly force is used, and subject the Department and themselves to potential civil and criminal liability. Conversely, officers who fail to use force when warranted may endanger themselves, the community, and fellow officers. Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Explicit Bias - Explicit bias is the traditional conceptualization of bias. With explicit bias, individuals are aware of their prejudices and attitudes toward certain groups. Positive and negative preferences for a particular group are conscious. Overt racism and racist comments are examples of explicit biases.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of Force

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Pursuant to California Penal Code Section 835(e)(2), "[A] threat of death or serious bodily injury is "imminent" when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed."

Implicit Bias - Implicit bias involves all of the subconscious feelings, perceptions, attitudes, and stereotypes that have developed as a result of prior influences and imprints. It is an automatic positive or negative preference for a group, based on one's subconscious thoughts. However, implicit bias does not require animus; it only requires knowledge of a stereotype to produce discriminatory actions. Implicit bias can be just as problematic as explicit bias, because both may produce discriminatory behavior. With implicit bias, the individual may be unaware that biases, rather than the facts of a situation, are driving his or her decision-making.

Objectively Reasonable - The legal standard used to determine the lawfulness of a use of non-deadly force is based on the Fourth Amendment to the United States Constitution. See *Graham v. Connor*, 490 U.S. 386 (1989). *Graham* states, in part, "The reasonableness of a particular use of force must be judged from the perspective of a reasonable officer on the scene, rather than with the 20/20 vision of hindsight. The calculus of reasonableness must embody allowance for the fact that police officers are often forced to make split-second judgments - in circumstances that are tense, uncertain, and rapidly evolving - about the amount of force that is necessary in a particular situation. The test of reasonableness is not capable of precise definition or mechanical application."

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

Warning Shots- The intentional discharge of a firearm off target not intended to hit a person, to warn others that deadly force is imminent.

Use of Force

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 FAIR AND UNBIASED USE OF FORCE

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.3 DUTY TO REPORT EXCESSIVE FORCE

Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.2.4 FAILURE TO INTERCEDE

An officer who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the officer who used force beyond that which is necessary (Government Code § 7286(b)).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of Force

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of Force

- (d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with officer commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.
- (t) Officers should continuously assess a situation and consider various options as circumstances change. If a force option proves ineffective, officers should continue to seek the most effective and safest response that is proportional to the threat. This may involve using a force alternative of similar level, de-escalation, or in some cases an escalation of force options, but the level of force used should still be proportional to the threat.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of Force

- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 RESTRICTIONS ON THE USE OF CAROTID CONTROL HOLD

Officers of this department are not authorized to use a carotid restraint hold, except in deadly force applications (Refer to Deadly Force Applications under 300.4). The carotid restraint hold training will not be provided by the Department. A carotid restraint means a vascular neck restraint or any similar restraint, hold, or other defensive tactic in which pressure is applied to the sides of a person's neck that involves a substantial risk of restricting blood flow and may render the person unconscious in order to subdue or control the person (Government Code § 7286.5).

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Fairfield Police Department for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase officer jeopardy.

In addition, when reasonable, officers should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.
- (c) Officers should communicate and endeavor to persuade, advise, and provide clear instructions and warnings when safe and feasible to do so. Officers should consider

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of Force

the use of non-verbal methods to communicate when verbal directions may not be appropriate.

- (d) Officers should consider whether an individual's non-compliance may be due to a medical condition, mental impairment, substance interaction, developmental or physical disabilities, or other considerations that may be beyond the individual's control. If safe and feasible, officers should use de-escalation techniques, alternative resources (such as calling in additional trained personnel), and force-mitigation techniques.

300.3.7 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Officers of this department are not authorized to use a choke hold except in deadly force applications (Refer to Deadly Force Applications under 300.4). Choke hold training will not be provided by the Department. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

300.3.8 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence or pre-existing medical conditions. While it is impractical to restrict an officer's use of reasonable control methods when attempting to restrain a combative individual, officers are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once the individual is safely secured, officers should promptly check and continuously monitor the individual's condition for signs of medical distress (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code § 835a).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) An officer may use deadly force to protect themselves or others from what the officer reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of Force

- (b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

Additionally, an officer should not use deadly force against a person whose actions are a threat solely to property.

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve additional considerations and risks in addition to the justification for the use of deadly force. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

Any member of this department that uses force in an incident that is subject to the Solano County Officer Involved Fatal Incident Protocol shall be interviewed accordingly by members of the Solano County Major Crimes Task Force in lieu of the documentation requirements listed in this section. See policy 309.6.1.

300.5.1 NOTIFICATION TO SUPERVISORS

Any use of force by an officer shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13):

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Bureau Policy.

300.5.3 USE OF FORCE REPORT

It is the responsibility of the officer to document uses of force whenever circumstances merit documentation or, whenever the following criteria exist:

- (a) (a) Any incident where an employee's use of force involves the discharge of a firearm, baton or impact weapon, Conducted Energy Device (CED), chemical

Fairfield Police Department

Fairfield PD Policy Manual

Use of Force

agents, dog bite, less-lethal weaponry, strikes including but not limited to hand, foot, elbow, knee.

- (b) The application caused a visible injury, complaint of injury or continuing pain. The temporary pain associated with the proper application of control holds and/or restraints is not an injury for the purposes of determining if a use of force is reportable.

300.5.4 REPORT RESTRICTIONS

Officers shall not use the term "excited delirium" to describe an individual in an incident report. Officers may describe the characteristics of an individual's conduct, but shall not generally describe the individual's demeanor, conduct, or physical and mental condition at issue as "excited delirium" (Health and Safety Code § 24402).

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) The supervisor should review all reports for accuracy and completeness and ensure all relevant facts of an incident are documented and properly reported.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy.

300.8 TRAINING

Officers, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of Force

Subject to available resources, the Training Sergeant should ensure that officers receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

See the Training Policy for restrictions relating to officers who are the subject of a sustained use of force complaint.

300.9 USE OF FORCE ANALYSIS

At least annually, the Professional Standards Unit should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

300.10 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.11 POLICY REVIEW

The Chief of Police or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.12 POLICY AVAILABILITY

The Chief of Police or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.13 PUBLIC RECORDS REQUESTS

Requests for public records involving an officer's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Shotgun and Explosive Breaching

301.1 PURPOSE AND SCOPE

To establish guidelines for the use of shotgun breaching rounds and explosive breaching devices to quickly force entry through locked and/or barricaded doors/walls/windows. It shall be the policy of the Fairfield Police Department to use shotgun and explosive breaching as directed and when necessary to increase the safety of the public and officers.

The use of breaching shotguns and explosive breaching devices allows officers to defeat doors/walls/windows more efficiently than mechanical breaching tools, or where mechanical breaching tools would be unable to defeat or open them. The primary function of the breaching shotgun and the explosive breaching device is for forcing entry. Although the breaching shotgun is a firearm, it has been modified for breaching purposes. Additionally, the selected ammunition for the breaching shotgun is frangible and designed to defeat door locks and hinges.

301.2 DEFINITIONS

- (a) SHOTGUN BREACHING ROUND - A special munition designed to be fired by a 12-gauge shotgun for the purpose of disabling door locking mechanisms and hinges.
- (a) EXPLOSIVE BREACHING DEVICE – Explosive materials designed for the purpose of creating an opening through a door, wall, or other barrier.
- (a) EXPLOSIVE BREACHER – A person trained in the construction, placement, and initiation of explosive breaching devices.

301.3 WHEN THE BREACHING SHOTGUN AND EXPLOSIVE BREACHING DEVICES MAY BE USED

Patrol Deployments

When a decision has been made to conduct an emergency entry, the breaching shotgun and/or the explosive breaching devices may be used when it appears reasonably necessary to prevent death or great bodily injury. Officers are also required to obtain the approval of a supervisor unless the circumstances make it impractical to obtain authorization and/or delayed response would jeopardize the safety of citizens, officers, or suspect(s).

SWAT Deployments

The breaching shotgun and explosive breaching devices may be used in tactical operations when reasonably necessary to provide a tactical advantage and enhance the safety of citizens, officers, or suspects(s). Deployment during tactical operations shall be approved by the SWAT Commander or designee unless the circumstances make it impractical to obtain authorization and/or delayed response would jeopardize the safety of citizens, officers, or suspects(s).

Shotgun and Explosive Breaching

301.3.1 DEPLOYMENT CONSIDERATIONS

Supervisors and officers should consider various factors in determining the effectiveness of the breaching shotgun and explosive breaching devices for incidents where it is deployed. These factors include but are not limited to:

- (a) Selection of personnel to deploy the breaching shotgun and explosive breaching devices. For example, using SWAT team members to deploy the breaching shotgun and explosive breaching devices versus using such personnel for entry purposes.
- (b) The risk of a failed breach and secondary options.
- (c) The need for manual breaching tools to support the shotgun or explosive breach.
- (d) Verbal warning to the occupants behind the door.
- (e) Advisement to other officers that a shotgun breach is about to occur.
- (f) Preparation of any team to follow the shotgun breach if necessary.

301.3.2 SAFETY PROCEDURES

- (a) All officers in the immediate proximity of shotgun breaching and/or explosive breaching devices shall wear protective equipment.
- (b) All explosive breachers handling explosive breaching devices shall wear proper safety equipment.
- (c) Explosive breaching devices shall only be handled by an explosive breacher or designee.

301.3.3 TRAINING

Only officers trained and having shown adequate proficiency in the use of a breaching shotgun and the Use of Force policy are authorized to carry the device. Training for the breaching shotgun shall occur annually.

All training and proficiency for the breaching shotgun will be documented in the officer's training record. Officers failing to demonstrate proficiency with the weapon or knowledge of the Use of Force policy will be provided remedial training.

All explosive breachers will complete a training course and pass all associated tests required, related to explosive breaching devices prior to handling, deploying, initiating, or constructing any explosive device.

Explosive breachers will conduct quarterly training regarding explosive breaching skills and concepts.

301.3.4 WEAPONS OF OPPORTUNITY

Although the primary function of the breaching shotgun and explosive breaching devices is for forcing entry, this policy does not restrict the use of the breaching shotgun or explosive breaching devices as a lethal weapon of opportunity if the use of this device complies with the Use of Force policy.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Shotgun and Explosive Breaching

301.4 SUPERVISOR RESPONSIBILITIES

Supervisors shall respond to the scene of any events involving the discharge of a breaching shotgun or explosive breaching device. Supervisors shall investigate the circumstances and ensure documentation occurs and photographs are obtained.

301.5 REVIEW, INSPECTION AND APPROVAL

Every breaching shotgun, accompanying frangible ammunition, and explosive breaching materials will be periodically inspected by the SWAT Commander or designee.

301.5.1 TYPE OF AMMUNITION

The Royal Arms International TASAR #2 ammunition will be available to SWAT operators for SWAT and Patrol deployment. Any other ammunition must be approved by the SWAT Commander or designee.

301.5.2 STORAGE OF BREACHING SHOTGUNS

Breaching shotguns will be stored in the locked trunks or locked storage device/cabinet of the patrol vehicles. Breaching shotguns will be returned to the SWAT truck, weapon cage, or locker while the officer is not on duty.

301.5.3 STORAGE OF EXPLOSIVE BREACHING DEVICES

All explosive material shall be stored in compliance with ATF regulations.

301.6 DOCUMENTATION REQUIREMENTS

Any officer discharging the breaching shotgun and/or explosive breaching devices outside of training shall document his/her actions in a police report. The report shall include the type of incident and the justification for discharging the breaching shotgun or explosive breaching device. In the case of a SWAT operation this criteria and report documentation can be covered by the team leader completing the after action report.

All property damaged by the breaching shotgun and/or explosive breaching devices shall be photographed and documented.

Noise Flash Diversionary Devices

302.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the deployment and use of noise flash diversionary devices. Department members are authorized to use noise flash diversionary devices (NFDD), sometimes referred to as "flash bangs," in situations when the use of a less-lethal diversion would facilitate entry, enable an arrest, restore order, and/or potentially reduce the risk of injury. NFDD are ideal for distracting dangerous suspects during assaults, hostage rescue, room entry or other high-risk arrest situations. NFDD can cause short-term physiological/psychological sensory deprivation to give officers a tactical advantage.

302.2 JUSTIFICATION FOR USE

Circumstances justifying the use of NFDD may include, but are not limited to:

- (a) Hostage and barricaded subject situations
- (b) High-risk warrant services
- (c) Discouraging dangerous animals from attacking
- (d) Riotous situations
- (e) Officer or citizen rescues under immediate or imminent threat
- (f) During high-risk situations where use would enhance officer safety
- (g) Circumstances wherein distraction of violent and/or emotionally disturbed persons and/or those under the influence of alcohol/drugs is believed necessary to facilitate apprehension/custody
- (h) Situations wherein the Incident Commander or on-scene Supervisor deems their use necessary to safely resolve the incident
- (i) Training exercises

302.3 PROCEDURE

The following procedures shall be adhered to related to NFDD.

302.3.1 TRAINING AND DEPLOYMENT

Only members who have successfully completed department approved training in the proper use and deployment of NFDD shall be authorized to carry or deploy NFDD operationally. Refresher training on their use should be provided to members of the SWAT Team and Mobile Field Force Team annually.

302.3.2 AUTHORIZATION FOR USE

Except in extreme emergencies (i.e., life-threatening situations), NFDD shall not be used without prior authorization of the Incident Commander or on-scene Supervisor.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Noise Flash Diversionsary Devices

302.3.3 DEPLOYMENT CONSIDERATIONS

Whenever practicable, personnel shall consider available information and circumstances (i.e., presence of young children, elderly persons, flammable materials, small loose objects, etc) prior to deploying a NFDD. Circumstances may indicate that exterior deployment is preferable to deployment on the interior of a structure. Whenever possible, devices should be deployed to an area visible to the deploying officer. A flash bang pole, robot, or other tools may also be utilized to facilitate deployment. Post-deployment, members shall collect deployed munitions (NFDD bodies) once the scene is secure and properly dispose of them.

302.3.4 SAFETY EQUIPMENT

Absent exigent circumstances, all personnel deploying a NFDD in an actual incident or situation shall wear fire-retardant gloves and eye protection. The previously mentioned equipment is mandatory for training.

Because NFDD have the potential to ignite flammable materials, a portable fire extinguisher or Fire Department personnel shall be readily accessible whenever devices are deployed. This does not apply to exigent NFDD deployment during an unanticipated emergency response.

302.3.5 DOCUMENTATION AND REVIEW

Whenever NFDD are deployed by personnel in an operation or incident, that fact shall be documented in a written report. The circumstances surrounding their deployment shall be fully described in the report and the approving supervisor shall confirm that policy and reporting requirements were followed.

302.3.6 REPORTING REQUIREMENTS

NFDD are registered by serial number with the Bureau of Alcohol, Tobacco, and Firearms (ATF). Department purchase of NFDD is reported to ATF by the device manufacturer. The National Firearms Act requires the Department to notify ATF upon the use/expenditure of NFDD. The SWAT Team Commander, Watch Commander, Mobile Field Force Commander, or any designee thereof shall ensure written notification to ATF is completed when any NFDD has been used/expended. Documentation shall be sent to the Bureau of Alcohol, Tobacco, and Firearms National Firearms Branch; 244 Neely Road; Martinsburg, WV 25405; (304)616-4500.

Any use of NFDD shall be documented per the requirements of AB 481 - Military Equipment. Expenditure of NFDD shall be documented in the department's annual Military Equipment Report.

302.3.7 INSPECTION AND STORAGE

Emergency Services Unit Commanders (SWAT and Mobile Field Force) are responsible for ensuring that all NFDD are inspected and inventoried annually. This inspection shall confirm the department's devices are properly stored and in good condition. Devices used beyond their recommended lifetimes shall be designated for training use only.

NFDD should be stored in a cool, dry location within the armory or designated storage locker in an ATF-approved magazine or inside Emergency Services Unit vehicles in ATF-approved containers. Devices may be temporarily issued to SWAT Team members, or other designated

Fairfield Police Department

Fairfield PD Policy Manual

personnel, provided appropriate records are maintained. Devices carried in the field should be carried securely in a pouch/carrier with a retention strap or flap.

302.3.8 FAILED DETONATION

Should an NFDD fail to detonate, the deploying member shall announce the failure and notify their supervisor as soon as practical. When safe to do so, members shall remove the device with safety considerations in mind, use personal protective equipment, and use a tool such as a shovel or dog snare to place the unexpended device into a 5-gallon bucket of water and store it in a safe location. After soaking for a minimum of 24 hours, EOD shall be notified for the disposal of the unexpended device.

Racial and Identity Profiling Act (RIPA) Stop Data Workflow

304.1 PURPOSE AND SCOPE

The Racial and Identity Profiling Act (RIPA) was created as part of Assembly Bill 953. The act contains reporting requirements for California Law Enforcement agencies related to stop data. Government Code 12525.5 requires agencies such as the Fairfield Police Department to collect demographic and other data regarding stops of individuals and to report that data to the Department of Justice (DOJ) at least annually. Stop data shall be collected by police officers, approved by Supervisors, submitted to Records via RIMS, and then submitted to DOJ in accordance with the workflow outlined in this policy.

Conducted Energy Device (TASER)

305.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance, carry, and use of TASER devices.

305.2 POLICY

The TASER device is intended to control a violent, or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

305.3 ISSUANCE AND CARRYING TASER DEVICES

All sworn members of the department, below the rank of Captain, are issued TASERS and are required to successfully complete department approved training before carrying the TASER device.

Officers shall only use the TASER device and cartridges that have been issued by the department. Uniformed officers shall wear the TASER device in an approved holster on their person. Non-uniformed officers may secure the TASER device in their vehicle. All officers shall carry the TASER on their person and in an approved holster while conducting enforcement activities unless otherwise directed by a supervisor. The use of nylon pouches and vest pockets can be authorized by a supervisor for non-uniformed personnel; however, cargo pockets, pants pockets, or other pockets that cannot be secured are not acceptable.

Members carrying the TASER device should perform a function test on the unit prior to every shift.

Officers shall carry the TASER device in a holster on the side opposite the duty firearm.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry a full magazine on the TASER device.
- (c) Officers shall be responsible for ensuring that their TASER device is properly maintained and in good working order. This includes ensuring the Taser device's battery is docked every 30 days, when the battery level icon indicates a low level remaining, or the icon indicates the battery needs to be recharged.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

305.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Conducted Energy Device (TASER)

If an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, use the Taser device's sound, light and/or laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

305.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

305.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or actions, the intent to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

305.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would represent a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Conducted Energy Device (TASER)

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

305.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest, and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest, or groin until the subject is examined by paramedics or other medical personnel.

305.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options, or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

305.5.5 ACTIONS FOLLOWING DEPLOYMENT

Officers shall notify a supervisor of all TASER device discharges. Photographs shall be taken of the areas where darts contacted the skin, and any secondary injuries sustained as a result of the use of the TASER. In critical incidents such as an OIS or in-custody death, or at the discretion of the supervisor, the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

305.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

305.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Conducted Energy Device (TASER)

Officers shall ensure that TASER devices are secured while in their homes, vehicles or other area under their control, in a manner that will keep the device inaccessible to others.

305.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report and Use of Force Report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges shall be reported to a supervisor.

305.6.1 USE OF FORCE REPORT FOR TASER USE

Items that shall be included in the Use of Force Report for TASER use are:

- (a) The type and brand of TASER device.
- (b) Date, time, and location of the incident.
- (c) Whether any display, laser, or arc deterred a subject and gained compliance.
- (d) The number of TASER device activations, the duration of each cycle, the duration (as best as can be determined) that the subject received applications.
- (e) The range at which the TASER device was used.
- (f) Location of any probe impact.
- (g) Description of where missed probes went.
- (h) Whether medical care was provided to the subject.
- (i) Whether the subject sustained any injuries.
- (j) Whether any officers sustained any injuries.

The Training Sergeant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Sergeant should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.

305.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices.
- (b) Identification of all witnesses.
- (c) Medical care provided to the subject.
- (d) Observations of the subject's physical and physiological actions.
- (e) Any known or suspected drug use, intoxication or other medical problems.

305.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only Emergency Room (ER) medical personnel should remove TASER device probes from a person's

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Conducted Energy Device (TASER)

body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes, or who have been subjected to the electric discharge of the device, shall be medically assessed at the ER prior to booking. Additionally, any such individual who falls under any of the following categories shall, as soon as practicable, be examined at the ER:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g.; groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio or video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

305.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The supervisor shall ensure that photographs of probe sites and any secondary injuries have been taken and witnesses interviewed.

305.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Conducted Energy Device (TASER)

deemed appropriate by the Training Supervisor. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors, and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

The Training Unit Supervisor is responsible for ensuring that all personnel issued TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification. Annually the Training Unit Supervisor will ensure that each TASER device has its onboard memory downloaded and saved in a digital file maintained by the Training Unit.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Supervisor should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest, and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the Taser device.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Fairfield Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Fairfield Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer, or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable, or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Handcuffing and Restraints

or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility, or the person no longer reasonably appears to pose a threat.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Handcuffing and Restraints

- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Fairfield Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 TRAINING OFFICER RESPONSIBILITIES

The Training Officer shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Training Officer or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Training Officer for disposition. Documentation shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY

The carrying of OC on the officer's person is optional. Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt or external vest carrier. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 INVENTORY, REPAIR AND MAINTENANCE

Sergeants shall control the inventory and document which officers have the control devices on their respective shifts.

All damaged, inoperative and/or expended control devices shall be returned to the Training Unit for disposition, repair or replacement. The Training Unit should be advised of the problem with any damaged or inoperative device.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Control Devices and Techniques

All routine maintenance, charging and cleaning of the devices (except those individually assigned) shall be the responsibility of the Training Unit.

308.7.3 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC, PAVA powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the PAVA powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the PAVA powder. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. Accidental discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.4 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports. It is the responsibility of the on-scene supervisor or Watch Commander to ensure the notice is posted at the scene. The notice should be in a visible location and photographed in place. The image should be booked into evidence.com.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation. Kinetic energy projectiles include 40 mm and less-lethal shotgun rounds.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Control Devices and Techniques

308.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Control Devices and Techniques

officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.10 TRAINING FOR CONTROL DEVICES

The Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Officer-Involved Shootings and Deaths

309.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

309.2 POLICY

The policy of the Fairfield Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner. Officer-involved shootings and death investigations will conform to the Solano County Officer Involved Fatal Incident Protocol.

309.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

309.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Pursuant to AB 1506, the Department of Justice (DOJ) is required to investigate incidents of an officer-involved shooting resulting in the death of an unarmed civilian.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

309.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Fairfield Police Department would control the investigation if the suspect's crime occurred in the City of Fairfield.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Officer-Involved Shootings and Deaths

investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

309.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

309.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

309.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

309.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting, the first uninvolved Fairfield Police Department officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

309.5.2 WATCH COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

309.5.3 NOTIFICATIONS

The following person(s) shall be notified as soon as practicable:

- Chief of Police
- Operations Division Captain

- Investigations Bureau Commander
- Officer Involved Shooting rollout team
- Outside agency investigator (if appropriate)
- Professional Standards Unit Supervisor
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

309.5.4 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved Fairfield Police Department supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any Fairfield Police Department officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Watch Commander and the Dispatch Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional Fairfield Police Department members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved Fairfield Police Department officer should be given an administrative order not to discuss the incident with other involved officers or Fairfield Police Department members pending further direction from a supervisor.

Fairfield Police Department

2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

309.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 1. Involved Fairfield Police Department officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-Fairfield Police Department officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).
- (d) A licensed psychotherapist shall be provided by the Department to each involved Fairfield Police Department officer. A licensed psychotherapist may also be provided to any other affected Fairfield Police Department members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved officer and a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved Fairfield Police Department officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

309.5.6 NOTIFICATION TO DEPARTMENT OF JUSTICE

The California Department of Justice (DOJ) is required to investigate an officer-involved shooting resulting in the death of an unarmed civilian. The Watch Commander should promptly notify the DOJ in all incidents involving an officer-involved shooting resulting in the death of an unarmed civilian, including where it is undetermined if the civilian was unarmed.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Officer-Involved Shootings and Deaths

For purposes of notification, “unarmed civilian” means anyone who is not in possession of a deadly weapon (Government Code § 12525.3).

309.6 CRIMINAL INVESTIGATION

It shall be the policy of the Fairfield Police Department to adhere to the Solano County Officer Involved Fatal Incident Protocol when conducting the criminal investigation into the circumstances of any officer-involved shooting, which results in injury or death. The Fairfield Police Department shall have final decision making authority regarding investigative decisions.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) Fairfield Police Department supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of Fairfield Police Department officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

309.6.1 REPORTS BY INVOLVED FAIRFIELD POLICE DEPARTMENT OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved Fairfield Police Department officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved Fairfield Police Department officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Officer-Involved Shootings and Deaths

elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved Fairfield Police Department officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

309.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

309.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigations supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigations supervisor for approval. Privileged reports shall be maintained

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Officer-Involved Shootings and Deaths

exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

309.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of Fairfield Police Department officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

309.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review his/her available Mobile Audio/Video (MAV) or body-worn video prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn, and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

309.9 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

309.10 DEBRIEFING

Following an officer-involved shooting or death, the Fairfield Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

309.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Support Services Division Captain is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

Officer-Involved Shootings and Deaths

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other civilian personnel). The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Unit personnel.

309.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

309.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved Fairfield Police Department officer to visits by the media (Government Code § 3303(e)). No involved Fairfield Police Department officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

309.12 REPORTING

If the death of an individual occurs in the Fairfield Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Patrol Division Commander will ensure that the Records Manager is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

311.2.8 SURRENDER OF FIREARM

Peace officers may surrender their firearms only as a last resort and after using every tactical tool at their disposal. Surrender of a weapon rarely de-escalates a serious situation and may put an officer and innocent persons in greater jeopardy.

The Rangemaster, in coordination with the Training Unit, shall keep accurate records of qualifications, repairs, maintenance, or as directed by the Training Unit Supervisor. In addition to regular qualification schedules, the Rangemaster shall be responsible for providing all sworn personnel with quarterly practical training designed to simulate field situations. At least annually, all personnel carrying a firearm will receive training on the department Use of Force policy and demonstrate their knowledge and understanding.

Prior to resuming full-duty status, officers shall report to the Training Sergeant to schedule a qualification shoot, as necessary.

311.5 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

311.5.1 STORAGE IN VEHICLES

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle's interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

311.6 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available, or would likely be ineffective.

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

311.6.1 INJURED ANIMALS

With the approval of a supervisor, an officer may euthanize an animal (with the exception of dogs and cats) that is so badly injured that human compassion requires its removal from further suffering, and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

311.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

311.8 RANGEMASTER DUTIES

The Range will be under the exclusive control of the Rangemaster or the designated Department firearms instructor on duty. All members attending the Range will follow the directions of the Rangemaster or other members of the Range staff. The firearms instructor will maintain a roster of all members attending the Range and will submit the roster to the Training Sergeant after each range date. Failure of any officer to sign in and out on the roster will result in non-qualification. The firearms instructor on duty will initial the roster next to each member who attended the Range before submitting the roster to the Training Unit. It will be the responsibility of the highest ranking firearms instructor present, or the most senior firearms instructor if all instructors present are of the same rank, to review the roster for accuracy and completeness prior to submitting it to the Training Unit.

The Range shall remain operational and accessible to department members during hours established by the department.

The Rangemaster has the responsibility of ensuring periodic inspection, at least once a year, of all duty weapons carried by officers of this department to verify proper operation. Department firearms instructors have the authority to deem any privately owned weapon unfit for service. The officer will be responsible for all repairs to his or her personal weapon and it will not be returned to service until inspected by a Department firearms instructor.

311.9 MAINTENANCE AND REPAIR

Firearms carried on duty shall be maintained in a clean, serviceable condition. Since the use of personally owned weapons is at the option of the individual officer, that officer will be responsible for the furnishing, maintenance, and repair of such weapon.

311.9.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS

The Rangemaster shall be the only person to authorize the modification of any department-owned weapon. All repairs and/or modifications of department issued weapons not performed by the Rangemaster or a Department armorer certified to perform the needed repair, must be approved in advance by the Rangemaster and accomplished by a department approved gunsmith.

Any repairs or modifications to the officer's personally owned weapon shall be done at his or her expense and must be approved by the Rangemaster.

- (d) An official letter signed by the Chief of Police authorizing armed travel must accompany the officer. The letter must outline the officer's need to fly armed, must detail his/her itinerary, and should include that the officer has completed the mandatory TSA training for law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The Training Unit will facilitate the required training upon request.

311.11 CARRYING FIREARMS OUT OF STATE

Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC 926B and C.

Firearms Used For Training

312.1 PURPOSE AND SCOPE

This policy establishes procedures for the acquisition, storage, inventory and access to firearms used for training purposes. These firearms will be used to expose officers to the variety of firearms they may come into contact with while performing their duties. Exposing officers to a variety of firearms will increase their knowledge of firearms and assist them in making firearms "safe" for handling while in the field. The firearms used in this program will not be fired by officers during training. If rounds are needed for training purposes, "dummy" rounds shall be used. This program will be overseen by the Training Sergeant, or designee.

312.2 ELIGIBLE FIREARMS

All firearms used in this program must be approved by the Chief of Police, or designee. Written approval from the Chief of Police, or designee, is needed to obtain firearms held for destruction, or found by officers or citizens. Firearms that have been used in a crime or held for safekeeping must be obtained by court order. The Rangemaster must inspect all firearms to ensure they are in an appropriate condition before they are released for training purposes.

312.3 PROCESS FOR OBTAINING FIREARMS TO BE USED FOR TRAINING

Periodically, a member of the Training Unit will inspect firearms that are in custody of the City of Fairfield Police Department's Property Unit to identify firearms that may be useful for training.

- Once a firearm has been identified as one that would be useful for training, a designee from the Training Unit will contact the Property Unit Supervisor.
- The case number and identifying marks of the firearm will be provided to the Property Unit Supervisor. The Property Unit Supervisor shall ensure the firearm is eligible to be released to the City of Fairfield Police Department's Training Unit, and not under a court order for destruction.
- Once a firearm has been identified as eligible for release to the Training Unit, a member of the department's Training Unit shall complete a memo to the Chief of Police requesting the release of the firearm from the Property Unit to the Training Unit.
- If the Chief of Police approves the release of the firearm, a supplement report stating that the firearm was released from the Property Unit to the Training Unit shall be attached to the original report. The firearm will then be released from the Property Unit to the Training Unit.

312.4 NOTIFICATION TO THE DEPARTMENT OF JUSTICE

To comply with California Penal Code 12030(e), the Department of Justice shall be notified of any firearm retained for training purposes. This notification shall consist of a complete description of each firearm, including:

- Name of the manufacturer or brand name
- Model and caliber

Fairfield Police Department

Firearms Used For Training

- Serial number (if the firearm has one)

The Property Unit Supervisor shall provide this information to the Department of Justice through CLETS.

312.5 STORAGE AND DOCUMENTATION

All firearms used in this program will be stored inside the armory at the City of Fairfield Police Department's Training Facility. A locked container inside the Armory will be designated for these weapons. Only City of Fairfield Police Department Firearms Instructors will have access to these firearms. At least one City of Fairfield Police Department Firearms Instructor shall be present when these firearms are used for training.

A check in/out log shall be maintained by the Training Unit supervisor. This log will include:

- (a) Date
- (b) Time
- (c) Serial number (or firearm identification number if the firearm doesn't have a serial number)
- (d) Instructor who checked out/in the firearm(s)

Firearms used in this program shall be recorded in the City of Fairfield Police Department's Weapon Inventory Log, which is maintained by the Training Unit. An annual audit shall be performed to ensure the retention of all firearms.

Vehicle Pursuits

313.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

313.1.1 DEFINITIONS

Blocking - A low-speed tactic where one or more authorized police department emergency vehicles intentionally restrict the movement of a suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

Boxing-in - A tactic designed to stop a suspect's moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a suspect's vehicle with another vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Pursuits

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect's vehicle.

Tire deflation device - A device that extends across the roadway designed to puncture the tires of the pursued vehicle, sometimes referred to as spike strips.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles..

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who appears to be intentionally resisting apprehension while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

313.2 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code § 21055. Officers are responsible for continuously driving with due regard and caution for the safety of all persons and property as required by (Vehicle Code § 21056).

313.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when the officer reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that shall be considered in deciding whether to initiate a pursuit include:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to an articulable threat to public safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists, and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- (d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and dispatcher, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Pursuits

- (g) The performance capabilities of the drivers and vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- (i) Suspect and officer vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).
- (k) Availability of other resources such as air support or vehicle locator or deactivation technology.
- (l) The police unit is carrying passengers other than a police officer. Pursuits should not be undertaken with a prisoner in the police vehicle.

313.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing officer's vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing officer's vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers, or the suspect, outweighs the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) The pursuit is terminated by the pursuing officers, a supervisor, or a Watch Commander.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Pursuits

If a pursuit has been terminated for any reason, the pursuit should not be re-engaged without the express approval of a supervisor.

313.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds should take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

313.3 PURSUIT UNITS

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles as soon as practicable.

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

313.3.1 MOTORCYCLE OFFICERS

When involved in a pursuit, police department motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

313.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit.

313.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the officer is unable to remain reasonably close to the suspect's vehicle.

The primary unit should notify the dispatcher commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- (a) The location, direction of travel, and estimated speed of the suspect's vehicle.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Pursuits

- (b) The description of the suspect's vehicle including license plate number, if known.
- (c) The reason for the pursuit.
- (d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- (e) The suspected number of occupants and identity or description.
- (f) The weather, road, and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.
- (i) The driving behavior of the suspect including observed vehicle code violations the suspect commits while fleeing.

Until relieved by a supervisor or secondary unit, the officer in the primary unit is responsible for the broadcasting of the progress of the pursuit, including updates to the above conditions. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

313.3.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary unit and is responsible for:

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting the progress, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (d) Identifying the need for additional resources or equipment as appropriate.
- (e) Serving as backup to the primary pursuing officer once the suspect has been stopped.

313.3.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Pursuits

2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.
- (c) Officers should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
1. Requesting assistance from available air support.
 2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 3. Request other units to observe exits available to the suspects, and block on-ramps ahead of fleeing vehicle.
- (d) Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

313.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

313.3.7 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the air unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit should recommend terminating the pursuit.

313.3.8 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

313.4 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

- (a) Immediately notifying involved unit and Dispatch of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit (outlined under "Officer Responsibilities" and "Primary Unit Responsibilities).
- (b) Engaging in the pursuit, when able, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy, or if the pursuing officers fail to provide the information required by this policy.
- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Watch Commander is notified of the pursuit as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing Fairfield Police Department units when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit.
 1. Supervisors should initiate follow-up or additional review when appropriate.

313.4.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. Once notified, the Watch Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

313.5 THE DISPATCH CENTER

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available,

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

switch radio communications to a tactical or emergency channel most accessible by participating agencies and units.

313.5.1 THE DISPATCH CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

313.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

313.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. It is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

313.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Fairfield Police Department is requested by the agency assuming the pursuit and it is approved by the supervisor of this agency. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

313.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the pursuing agency, the pursuit falls within the guidelines provided by this policy, and with approval from a supervisor.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Pursuits

The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this department to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of Fairfield Police Department, the supervisor should consider factors outlined throughout this policy, including but not limited to:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit and meet the Fairfield Police Department requirements to initiate a pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

313.7 WHEN PURSUIT INTERVENTION IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the officers, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

313.7.1 USE OF FIREARMS

Shots fired at or from a moving vehicle are rarely effective and may involve additional considerations and risks. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer.

Fairfield Police Department

Fairfield PD Policy Manual

or others (Government Code § 7286(b)). In all situations, officers are expected to exercise sound judgment based on reverence for human life.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

313.7.2 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Officers should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be used after giving consideration to the following:
 - 1. The technique should only be considered in cases where reasonable suspicion or probable cause to arrest exists for a violent or dangerous felony (see §313.2.2) or impaired drivers who pose an immediate threat to public safety, and should only be used by officers who have received training in the technique.
 - 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 3. It reasonably appears the technique will contain or prevent the pursuit.
- (b) The PIT should only be used after giving consideration to the following:
 - 1. The technique shall only be used by officers who have received training in the technique, including speed restrictions.
 - 2. Supervisory approval shall be obtained before using the technique.
 - 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 4. It reasonably appears the technique will terminate or prevent the pursuit.
 - 5. PIT should not be utilized:
 - (a) On a pickup truck or similar type of vehicle when there are people occupying the open bed portion.
 - (b) On motorcycles.
 - (c) When non-sworn personnel are passengers in the PIT vehicle.
 - 6. It reasonably appears the technique will terminate or prevent the pursuit.
 - 7. PIT should not be utilized:
 - (a) On a pickup truck or similar type of vehicle when there are people occupying the open bed portion.
 - (b) On motorcycles.

- (c) When persons other than sworn personnel are passengers in the PIT vehicle.
- (c) Ramming a fleeing vehicle should only be done after giving consideration to the following:

 - 2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 3. It reasonably appears the technique will terminate or prevent the pursuit.
 - 4. Ramming may be used only under circumstances when deadly force would be authorized.
 - 5. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- (d) Before attempting to box a suspect vehicle during a pursuit the following should be considered:
 - 1. The technique should only be used by officers who have received training in the technique.
 - 2. Supervisory approval should be obtained before using the technique.
 - 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 4. It reasonably appears the technique will terminate or prevent the pursuit.
- (e) Tire deflation devices should only be used after considering the following:
 - 1. Tire deflation devices should only be used by officers who have received training in their use.
 - 2. Supervisory approval should be obtained before using tire deflation devices.
 - 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 4. It reasonably appears the use will terminate or prevent the pursuit.
 - 5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
 - 6. Due to the increased risk to officers deploying tire deflation devices, such deployment should be communicated to all involved personnel.
- (f) Roadblocks should only be used after considering the following:
 - 1. Roadblocks should only be used by officers who have received training in their use.

3. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
4. It reasonably appears the technique will terminate or prevent the pursuit. Roadblocks may be used only under circumstances when deadly force would be authorized.
5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

313.7.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspects.

313.8 REPORTING REQUIREMENTS

All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

- (a) The primary officer should complete appropriate crime/arrest reports.
- (b) The supervisor shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the supervisor for review and distribution.
- (c) After first obtaining the available information, the involved, or if unavailable on-duty, field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
 1. Date and time of pursuit.
 2. Initial reason and circumstances surrounding the pursuit.
 3. Length of pursuit in distance and time, including the starting and termination points.
 4. Involved units and officers.
 5. Disposition (arrest, citation,), including arrestee information if applicable
 6. Alleged offenses.

7. Whether a suspect was apprehended, as well as the means and methods used.
 8. Any use of force that occurred during the vehicle pursuit.
 - (a) Any use of force by a member should be documented in the appropriate report (See the Use of Force Policy).
 9. Any injuries and/or medical treatment.
 10. Any property or equipment damage.
 11. Name of supervisor at scene or who handled the incident.
- (d) The pursuit information is entered by the supervisor, with the audio file and CHP187 attached. The supervisor will forward the information to the Watch Commander. The Watch Commander sends to the Division Captain for review. The Division Captain sends the entry to the Professional Standards Unit.

Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuit reports to minimally include policy suitability, policy compliance, and training or equipment needs.

313.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

The Training Sergeant shall make available to all officers initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, Vehicle Code § 17004.7(d), and 11 CCR 1081, and no less than annual training addressing:

- (a) This policy.
- (b) The importance of vehicle safety and protecting the public.
- (c) The need to balance the known offense and the need for immediate capture against the risks to officers and others.

313.8.2 POLICY REVIEW

Officers of this department shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

313.9 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

Officer Response to Calls

315.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

315.2 RESPONSE TO CALLS

Officers responding Code-3 to a call shall immediately notify the Dispatch Center and shall continuously operate emergency lighting equipment, including at minimum, a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055. Officers should only respond Code-3 when circumstances reasonably indicate an emergency response is required.

Responding with emergency light(s) and siren(s) does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Any call that does not warrant a Code-3 response is considered a routine call. Officers not responding Code-3 to a call shall observe all traffic laws and proceed without the use of emergency lights and siren.

315.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Dispatch Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number.
- The location.
- The reason for the request and type of emergency.
- The number of units required.

315.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3, unless the Watch Commander or the field supervisor authorizes an additional unit(s) or the call dictates otherwise.

315.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify the Dispatch Center. The number of units responding Code- 3 should be dictated by the circumstances of the call. Should another officer believe a Code-3 response is appropriate, the

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Officer Response to Calls

Dispatch Center shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

315.5 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Dispatch Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

315.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death, and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Immediately notify the Watch Commander.
- (c) Confirm the location from which the unit is responding.
- (d) Notify and coordinate allied emergency services (e.g.; fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor.

315.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practical.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment,

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Officer Response to Calls

the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call.
- The necessity of a timely response.
- Traffic and roadway conditions.
- The location of the responding units.

315.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or the Dispatch Center of the equipment failure so that another unit may be assigned to the emergency response.

Robbery Report Response

316.1 PROCEDURE

The procedure outlined below is to occur if the robbery suspects have fled the scene.

- (a) Communications Center. Dispatch personnel will advise patrol officers to "Take a Report regarding a robbery," and have Fairfield units standby for BOL. This format provides responsibility for the report, controls radio traffic, and prevents random response by all units to the scene. If an in-progress possibility exists, a Code 33 can be used until the responding unit goes Code 4. Dispatch personnel should keep the victim/reporting party on the telephone until the officer arrives.
- (b) Arrival of Officers. Upon arrival at the scene, the officer shall establish contact with Dispatch to provide and update crime/suspect information.
- (c) Cover Officer(s). The officer assigned to cover shall immediately begin checking the area for witnesses, suspects, vehicles, and evidence.
- (d) Perimeter Assignments. Other units should stand by in a general perimeter area according to the time element, and wait for perimeter assignments. The dispatcher (at the discretion of the supervisor) shall establish a radius around the crime scene according to the known time element and manpower available, and assign units to a perimeter on the radius where major streets cross. Officers may broadcast their location if they are closer to another perimeter point, thereby giving the dispatcher the opportunity to change assignments if appropriate.
- (e) Unassigned Officers. Officers who are not given a perimeter assignment shall patrol the areas along the radius between perimeter units and act as apprehension units if a possible suspect is sighted.
- (f) Abandonment of Perimeter. When the perimeter is abandoned (the time to be determined by a supervisor), all units will converge towards the scene maintaining perimeter areas and search the area from perimeter to the scene.
- (g) "Just Occurred" Rule of Thumb. A minimum time lapse of three minutes and a minimum radius of ten blocks will be presumed when a "just occurred" robbery is reported. All radiuses will be roughly estimated on this basis. The Communications Center will attempt to establish an accurate time element as soon as possible and broadcast this information so units can respond to a proper distance from the scene.
- (h) Unnecessary Radio Traffic. Keep radio traffic to a minimum. The primary and cover officers shall acknowledge receipt of their assignments; it is not necessary for each officer to acknowledge broadcast. Request repeats/updates on alternate channels.

Canines

317.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services in the community, including, but not limited to, locating individuals and contraband and apprehending criminal offenders.

317.2 POLICY

It is the policy of the Fairfield Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

317.3 ASSIGNMENT

Canine teams are assigned to the Operations Division. Canine teams may be assigned to patrol, specialized units, or other assignments based on the current operational needs, and at the discretion of the Operations Division Captain.

Canine teams assigned to patrol will be assigned to a beat, but may be assigned as a cover unit with the approval of the Watch Commander.

317.3.1 PERFORMANCE STANDARDS/EVALUATIONS

In order for a canine team to qualify for participation in the program, the Canine Coordinator must certify that the team is capable of performing all of the basic entry-level skills. Basic entry-level skills include: agility, obedience and control, apprehension work, call offs, article and evidence searches, and tracking.

The basic entry-level skills will be the minimum performance level expected of the canine teams during their tenure with the program. Canine teams shall demonstrate entry level skills whenever requested by the Canine Coordinator, Canine Manager, the Operations Bureau Captain, or the Chief of Police. Canine teams operating at a substandard performance level in the basic entry-level canine skills or in the expectations of the unit to which they are assigned are subject to suspension or removal from the canine program.

317.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Canine Manager.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with Command Staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.

Fairfield Police Department

Canines

- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

317.4.1 CANINE SELECTION PROCESS

Dogs entering the program shall be of working breed, and approved by the Department. The dog shall have proper physical conformation consistent with his breed's standard, be a good representative of his breed, and be of sound health and temperament.

The dog shall be examined by a licensed veterinarian and certified free of medical illness, including hip and shoulder dysplasia. The examination shall include hip and shoulder x-rays and blood and stool laboratory work.

The dog's temperament and ability to adapt to police work shall be certified by a dog trainer approved by the Chief of Police.

317.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Watch Commander.

317.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by an on-duty supervisor or the Watch Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (d) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.
- (e) The canine handler shall notify the canine coordinator of any assistance provided to outside agencies as soon as practicable.

317.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Canines

- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the on-duty supervisor or Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

317.6.1 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

317.6.2 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, be transported

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

317.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

- (a) Absent a change in circumstances that present an immediate threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

317.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Canines

317.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics and prior approval is obtained from the on-duty supervisor or Watch Commander.

317.8 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the canine's file. The Canine Coordinator shall ensure these files are retained for the service life of the canine.

317.9 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA), or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty, unless otherwise approved by the canine coordinator or Watch Commander.

317.9.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to current POST, CNCA, or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Fairfield Police Department canine training provider.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Canines

- (b) Canine handlers are encouraged to engage in additional training with approval of the Canine Coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

317.9.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, and pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

317.9.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's automated training file.

317.9.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Fairfield Police Department may work with outside trainers with the applicable licenses or permits.

317.9.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(g)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Fairfield Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

317.9.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Canines

- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator, with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering, and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

317.9.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure container appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage container.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

317.10 CARE FOR THE CANINE AND EQUIPMENT

The canine handler shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions. The canine handler will be responsible for the following:

- (a) The handler shall maintain all department equipment under the handler's control in a clean and serviceable condition, including the assigned canine vehicle.
- (b) Handlers shall permit the Canine Coordinator or designee to conduct spontaneous on-site inspections of areas of their residences used for canine housing, as well as their assigned canine vehicle, to verify that conditions and equipment conform to this policy.
- (c) Any changes in the living status of the handler which may affect the lodging or environment of the canine shall be reported to the Canine Coordinator within 24 hours.
- (d) When off duty, canines shall be maintained in kennels, provided by the City, at the homes of the canine handlers. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off duty, canines may only be let out of their kennels while under direct supervision of their handlers.
- (e) Canines should be permitted to socialize in the home with the handlers' families for short periods of time and under the direct supervision of their handlers.
- (f) Canines will not be lodged at another location, unless approved by the Canine Coordinator or the Canine Manager or the in the coordinator's absence. This does not apply to pre-approved kenneling locations under contract with the city.

Domestic Violence

319.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent, and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims, and to guide officers in the investigation of a domestic violence incident.

319.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

319.2 POLICY

The Fairfield Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

319.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

319.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Domestic Violence

- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

319.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Domestic Violence

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

319.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

319.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected:

- (a) Victims should be provided with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (b) Victims should also be alerted to any available victim advocates, shelters, and community resources.
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers should stand by for a reasonable amount of time.
- (d) If the victim has sustained injury or complaints of pain, officers should seek medical assistance as soon as practicable.
- (e) Officers should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the officer determines that a need exists.
- (f) Officers should make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, officers should seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

319.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

319.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

319.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

319.9 OFFICER INVOLVED DOMESTIC VIOLENCE

The requirements set forth in this section shall be adhered to whether or not the incident is reported to a police agency other than the City of Fairfield Police Department.

319.9.1 OFFICER RESPONSIBILITY

- (a) Any sworn member of the Department who is involved in a domestic violence incident shall immediately notify their supervisor or the on-duty Watch Commander of the incident. The supervisor or Watch Commander shall immediately notify the Support Services Captain, or the Professional Standards Unit supervisor in their absence, who will begin an Administrative Investigation or Internal Affairs Investigation. The need for immediate notifications and response is crucial to a complete and thorough investigation.

319.9.2 PROFESSIONAL STANDARDS UNIT RESPONSIBILITY

- (a) The sergeant assigned to the Professional Standards Unit (PSU) is responsible for conducting the Administrative Investigation on incidents of possible domestic violence on an immediate call-out basis.
- (b) The Support Services Captain shall immediately notify the Chief of Police.
- (c) The PSU sergeant will prepare a verbal report for command staff within forty-eight hours of the incident and complete a written report as soon as possible. In the event a criminal case is filed against the employee, the PSU sergeant shall keep the command staff informed of the status of the criminal case as well as the Administrative Investigation.

319.10 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of the victim's right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)

Fairfield Police Department

Fairfield PD Policy Manual

Domestic Violence

2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 4. Penal Code § 646.9 (stalking)
 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:
1. The intent of the law to protect victims of domestic violence from continuing abuse.
 2. The threats creating fear of physical injury.
 3. The history of domestic violence between the persons involved.
 4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

319.11 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Officers who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

319.12 RECORD-KEEPING AND DATA COLLECTION

This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Dispatch and Records Manager to maintain and report this information as required.

319.13 SERVICE OF COURT ORDERS

- (a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- (b) A temporary restraining order, emergency protective order, or an order issued after a hearing shall, at the request of the petitioner, be served on the restrained person by an officer who is present at the scene of a reported domestic violence incident or when the officer receives a request from the petitioner to provide service of the order (Family Code § 6383; Penal Code § 13710).
- (c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
 - 1. An officer should ensure that the Records Bureau is notified of any firearm obtained for entry into the Automated Firearms System (Family Code § 6383) (see the Records Bureau Policy for additional guidance).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

319.14 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

319.15 DECLARATION IN SUPPORT OF BAIL INCREASE

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

319.16 DOMESTIC VIOLENCE DEATH REVIEW TEAM

This department should cooperate with any interagency domestic violence death review team investigation. Written and oral information relating to a domestic violence death that would otherwise be subject to release restrictions may be disclosed to the domestic violence death review team upon written request and approval of a supervisor (Penal Code § 11163.3).

Search and Seizure

321.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Fairfield Police Department personnel to consider when dealing with search and seizure issues.

321.2 POLICY

It is the policy of the Fairfield Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards, and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

321.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

321.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations, or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing, or clothing that could not reasonably conceal a weapon.

321.5 DOCUMENTATION

Officers are responsible for documenting any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is of the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Non-Intrusive Sensor and Scanning Devices

322.1 PURPOSE AND SCOPE

The purpose of this policy is to comply with applicable federal and state law while maintaining the safety and security of the public, suspects, witnesses, employees, and City of Fairfield Police Department facilities.

It is the policy of the City of Fairfield Police Department to conduct searches that meet the requirements of federal and state law. The limited warrantless search of persons seeking to enter Police Department facilities, located at 1000 Webster Street and 1100 Texas Street in the City of Fairfield, is reasonable and necessary in order to ensure the safety of employees and visitors, as well as witnesses and suspects in potential criminal matters.

Signs will be mounted in the lobby of each facility advising of our intent to search those individuals choosing to enter either location.

Searches will be no more intrusive than necessary to preclude weapons or other dangerous items from entering the facility.

The use of hand-held metal detectors is a non-offensive and unobtrusive method of conducting a search.

A hand-held metal detector will be maintained in good working order at both locations listed above.

322.1.1 DEFINITIONS

Non-Authorized Personnel: Persons that are not law enforcement or City of Fairfield employees with City of Fairfield identification displayed.

Non-Intrusive Sensor and Scanning Device Search: A search conducted on a clothed person using a hand-held mechanical device or other non-intrusive detection device.

322.2 PROCEDURE

- A non-intrusive sensor and scanning device search may be conducted on (non-authorized) persons who enter a building/facility secured by the City of Fairfield Police Department.
- A non-intrusive sensor and scanning device will be used only in an authorized manner, according to this policy and per manufacturer's instructions.
- Sensitivity tests should be performed once per week, and adjustments to the sensitivity levels should be made as needed and pursuant to manufacturer instructions.
- This test should be logged in a weekly log book. The log book will be kept and maintained at the police facility located at 1000 Webster Street and 1100 Texas Street. Completed log book pages will be forwarded to the Training Unit for storage.
- Persons entering the facility are deemed to have given their consent to be searched for administrative purposes.

322.3 MANUAL SEARCHES

Searches are conducted on all (non-authorized) persons, for the safety and security of officers and other department employees within the building.

- (a) All bags, containers, briefcases, etc., are subject to search.
 1. All bags, containers, briefcases, etc., shall be opened and inspected visually for weapons and contraband.
 2. It is the responsibility of the officer, or City of Fairfield Police Department employee, to instruct persons to return any "non-illegal" items (knives, tools, stun gun devices, etc.) to their vehicle or residence prior to entry into the building. Current legislation states that mace, pepper spray, and tear gas may be purchased over the counter. However, they MAY NOT be brought into the building and must be left at home or in their vehicle.
 3. The officer or City of Fairfield Police Department employee will not remove, store or confiscate any "non-illegal" items from any person.
 4. If a person is wearing a device or clothing that makes it difficult to check them properly, the employee is to take the extra time to check them thoroughly. Weapons can easily be hidden in a cast, sling, boot, etc.
 5. If the individual refuses to remove any of these items, he/she will not be allowed into the building.
- (b) Except for peace officers, no one may enter the building at any time with firearms, contraband or explosives, without the express approval of the Chief of Police or his/her designee.
- (c) Peace officers and city employees with ID displayed shall be allowed entry without having their bags, containers, or briefcases searched.
- (d) If the need arises to conduct a physical "hands-on" pat search of a person, a sworn officer will be requested to conduct the search and a supervisor notified.
- (e) A supervisor should be notified as soon as practical in the event a weapon or contraband is discovered during a search.
- (f) Any person in possession of an "illegal" weapon or contraband who is not authorized to carry such is subject to arrest.
- (g) Animals are not allowed in the building, unless they are a Service Animal.
- (h) Officers shall refrain from requesting a person to remove any item of clothing that would reveal any portion of the breast, buttocks, chest, thigh, or genitalia.

322.4 CONFISCATING WEAPONS OR CONTRABAND

- (a) The confiscation of any "illegal" firearm or weapon from persons during a search will be documented by an incident report. This person may also be subject to arrest.

- (b) If the scanning device sounds, the person causing the alarm will be asked to remove any keys, pagers, cell phones, or large metal objects from their person.
 - 1. If, after rescanning, the cause is still undetermined, the person will be asked to remove his/her jacket or other outer clothing garment.
 - 2. In the event that a person alarms the metal detector and the source of the alarm cannot be readily ascertained, a pat-down search may be conducted. A person will not be subjected to a pat-down search unless he/she consents to the search. If the person does not consent to the search, they will not be allowed entry into the facility. The pat-search will be limited to the **outer garments** only. Never place your hands into anyone's pockets.
 - 3. A person who alarms the metal detector is free to leave the facility without further searching or questioning if he/she chooses.

Temporary Custody of Juveniles

323.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Fairfield Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

323.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

323.2 POLICY

The Fairfield Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable, and keeping juveniles safe while they are in temporary custody at the Fairfield Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

323.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Fairfield Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Temporary Custody of Juveniles

These juveniles should not be held at the Fairfield Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

323.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. And Department members should administer first aid as applicable (15 CCR 1142).

323.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill themselves, or any unusual behavior which may indicate the juvenile may harm themselves while in either secure or non-secure custody (15 CCR 1142).

323.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Fairfield Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Fairfield Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Fairfield Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

323.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Fairfield Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Temporary Custody of Juveniles

323.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

323.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Fairfield Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to the juvenile offender's home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Temporary Custody of Juveniles

323.5 ADVISEMENT OF JUVENILES AND RIGHT TO COUNSEL

shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, the juvenile shall be given the *Miranda* rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Prior to a custodial interrogation, and before the waiver of any Miranda rights, a youth 15 years of age or younger shall consult with legal counsel in person, or by video conference. The consultation may not be waived (Welfare and Institutions Code § 625.6(a)). This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625.6).

Officers must contact the Solano County Public Defender's Office to speak to the on-duty Public Defender before attempting to speak to a minor. An attorney will respond to the interview location and confer with the juvenile. Absent exigent circumstances, no interrogation should take place prior to the arrival of an attorney from the Public Defender's Office. Officers shall document their call or other means of contact with the Public Defender's Office in the police report.

Anytime a juvenile offender is placed in secure custody, the juvenile offender shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to their parent or guardian; one to a responsible relative or their employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

323.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Fairfield Police Department (15 CCR 1150).
- (c) Watch Commander notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
- (e) Any changes in status (e.g., emergency situations, unusual incidents).
- (f) Time of all safety checks.

Fairfield Police Department

- (g) Any medical and other screening requested and completed (15 CCR 1142).
- (h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1; 15 CCR 1145).
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

323.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Fairfield Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

323.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Fairfield Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Fairfield Police Department.

323.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to themselves or others include the following (15 CCR 1145):

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

- (i) Evidence preservation.

323.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

323.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.

- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

323.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in the supervisor's absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted, or photographed upon the approval from the Watch Commander or the Investigations supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

323.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Fairfield Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Investigations supervisors to ensure that personnel of those bureaus act within legal guidelines.

323.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Support Services Division Captain shall coordinate the procedures related to the custody of juveniles held at the Fairfield Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

323.18 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Juvenile Diversion Program

324.1 PURPOSE AND SCOPE

The purpose of the Juvenile Diversion Program is to provide a formal program to juvenile criminal offenders to correct their behavior prior to entering the formal criminal justice system. The Juvenile Diversion Program provides formal instruction on life skills, monitors the juvenile's progress in school and creates an agreement between juveniles and their guardians regarding their future behavior. Upon successful completion of the Juvenile Diversion Program the juvenile will avoid formal criminal charges for their offense. The Juvenile Diversion Program will collect data on participants and annually complete an audit to insure the Juvenile Diversion Program is functioning without bias and is effective in correcting the behavior of those enrolled.

324.2 SCREENING OF JUVENILE OFFENDERS

All juvenile offenders are screened prior to entry into the Juvenile Diversion Program. The Juvenile Diversion Officer reviews every criminal case involving juvenile offenders, both arrested and referred to the program through formal crime reports. A records check is conducted on each juvenile for local contacts, prior contacts with Solano County Probation or past referrals to the Juvenile Diversion Program.

324.2.1 ENTRY CRITERIA FOR THE JUVENILE DIVERSION PROGRAM

In general, juvenile offenders that have criminal charges for weapons violations, violent crimes or sex offenses are not eligible for entry into the Juvenile Diversion Program. Exceptions for entry of juveniles with these offenses will be considered on a case-by-case basis with consultation between the Juvenile Diversion Officer and the Youth Services Unit supervisor. Serious offenders will be referred to Solano County Probation. All other offenders are eligible for consideration of entry into the Juvenile Diversion Program.

324.2.2 PROGRAM ENTRY PROCESS

For juvenile diversion to be successful juveniles, must be willing to enter the program and be open to the opportunity to adjust their behavior. Juveniles must freely accept responsibility for their actions and enter into the juvenile diversion contract willingly. Should a juvenile refuse to accept responsibility for their actions or refuse to enter into the behavioral contract, the case will be forwarded to Solano County Probation.

For entry into the Juvenile Diversion Program, the juvenile and their guardian must meet in person with the Juvenile Diversion Officer for an entry interview. During this interview the predicate offense is discussed, and the juvenile is evaluated for entry into the program. Evaluation criteria includes the juvenile's willingness to accept responsibility for their actions, the juvenile's past behavior, any use of illegal substances, and the juvenile's academic performance.

If the juvenile is accepted into the program the juvenile, their guardian, and the Juvenile Diversion Officer enter into a contract. This contract outlines the behavior necessary for successful completion of the program, acceptable academic behavior, as well as any formal courses or

services that will assist the juvenile in correcting their behavior, such as drug treatment programs or referrals to the Police Activities League. The contract term will typically be six months to one year in duration.

324.2.3 MENTAL HEALTH SCREENING

During the initial meeting, the Juvenile Diversion Officer will complete a Mentally Ill Crime Reduction (MIOCR) assessment of the juvenile. Should the assessment indicate mental health referral is necessary for the juvenile, the Juvenile Diversion Officer will coordinate with Solano County Probation for a referral to the appropriate program for the juvenile.

324.3 JUVENILE DIVERSION PROGRAM MONITORING

During the juvenile's time in the program their behavior is monitored by both their guardian as well as the The Youth Services Unit. The Juvenile Diversion Officer maintains contact with the juvenile's guardian as well as the juvenile's school administration. If the juvenile attends a school with an assigned School Resource Officer (SRO), the SRO may be in contact with the juvenile during school hours and provide mentoring to the juvenile. If the SRO has contact with Juvenile Diversion Program participants during school hours they will provide feedback to the Juvenile Diversion Officer regarding the circumstances surrounding the contact.

Periodically the Juvenile Diversion Officer will meet with program participants and their guardians to evaluate their progress in the program. Should the juvenile re-offend during their time in the Juvenile Diversion Program, the new offenses would be a basis for their removal from the program. The Juvenile Diversion Officer will consider the nature and severity of the new offenses to determine the best course of action for the juvenile. If the juvenile is allowed to continue in the program, a new offense may result in an extension of their time in the program.

324.3.1 PROGRAM FAILURE

In a case where the juvenile is not successful in completion of the Juvenile Diversion Program, the juvenile and their guardian will be notified in writing. The notice will include the basis for termination of their participation in the Juvenile Diversion Program. The predicate criminal offense of the juvenile will be forwarded to the Solano County Probation Department for formal entry into the juvenile justice system.

Grounds for failure of the Juvenile Diversion Program include, but are not limited to; behavior in violation of the behavior contract, new criminal offenses and poor academic behavior such as unexcused absences without justification or disruptive behavior in school.

324.3.2 SUCCESSFUL COMPLETION OF THE PROGRAM

In cases where the juvenile successfully completes the program, the Juvenile Diversion Officer will meet with the juvenile and their guardian. During this meeting the positive behavior of the juvenile will be discussed and the juvenile will be encouraged to continue in their positive behavior. The juvenile's predicate offense will be closed with a supplemental report indicating completion of the Juvenile Diversion Program. No further action on the criminal case will be taken.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Juvenile Diversion Program

324.4 DATA COLLECTION AND PROGRAM EVALUATION

The Juvenile Diversion Officer will maintain a juvenile tracking system. The juvenile tracking system will collect data on all juvenile offenders considered for entry into the Juvenile Diversion Program. This data will include at a minimum; juvenile's age, juvenile's sex, juvenile's race, juvenile's criminal offense, reason for juvenile's removal from program if applicable, date of program entry, and date of successful completion.

324.4.1 ANNUAL PROGRAM AUDIT

An annual audit of the Juvenile Diversion Program will be conducted by the Youth Services Unit supervisor. This audit will include a comprehensive review of the data collected throughout the year to insure entry into the program is fair and equitable. A review of those cases that were not successful completions of the program will be made to insure the program is functioning properly.

A written report will be completed to memorialize the annual audit. This report will be presented to the Community Services Bureau Lieutenant.

324.5 COLLECTION OF FEES AND ACCOUNTING

324.5.1 FEES FOR JUVENILE DIVERSION PROGRAM PARTICIPATION

When a juvenile is enrolled in the Juvenile Diversion Program a fee of \$75 is collected. This fee may be waived for financial hardship at the discretion of the Juvenile Diversion Officer. The purpose of this fee is to pay for online courses used as a part of the Juvenile Diversion Program.

324.5.2 CASH BOX AND ACCOUNTING

A locking cash box is utilized by the Juvenile Diversion Officer for the purpose of providing change while accepting the fee for participating in the program. When fees are collected from Juvenile Diversion Program participants the transaction is logged into the City of Fairfield finance software. Each day that funds are received a drop of the funds is conducted by the Juvenile Diversion Officer at the City of Fairfield Finance Department. The funds are then deposited into a specific account for the purpose of paying for on-line courses utilized in the Juvenile Diversion Program.

The cash box in the Juvenile Diversion Office is subject to yearly audit by the Professional Standards Unit in accordance with Fairfield Police Department Policy §1021.

Senior and Disability Victimization

325.1 PURPOSE AND SCOPE

A copy of this report will be made available to the alleged victim and reporting party pursuant to department protocols (Penal Code § 368.6(c)(27)).

The Chief of Police shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an

autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c)(18)).

325.3.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

- (a) Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- (b) Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).
- (c) Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c)(11)).
- (d) Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

- (d) Coordinate with other enforcement agencies, social service agencies, and facility administrators as needed (Welfare and Institutions Code § 15650).
- (e) Provide referrals to therapy services, victim advocates, guardians, and support for the victim and family as appropriate (see the Victim and Witness Assistance Policy for additional guidance).
 - 1. Ensure victims of sex crimes know their right to have a support person of their choice present at all times during an interview or contact (Penal Code § 368.6) (see the Sexual Assault Investigations Policy for additional guidance).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

- (g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

325.6 PROTECTIVE CUSTODY

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an elder or dependent adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an elder or dependent adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

325.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

325.6.2 VERIFICATION OF PROTECTIVE ORDER

Whenever an officer verifies that a relevant protective order has been issued, the officer shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the officer shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

- (a) Inquire whether the restrained person possesses firearms. The officer should make this effort by asking the restrained person and the protected person.
- (b) Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.

- (c) Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with department procedures.

325.7 INTERVIEWS

325.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

325.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - (a) A reasonable belief that medical issues of the adult need to be addressed immediately.
 - (b) A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - (c) The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

325.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS

An officer who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

325.8 MEDICAL EXAMINATIONS

When an elder or dependent adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

325.9 DRUG-ENDANGERED VICTIMS

325.9.1 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where there is evidence that an elder or dependent adult abuse victim lives should:

- (a) Document the environmental, medical, social, and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations supervisor so an interagency response can begin.

325.9.2 SUPERVISOR RESPONSIBILITIES

The Investigations supervisor should:

- (b) Activate any available interagency response when an officer notifies the Investigations supervisor that he/she has responded to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where evidence indicates that an elder or dependent adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social, and other conditions that may affect the adult.

325.10 TRAINING

The Department should provide training on best practices in elder and dependent adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.

- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.

325.12 JURISDICTION

The Fairfield Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request, if consistent with federal law, in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

Additional jurisdiction responsibilities for investigations of abuse involving various facilities and agencies may be found in Welfare and Institutions Code § 15650.

Discriminatory Harassment

327.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

327.2 POLICY

The Fairfield Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

327.3 DEFINITIONS

327.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Discriminatory Harassment

327.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

327.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Civil Rights Council guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

327.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

327.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel Director, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

327.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Personnel Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

327.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

327.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel Director, the City Manager, or the California Civil Rights Department for further information, direction, or clarification (Government Code § 12950).

327.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate

Fairfield Police Department

Fairfield PD Policy Manual

Discriminatory Harassment

any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

327.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

327.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Personnel Director, or the City Manager.

327.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

327.6 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Department.

327.8 REQUIRED POSTERS

The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).

Child Abuse

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Fairfield Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

329.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

329.2 POLICY

The Fairfield Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

329.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

Fairfield Police Department

Fairfield PD Policy Manual

Child Abuse

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of the peace officer's employment as a peace officer.

329.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

329.3.2 PROCEDURE FOR "SUSPECTED CHILD ABUSE REPORT" FORM

It is the policy of the City of Fairfield Police Department to ensure that all child abuse and suspected child abuse cases are documented. Notification to the proper entities must also be made.

When an officer encounters a child abuse or suspected child abuse incident, the officer will complete a "Suspected Child Abuse Report" form (per 11166 PC), along with a police report. The "Suspected Child Abuse Report" form shall be faxed to the District Attorney's Office at (707)784-2529 and to Child Welfare Services at (707)421-7535 immediately, or as soon as practicable. Additionally, a telephone report shall be made to Child Welfare Services at (800)544-8696 immediately or as soon as practicable. It shall be the responsibility of the investigating officer to make the above notifications and document within the police report the date and time of said notifications. The investigating officer must complete the police report as soon as practicable either by handwriting the report during the same shift in which the incident was reported or by dictating the report during the same shift, and using the expedited transcription process. The reviewing supervisor must insure that the appropriate notifications were made and noted in the report.

All reports of child abuse investigated by this department not determined to be unfounded shall be reported to the Department of Justice (DOJ) after the investigation is completed. The form designated for this purpose is the SS8583 form provided by DOJ. Unfounded and General Neglect reports do not require completion of an SS8583. The Records unit will send a copy of the SS8583 form to the Investigation unit. The Investigation unit is responsible for notifying the offender and mailing the SS8583 form to DOJ. DOJ uses these reports for data entry into the statewide Child Abuse Index.

329.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

Fairfield Police Department

Child Abuse

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

329.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Child Abuse

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

329.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax, or electronic transfer to the agency with proper jurisdiction (Penal Code § 11165.9).

329.5.2 INITIAL REPORTS OF ABUSE FROM A NONMANDATED REPORTER

Members who receive a report of child abuse or neglect shall request the following information from the reporter (Penal Code § 11167):

- (a) Name and telephone number
- (b) Information and the source of information that gives rise to the knowledge or reasonable suspicion of child abuse or neglect

If the reporter refuses to provide their name and telephone number, the member should make a reasonable effort to determine the basis for the refusal and inform them that their information will remain confidential.

329.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Child Abuse

- (a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, and further has good cause to believe that any of the following conditions exist:
 - 1. The child has an immediate need for medical care.
 - 2. The child is in immediate danger of physical or sexual abuse.
 - 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 - 1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 - 2. There is no lawful custodian available to take custody of the child.
 - 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 - 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

329.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

329.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

329.7 INTERVIEWS

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Child Abuse

329.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

329.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

329.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

329.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

329.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

329.9.1 SUPERVISOR RESPONSIBILITIES

The Investigations supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigations supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

329.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations supervisor so an interagency response can begin.

329.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

329.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code § 841.5; Penal Code § 11167.5).

329.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSECENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Child Abuse

329.10.3 CACI HEARING OFFICER

The Investigations supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

329.10.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

329.10.5 CHILD DEATH REVIEW TEAM

This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

329.11 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

331.2 POLICY

The Fairfield Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Fairfield Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

331.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Investigation supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Ensure that entries are made into the appropriate missing person networks as follows:
 1. Immediately, when the missing person is at risk.

When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

331.6 REPORT PROCEDURES AND ROUTING

Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

331.6.1 SUPERVISOR RESPONSIBILITIES

Hate Crimes

337.1 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Fairfield Police Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6; Penal Code § 422.87).

337.1.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's

motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

Gender identity - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:
 1. "Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality means country of origin, immigration status, including citizenship, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Religious bias - In recognizing suspected religion-bias hate crimes, officers should consider whether there were targeted attacks on, or biased references to, symbols of importance to a particular religion or articles considered of spiritual significance in a particular religion (e.g., crosses, hijabs, Stars of David, turbans, head coverings, statues of the Buddha).

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility

Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This department will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this department should take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All officers are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Chief of Police or other command-level officer to whom the Chief of Police formally delegates this responsibility.

Department personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

337.3.1 HATE CRIMES COORDINATOR

337.3.2 RELEASE OF INFORMATION

In accordance with the Media Relations Policy, the supervisor, public information officer, or the authorized designee should be provided with information that can be responsibly reported to the media. When appropriate, the department spokesperson should reiterate that hate crimes will not be tolerated, will be investigated seriously, and will be prosecuted to the fullest extent of the law.

The Department should consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

- Inform community organizations in a timely manner when a community group has been the target of a hate crime.
- Inform the community of the impact of these crimes on the victim, the victim's family, and the community, and of the assistance and compensation available to victims.

An incomplete report, unorganized report, or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

343.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

343.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state, and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

343.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection. 343.8 ALTERNATIVE CRIME REPORTING METHODS

To ensure resources are as efficiently used as possible, the department will provide numerous methods of filing police reports. The traditional method of dispatching a police officer may not always be possible. In some cases the report may be taken over the telephone or in person at the police department. These reports can be taken by any designated police department employee. When an incident is reported to the Dispatch Center, the person answering the call shall make the determination if the nature of the call allows for handling by alternative methods other than sending staff (CSO, police officer, etc.) to the scene. The method and timing of the report shall be decided between the department representative and the reporting party.

Telephone and Office Reports. Telephone reports and office reports at the police department Records counter may be taken when the incident is determined to have no suspects, no crime scene processing is necessary, and no follow-up investigation is necessary. A Condensed Crime Report (CCR) may be used to document those types of crimes and incidents specified on the CCR Form (i.e., lost property, misdemeanor and felony thefts, vandalism). Staff receiving the report shall verify all necessary information is contained within the report. Telephone and office reports may also be scheduled for a later time or date at the discretion of the reporting party depending on available resources. Whenever delaying a report, a date and time shall be set with the reporting party to complete the report.

Telephone and office reports shall be given a case number and that number provided to the reporting party. Telephone and office reports may be handled by giving the condensed crime report to the reporting party to complete and return later to the police department. In some situations, it may be appropriate to mail a CCR to a citizen for completion and return. This request can be referred from the Dispatch Center to the Records Bureau personnel through a CAD Incident printout. The Records supervisor approves counter reports.

CAD Incident Reports. Whenever it is determined an incident can be handled by telephone and completion of a CCR is unnecessary, the employee has the option of generating a CAD incident report with the agreement of the reporting party. A CAD incident report can only be used when the report is for information purposes and there are no suspects and follow up and crime scene processing is not necessary. The CAD incident shall be given a report number and that number shall be provided to the reporting party. Lead Dispatchers shall review and approve all CAD incident reports.

343.9 CONDENSED CRIME REPORT FOR FIELD USE

The Condensed Crime Report (CCR) may only be used for those crimes indicated at the top of the form. The CCR cannot replace the standard Crime Report that records information on numerous specified crimes such as Domestic Violence, Violent Crime, Prop 115, 293 P.C., etc.

Also see 344.6, Alternative Crime Reporting Methods, for additional uses of Condensed Crime Reports.

343.10 COURTESY CRIME REPORTS

When a crime has occurred in another jurisdiction, a courtesy report may be made at the request of a resident of City of Fairfield and a copy forwarded to the appropriate jurisdiction. Patrol Division Equipment Lockers and Equipment Cage

347.1 POLICY

The department provides secure storage for specialized weapons and equipment used by police officers. Certain pieces of specialized equipment are shared and checked out on a shift-by-shift basis by individual police officers. Other equipment is issued to individual officers. When not in use or otherwise stored per policy, these items are securely stored in equipment lockers and the equipment cage in the Patrol Division briefing room. The KeyWatcher system is used to maintain keys for each storage locker.

347.1.1 PATROL EQUIPMENT LOCKERS

Patrol equipment lockers are utilized to secure and store less lethal weapons and ammunition, radar devices, LIDAR devices, and other supplies made available to patrol officers. The lockers are each secured by a unique key that is housed in the KeyWatcher system. The equipment lockers and KeyWatcher system are designed to provide inventory, accountability, and security for items that are routinely checked out by patrol teams.

347.1.2 PATROL EQUIPMENT CAGE

The patrol equipment cage is separate from the patrol equipment lockers. The equipment cage is used to secure and store patrol rifles, less lethal shotguns, breaching equipment, and other specialized equipment made available to patrol officers. Access to the equipment cage is controlled and logged by a proximity card reader.

347.2 PROCEDURE

All police officers are provided with access to the KeyWatcher system, corresponding patrol equipment lockers, and the equipment cage. Equipment should be routinely deployed by police officers to ensure its presence in the field.

Officers may check equipment out of the lockers for use during their shift using the KeyWatcher system. The key used to open the locker to get equipment is the officer's responsibility until that officer returns the equipment. Once the officer is done with the equipment, the officer shall secure the equipment in the corresponding locker using the key. The key shall then be returned to the KeyWatcher system.

Officers have access to items in the equipment cage using their proximity card. Officers shall ensure the cage is locked after removing or returning equipment.

347.2.1 SUPERVISOR RESPONSIBILITIES

Patrol Supervisors are responsible for the daily operation, inventory, and security of the equipment lockers and equipment cage. Maintenance or repair issues shall be promptly reported to the Training Unit via email or personal notification. At the beginning and end of each shift, Patrol Supervisors shall ensure that equipment is properly checked out and returned. The Training Unit

Fairfield Police Department

shall be notified whenever munitions or other supplies that are stored in the equipment lockers or cage are deployed, used, or issued so that inventories may be replenished. Patrol Supervisors should periodically check to ensure the lockers and equipment cage are locked during their shift.

347.2.2 OFFICER RESPONSIBILITIES

Absent exigent circumstances, police officers shall not circumvent the KeyWatcher procedure for removing and returning equipment, pass off equipment or an equipment locker key to another officer for use, leave lockers unsecured, or leave keys in lockers. Officers shall inspect each piece of equipment removed from the lockers or cage prior to deployment in the field. Damaged or defective equipment, non-functioning lockers, or shortages of supplies shall be reported to a supervisor as soon as practicable.

347.2.3 SECURITY

The department has a responsibility to keep weapons and equipment secure and accounted for. Equipment lockers and the equipment cage shall be locked and secured by all members immediately after removing or returning equipment. Failure to properly lock and secure lockers or the equipment cage may result in discipline. Patrol Supervisors should periodically check to ensure the lockers and equipment cage are locked during their shift.

347.2.4 AUDITING

The Training Unit shall conduct a quarterly inventory audit of the equipment lockers and equipment cage.

Reserve Officers

348.1 PURPOSE AND SCOPE

The Fairfield Police Department Reserve Unit was established to supplement and assist regular sworn police officers in their duties. This unit provides professional, sworn volunteer reserve officers who can augment regular staffing levels.

348.2 SELECTION AND APPOINTMENT OF POLICE RESERVE OFFICERS

The Fairfield Police Department shall endeavor to recruit and appoint to the Reserve Unit only those applicants who meet the high ethical, moral, and professional standards set forth by this Department.

348.2.1 PROCEDURE

All applicants shall be required to meet and pass the same pre-employment procedures as regular police officers before appointment.

Before appointment to the Police Reserve Unit, an applicant must have completed, or be in the process of completing, a POST approved basic academy or extended basic academy.

348.2.2 APPOINTMENT

Applicants who are selected for appointment to the Police Reserve Unit shall, on the recommendation of the Chief of Police, be sworn in by the Chief of Police and take a loyalty oath to observe and obey all of the laws of the land and to carry out their duties to the best of their ability.

348.2.3 COMPENSATION FOR POLICE RESERVE OFFICERS

Compensation for reserve officers is provided as follows:

All reserve officer appointees are issued two sets of uniforms and all designated attire and safety equipment. All property issued to the reserve officer shall be returned to the Department upon termination or resignation. Reserves shall receive a yearly uniform allowance equal to that of regular officers.

348.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS

Qualified employees of this Department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g.; a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Personnel Department prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

348.3 DUTIES OF RESERVE OFFICERS

Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve officers will usually be to augment the Patrol

348.3.1 POLICY COMPLIANCE

Police reserve officers shall be required to adhere to all departmental policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

348.3.2 RESERVE OFFICER ASSIGNMENTS

All reserve officers will be assigned to duties by the Reserve Coordinator or his/her designee.

348.3.3 RESERVE COORDINATOR

The Chief of Police shall delegate the responsibility for administering the Reserve Officer Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

- (a) Assignment of reserve personnel
- (b) Conducting reserve meetings
- (c) Establishing and maintaining a reserve call-out roster
- (d) Maintaining and ensuring performance evaluations are completed
- (e) Monitoring individual reserve officer performance
- (f) Monitoring overall Reserve Program
- (g) Maintaining liaison with other agency Reserve Coordinators

348.4 FIELD TRAINING

Penal Code § 832.6 requires Level II reserve officers, who have not been released from the immediate supervision requirement per the Completion of the Formal Training Process subsection, to work under the immediate supervision of a peace officer who possesses a Basic POST Certificate.

348.4.1 TRAINING OFFICERS

Officers of this Department, who demonstrate a desire and ability to train reserve officers, may train the reserves during Phase II, subject to Watch Commander approval.

348.4.2 PRIMARY TRAINING OFFICER

Upon completion of the Academy, reserve officers will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) Committee. The reserve officer will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as the Primary Training Phase.

348.4.3 FIELD TRAINING MANUAL

Each new reserve officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Fairfield Police Department. The reserve officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

348.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE

At the completion of the Primary Training Phase, (Phase I) the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

348.4.5 SECONDARY TRAINING PHASE

The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.

During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Officer's Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III of the training.

348.4.6 THIRD TRAINING PHASE

Phase III of training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve officer will return to his/her original primary training officer. During this phase, the training officer will evaluate the reserve officer for suitability to graduate from the formal training program.

At the completion of Phase III training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

348.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS

When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve officer may now be assigned to ride with any officer for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision.

348.5 SUPERVISION OF RESERVE OFFICERS

Reserve officers who have attained the status of Level II shall be under the immediate supervision of a regular sworn officer (Penal Code 832.6). The immediate supervision requirement shall also continue for reserve officers who have attained Level I status unless special authorization is received from the Reserve Coordinator with the approval of the Operations Division Commander.

348.5.1 SPECIAL AUTHORIZATION REQUIREMENTS

Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Operations Division Commander, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Operations Division Commander, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

348.5.2 RESERVE OFFICER MEETINGS

All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

348.5.3 IDENTIFICATION OF RESERVE OFFICERS

All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

348.5.4 UNIFORM

Reserve officers shall conform to all uniform regulation and appearance standards of this Department.

348.5.5 INVESTIGATIONS AND COMPLAINTS

If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Patrol Division Commander.

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.

348.5.6 RESERVE OFFICER EVALUATIONS

While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve.

348.6 FIREARMS REQUIREMENTS

Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

348.6.1 CARRYING WEAPON ON DUTY

Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-duty. It is the policy of this Department to allow reserves to carry firearms only while on-duty or to and from duty.

348.6.2 CONCEALED FIREARMS PROHIBITED

No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. An instance may arise where a reserve officer is assigned to a plain clothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in the Field Training section), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve officer remains in good standing as a Reserve Officer with the Fairfield Police Department.

348.6.3 RESERVE OFFICER FIREARM TRAINING

All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training section of the Policy Manual, with the following exceptions:

- Should a reserve officer fail to qualify for two quarters, that reserve officer will not be allowed to carry a firearm until he/she has reestablished his/her proficiency

348.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL

The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.

Outside Agency Assistance

350.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

350.2 POLICY

It is the policy of the Fairfield Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this Department.

350.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this Department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this Department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

350.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Fairfield Police Department shall notify his/her supervisor or the Watch Commander and the Dispatch Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

350.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

350.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report, or as directed by the Watch Commander.

350.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administrative Services Unit Division Commander or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Dispatch Center and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Sergeant should maintain documentation that the appropriate members have received the required training.

Arrested Person's Medical Expenses

353.1 PROCEDURE

It is the intent of this Department to minimize the number of persons who are arrested who need medical treatment. Officers should evaluate the seriousness of the crime and its potential for being either continued or repeated. When practical to do so, an arrest should be deferred until such time as the subject no longer requires medical treatment and can be made pursuant to a valid arrest warrant.

The Department is not routinely responsible to pay for medical treatment of arrested individuals. When it is necessary to provide medical treatment to an arrestee before booking, regardless of whether the injury occurs before or after arrest, it is imperative for the arresting officer to inform the hospital staff that the patient is "private pay." The patient is responsible for payment of their medical treatment through their health insurance. If they are without health insurance, hospital admitting staff can help them apply for Medi-Cal benefits.

Individuals who believe the city is responsible for their medical treatment must make a claim with the City Attorney or Risk Manager, but officers should not obligate the city by signing a Financial Agreement with the medical facility.

Registered Offender Information

354.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Fairfield Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

354.2 POLICY

It is the policy of the Fairfield Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

354.3 REGISTRATION

The Investigations supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

354.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

354.4 MONITORING OF REGISTERED OFFENDERS

The Investigations supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Registered Offender Information

The Investigations supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Fairfield Police Department personnel, including timely updates regarding new or relocated registrants.

354.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Fairfield Police Department's website. Information on sex registrants placed on the Fairfield Police Department's website shall comply with the requirements of Penal Code § 290.46.

The Dispatch and Records Manager may release local registered offender information to residents only in accordance with applicable law and in compliance with a California Public Records Act request (Government Code § 7920.000 et seq.; Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1).

354.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

- (a) The offender's full name
- (b) The offender's known aliases
- (c) The offender's sex
- (d) The offender's race
- (e) The offender's physical description
- (f) The offender's photograph
- (g) The offender's date of birth
- (h) Crimes resulting in the registration of the offender under Penal Code § 290
- (i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

354.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

Registered Offender Information

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Major Incident Notification

356.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how, and to whom notification of major incidents should be made.

356.2 POLICY

The Fairfield Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this Department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

356.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Chief of Police and the affected Division Commander. The following list of incident types is provided as a guide for notification and is not intended to be all inclusive:

- Homicides

- Officer-involved shooting - on-or off-duty (see Officer-Involved Shootings and Deaths Policy for special notifications)
- Significant injury or death to employee - on-or off-duty
- Death of a prominent City of Fairfield official
- Arrest of a department employee or prominent City of Fairfield official
- Aircraft crash with major damage and/or injury or death

The Watch Commander shall attempt to make the notifications as soon as practicable. Notification should be made by calling the home telephone number first and then by any other available contact numbers.

356.4.1 STAFF NOTIFICATION

In the event an incident occurs described in the Major Incident Notification Policy, the Chief of Police shall be notified along with the affected Division Captain and the Detective Lieutenant, if that division is affected.

356.4.3 TRAFFIC BUREAU NOTIFICATION

In the event of a traffic fatality or major injury, the Traffic Sergeant shall be notified who will then contact the appropriate accident investigator. The Traffic Sergeant will notify the Traffic Lieutenant.

356.4.4 PUBLIC INFORMATION OFFICER (PIO)

The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

Nixle

357.1 PURPOSE AND SCOPE

In an effort to enhance public safety and promote community awareness, the NIXLE Information System is to be used to disseminate timely and relevant information to community members and the media. The purpose of this policy is to outline criteria and procedures for sending a news release or community notification via the NIXLE system.

357.2 AUTHORITY TO RELEASE LAW ENFORCEMENT INFORMATION

It is ultimately the responsibility of the Chief of Police to release information to the public. Information of public interest pertaining to Department activity will be made readily available to the public through NIXLE, subject to guidelines established in this policy and policy 346 - News Media Relations.

The Public Information Officer (PIO) will serve as the department's NIXLE administrator. Additional administrators will be added as directed by the Chief of Police.

Personnel authorized to release information via Nixle include Captains, Lieutenants, Sergeants, PIO's, and other designated supervisors. Authorized personnel shall be trained in the operation of the Nixle system prior to sending messages.

Generally, "Alert" messages should only be sent with the approval of a Lieutenant or above, unless public safety necessitates immediate release.

In a multi-jurisdictional investigation, the lead investigative agency is responsible for providing or coordinating the release of public information. Any News Release involving a multi-jurisdictional investigation, or when the Chief of Police is quoted, shall be coordinated by the PIO.

Investigative supervisors, upon consulting with the Public Information Officer, are encouraged to use the service when a crime pattern or trend emerges and the use of NIXLE has the potential to assist in crime prevention or criminal investigation.

357.3 USE OF NIXLE

When authorized or directed to send a message via NIXLE, employees will access the Nixle system web page at <https://agency.nixle.com/login/> and log on using their user ID and NIXLE password. When creating a message, choose one of three message types: Alert, Advisory, or Community. The following describes each type of message:

(A) Alert

1. Intended for "urgent, must know" and time-sensitive information, including:
 - (a) Missing person (at-risk) alerts

Death Investigation

358.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

358.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases, unless the death is obvious (e.g.; decapitated, decomposed). A supervisor shall be notified in all death investigations.

358.2.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

- (a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).
- (b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.

- (n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
- (o) In prison or while under sentence. Includes all in-custody and police involved deaths.
- (p) All deaths of unidentified persons.
- (q) All deaths of state hospital patients.
- (r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
- (s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

358.2.2 SEARCHING DEAD BODIES

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

358.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

358.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

358.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

358.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

Identity Theft

360.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

360.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

362.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

362.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

362.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

362.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should

Fairfield Police Department

Fairfield PD Policy Manual

Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849

362.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's arrest and detention section or citation, under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

366.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

366.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g.; speaking or understanding) but still be LEP for other purposes (e.g.; reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Fairfield Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

366.2 POLICY

It is the policy of the Fairfield Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

366.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Fairfield Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Dispatch and Records Manager. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

366.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Limited English Proficiency Services

- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information, or service provided.
- (d) The cost of providing LEP assistance and the resources available.

366.5 TYPES OF LEP ASSISTANCE AVAILABLE

Fairfield Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

366.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

366.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

366.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Limited English Proficiency Services

366.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

366.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

366.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Limited English Proficiency Services

appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

366.10 CONTACT AND REPORTING

While all law enforcement contacts, services, and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

366.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Fairfield Police Department will take reasonable steps and will work with the Personnel Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

366.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Dispatch Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Limited English Proficiency Services

366.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

366.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g.; name, address) should be documented so that the person can be subpoenaed for trial, if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors, or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

366.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Limited English Proficiency Services

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

366.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

366.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

366.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

366.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

366.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

368.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

368.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters, and intermediary interpreters.

368.2 POLICY

It is the policy of the Fairfield Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects, and arrestees have equal access to law enforcement services, programs, and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

368.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Fairfield Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Communications with Persons with Disabilities

- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch and Records Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g.; deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g.; emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

368.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Communications with Persons with Disabilities

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length, and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Fairfield Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

368.6 TYPES OF ASSISTANCE AVAILABLE

Fairfield Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services, or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

368.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

Fairfield Police Department

Fairfield PD Policy Manual

368.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g.; interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speech reading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

368.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g.; booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

368.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with

Fairfield Police Department

Fairfield PD Policy Manual

Communications with Persons with Disabilities

the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

368.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

368.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

368.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Communications with Persons with Disabilities

request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

368.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location, or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speech-read by facing the individual and speaking slowly and clearly.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

368.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a

different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

368.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Training should be mandatory for all the Dispatch Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

376.7 TRAINING

Child and Dependent Adult Safety

378.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

378.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Fairfield Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

378.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Child and Dependent Adult Safety

378.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 1. Unless there is evidence to the contrary (e.g.; signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 2. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (b) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (c) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (d) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

378.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

Child and Dependent Adult Safety

378.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting employee will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. How, where, and with whom or which agency the child was placed
- (b) For all arrests where dependent adults are present or living in the household, the reporting employee will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

378.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

378.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

378.5 TRAINING

The Training Sergeant is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Service Animals

380.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

380.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

380.2 POLICY

It is the policy of the Fairfield Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

380.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with

schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

380.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Fairfield Police Department affords to all members of the public (28 CFR 35.136).

380.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

380.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting, or otherwise initiating contact with a service animal.

380.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

380.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany

Fairfield Police Department

Fairfield PD Policy Manual

Service Animals

their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Lost Property

381.1 PROCEDURE

Citizens reporting lost property should be referred to the Police website for on-line reporting of the lost property.

The local libraries serve as a resource for people who do not have their own computer. Citizens may also come to the Police Department and complete a counter report during regularly scheduled business hours.

In some circumstances, such as a home-bound senior citizen, it may be necessary for an Officer, Desk Officer, or Community Service Officer to take the report.

Dispatch may enter a call if circumstances exist where a citizen doesn't have computer access.

Volunteer Program

382.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

382.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support, and youth involved in a law enforcement Explorer Program, among others.

382.2 VOLUNTEER MANAGEMENT

The Volunteer Manager shall be appointed by the Police Support Manager. The function of the Volunteer Manager is to provide overall guidance to the volunteer coordinator when implementing the program.

382.2.1 VOLUNTEER COORDINATOR

The Volunteer Coordinator shall be appointed by the Police Support Manager. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.
- (c) Maintaining records for each volunteer.
- (d) Tracking and evaluating the contribution of volunteers.
- (e) Maintaining the volunteer handbook and outlining expectations, policies, and responsibilities for all volunteers.
- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.
- (h) Planning periodic recognition events.

- (i) Administering discipline when warranted.
- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.
- (k) Maintaining liaison with the City's Volunteer Coordinator and ensuring that we follow all City procedures relative to volunteers.

382.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. The Department's Volunteer Coordinator shall work with the City's Volunteer Coordinator for the recruitment of volunteers (except for Explorers and Interns). A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

382.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
- (b) Employment
- (c) References
- (d) Credit check

A Computer Voice Stress Analysis (CVSA) may be required of each applicant depending on the type of assignment.

382.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all

Fairfield Police Department

Fairfield PD Policy Manual

Volunteer Program

required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

382.2.5 TRAINING

Volunteers (excluding Explorers and Interns) will be required to attend a Volunteer Academy to acquaint them with the Department, personnel, policies, and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

382.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

382.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department

assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off-duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

382.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This volunteer coordinator will be responsible for day-to-day organization and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

382.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

382.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use

Fairfield Police Department

Fairfield PD Policy Manual

Volunteer Program

only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

382.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid California Driver License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

382.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

382.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Administrative Services Unit Division Captain, the Police Support Services Manager, or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Administrative Services Unit Division Captain.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

382.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

382.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the

Fairfield Police Department

Volunteer Program

best use, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Use of the Automated External Defibrillator

383.1 PURPOSE AND SCOPE

The preservation of human life is arguably the most important function that can be performed by public safety personnel. Toward this end, the safe and rapid application of emergency medical care, including external defibrillation, is of the highest priority in treating persons experiencing cardiopulmonary arrest. Therefore, it shall be the policy of the Fairfield Police Department to engage in a program to provide Automated External Defibrillators (AED).

NOTE: Approval for use of this device by qualified officers has been given by the Solano Emergency Medical Services Cooperative via an addendum to the automated external defibrillation agreement with the Fairfield Fire Department.

383.2 DEFINITIONS

AED (Automated External Defibrillation) - Therapeutic use of electric current delivered in large amounts over very brief periods of time. In this case, the electrical current is directed at an irregularly beating heart.

CPR (Cardio-Pulmonary Resuscitation) - Application of artificial ventilation and external cardiac compression in patients with cardiac arrest to provide an adequate circulation to support life.

Medical Director - The person with overall responsibility to approve any Solano County automated external defibrillation programs.

Quality Improvement/Clinical Coordinator - The person responsible to perform and/or coordinate all educational and quality improvement functions for the defibrillator program.

383.3 PROCEDURE

An officer may check out an AED from the equipment locker at the beginning of a shift. Officers equipped with an AED will notify Dispatch before going on duty. The AED shall be returned to the storage locker or released to another AED officer prior to the officer's end of shift. AEDs shall be kept in the passenger compartment of the patrol vehicle during the assigned shift.

383.3.1 RESPONSE PROCEDURE

Upon determination that there is a patient who is unconscious, the following is to occur:

- (a) Dispatch will code the call as 11-41B or the appropriate dual-agency type code.
- (b) Dispatch will immediately cause an AED equipped officer to respond to the patient's location; however, only the officer should make the decision whether or not to respond.
- (c) Those officers whose "on scene time" will be faster than the nearest paramedic unit should respond. The decision to respond can be determined from information provided from the dispatcher as to the location of the responding paramedic unit and the patient's location. This can be accomplished by Dispatch making the following type of announcement over the police radio preceded by an alert tone 2: "Attention any AED Officer, Engine 1 is responding from Quarters (or street location) to (patient's location) for an unconscious, (age), male/female, (details; e.g.; stroke, seizure, etc.)."

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of the Automated External Defibrillator

- (d) The officer shall advise Dispatch from where he/she is responding.
- (e) Dispatch shall also request a cover officer, Code 3, and advise the paramedic unit that an AED officer is responding.
- (f) Auto aid medical requests do not require us to dispatch an AED officer.
- (g) AED officers shall advise Dispatch when they have made contact with the patient ("patient care").

383.3.2 PATIENT TREATMENT PROCEDURE

Always follow the "Golden Rules" of automated external defibrillation:

- Patient must be unconscious, have no pulse, and not breathing (or agonal respirations).
-
-
- Do not use the machine on wet patients.
- Do not use the AED in any explosive environment or while the patient is entangled and requiring extrication.
- Follow current department training regarding emergency cardiac care (ECC) guidelines as established by the Red Cross and/or American Heart Association.

383.3.3 PREPARATION AND SET UP OF THE AED

After determining whether the patient meets the above criteria, the following is to occur:

- (a) Ensure a charged battery is in place; turn machine on.
- (b) Snap cables onto patches prior to placing them onto the patient.
- (c) Place patches onto sternum and apex in the following positions:
 1. Sternum: Below the right clavicle at the mid-clavicular line (on upper portion of right pectoral muscle)
 2. Apex: Left lower side of chest below and to the left of the pectoral muscle. The alternate method of placement is to place one patch anteriorly over the heart and the other posteriorly behind the heart).
- (d) Press button to analyze the patient (make sure no one is contacting the patient).
- (e) Follow the machine prompts.
- (f) If shock is indicated, shocks can be administered (if needed) in a series of three (3) up to a total of nine (9) per arrest. Remember to administer one full minute of CPR after three (3) consecutive shocks (uninterrupted). It is preferred to do six (6) on scene and three (3) en route to the hospital (in the absence of paramedic level care).

383.3.4 DOCUMENTATION PROCESS

Each response requiring the use of the AED shall be documented in the manner set forth by the Solano County Emergency Medical Services Cooperative (Solano County EMS Policy #3301). A

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Use of the Automated External Defibrillator

Solano County BLS patient care report must be filled out completely by the officer who utilized the AED. The report will include all appropriate patient data and treatment given by the officer who provided care. This form shall be completed anytime the AED is connected to a patient, whether or not any defibrillation was administered. Upon completion of the form, all copies are to be given to the City of Fairfield Police Department Records Bureau.

383.3.5 QUALITY IMPROVEMENT PROCESS

- (a) Each case where a defibrillator was utilized by the City of Fairfield Police Department shall be reviewed and evaluated by the designated quality improvement/clinical coordinator.
- (b) The initial certification process shall consist of four hours of instruction by Solano County qualified instructors. The four hours shall consist of AED Instruction and adult CPR (all course information shall be in accordance with the Journal of American Medical Association's guidelines).
- (c) In addition to the initial four-hour certification course, each officer providing this service shall successfully complete quarterly skills proficiency evaluations and field care audits.
- (d) The clinical coordinator shall be responsible for keeping all pertinent defibrillation documentation and training records (these records will be kept on file at the City of Fairfield Fire Department).
- (e) Each person initially certified in AED, by Solano County, shall be eligible for re-certification each three years upon approval by the Solano County Emergency Medical Services Cooperative. The clinical coordinator shall show proof of all required training for all those certified.

Off-Duty Law Enforcement Actions

384.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Fairfield Police Department with respect to taking law enforcement action while off-duty.

384.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

384.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

384.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

384.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Fairfield Police Department officer until acknowledged. Official identification should also be displayed.

384.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

384.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

384.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

384.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Miranda Warning and Suspect Interviews

385.1 PURPOSE AND SCOPE

The department has an obligation to efficiently and effectively investigate criminal activity. In an effort to ensure that an individual's Miranda rights have been protected, guidelines have been established to reduce the possibility of tainting criminal cases.

385.2 PROCEDURE

During the course of investigating criminal activity, especially in regards to major crimes, each interviewer should do the following:

- When practical, all interviews with a suspect should be done after consultation with the assigned lead investigator.
- Review the available documentation of previous interview(s) before another interview with the suspect begins.
- During the interview, the interviewer should review Miranda issues with the suspect to determine if there have been previous invocations.
- Complete a report as soon as possible, including all significant elements. Issues regarding Miranda should also be recorded in detail.
- A suspect must be informed of "the right to talk to an attorney prior to answering any questions" and that he/she can invoke this right, "at any time during the interview." The intent of Miranda must "reasonably" be conveyed to a suspect prior to questioning. (Florida v. Powell, February 23, 2010)
- Officers should not continue their questioning outside of Miranda for impeachment purposes or for any other purposes (See Fairfield Police Department Training Bulletin dated 9/29/00).
- Officers are encouraged to use their department issued Miranda card when advising a suspect of their rights.

These instructions are guidelines only, as there is a need for some flexibility. For example, some interviews are extremely lengthy and immediately writing a thorough report regarding the interview may be impractical. It may also be impractical to read or view an entire interview. In those cases, it is extremely important that Miranda issues are reviewed with the suspect prior to an interview.

Graffiti Reward Procedure

387.1 PROCEDURE

City of Fairfield Resolution 84-223 states in part that the Chief of the Police Department has the authority to administer the rewards portion of the Resolution, regarding the defacing graffiti of any public or private permanent structure with paint. 406.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

406.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured

persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

SWAT/CNT Response

407.1 PURPOSE AND SCOPE

These units have been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

407.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the SWAT and CNT Units are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

407.1.2 SWAT TEAM DEFINED

A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

407.2 POLICY

It shall be the policy of this department to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and Control
- (b) Containment
- (c) Entry/Apprehension/Rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

SWAT/CNT Response

407.2.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

407.2.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures which should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing.
- (b) Team organization and function.
- (c) Personnel selection and retention criteria.
- (d) Training and required competencies.
- (e) Procedures for activation and deployment.
- (f) Command and control issues, including a clearly defined command structure.
- (g) Multi-agency response.
- (h) Out-of-jurisdiction response.
- (i) Specialized functions and supporting resources.

407.2.3 OPERATIONAL PROCEDURES

This department shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association Suggested SWAT Best Practices. Because such procedures are specific to SWAT/CNT members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum, the following:

- (a) Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
 1. All SWAT team members should have an understanding of operational planning.
 2. SWAT team training should consider planning for both spontaneous and planned events.
 3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
- (b) Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
 1. When possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed which may include relief, rotation of personnel, and augmentation of resources.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

SWAT/CNT Response

- (d) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
- (e) The appropriate role for a trained negotiator.
- (f) A standard method of determining whether or not a warrant should be regarded as high-risk.
- (g) A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) Post incident scene management including:
 - 1. Documentation of the incident.
 - 2. Transition to investigations and/or other units.
 - 3. Debriefing after every deployment of the SWAT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
 - (b) Such debriefing should not be conducted until involved officers have had the opportunity to individually complete necessary reports or provide formal statements.
 - (c) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.
 - (d) When appropriate, debriefing should include specialized units and resources.
- (i) Sound risk management analysis.
- (j) Standardization of equipment deployed.

407.3 TRAINING NEEDS ASSESSMENT

The SWAT/CNT Commander shall conduct an annual SWAT Training needs assessment to ensure that training is conducted within team capabilities, department policy and the training guidelines as established by POST (11 C.C.R. § 1081).

407.3.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent.

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed department requirements or POST standardized training recommendations.

407.3.4 SWAT ONGOING TRAINING

Training shall be coordinated by the CRU Commander. The CRU Commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test annually. The physical fitness test will be approved by the SWAT Commander. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those members who are on vacation, ill, or are on light duty status with a doctor's note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member, who fails to arrange for and perform the physical fitness test within the 30-day period, shall be considered as having failed to attain a qualifying score for that test period.
- (d) Quarterly, each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT Basic Drill for the handgun. Failure to qualify will require that officer to seek remedial training from a team firearms instructor approved by the CRU Commander. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.
- (e) Each SWAT team member shall complete the quarterly SWAT qualification course for any specialty weapon issued to, or used by, the team member during SWAT operations. Failure to qualify will require the team member to seek remedial training from a team firearms instructor who has been approved by the CRU commander. Team members who fail to qualify on their specialty weapon may not utilize the

specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

407.3.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

407.3.6 SCENARIO BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

407.3.7 TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the Training Unit. Such documentation shall be maintained in each member's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

407.4 UNIFORMS, EQUIPMENT, AND FIREARMS

407.4.1 UNIFORMS

SWAT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

407.4.2 EQUIPMENT

SWAT teams from this agency should be adequately equipped to meet the specific mission(s) identified by the agency.

407.4.3 FIREARMS

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. - (a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),
- (b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and
- (c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).
- (d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.
- (e) The contents of any oral communications overheard are recorded on tape or other comparable device.

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape, or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources, and equipment as needed (e.g.; canine team, air support).

Hostage and Barricade Incidents

- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape, or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable, pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g.; canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.

- (i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties, and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence, or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting an Emergency Services Unit (ESU) response if appropriate, and apprising the ESU Commander of the circumstances. In addition, the following options should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
 - (b) Ensure the completion of necessary first responder responsibilities or assignments.
 - (c) Request crisis negotiators, specialized units, additional personnel, resources, or equipment as appropriate.
 - (d) Establish a command post location as resources and circumstances permit.
 - (e) Designate assistants who can help with intelligence information and documentation of the incident.
 - (f) If it is practicable to do so, arrange for video documentation of the operation.
 - (g) Consider contacting utility and communication providers to restrict such services (e.g.; restricting electric power, gas, telephone service).
1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Dispatch Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

414.6 ESU RESPONSIBILITIES

The Incident Commander will decide, with input from the ESU Commander, whether to deploy the ESU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the ESU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the ESU. The Incident Commander and the ESU Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Weapons of Mass Destruction Response

415.1 PURPOSE AND SCOPE

There are sites located within the jurisdiction of the Fairfield Police Department that may be targeted with the intent of causing a catastrophic outcome. The Department will respond to threats or actual occurrences of Weapons of Mass Destruction (WMD) with appropriate available resources to protect the public health and safety and bring those responsible to justice.

415.2 WEAPONS OF MASS DESTRUCTION DEFINED

WMD threats or incidents violate Title 18, United States Code, Sections 175, 229 or 233a.

- (a) Any destructive device, any explosive, incendiary or poison gas, bomb, grenade, rocket or having a propellant charge of more than two ounces, miss having an explosive or incendiary charge of more than one quarter ounce, mine or device similar to the above, as defined in Section 921 Title 18 United States Code.

as a threat"even if there is no intent of actually carrying it out"which on its face and under the circumstances in which it is made, is so unequivocal, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be sustained fear for his or her safety, or for his or her immediate family's safety, which results in an isolation, quarantine or decontamination effort. The fact that the person who violates this section did not actually possess a weapon of mass destruction does not constitute a defense to this crime. Penalty: Alternate felony/misdemeanor (wobbler) and a fine up to \$250,000.

8. 11419(a) P.C. (Felony) Any person or entity that unlawfully possesses any specified restricted biological agent: smallpox virus, anthrax, yellow fever, plague, etc. Any peace officer that encounters any of the restricted agents mentioned in Section 11419 shall immediately notify and consult with a local public health officer to ensure proper consideration of any public health risk.

415.3 WEAPONS OF MASS DESTRUCTION RESPONSE

Fairfield PD Dispatch will handle reports of WMD by directing the appropriate patrol units to perform a preliminary on-scene investigation. Dispatch will not request the Fire Department or EMS unless there are reported injuries/exposure, or the preliminary investigation uncovers credible physical evidence (e.g., dissemination/mechanical devices, discarded spray devices, threatening letters or written correspondence, etc.) that would necessitate the need for additional, appropriate resources to address the incident.

In any WMD threat or incident, Dispatch shall notify the FBI's Counter-terrorism Task Force by calling (415) 553-7400. With the Watch Commander's approval, Dispatch shall notify the FBI as soon as practical.

Should officers request further evaluation or assessment of a WMD investigation, Solano County Office of Emergency Services shall be contacted via Solano Dispatch. The Incident Commander at his or her discretion may request additional resources such as a Hazardous Materials Response Team or a Bomb Squad.

All personnel shall follow all appropriate protocols and standard ICS operation procedures (safety, isolate and deny access, and make proper notifications) until a technical specialist can perform further identification or assessment.

415.4 BIOLOGICAL THREAT RESPONSE

Any communication of a threat to use a biological agent (including anthrax) as a weapon is a crime, 422 P.C., and a violation of Title 18, U.S.C., Section 175, Department personnel will handle the incident until the threat is determined to be credible. Once a threat is deemed credible, a Unified Command comprised of Law Enforcement, Solano OES, Fire Department, Solano Environmental Management and the Department of Heather Services will also respond and assist/handle the investigation with local law enforcement.

For patrol officer response to anthrax threat incidents, refer to City of Fairfield Police Department Threat Assessment Bulletin dated 10/20/01.

Response to Bomb Calls

417.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Fairfield Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

417.2 POLICY

It is the policy of the Fairfield Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

417.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement, and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

417.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

417.4.1 FAIRFIELD POLICE DEPARTMENT FACILITY

If the bomb threat is against the Fairfield Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

417.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Fairfield Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

Fairfield Police Department

Fairfield PD Policy Manual

Response to Bomb Calls

417.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

417.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Fairfield, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 1. No evacuation of personnel and no search for a device.
 2. Search for a device without evacuation of personnel.
 3. Evacuation of personnel without a search for a device.
 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

417.5.1 ASSISTANCE

The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

417.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
 - 1. The time of discovery.

Fairfield Police Department

Fairfield PD Policy Manual

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

417.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

417.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens, and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate, if necessary.
- (i) Identify witnesses.

417.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

417.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

417.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Mental Illness Commitments

419.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

419.2 POLICY

It is the policy of the Fairfield Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

419.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person.
- (b) A family member.
- (c) The person subject to the determination or anyone designated by the person.

419.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

419.3.2 RESTRAINTS

If the patient is violent or potentially violent, the officer will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints are desired, the officer will wait while they are being applied to help provide physical control of the patient, if needed.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Mental Illness Commitments

419.3.3 MENTAL HEALTH DOCUMENTATION

The officer will complete an application For 72-Hour Detention for Evaluation and Treatment form (MH-302) and provide it to the staff member assigned to that patient. The officer will retain a copy of the 72-hour evaluation for inclusion in the case report. The officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.

419.3.4 SECURING OF WEAPONS

If a receiving and secured facility prohibits weapons, or if an extraordinary event occurs in the treatment facility and officers determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the police unit.

419.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

419.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

419.5 TRANSPORTATION

When transporting any individual for a 5150 commitment, the transporting officer should have the Dispatch Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual, and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

419.5.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS

- (a) Whenever the handling officer has cause to believe that the future return of any confiscated weapon(s) might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Property Unit and the City Attorney which shall be responsible for initiating a petition to the superior court for a hearing in accordance with Welfare and Institutions Code § 8102(b), to determine whether or not the weapon(s) will be returned.
- (b) The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon(s) have been confiscated unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him or her of the right to a hearing on the issue and that he or she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon(s).
- (c) If no petition is initiated within the above period, the Department shall make the weapon(s) available for return in accordance with subsection (d) below. If the person does not confirm a desire for a hearing within the prescribed 30 days, the Department may file a petition for an order of default.
- (d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice which conforms to the provisions of Penal Code § 12021.3(e).
- (e) In no case in which a firearm or other deadly weapon is not retained as evidence shall the Department be required to retain such firearms or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 12021.3(g)).

419.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

419.7 TRAINING

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

419.8 DOCUMENTATION

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

419.8.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals, and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

419.9 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

419.10 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent). Officers should consider the use of a Gun Violence Restraining Order (GVRO) for persons who, due to mental health issues, pose a danger to themselves or to others by owning or possessing a firearm (see the GVRO Policy.)

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

419.10.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigations, which shall be responsible for

initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

Labor Disputes

420.1 PURPOSE AND SCOPE

Negotiations and collective bargaining are legally recognized methods of peacefully settling labor disputes. In such disputes, it is not the function of the department to deal with the issues involved. Rather, it is the role of the department to protect the rights of the public and the disputants by enforcing the law and by maintaining order.

Strikes and mass or circular picketing are not, in themselves, violations of the law. It is the illegal acts that sometimes arise from such activities that are the concern. The effectiveness of the department in labor disputes is maintained by its remaining at all times impartial regarding the parties and issues involved and by taking appropriate action whenever criminal violations are observed or reported.

The department seeks to minimize criminal violations connected with labor disputes by providing guidelines for the conduct of the parties. By seeking the cooperation of the parties involved, tensions are reduced and self-discipline is encouraged, so that the parties may police their own conduct.

Department personnel will not normally be deployed at strike scenes; however, when such deployment becomes necessary, it is the responsibility of the concerned division commanding officer to take the necessary action to deter misconduct and to keep the peace.

420.2 PROCEDURE

Police Department employees should not:

- Take sides in labor disputes.
- Discuss strike issues with outsiders or the press.

Strikers or picketers should not:

- Violate the rights of others by blocking roadways or sidewalk areas.
- Create traffic congestion.
- Stop any egress or ingress to public or semi-public properties.

The officer in charge of the operation should:

- Make every effort to communicate with the picketers or labor leaders in an attempt to have them correct any violations. If all measures fail to bring about successful conclusions, corrective action may follow.

Police officers should:

- Make periodic visits during tour of duty.
- Be alert for unusual acts such as:
 - (a) Tampering with vehicles

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Labor Disputes

- (b) Causing public or private property damage
- (c) Other crimes and public offenses

Union officials should:

- Be alerted to take proper action in the case of alcohol consumption by picketers.

Should violence erupt, provisions of Penal Code Section 407, Dealing with Unlawful Assembly, shall be placed into effect.

Cite and Release Policy

421.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

421.2 POLICY

It is the policy of the Fairfield Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

421.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

421.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

421.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

421.3.3 DRIVING UNDER THE INFLUENCE, CITE, AND RELEASE

Subjects arrested for misdemeanor Driving Under the Influence (DUI) may be released upon a written Promise to Appear in court after transport to the police department or hospital has been made and chemical test completed. The arresting officer will make the determination if the subject

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Cite and Release Policy

is to be booked or cited and released after chemical testing. The subject must meet all of the following factors to qualify for cite and release:

- (a) Positive proof of identification is available.
- (b) There is a likelihood that the subject will appear in court as required.
- (c) A warrant check conducted reflects no outstanding wants or warrants.
- (d) The subject has had no more than one prior misdemeanor DUI conviction within the past ten years.
- (e)
- (f) The subject is not violent.
- (g) The subject is not a danger to himself/herself or others.
- (h) The subject has been fingerprinted and photographed at the police department or hospital.
- (i) The subject agrees to sign the Notice to Appear prior to release or a supervisor approves referring the case to the District Attorney.
- (j) The arrested subject's vehicle will be towed and stored, or another method will be used to ensure he/she cannot drive it until it is legal to do so.
- (k) If the current arrest may result in a felony conviction, supervisor approval shall be obtained before releasing pursuant to 849(b).
- (l) If not left in the care of medical personnel at a hospital, then to a person who is available to assume responsibility for the subject upon release, and the person assuming responsibility for the subject must:
 - 1. Be a responsible adult.
 - 2. Be able to arrive at the police department within a reasonable period of time.
 - 3. Have valid identification and a valid driver's license, if driving.
 - 4. Not be under the influence of drugs or alcohol.
 - 5. Sign a "Waiver of Responsibility" form (DUI Release Waiver).

The officer will contact the responsible person and the conditions of release shall be thoroughly explained to avoid delays.

If the above criterion is met, the arresting officer may issue a Notice to Appear. The subject will be admonished of the charge and court information prior to being requested to sign the Notice to Appear. After signing, the subject will be given the violator's copy. If the subject refuses to sign the Notice to Appear, normal booking procedures will then be effected.

The arresting officer will document within the arrest report:

- (a) The fact the arrested subject was cited/released.
- (b) The name, DOB and address of the "responsible person" to whom the subject was released.

421.4 NON-RELEASE

421.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)

- (f) Stalking (Penal Code § 646.9)
- (g) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

421.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety.
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
- (d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
- (e) The person could not provide satisfactory evidence of personal identification.
 - 1. If a person released on citation does not have satisfactory identification in their possession, a right thumbprint or fingerprint should be obtained on the citation form.

- (f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:
 - 1. Previous failure to appear is on record
 - 2. The person lacks ties to the area, such as a residence, job, or family
 - 3. Unusual circumstances lead the officer responsible for the release of arrested persons to conclude that the suspect should be held for further investigation
- (j) A previous conviction, citation, or arrest for misdemeanor or felony retail theft from a store in the previous six months.
- (k) There is probable cause to believe that the person arrested is guilty of committing organized retail theft.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Bureau.

421.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence.
- (b) The misdemeanor cited in the warrant involves a firearm.
- (c) The misdemeanor cited in the warrant involves resisting arrest.
- (d) The misdemeanor cited in the warrant involves giving false information to a peace officer.
- (e) The person arrested is a danger to themselves or others due to intoxication or being under the influence of drugs or narcotics.
- (f) The person requires medical examination or medical care or was otherwise unable to care for their own safety.

- (i) The person refuses to sign the notice to appear.
- (j) The person cannot provide satisfactory evidence of personal identification.
- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

421.6 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the City of Fairfield City codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Investigations for further action including diversion.

421.7 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if the officer feels the situation should be documented more thoroughly in a case report.

City Code Arrest Citation Release

422.1 PROCEDURE

When persons are arrested for City Code violations, officers are given the discretion to report the activity by using a citation only, or by using a citation in conjunction with a complete police report. In either instance, the record will be processed in accordance to Records Unit procedures. This procedure is applicable to the following City codes:

- (a) Chapter 3 Animal and Fowl (Except Chapter 3.6)

A police report in addition to the citation will normally be required for prosecution purposes in complicated cases where the District Attorney's office may need more information than is provided on the citation, such as the identity of witnesses that may be necessary for successful prosecution.

Foreign Diplomatic and Consular Representatives

423.1 POLICY

The Fairfield Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

423.2 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at (571) 345-3146 or toll free at (866) 217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

423.3 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

- (a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests, and any other tests regarding impaired driving may proceed but they shall not be compelled.
- (d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

 - 2. Diplomatic agents and recognized family members.
 - 3. Members of administrative and technical staff of a diplomatic mission and recognized family members.
 - 4. Career consular officers, unless the person is the subject of a felony warrant.
- (e) The following persons may generally be detained and arrested:
 - 1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
 - 2. Support staff of missions to international organizations.
 - 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
 - 4. Honorary consular officers.
 - 5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.

423.4 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Arrest and Release - 849B, 849.5, 851.6 PC

424.1 PROCEDURE

A Detention Certificate (FPD12) must be completed and issued to a person who has been arrested and released pursuant to 849(b) PC. The original white copy shall be filed with the arrest report, the yellow copy given to the person released, and the pink copy given to the detention facility (if the person was actually booked). If the person was released prior to booking, the pink copy shall be destroyed. Such reports will not be forwarded to the District Attorney's Office unless directed by a supervisor when extenuating circumstances exist.

Rapid Response and Deployment

426.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

426.2 POLICY

The Fairfield Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

426.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Rapid Response and Deployment

- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

426.3.1 FIELD COMMAND POST COMMUNICATIONS SUPPORT

A Tactical Dispatcher may be requested by the incident commander to respond to any field command post. This will be a tactically trained dispatcher. Under the direction of the incident commander, the Communications Unit will assist in a support role by handling radio traffic associated with the incident as well as tracking the manpower, resources available, and committed to the incident on an incident log form. Staffing in the Communications Center will not be depleted in order to staff a command post.

426.3.2 RESPONSE TO SCHOOL THREATS

Upon receiving a threat or perceived threat from a school official that involves grades 6 to 12, officers shall immediately investigate and conduct a threat assessment. The investigation shall include a review of the firearm registry of the California Department of Justice. A reasonable search of the school at issue shall be conducted when the search is justified by reasonable suspicion that it would produce evidence related to the threat or perceived threat (Education Code § 49394).

For purposes of this subsection a "threat" or "perceived threat" means any writing or action of a pupil that creates a reasonable suspicion that the pupil is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the pupil. It may also include a warning by a parent, pupil, or other individual (Education Code § 49390).

426.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore, and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

426.5 PLANNING

The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Rapid Response and Deployment

- (a) Identification of likely critical incident target sites such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

426.6 TRAINING

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
 - (a) This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Rescues Under Fire

427.1 PURPOSE AND SCOPE

Whenever an officer or citizen is under attack or wounded by a suspect and is pinned down by gunfire, or other means of deadly force, a planned rescue should be considered.

To facilitate the planning and execution of this type of rescue, training will be provided by the department demonstrating this rescue technique. Department personnel should periodically review the rescue plan to insure preparation should the need arise.

427.2 PROCEDURE

- (a) The first officer arriving on the scene and determining that a rescue is necessary, should request the BearCat Armored Rescue Vehicle (BearCat). It is vital that the location of the suspect is confirmed and arriving officers are able to contain the threat.
- (b) The on-duty Patrol Supervisor should take charge and plan for the rescue as soon as practical after arrival of the BearCat and personnel.
- (c) In selecting the rescue team, the supervisor should consider experienced personnel such as SWAT and/or former SWAT members.
- (d) If possible the rescue team should include 6 members:
 1. Driver
 2. Lethal
 3. Less-Lethal
 4. Two rescue carriers
 5. Cover officer for the rescue carriers.
- (e) The rescue team must be clear on their specific responsibilities during the rescue. In addition, the perimeter officers must be certain on their fields of fire and rules of engagement.
- (f) The supervisor should be ready to provide covering fire and/or deploy distraction devices (i.e.; smoke canisters, diversionary grenades, SAGE, pepperball gun, lights and siren) for the rescue team.
- (g) Once the rescue plan is ready to initiate, perimeter personnel and dispatch should be notified.
- (h) Fire and ambulance personnel should be ready to accept the wounded at the termination point of the rescue.

427.2.1 RESCUES UNDER FIRE PROCEDURES CHECKLIST

- (a) Obtain BearCat. All sworn personnel have access to the keys via the Key Watcher System.
- (b) Have a plan set for the rescue team and specify responsibilities to each team member.

Reporting Police Activity Outside of Jurisdiction

428.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting police activity while on or off-duty and occurring outside the jurisdiction of the Fairfield Police Department.

428.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an allied agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Watch Commander. If the request is of an emergency nature, the officer shall notify the Dispatch Center before responding, and thereafter notify a supervisor as soon as practical.

428.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer, who engages in law enforcement activities of any type outside the immediate jurisdiction of the City of Fairfield Police Department shall notify his or her supervisor or the Watch Commander at the earliest possible opportunity. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction shall notify the Watch Commander as soon as practical.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded to the officer's Division Commander.

Calls for Service at Solano County Buildings

431.1 PURPOSE AND SCOPE

Presently, Solano County occupies many buildings throughout the city in the administration of county government. There are basically two types of buildings - county owned and county leased.

431.1.1 COUNTY-OWNED BUILDINGS

These buildings are occupied by county departments such as courts, the Justice Center, etc. Others are leased to outside agencies for contract programs. The Solano County Sheriff handles all calls for service at these buildings and grounds.

431.1.2 COUNTY-LEASED BUILDINGS

These buildings are privately owned and leased to the county for operation of their departments. Such examples of this are the Probation Department and Health and Human Services on Enterprise Drive.

431.1.3 EXCEPTION TO CALLS FOR SERVICE AT SOLANO COUNTY BUILDINGS

The City of Fairfield Police Department does not have responsibility to stand by for incidents that occur during the normal operations of county programs.

Example: If the Solano County Crisis Center receives a 5150 H&S commitment from another law enforcement agency, and the Crisis Center decides to detain the individual for evaluation and placement, the City of Fairfield Police Department does not have responsibility to stand by if the patient becomes violent--that is the responsibility of the Solano County Sheriff. If the Sheriff is unavailable, we will respond on a mutual assistance basis.

431.1.4 COUNTY BUILDINGS IN CAD

All county buildings are listed in **CAD**, along with the agency responsible for handling calls for service. Any additions to the list of county-owned or leased buildings should be added to the **CAD** file.

Emergency Utility Service

432.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

432.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by the Dispatch Center.

432.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

432.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

432.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Dispatch Center.

432.2 TRAFFIC SIGNAL MAINTENANCE

The City of Fairfield contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of California.

432.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Dispatch Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Patrol Rifles

434.1 PURPOSE AND SCOPE

In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the Fairfield Police Department will make patrol rifles available to qualified officers as an additional and more immediate tactical resource.

434.2 PATROL RIFLE

434.2.1 DEFINITION

A patrol rifle is an authorized weapon which is owned by the Department and which is made available to properly trained and qualified officers as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Chief of Police and the Department Rangemaster.

434.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications, approved by the Rangemaster, and issued by the Department may be used by officers in their law enforcement responsibilities. The authorized patrol rifle issued by the Department is the Colt AR-15. Officers assigned to SWAT and issued a Colt M-4 for that assignment may deploy the M-4 as a patrol rifle while on-duty, with SWAT Commander approval.

434.4 RIFLE MAINTENANCE

- (a) Primary responsibility for maintenance of patrol rifles shall fall on the Rangemaster. The Rangemaster or designee will ensure that all patrol rifles are periodically inspected, at least annually, to verify proper operation of all rifles issued to officers.
- (b) Each officer carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.
- (c) Each officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.
- (d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.

Any officer who fails to qualify or who fails to successfully complete two or more department sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol rifle user's course or a patrol rifle refresher course and qualification.

434.6 DEPLOYMENT OF THE PATROL RIFLE

All uniformed officers that are assigned a patrol rifle shall have that rifle secured in their vehicles, or in their possession, while on duty unless prior arrangements have been made with the officer's direct supervisor. Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

- (c) The rifle safety is on.
- (d) There is a magazine in the rifle loaded with two fewer rounds than maximum capacity (28 rounds in a 30-round magazine, 18 rounds in a 20-round magazine). If the magazine is a polymer magazine (PMAG), engineered to be loaded to capacity, the magazine may be fully loaded.

- (d) At the end of the assigned officer's shift, the patrol rifle will be returned and secured in the department rifle cage, or in the officer's assigned locker. The Department may authorize officers in certain assignments, such as SWAT and the Motor Unit, to store rifles at their homes while off-duty if the officer commutes to work in a Department vehicle and the officer has a gun safe to secure the rifle in while at home. Authorization will be given on a case-by-case basis by the officer's bureau lieutenant.

Aircraft Accidents

436.1 PURPOSE AND SCOPE

The purpose of this policy is to provide Department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

436.1.1 DEFINITIONS

Definitions related to this policy include:

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department

After the NTSB or military representative arrives on-scene, the efforts of this Department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene Department supervisor should ensure the accident is still appropriately investigated and documented.

Obtaining Air Support

440.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

440.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

440.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

If the Watch Commander deems air support is warranted, the Communication Center will contact the California Highway Patrol and request air support. If no air support is available, they will contact the Solano County Sheriff's Communication Center and request air support from Contra Costa County Sheriff's Office in accordance to the Solano County Law Enforcement Aerial Support Operational Agreement.

440.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

442.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

442.2 POLICY

The Fairfield Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Contacts and Temporary Detentions

442.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Fairfield Police Department to strengthen community involvement, community awareness, and problem identification.

442.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime .
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

442.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

442.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

442.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. Photographs taken in the line of duty become the property of the City of Fairfield Police Department and shall not be retained or disseminated without the expressed consent of the Chief of Police or his designee.

442.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

442.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Bureau.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

442.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

442.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- A. Identifying all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident, but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- B. Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Fairfield Police Department members.
 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

444.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Fairfield Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

444.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

444.2 POLICY

The Fairfield Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this Department to collect and share relevant information while respecting the privacy and legal rights of the public.

444.3 CRIMINAL INTELLIGENCE SYSTEMS

No Department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

444.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo, or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any supporting documentation for an entry shall be retained by the Records Bureau in accordance

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Criminal Organizations

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

444.3.2 GANG DATABASES

The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the gang unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the department, the basis for that designation, and the name of the agency that made the designation. The department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Records Bureau after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

It is the responsibility of the Records Bureau supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Criminal Organizations

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

444.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

444.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Sergeant to train members to identify information that may be particularly relevant for inclusion.

444.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

444.7 REVIEW AND PURGING OF GANG PARTICIPANT FILE

The Gang files shall be reviewed annually by the unit supervisor. Each individual file having no updated law enforcement contact for the preceding five-year period shall be purged from the file and disposed of in accordance with the Department purge criteria (Per Regulation 28 CFR Part 23, USC (Criminal Intelligence Systems Operating Policies)).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Criminal Organizations

Exception: In the event there is a legitimate law enforcement reason to retain the information in a file, an explanation for doing so shall be in the file by the unit supervisor.

The Gang Intelligence file containing hard copies of intelligence files (or the equivalent digital files) will be located within the office of the Gang Unit. File access is limited to personnel that are assigned the responsibility of maintaining the database. The Investigations Bureau Commander or Gang Unit Supervisor may authorize release of pertinent information to non-Gang Unit personnel based on the release conditions outlined in Policy Manual § 442.6 and Regulation 28 CFR Part 23, USC (Criminal Intelligence Systems Operating Policies) developed by the United States Department of Justice.

444.8 CRIMINAL STREET GANGS

The Investigations supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
 - 1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
 - 2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
 - 3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).
- (b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

Watch Commanders

446.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions, and objectives. To accomplish this goal, a Lieutenant heads each watch.

446.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as acting Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits.

Mobile Data Computer Use

450.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Dispatch Center.

450.2 POLICY

Fairfield Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

450.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

450.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

450.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Mobile Data Computer Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

450.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Except during an emergency when radio traffic should be at a minimum, all activity or contacts shall be initiated by voice. Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

450.5.1 STATUS CHANGES

All changes in status (e.g.; arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

450.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

450.6 EQUIPMENT CONSIDERATIONS

450.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the Dispatch Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Mobile Data Computer Use

450.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDC's when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Body-Worn Cameras

452.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of body-worn cameras (BWC's) by members of this department while in the performance of their duties. This policy shall apply to all recording systems whether body-worn, hand held, or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Fairfield Police Department facility, authorized undercover operations, wiretaps, or eavesdropping (concealed listening devices).

452.2 POLICY

The Fairfield Police Department will provide members with BWC's for use during the performance of their duties. The use of BWC's is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public. The approved BWC the Department issues is the AXON Body 2 camera. At the Department's discretion, certain officers and/or units will also be issued AXON Flex 2 point-of-view cameras.

452.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

452.4 MEMBER RESPONSIBILITIES

All sworn members of the Department will be issued a BWC and a cellular phone with applications for audio and video recording of evidence. Non-sworn members who engage in enforcement activities, such as Community Service Officers and Code Enforcement Officers, may also be issued BWC's and cellular phones. Other non-sworn members and volunteers will not be issued BWC's, but may be issued cellular phones based on their job functions.

Members issued BWC's will receive training prior to deploying the device in the field. The Training Sergeant will ensure that the training includes a review of this policy, how the BWC functions, how and when to use the BWC, and how to upload the recordings to Evidence.com.

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a BWC issued by the Department, and that it is in good working order. If the BWC is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members shall wear the BWC in a conspicuous manner on the upper chest, shoulder, or head area depending on the model of BWC.

Any member assigned to a non-uniformed position may wear their issued BWC at any time the member believes that it may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members shall wear the BWC in a conspicuous manner

Fairfield Police Department

Fairfield PD Policy Manual

on the upper chest, shoulder, or head area depending on the model of BWC. Non-uniformed members shall wear their issued BWC when conducting planned enforcement activities such as stings, parole/probation compliance checks, search warrants, etc.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

Members should upload recordings to Evidence.com at the end of each shift unless a delay is approved by a supervisor. Supervisors of units that go off duty from the field may authorize those members to upload recordings as soon as practicable the next shift the member works. The Department recognizes that circumstances may arise that prevent the upload of recordings at the end of the shift (e.g.; late calls, device malfunctions. etc). In those cases, members will advise their supervisor of the delay and upload the recordings during the next shift the member works, or as otherwise directed by the supervisor.

452.4.1 SUPERVISOR RESPONSIBILITIES

If the involved employee is not able to upload recorded evidence for any reason, a supervisor should take custody of their BWC as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death, or other serious incident, and ensure the data is uploaded (Penal Code § 832.18(1)).

452.5 ACTIVATION OF THE BODY-WORN CAMERA

This policy is not intended to describe every possible situation in which the BWC should be used, although there are many situations where its use is appropriate. Members should activate the BWC on all public contacts while acting in an enforcement capacity, and any other time the member believes it would be appropriate or valuable to record an incident.

The BWC shall be powered on at the beginning of shift, and any time the member is outside the office. If members power off their BWC's while at the office to prevent accidental recordings, the BWC shall be powered back on when going back into service. BWC's should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations.
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops.
- (c) Self-initiated activity in which a member would normally notify the Dispatch Center.
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same

Fairfield Police Department

Fairfield PD Policy Manual

criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a BWC. However, the BWC should be activated in situations described above as soon as reasonably practicable. Members should operate the BWC using a "steering wheel to steering wheel" philosophy in order to minimize the chances of not recording an incident that should be recorded. This philosophy means that the BWC should be activated before getting out of the car and kept on until the member returns to the car at the conclusion of the incident.

452.5.1 SURREPTITIOUS RECORDING

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order, unless lawfully authorized by the Chief of Police or the authorized designee.

452.5.2 EXPLOSIVE DEVICE

Many portable recorders, including BWC's and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

452.5.3 CESSATION OF RECORDING

Once activated, the BWC should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

In lieu of ceasing recording altogether, members may utilize the mute function of the camera. Use of the mute function shall be restricted to one or more of the following situations:

- (a) Personal conversations or personal phone calls not related to the assigned incident
- (b) Training related conversations between Field Training Officers and trainees
- (c) Administrative conversations such as phone calls to make notification up the chain of command
- (d) At the direction of, or with permission from a supervisor

Tactical planning, public safety statements and other conversations relative to the incident to which the member is assigned should not be muted. If the mute function is activated, upon turning off the mute function the member will explain on camera the reason for the muting (personal phone call, conversation, etc.).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Body-Worn Cameras

Members shall cease recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

452.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued BWC's, cellular phones, or other recording devices for personal use, and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment, or ridicule.

452.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, and to insure timely and proper disclosure of potential evidence in a criminal case, members should upload, tag or mark these in accordance with procedure and document the existence of the recording in any related case report. All recordings will be uploaded to Evidence.com.

Department members writing police reports where one or more members record any part of the incident shall indicate the use of recording equipment (e.g.; BWC) in their police report.

When a department member makes a recording and a police report is written as a result of the contact, the member shall make sure the video is annotated correctly. All videos recorded and uploaded to Evidence.com shall be annotated in the following way:

- (a) The ID field shall be populated with the associated case number. The format will be the last two digits of the current year, a dash, and a 5-digit case number following the dash (XX-XXXXX). If no case number is issued this field may contain the CAD incident number. This field is automatically populated based on CAD data, but members shall insure the accuracy of the data and make any necessary changes.
- (b) The Title field shall be populated with a relevant description of the type of call or crime associated to the recording (e.g.; citation number, crime code, etc.). The Title Field may also contain a description of the evidence (e.g.; evidence photo, suspect interview, etc.).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Body-Worn Cameras

- (c) The Category field shall be populated automatically as "CFS Call For Service". The Category can be changed by the member by selecting the appropriate category from the drop-down menu.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g.; a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

The Property Unit will coordinate sending recordings to the District Attorney's Office to comply with discovery requests. Recordings requested by the DA may be shared electronically via Evidence.com.

452.8 SUPERVISORY ORDERS TO RECORD ALL CONTACTS

A supervisor may order an officer/employee to record all field contacts with their BWC for training and evaluative purposes. The recordings will comply with the foregoing limitations and regulations.

452.9 REVIEW OF RECORDINGS

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recordings may also be reviewed:

- (a) Upon approval by a supervisor, or by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.
- (e) By the Training Sergeant for the purpose of evaluating training needs of Department members and evaluating the performance of trainees in the field training program.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court, or if the recording is redacted and sensitive images and/or information is removed.

452.10 COORDINATOR

The Chief of Police or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of BWC's and the storage of recordings, including (Penal Code § 832.18):

- (a) Establishing a system for downloading, storing and security of recordings.
- (b) Designating persons responsible for downloading recorded data.
- (c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.
- (d) Establishing a system for tagging and categorizing data according to the type of incident captured.
- (e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.
- (f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
- (g) Maintaining logs of access and deletions of recordings.

452.11 RETENTION OF RECORDINGS

Recordings of the following will be retained for a minimum of two years (Penal Code § 832.18):

- (a) Incidents involving use of force by an officer
- (b) Officer-involved shootings
- (c) Incidents that lead to the detention or arrest of an individual
- (d) Recordings relevant to a formal or informal complaint against an officer or the Fairfield Police Department

Recordings containing evidence that may be relevant to a criminal prosecution will be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings will be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than two years.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

452.11.1 RELEASE AND REDACTION OF AUDIO/VIDEO RECORDINGS

The Fairfield Police Department recognizes audio/video recordings as public records. The California Public Records Act (Government Code § 6250, et seq.) provides that records created by a public agency shall be subject to inspection and release pursuant to request, except pursuant to exemptions set forth in the Act or otherwise established by statute (see the Records Maintenance and Release Policy).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Body-Worn Cameras

Public requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy and the California Public Records Act. Any member of the public, including the media and elected officials, may request records of this Department by submitting a written and signed request for each record sought and paying any associated fees (Government Code § 6253). The processing of requests is subject to the following:

- (a) The employee processing the request shall determine if the requested record is available and, if so, whether the record is exempt from disclosure.
- (b) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstance preclude doing so.
- (c) If additional time is needed to respond to the request, an extension of up to 14 additional days may be authorized by the Chief of Police or the authorized designee.
- (d) If an extension is authorized, the Department shall provide written notice of the extension to the requesting party (Government Code § 6253(c)).
- (e) In accordance with the California Records Act, the Department is not required to create records that do not otherwise exist in order to accommodate a request under the Act.

Requests by elected officials for records that are not open to public inspection should be referred to the Chief of Police for a determination as to whether the records will be released.

The California Public Records Act establishes that the need to protect the privacy of victims of serious crimes from the public disclosure of images captured in video or audio recordings outweighs the interest in public disclosure of the information. The Act does not require disclosure of a video or audio recording that was created during the commission or investigation of the crime of rape, incest, sexual assault, domestic violence, or child abuse that depicts the face, intimate body part, or voice of a victim of the incident depicted in the recording (Government Code § 6254.4.5(a)).

In some cases the potential harm to the victim caused by disclosure of the record can be mitigated by redacting the recording, provided that the redaction does not prevent the viewer from being able to fully and accurately perceive the events captured on the recording. The following details are subject to redaction according to the Act:

- (a) Images showing intimate body parts.
- (b) Personally identifying characteristics of the victim including voice.
- (c) Identification of minor subjects.

The recordings shall not otherwise be edited or altered. Redaction will be coordinated by the Custodian of Records.

A victim of a crime listed above who is the subject of a recording, the parent or legal guardian of a minor subject, a deceased subject's next of kin, or a subject's legally authorized designee shall be permitted to inspect the recording and to obtain a copy of the recording (Government Code § 6254.4.5(C)).

Medical Marijuana

454.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

454.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Medical Marijuana

454.2 POLICY

It is the policy of the Fairfield Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Fairfield Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

454.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- A. Investigations when no person makes a medicinal claim.
- B. Investigations when a medicinal claim is made by a cardholder.
- C. Investigations when a medicinal claim is made by a non-cardholder.

454.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

454.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- A. The information contained in the card is false or falsified.
- B. The card has been obtained or used by means of fraud.
- C. The person is otherwise in violation of the provisions of the MMP.
- D. The person possesses marijuana but not for personal medical purposes.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

454.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

454.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- A. Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at a later time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Medical Marijuana

4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.
- B. Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
1. The amount of marijuana recommended by a medical professional to be ingested.
 2. The quality of the marijuana.
 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors.
- C. Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- D. Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

454.3.5 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- A. Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- B. Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- C. Smoking marijuana (Health and Safety Code § 11362.79):
 1. In any place where smoking is prohibited by law.
 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 3. On a school bus.
 4. While in a motor vehicle that is being operated.
 5. While operating a boat.

- D. Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

454.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

454.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities, or whenever the officer believes those authorities would have a particular interest in the information.

454.5 PROPERTY SUPERVISOR RESPONSIBILITIES

The Property supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigations supervisor.

Foot Pursuits

455.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

455.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in, or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Foot Pursuits

455.3 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher, or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness, or other environmental conditions.

455.4 RESPONSIBILITIES IN FOOT PURSUITS

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Foot Pursuits

455.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g.; suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects, or members of the public.

455.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

455.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control, and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Foot Pursuits

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

455.4.4 THE DISPATCH CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates, as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

455.5 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended, as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

455.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public, or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

Bicycle Patrol Program

460.1 PURPOSE AND SCOPE

Bicycle patrol is used to provide assistance to field patrol officers by establishing their presence in areas not readily accessible to officers or when a more unobtrusive approach is desired. School Resource Officers (SRO) may also use bicycles on school campuses to enhance their ability to monitor student activity.

The use of bicycle patrol officers, because of their increased accessibility, also serve as a means to establish rapport and communication with local citizens. Bicycle officers are expected to promote good public relations by demonstrating a good public image and establishing regular communication with members of the community. It is recognized that officers on bicycles are, in general, thought to be more approachable than officers in patrol vehicles; therefore, officers will be expected to capitalize on this opportunity whenever feasible.

460.2 TRAINING AND EQUIPMENT

All officers selected to participate in the bicycle program will receive POST approved bicycle training. Selected officers may receive specialized uniforms as outlined in the Uniform Specifications. Upon completion of their collateral assignment as a bicycle officer, officers will retain their specialized equipment with the understanding that they may be called upon to participate in temporary bicycle patrol as the Department deems necessary.

Bicycles will be maintained in a ready-for-use condition by the Patrol Division. Bicycles will be stored in a location where they will be sheltered from the elements. Officers assigned as an SRO will be issued a portable bicycle rack to transport the bicycle. Bicycles will have to be shared between officers.

460.3 OBJECTIVES

Bicycle officers are used to patrol special events (e.g.; Tomato Festival, parades, and other promotional events), high crime areas, City parks, commercial districts, and other events or directed patrol deemed necessary. SRO's may use bicycles to patrol their respective schools.

460.4 ADMINISTRATION AND SUPERVISION

Administration - the bicycle patrol program will be administered by the Patrol Bureau Lieutenant and/or a designated Patrol Supervisor.

Supervision - the patrol officers working a specific bicycle assignment will report directly to the patrol supervisors. Officers from a special assignment working directed enforcement will report to their unit supervisor unless directed otherwise.

Automated License Plate Reader (ALPR)

461.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPR's are used by the Fairfield Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates, and license plates associated with missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction, and stolen property recovery.

461.2 ADMINISTRATION OF ALPR

All installation and maintenance of ALPR equipment operated by the Fairfield Police Department, as well as ALPR data retention and access, shall be managed by the Operations Bureau Captain or their designee. The Operations Bureau Captain will assign personnel to implement this policy's requirements and to administer the day to day operation and maintenance of the ALPR equipment and data.

461.3 ALPR OPERATION

Access to and use of an ALPR shall be restricted to Fairfield Police Department sworn peace officers as defined in California Penal Code section 830.1(a)(1) or to civilian staff specifically authorized by the Support Services Captain or their designee. Such access and use is restricted to the purposes outlined below. Authorized personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training consisting of a minimum of two (2) hours of training provided by an approved instructor. This training will cover both the physical operation of the ALPR as well as the laws and policy regarding authorized use of ALPR equipment and data.
- (e) No ALPR operator may access California Law Enforcement Telecommunications System (CLETS) data unless otherwise authorized to do so.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Automated License Plate Reader (ALPR)

If practicable, the officer should verify an ALPR response through CLETS before taking enforcement action that is based solely on an ALPR alert.

461.4 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by an ALPR shall be used solely for legitimate law enforcement purposes. Use of data or images collected from an ALPR shall be restricted to sworn peace officers as defined under California Penal Code section 830.1(a)(1) and any law enforcement official or agency requiring access to use of the ALPR for legitimate law enforcement purposes as well as authorized civilian staff of the Fairfield Police Department. Because such data may contain confidential CLETS information, it is not open to public review. ALPR information gathered and retained by the Fairfield Police Department may be used and shared with prosecutors or others only as permitted by law.

The Support Services Division is responsible for ensuring the proper collection and retention of ALPR data and for transferring the ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 30 days between transfers.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code 34090.6) and thereafter may be purged at the direction of the Support Services Division Captain or his or her designee, unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action, or is subject to a lawful action to produce records. In those circumstances the applicable data may be downloaded from the server onto department evidence storage media for permanent retention.

461.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Fairfield Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the department Custodian of Records, and processed in accordance with the applicable law.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relates to a specific criminal investigation or department related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis to ensure proper functioning of the ALPR software as well as compliance with security measures by personnel utilizing the ALPR system.

Automated License Plate Reader (ALPR)

- (f) When data has been entered erroneously from the ALPR into the database, either through software error or human error, these incidents should be brought to the attention of the ALPR system administrator. The ALPR system administrator shall investigate the data discrepancy and ensure the correct entry is made into the database. When it is not possible to determine the correct data, such as a partially obscured license plate, the entry will be removed from the database.

Pawn Shop and Secondhand Dealer Reports

462.1 PROCEDURE

Pawn and secondhand dealers are required to complete a California Department of Justice form (JUS123) describing property received in pawn or sale, along with information concerning the person from whom the property is received. A separate report is required for each item of property.

Form JUS123 is a multi-copy form obtained by the dealer. If a form other than JUS123 is used, it must be approved by the Department of Justice. One copy of the report is retained by the dealer and four copies are delivered by the dealer to this agency. Reports received from the dealers are to be routed to Investigations for processing as outlined below:

- (a) Clerical personnel receiving the pawn slips will break down, distribute, and file as follows:
 1. Original (white copy) filed in alphabetical order by last name of the person who sold/pawned the property;
 2. Second copy (yellow) with serial numbers are forwarded to Investigations for entry into the CLETS Property System; those second copies with no identifying property serial numbers are shredded;
 3. Third copy (pink) of all property pawned/sold is forwarded to the Investigations detective assigned to Pawn Detail.
- (b) Investigations personnel will enter the identifiable property into CLETS. After entry, the reports are destroyed.

Pawned/secondhand property inquiries, notices, computer hits, etc. are to be referred to Investigations, Pawn Detail. If circumstances require the immediate seizure of pawned or secondhand property and the Investigations Supervisor or Pawn Detail Investigator is not available, the matter is to be referred to the on-duty Patrol Supervisor. If the Patrol Supervisor approves a deviation from the established procedure, he/she assumes full responsibility for ensuring all appropriate advance and follow-up action is taken.

Inquiries regarding pawn or secondhand dealer licenses are to be referred to Investigations.

Homeless Persons

464.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless, and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Fairfield Police Department recognizes that members of the homeless community are often in need of special protection and services. The Fairfield Police Department will address these needs in balance with the overall mission of this Department. Therefore, officers will consider the following when serving the homeless community.

464.1.1 POLICY

It is the policy of the Fairfield Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this Department will not use homelessness solely as a basis for detention or law enforcement action.

464.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

- (a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meet with Social Services and representatives of other organizations that render assistance to the homeless.
- (c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 1. Proper posting of notices of trespass and clean-up operations.
 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.
- (e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.
- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

464.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal

Homeless Persons

activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

464.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses, or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

464.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons, and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor, or the

department Homeless Liaison Officer. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community, or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

464.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

464.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community, and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs, and supervisor notification.

Response to Active Killer Incidents

465.1 DEFINITION

An Active Killer is an individual or individuals actively engaged in killing or attempting to kill people in a confined and populated area. Most typically these are shooting incidents however suspect(s) have also been known to use edged weapons, explosives, and vehicles to kill or injure people.

465.2 POLICY

While procedures regarding response to Unique Threat Situations (UTS) are effective in dealing with a majority of incidents requiring the deployment of the SWAT Team, such is not always the case. There is an unfortunate, but growing trend in this country of multiple victim violent crimes that are carried out over a very short period of time.

Officers responding to active killer incidents are not afforded the luxury of time to set a perimeter, isolate a suspect, evacuate nearby innocent persons, and wait the amount of time it takes to deploy the SWAT Team. They must take immediate, decisive action to neutralize deadly threats. In active killer incidents, there may be some commonalities. Suspects rarely have the intention of escaping the crime scene and may plan on committing suicide. Active killer incidents might occur in schools, shopping malls, government buildings, office buildings, etc.

465.3 PROCEDURE

The police officer's primary mission in active killer incidents is to locate and neutralize deadly threats in the fastest possible way. Once that goal has been attained, the officers become responsible for obtaining emergency medical treatment for the injured, and for securing the crime scene. Upon determining that an event is an active killer incident (while enroute to the call or once on scene), the assigned primary officer or other officer on the scene shall do the following:

- (a) When deciding on a course of action the initial officer on scene should consider whether to wait for additional resources or personnel. This does not preclude an officer from taking immediate action to stop the threat.
- (b) If multiple officers are on scene they should make team member assignments (e.g.; point, left flank, right flank, rear guard) with the team leader in one of the flank positions.
- (c) Use available information; e.g., sound of gunfire, witness statements, etc., to guide the contact team directly to the threat using a diamond formation.
- (d) Advise Dispatch of the location of victims and the nature of their injuries as the contact team moves past them.
- (e) Talk to the victims and witnesses to gain intelligence on the suspect's location, armament, injuries, intended victims, etc.

Depending on available resources, a Police Supervisor not assigned to the first contact team should assume the role of Incident Commander until such time as he/she can be relieved. The Incident Commander shall be responsible for deployment of additional resources and should consider the following courses of action:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Response to Active Killer Incidents

- Establish a Unified Command as soon as possible.
- Establish a second contact team if needed.
- Establish a team to rescue wounded persons.
- Establish a safe area to stage fire and medical personnel and to receive evacuated persons wounded or not.
- Set inner and outer perimeters if enough units are available.
- Make notifications and follow procedure to activate the SWAT Team.

If at all possible, on-duty SWAT Team members should attempt to be part of the first contact team, deploying with their shoulder weapon. If the situation becomes static (i.e.; barricaded suspect with no immediate threat to other persons, unable to locate suspect, etc.), conventional UTS deployment techniques should be employed. As soon as is practical, the Operations Division Captain, the appropriate Patrol Bureau Lieutenant, and the Chief of Police shall be notified of the existence of an active killer situation and briefed as to the status of the event. The Chief of Police or his/her designee shall be responsible for notifying the City Manager.

Response to Nuisance Calls

466.1 PURPOSE AND SCOPE

Police personnel are required to respond to complaints regarding loud, disruptive, or violent parties, social gatherings, or events which may become violent, resulting in assaults, batteries, and the perpetration of violent crimes on the property, threatening the peace, health, safety, and general welfare of the public.

The necessity of sending police officers to break up these events drains police resources from other areas requiring police protection, and unfairly imposes the cost of certain citizens' inappropriate or unlawful behavior on the entire community. Officers will take all necessary action to prevent the need for return calls to the source of a disturbance.

As defined in City Code Sections 12.700 " 12.706, a nuisance response means a service response to a social gathering where the responding police officer has determined a public nuisance exists which poses an immediate threat to the public peace, health, safety, or general welfare. A public nuisance means behavior constituting a violation of California Penal Code Sections 407, 409, 416, and 603, or other noise, explosions, destruction of property, or audible conduct that is unreasonably loud, raucous, excessive, or jarring to persons within the area which disturbs the peace and quiet of the neighborhood.

Responsible person means the person(s) who owns or has effective control of the subject premises where a social gathering takes place; the person(s) in charge of the premises, or the person(s) who organized the social gathering.

466.2 PROCEDURE

466.2.1 INITIAL RESPONSE AND NOTICE

When police personnel respond to a complaint involving a nuisance disturbance caused by a social gathering, the responding officer shall issue a written "First Response Notice" to the responsible person, except in the event a violent crime has been threatened or perpetrated. Where the responding police officer determines that there has been an assault, battery, homicide, rape, robbery, or other violent crime, or attempted or threatened violent crime at a party or social gathering, the responsible person(s) or the parents or guardian of the minor responsible person will be held jointly liable for the costs of providing police personnel for the initial response and all subsequent nuisance responses.

The "First Response Notice" shall state that if police department personnel are required to return to the residential location within the following twenty-four (24) hour period, or to a non-residential location within a five-day (5) period because of further disturbances, and responding officers determine there is a disruption of the public peace, health, safety, or general welfare, the responsible person shall be liable for the cost of such services in accordance with the City Ordinance. The notice shall be signed by the responsible person, acknowledging receipt of the notice and a signed copy shall be left with the responsible person.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Response to Nuisance Calls

The police personnel utilized during a second or subsequent response within a twenty-four (24) hour period for residential locations shall be deemed to be a repeat response. For non-residential locations, a repeat response shall include responses to similar occurrences within a five-day (5) period following the first response.

Officers shall notify Dispatch of the issuance of the "First Response Notice" for notation in the call for service. If the Department does not respond to the same party or gathering at a residential location within twenty-four (24) hours, the "First Response Notice" shall be submitted to Records for filing with the police report and no further action will be taken.

If police personnel respond for a second or subsequent time to the same party or gathering at a residential location within twenty-four (24) hours of the first response, the party or social gathering shall be terminated and a "Second Response Notice" shall be completed and given to the responsible person. The responding officer(s) shall also complete a crime report which Records will copy and forward to the Support Services Division Captain for billing.

466.2.2 COST OF NUISANCE RESPONSES

The cost of nuisance responses shall include all reasonable costs incurred by the City in responding to a particular incident and arising directly because of the response to the particular incident. Costs may include damages to City property, injuries to City personnel, and the compensation of personnel responding to the incident. The Support Services Division Captain or his/her designee shall promulgate notice and billing procedures for this purpose.

A bill for nuisance response may be appealed to the Administrative Services Unit Division Captain or his/her designee. Determinations of this appeal may be further appealed to the City Council.

Field Radio Equipment and Maintenance

468.1 PROCEDURE

The City Information Technology Division (IT) is responsible for purchasing and issuing all field radio equipment, including portable radios, batteries, chargers, radio pagers, and vehicle radios. The unit also coordinates all necessary repairs for this equipment.

Personnel issued any radio equipment, other than a vehicle radio, shall sign for all serialized equipment. All lost equipment shall immediately be reported to the IT Division. Personnel terminating employment with the City shall return all issued equipment prior to their last day of work.

Should a piece of field radio equipment (including vehicle radios) need repair, the employee responsible for the equipment shall complete a Radio/MDC Repair Form which is available through the Personnel and Training Unit. The form shall describe in detail the nature of the problem. The form and equipment will be submitted to IT Division personnel for necessary repairs. For necessary repairs of vehicle radios, employees will make their vehicles available during normal business hours.

Civil Disputes

473.1 PURPOSE AND SCOPE

This policy provides members of the Fairfield Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g.; civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

473.2 POLICY

The Fairfield Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity, and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides, and refrain from giving legal or inappropriate advice.

473.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority, including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

473.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the District Attorney's Office.

473.4.1 STANDBY REQUESTS

An Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

473.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g.; vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

473.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g.; land, homes, apartments) should generally be handled through a person seeking a court order.

First Amendment Assemblies

474.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

474.2 POLICY

The Fairfield Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

474.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

474.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

474.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Dispatch Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

474.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

474.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

474.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

474.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

474.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

474.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

474.8 ARRESTS

The Fairfield Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

474.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

474.9.1 MEDIA ACCESS

If officers close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest, or rally where individuals are engaged in a protected activity pursuant to the First Amendment, officers shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to closed areas, obtaining information) (Penal Code § 409.7).

474.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

474.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Dispatch Center records/tapes
- (g) Media accounts (print and broadcast media)

474.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

474.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.

Officers should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

474.13 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by officers who have received POST training for crowd control if the use is objectively reasonable

to defend against a threat to life or serious bodily injury to any individual, including an officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

- (a) De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- (b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
- (c) Individuals are given an objectively reasonable opportunity to disperse and leave the scene.
- (d) An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.
- (e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- (f) Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- (g) An objectively reasonable effort has been made to extract individuals in distress.
- (h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- (i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- (j) Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:
 - 1. A violation of an imposed curfew.
 - 2. A verbal threat.
 - 3. Noncompliance with a law enforcement directive.
- (k) If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

474.13.1 USE SUMMARY AND REPORTING REQUIREMENTS

The Patrol Division Commander or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code § 13652.1.

First Amendment Assemblies

474.14 ANTI-REPRODUCTIVE RIGHTS CALLS

Officer response to public assemblies or demonstrations relating to anti-reproductive rights should be consistent with this policy (Penal Code § 13778.1).

Medical Aid and Response

475.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

475.2 POLICY

It is the policy of the Fairfield Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

475.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Dispatch Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Dispatch Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

475.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel; when it reasonably appears necessary to provide security; when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

475.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision, and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

475.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

475.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g.; gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Medical Aid and Response

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g.; dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas, or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One Department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

475.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

475.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Medical Aid and Response

Any member who uses an AED should contact the Dispatch Center as soon as possible and request response by EMS.

475.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

475.8.3 AED TRAINING AND MAINTENANCE

The Training Sergeant should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

475.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

475.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers an opioid overdose medication should contact the Dispatch Center as soon as possible and request response by EMS.

475.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Sergeant will ensure that the Dispatch and Records Manager is provided enough information to meet applicable state reporting requirements.

475.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Sergeant should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019, and any applicable POST standards (Civil Code § 1714.22).

475.9.4 DESTRUCTION OF OPIOID OVERDOSE MEDICATION

The Training Sergeant shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

475.9.5 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT

Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

475.10 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS

The Patrol Division Commander may authorize the acquisition of epinephrine auto-injectors for use by department members as provided by Health and Safety Code § 1797.197a. The Training Sergeant shall create and maintain an operations plan for the storage, maintenance, use, and disposal of epinephrine auto-injectors as required by Health and Safety Code § 1797.197a(f).

Trained members who possess valid certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code § 1797.197a(b); 22 CCR 100019).

475.10.1 EPINEPHRINE USER RESPONSIBILITIES

Members should handle, store, and administer epinephrine auto-injectors consistent with their training and the Department operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the Department Operations Plan.

Any member who administers an epinephrine auto-injector medication should contact the Dispatch Center as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

475.10.2 EPINEPHRINE AUTO-INJECTOR REPORTING

Any member who administers an epinephrine auto-injector should detail its use in an appropriate report.

The Training Sergeant should ensure that the Dispatch and Records Manager is provided enough information for required reporting to the EMS Authority within 30 days after each use (Health and Safety Code § 1797.197a(f)).

Records regarding the acquisition and disposition of epinephrine auto-injectors shall be maintained pursuant to the established records retention schedule but no less than three years (Business and Professions Code § 4119.4(d)).

475.10.3 EPINEPHRINE AUTO-INJECTOR TRAINING

The Training Sergeant should ensure that members authorized to administer epinephrine auto-injectors are provided with initial and refresher training that meets the requirements of Health and Safety Code § 1797.197a(c) and 22 CCR 100019.

475.11 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Medical Aid and Response

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

475.12 FIRST AID TRAINING

The Training Sergeant should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

Public Recording of Law Enforcement Activity

476.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

476.2 POLICY

The Fairfield Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

476.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - (a) Tampering with a witness or suspect.
 - (b) Inciting others to violate the law.
 - (c) Being so close to the activity as to present a clear safety hazard to the officers.
 - (d) Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

476.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Fairfield Police Department

Fairfield PD Policy Manual

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

476.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

476.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - (a) To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - (b) If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Crisis Intervention Incidents

477.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

477.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

477.2 POLICY

The Fairfield Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

477.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Crisis Intervention Incidents

477.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Division Captain to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

477.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
 1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Crisis Intervention Incidents

477.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

477.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

477.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Crisis Intervention Incidents

- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Captain.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

477.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

477.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

477.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

477.11 EVALUATION

The Division Captain designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Crisis Intervention Incidents

is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

477.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment, and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This Department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs. The Department seeks to achieve the objective of reducing collisions through a combination of education and enforcement.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Fairfield Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours, and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones, or special events. In addition to officers, the Department may deploy speed feedback trailers to collect information regarding problematic traffic patterns and to encourage the public to drive within the speed limit.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This Department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses as outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter.
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs.
- (c) Felony hit-and-run.
- (d) Refusal to sign notice to appear.
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances.
- (f) Mandatory appearance per Vehicle Code § 40302.

500.3.4 TRAFFIC COLLISION CITATIONS

In the interest of public safety, appropriate enforcement of vehicle code violations as a result of traffic collisions should take place. Whenever a traffic collision investigation provides reasonable cause to believe that a Vehicle Code or City Ordinance violation has occurred, a collision citation (collision notice) may be issued by the investigating officer. Per CVC section 40600(a) only Peace Officers that have completed a POST-certified traffic accident course may issue such citations. Successful completion of a POST-certified 40-hour Basic Collision Investigation shall meet this requirement.

A copy of the traffic collision report and a citation (which lists the violations identified by the investigation and is unsigned by the violator) is to be forwarded to the Solano County Courts Traffic Division for a complaint. The citing officer shall use the same appearance date as for all other citations and shall write "Mailed to Violator" in the signature block section of the citation. Records personnel will mail the notice to the violator.

Officers that encounter unlicensed or suspended drivers at collision scenes may issue a "Mailed to Violator" citation to the involved driver in the same manner as described above upon completion

of their investigation and report. Traffic Officers may issue collision notices based on their review of collision reports prepared by Community Service Officers that have been trained as collision investigators.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Records Unit. The Records Unit will forward the license and Verbal Notice Form to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include; traffic control duties, accident investigations, lane closures, and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plain clothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle, and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

Fairfield Police Department

Traffic Function and Responsibility

A supply of high-visibility vests will be maintained by the Training Unit for replacement of damaged or unserviceable vests. Employees should immediately report when their vest is in need of replacement through their chain of command. Employees will be provided with vests that have the employee's name and appropriate badge sewn or embroidered onto the front of the vest. The Training Sergeant should be promptly notified whenever the supply of vests needs replenishing.

Traffic Collision Reporting, Investigation, and Documentation

502.1 PURPOSE AND SCOPE

The Fairfield Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY

The Training Unit will be responsible for distribution of the Collision Investigation Manual and will receive all changes in the state manual. The Traffic Sergeant will ensure conformity with the CIM when reviewing and approving traffic collision reports.

502.3 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this Department shall be forwarded to the Traffic Unit for approval and data entry into the Crossroads Program. The Traffic Sergeant will ensure the necessary reports on traffic collision statistics are forwarded as required. Patrol Sergeants should approve all traffic collision reports generated by their shifts. They may approve additional traffic collision reports based on department need.

Consistent with §343.3 of this manual, traffic collision reports and investigations shall not be pending over regular days off unless approved by a Supervisor. All traffic collision reports should be completed within seven (7) days.

502.3.1 CITY LIABILITY TRAFFIC COLLISIONS

502.3.2 POLICY

The police Department shall be responsible for investigating and reporting traffic collisions involving City vehicles, equipment, and property that may result in City liability. Department personnel must report any incident that may result in City liability.

502.3.3 PROCEDURE

When a police vehicle is involved in a traffic collision, the on-duty supervisor will respond to the scene. If the collision involves a death or a serious injury, or if the supervisor feels the circumstances indicate the need of an independent third party, the California Highway Patrol may be requested to investigate it. In minor-injury or property-damage only accidents, the supervisor will investigate it or request an available traffic officer, or similarly qualified experienced officer, to investigate it.

If a traffic collision incident results in serious injury, death, or extensive property damage, the employee's Division Manager, Chief of Police, City Manager's Office, and the City's Benefits & Risk Manager shall be notified immediately. An electronic mail message is sufficient for this purpose. These notifications shall be documented within the police report.

Fairfield Police Department

Traffic Collision Reporting, Investigation, and Documentation

In order to protect the confidentiality of information, all oral and written statements about the incident (other than the police report and the Department's usual press release) should be made by or cleared through the City Attorney's Office or Benefits & Risk Management.

No negotiations or settlements should take place that have not first been reviewed and approved by Benefits & Risk Management. The injured party should be instructed to contact Benefits & Risk Management at (707) 428-7419 for information about the incident or claim-filing procedures.

Report distribution, other than Records Bureau file processing, shall be:

- Department Head having control of property or vehicle(one copy)
- Traffic Engineer, if traffic accident(one copy)
- Director of Public Works(one copy)

502.4 REPORTING SITUATIONS

502.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage occurs or an injury results. If the City vehicle is a police department vehicle, a summary cause report may be taken or Memorandum written, in lieu of a traffic collision report (CHP 555 form), at the direction of a supervisor when the collision occurs on private property, or does not involve a privately owned vehicle.

Whenever there is damage to a City vehicle, an entry shall be made into the Vehicle Maintenance Log and Memorandum written. The Memorandum shall be forwarded to the appropriate Division Commander and a copy forwarded to the Chief of Police, Support Services Captain, and the City's Risk Manager.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or patrol supervisor.

502.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Fairfield Police Department resulting in a serious injury or fatality, the Traffic Sergeant or the Watch Commander, may notify the California Highway Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

502.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The Traffic Sergeant or on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

502.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, DUI, a vehicle pursuit, or major structural damage to a building. An Incident Report may be taken at the discretion of any supervisor.

502.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this Department under any of the following circumstances:

- (c) When the collision involves a suspected violation of sections 23152 CVC, 23153 CVC, 2800.1 CVC, 2800.2 CVC, 20001 CVC, or 20002 CVC.
- (d) City of Fairfield vehicles or property are involved.
- (e) Upon request by an outside government agency.
- (f) Upon order or approval of a Supervisor.

502.4.6 INFORMATION EXCHANGE AND DMV REPORTING REQUIREMENTS

In all collisions, whether documented or not, the primary officer shall ensure that involved parties have exchanged information in compliance with CVC section 16025. All parties should receive the investigating officer's business card or equivalent with a Fairfield Police Department case number if a report is taken. An FPD 242 Accident Information Exchange card may be used to facilitate the information exchange.

The primary officer at any collision scene should advise involved parties to report the collision to DMV, and complete all required forms if there is damage in excess of \$1,000 to any one vehicle or person pursuant to CVC section 16000.

502.4.7 NON-INJURY COLLISIONS

Non-injury traffic collisions that occur on either public roadways or private property shall not be documented unless any of the following exceptions apply:

- (d) Vehicle Pursuit
- (e) An involved party lacking valid license, registration, or insurance
- (f) Major property damage (vehicle driven through a wall, etc.)
- (g) Government-owned vehicle
- (h) Supervisor order or approval

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Traffic Collision Reporting, Investigation, and Documentation

In cases where collisions are not documented in the form of a police report, department personnel may advise the involved parties that the department does not document such collisions, and that the exchange of information between the involved parties is all that is required by law. Personnel responding to such collisions shall ensure that involved parties exchange information with each other in compliance with CVC section 16025. This may be accomplished by using the Department's Accident Exchange Information Card (FPD 242). The primary officer may, with Supervisor approval, take a collision report in any appropriate circumstance the officer deems it necessary for the successful resolution of the incident.

502.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION

In the event of a serious injury or death related traffic collision, the on duty supervisor shall notify the Traffic Lieutenant or Sergeant to relate the circumstances of the traffic collision and seek assistance from the Traffic Bureau. In the absence of the Traffic Lieutenant or Sergeant, any supervisor may assign an accident investigator or motor officer to investigate the traffic collision.

Traffic officers or properly trained accident investigators shall investigate all major traffic collisions unless a Supervisor authorizes a patrol officer to investigate the collision. A major traffic collision is defined as a collision that involves one or more of the following conditions:

- a. Death
- b. Life-threatening injury

502.6 TRAFFIC COLLISION INVESTIGATION AND REPORT WRITING GUIDELINES

502.6.2 LATE REPORTED COLLISION REPORT

A late reported collision is a fatal or injury collision where involved parties and vehicles are no longer at the scene and documentation is requested at a location away from the collision scene. Investigating officers shall determine if the collision was reported after the first opportunity to make such a report before indicating a late reported collision on a CHP 555 form. A late reported fatal or severe injury collision shall be documented as an investigation. All other late reported collisions not meeting the definition of fatal or severe injury shall be documented as follows:

- a. Information and a statement from the reporting party shall be documented in a traffic report format.
- b. No primary collision factor (PCF) or area of impact (AOI) will be determined, and no follow-up investigation to contact other involved parties will be completed.

Traffic Collision Review

503.1 PURPOSE AND SCOPE

Traffic collisions involving Police Department employees driving City-owned vehicles and personally-owned vehicles being driven for City business will be reviewed by the employee's chain of command to include the Supervisor, Watch Commander, and Captain. The collision should be reviewed by the chain of command within thirty (30) days of the collision occurring, and will include; a Blue Team entry, a determination of whether the collision was avoidable or not, and if any additional training or discipline is needed. All records of the review process will be documented as a Blue Team entry. If a pattern of employee driving behavior that results in collisions is identified by the chain of command, the Training Unit will be notified and a determination will be made, if the department would benefit from additional training.

Vehicle Towing and Release

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Fairfield Police Department. Nothing in this policy shall require the Department to tow a vehicle.

510.2 STORAGE AND IMPOUNDS

When circumstances permit, for example; when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone, or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

510.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator, and the original shall be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the Dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Dispatch Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the Dispatcher to call the official towing garage for the City of Fairfield. The officer will then store the vehicle using a CHP Form 180.

510.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g.; traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Towing and Release

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

510.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or to comply with posted signs.

510.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

510.2.7 RECORDS BUREAU RESPONSIBILITY

Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Towing and Release

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by mail as applicable and as provided in Vehicle Code § 22851.3(d), Vehicle Code § 22852(a), and Vehicle Code § 14602.6(a)(2). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage
- (c) The authority and purpose for the removal of the vehicle
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice

510.3 TOWING SERVICES

The City of Fairfield periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

Evidentiary Tows

- (a) When a vehicle is being held as evidence in connection with an investigation. It will be towed by the tow company designated (under separate contract) for that purpose, not by the next tow company in the rotation.

510.4 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.5 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a

Fairfield Police Department

Fairfield PD Policy Manual

driver/owner to retrieve small items of value or personal need (e.g.; cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.6 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 - 1. The vehicle was stolen.
 - 2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 - 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 - 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

510.7 TOWING FOR EXPIRED REGISTRATION

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the Department of Motor Vehicles (DMV). If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Fairfield Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Sergeant will generally serve as the hearing officer. If the Traffic Sergeant is not available, the Traffic Lieutenant will serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code § 14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b),

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Impound Hearings

warranting release of the vehicle. This mitigating circumstance exception is not limited to situations where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle. A vehicle impounded pursuant to Vehicle Code § 14602(a) shall be released as soon as practicable during normal business hours to the registered owner or his/her agent with proof of current registration, proof of valid drivers license, and applicable fees paid, unless the Department obtains a warrant or can support an exception to the warrant requirement.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Fairfield Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

514.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

514.4 FIELD TESTS

The Traffic Sergeant should identify standardized FST's and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Impaired Driving

- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of the person's blood or breath, and the officer shall advise the person that the person has that choice. If the person arrested either is incapable, or states that the person is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

514.5.2 BREATH SAMPLES

The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an

alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's report (Vehicle Code § 23612(a)(2)(C)).

514.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if the arrestee chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because the arrestee has a bleeding disorder or has taken medication that inhibits coagulation, the arrestee shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain the arrestee's dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

514.5.5 STATUTORY NOTIFICATIONS

Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

514.5.6 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, the person shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy the person's obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

514.5.7 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of the person's blood, breath, or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

514.6 REFUSALS

When an arrestee refuses to provide a viable chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

514.6.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.6.2 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that the person will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of the person's duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video if practicable.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Impaired Driving

- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.6.3 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.7 RECORDS BUREAU RESPONSIBILITIES

The Dispatch and Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.8 ADMINISTRATIVE HEARINGS

The Records Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

514.9 TRAINING

The Training Sergeant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques, and rules of evidence pertaining to DUI investigations. The Training Sergeant should confer with the prosecuting attorney's office and update training topics as needed.

514.10.1 WARRANTLESS ARREST

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic crash.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to themselves or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

514.10.2 OFFICER RESPONSIBILITIES

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES

The Operations Division Captain/Traffic Bureau Supervisor shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

Traffic citations shall be maintained in the Report Writing Room. Officers shall retrieve traffic citation books as needed and log the book number in the provided log. The administrative clerical staff shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Bureau Sergeant. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Bureau Sergeant may request the Operations Division Captain

to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Operations Division Captain for review.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a Watch Commander to approve the voiding of the citation. The citation and copies shall then be forwarded to Records.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall complete a correction notice.

516.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Bureau.

Upon separation from employment with this department, all employees issued traffic citation books shall return any unused citations to the Records Bureau.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

516.7.1 APPEAL STAGES

Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

- (a) Administrative reviews are conducted by the Traffic Bureau who will review written/ documentary data. Requests for administrative reviews are available at the front desk or Traffic Bureau of the Fairfield Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.
- (b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in-person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.
- (c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

516.7.2 TIME REQUIREMENTS

Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

- (a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).
- (b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).
- (c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

- (d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

516.7.3 COSTS

- (a) There is no cost for an administrative review.
- (b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).
- (c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

516.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

516.9 GENERAL RULES WHEN ISSUING CITATIONS

When issuing citations, officers will adhere to the below-listed rules that were adopted to avoid confusing the traffic law violator and creating undue burdens on the court.

- (a) Preprinted wording on the citation should not be altered.
- (b) Bail is not to be quoted. Bail is established by the court after taking into account the violator's driving record.
- (c) Violators are not to be told that the court will provide them with pay by mail envelopes.
- (d) Violators should be referred to the reverse side of the citation for instructions.
- (e) Traffic school is not to be suggested as an alternative to citation adjudication. Traffic school is an alternative only at the discretion of the court.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

520.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

72-Hour Parking Violations

524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the City of Fairfield City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

524.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Fairfield 72-Hour Parking Ordinance shall be marked and noted on the City of Fairfield Police Department Warning Notice for improperly stored vehicles. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Warning Notice. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 72 hours prior to removal.

All Warning Notices shall be submitted to the Traffic Unit for follow up.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period and it appears the responsible party is attempting to circumvent the City Ordinance, the vehicle shall be marked again for the 72-hour parking violation and the necessary paperwork completed and forwarded to the Traffic Unit.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

524.2.1 WARNING NOTICE FILE

The Records Unit shall be responsible for maintaining a file for all Warning Notices.

Community Service Officers assigned to the Traffic Unit shall be responsible for the follow-up investigation of all 72-hour parking violations noted on the Warning Notices.

524.2.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to Dispatch immediately following the storage of the vehicle for immediate notification into the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Unit to determine the names and addresses of any individuals

having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

Police Motorcycles

527.1 POLICE MOTORCYCLE CARE AND MAINTENANCE

Each motorcycle shall be assigned to a particular motor officer. Motor officers shall not operate any motorcycle other than their assigned motorcycle without authorization from the Traffic Sergeant or Patrol Sergeant. Officers will be responsible for the care, maintenance, and general upkeep of their assigned motorcycle. Scheduled repairs and service should be made so that each repair will not interfere with their assigned workdays or shift responsibilities.

Each officer assigned to a motorcycle may take the vehicle home provided he/she maintains adequate shelter for the vehicle at their place of residence. Before departing on vacation, or any absence in excess of three consecutive working days, the officer shall store the motorcycle at the Department within the designated security area, unless otherwise instructed or authorized by a supervisory officer.

527.2 MOTORCYCLE USE

- A. Officers shall not operate motorcycles unless they are on duty and in complete enforcement uniform. Uniformed court appearances are considered a part of normal duty requirements.
 1. *Exceptions: As otherwise directed by a supervisory officer, or for the purposes of going to and returning from home or vehicle maintenance facility.*
 2. *Officers may wear a BDU type uniform during training.*
- B. Motor officers shall wear a helmet; the 3/4 style helmet with strap fastened, and safety glasses when operating the motorcycle. Motor officers wearing the modular style helmet shall wear the helmet with the strap fastened at all times while operating the motorcycle, and safety glasses when the face mask is in the upright position.
- C. Motor officers' primary duty is traffic enforcement; however, they will be expected to perform as a regular police officer whenever the situation demands such action.
- D. Traffic enforcement by motorcycles shall generally be confined to high-volume traffic areas, where their maneuverability can be maximized.
- E. Officers should not enter onto freeways for enforcement activity. Freeways should be utilized only as access routes to various areas of the City and their use should be kept to a minimum.
 1. *Exceptions: State Route 12 or other locations as requested by allied agencies during mutual aid requests. Examples include: "Avoid the 10", "Dixon May Fair", "Rio Vista Bass Derby", etc.*
- F. Motorcycles shall not be engaged in "high speed chases". When it becomes apparent that the vehicle being pursued is attempting to flee at a high rate of speed, the motorcycle officer shall advise Dispatch and disengage the pursuit as soon as a four-wheeled unit joins the pursuit.

Fairfield Police Department

Fairfield PD Policy Manual

- G. Officers shall not enter intersections while responding to an emergency without first determining that there will be no traffic opposing their movement. In situations involving controlled intersections, officers shall yield as required by the California Vehicle Code, before entering the intersection.
- H. Officers shall not engage in traffic enforcement activities on two-wheeled motorcycles when the weather makes such operation hazardous, and shall utilize a patrol vehicle on such occasions.

527.3 SHOW (TRICK) RIDING

Departmental policy strictly prohibits "show" or "trick" riding practices. Each officer is directly responsible for the condition and care of his assigned motorcycle. "Show" riding is not intended to exclude parade appearances or participation in formal affairs, which may be directed by command personnel.

"Show" or "Trick" riding does not preclude the participation of in-service Motor officers in motorcycle skills and training competitions.

Dual Sport Police Motorcycles

528.1 PURPOSE AND SCOPE

Dual sport motorcycles differ from traditional enforcement police motorcycles in both engineering design and purpose. A dual sport motorcycle is by design a hybrid motorcycle borrowing from the traditional dirt bike motorcycle design and adding elements to the motorcycle for street riding, such as hybrid tires and lighting. Therefore, the dual sport motorcycle is not capable of the same level of performance with regards to operation on city streets as the Traffic Enforcement Motorcycle.

Dual sport motorcycles are for use by trained personnel in situations that would benefit from a highly maneuverable off-road vehicle. The benefit of using a dual sport motorcycle is for access to areas that a traditional four wheel vehicle would struggle in, and to search large open spaces quickly. Accordingly, the dual sport motorcycle should be operated minimally on city streets, mostly for the purpose of traveling to and from locations benefiting from the use of the motorcycle. The dual sport motorcycle is not designed for patrolling city streets, conducting traffic enforcement, or commuting longer distances, such as freeway riding.

528.2 DUAL SPORT POLICE MOTORCYCLE CARE AND MAINTENANCE

Each motorcycle shall be assigned to a specific officer. Officers should not operate any other motorcycle other than their assigned motorcycle without authorization from their Supervisor or Patrol Supervisor. Officers will be responsible for the care, maintenance, and general upkeep of their assigned motorcycle. Scheduled repairs and service should be made so repairs will not interfere with their assigned workdays or shift responsibilities.

Officers shall store their motorcycles at the Department within the designated area unless otherwise instructed or authorized by a supervisor. Motorcycles that are not expected to be used for one week or more should be placed on a trickle charger to maintain the battery of the vehicle and covered with a motorcycle cover.

528.3 DUAL SPORT POLICE MOTORCYCLE USE

- A. Officers shall not operate motorcycles unless they are on-duty and in uniform. Uniformed court appearances are considered a part of normal duty requirements.
 1. Exceptions: As otherwise directed by a supervisor or for the purpose of going to and returning from the vehicle maintenance facility.
- B. Officers shall wear the 3/4 style helmet with strap fastened and safety glasses on when operating the motorcycle. Motor officers wearing the modular style helmet shall wear the helmet with strap fastened at all times while operating the motorcycle and safety glasses when the face mask is in the upright position.
- C. Dual sport motorcycles are used primarily as a means of transportation; therefore, they are not intended to be used for traffic enforcement activity. The use of a dual sport motorcycle for car stops should be done only under exigent conditions when no other means of stopping dangerous behavior is available.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Dual Sport Police Motorcycles

- D. Dual sport motorcycles should not be operated in a Code 3 response, except under the most extreme of emergencies.
- E. Officers should restrict their travel on dual sport motorcycles to city surface streets whenever possible, and minimize their use of high speed freeways.
- F. Dual sport motorcycles shall not be engaged in "high speed chases." When it becomes apparent the vehicle being pursued is attempting to flee at a high rate of speed, the motorcycle officer shall advise Dispatch and disengage the pursuit as soon as a four-wheeled unit joins the pursuit.
- G. Officers shall not enter intersections while responding to an emergency without first determining there will be no traffic opposing their movement. In situations involving controlled intersections, officers shall yield as required by the California Vehicle Code before entering the intersection.
- H. Officers shall not operate a dual sport motorcycle when the weather makes such operations hazardous and shall utilize a patrol vehicle on such occasions.

528.4 TRAINING

In-service training has been designed to practice and maintain the perishable skills necessary to operate a motorcycle. All employees assigned to motorcycle duties will receive in-service training that will consist of a minimum of four (4) calendar days a year (quarterly), twelve (12) hours a day, or no less than twelve (12) hours per quarter divided into multiple segments as directed by the Certified Motorcycle Training Officer (CMTO) or the Traffic Supervisor. Failure to successfully complete the required training(s) will result in a maximum of forty (40) hours of remediation to correct deficiencies. If the officer is still unable to complete the training, the Traffic Supervisor may have the option of removing the officer from the program.

Initial Training

A minimum of eighty (80) hours of in-service training shall be provided to a dual sport motorcycle operator. The training shall be conducted under the supervision of the Traffic Supervisor and shall utilize a Certified Motor Training Officer (CMTO.)

528.5 SHOW (TRICK) RIDING

The Department policy strictly prohibits "show" or "trick" riding practices. Each officer is directly responsible for the condition and care of their assigned motorcycle. "Show" riding is not intended to exclude parade appearances or participation in formal affairs, which may be directed by command personnel.

"Show" or "Trick" riding does not preclude the participation of in-service motor officers in motorcycle skills and training competitions.

Police Motorcycle Training

529.1 IN-SERVICE TRAINING

In-service training has been designed to practice and maintain the perishable skills necessary to operate a police motorcycle for the purpose of traffic enforcement. All employees assigned to motorcycle duties will receive in-service training that will consist of a minimum of four (4) calendar days a year (quarterly), twelve (12) hours a day or no less than twelve (12) hours per quarter divided into multiple segments as directed by the Certified Motorcycle Training Officer (CMTO) or the Traffic Supervisor. The training must be successfully completed. Failure will result in a maximum of forty (40) hours of remediation to correct deficiencies. If the officer is still unable to complete the training, the Traffic supervisor may have the option of removing the officer from the program.

529.1.1 LOCATION

The Traffic Supervisor or CMTO will select the training location. If applicable, all officers will be notified of the location, time, and when the training will be conducted at least seven (7) days in advance.

529.1.2 FORM

Fairfield Police Motorcycle Qualification form will be used for grading the training motor officer.

- (a) Cone Patterns (or)
- (b) Street Riding: In addition, initial training will include a daily worksheet form. These forms will be signed by the motor instructor and then signed by the officer after reviewing it. The form will then be submitted to the traffic unit supervisor, who will also sign the form after reviewing it. The form will be maintained in the Traffic Bureau and Training Unit training file.

529.1.3 GRADING STANDARDS

- (a) **Unsatisfactory** - rider's performance is unacceptable.
- (b) **Weak** - the rider's performance is unacceptable; the rider has been able to perform a small portion of the event.
- (c) **Improvement Needed** - the rider has been able to perform a majority of the event, but still has problems to overcome.
- (d) **Qualified** - the rider has passed the course in a satisfactory manner.

Scoring examples:

Unsatisfactory - Rider drops motorcycle or puts foot down more than one time in an event.

Weak - Rider puts his foot down one time during event. Rider knocks down more than one cone or rides out of pattern.

Improvement Needed - Event is completed with one cone being knocked down.

529.1.4 TRAINING CONTENT

During quarterly training sessions, each officer will be required to complete two (2) mandatory patterns: The 30-cone weave and the 40 decel. Two (2) optional patterns will be chosen as training needs arise. A cross country/street ride may also be selected as an alternative to the two optional patterns. If the cross country/street ride is selected as an alternative, each officer will still be required to complete the two mandatory patterns prior to the ride.

529.1.5 UNSAFE RIDING HABITS

If a traffic supervisor or motorcycle instructor observes an employee riding in an unsafe manner, the traffic supervisor will have the option of directing the employee to immediate remediation training as designed by the motorcycle instructor or traffic sergeant to correct the deficiency.

529.1.6 POLICE MOTORCYCLE COLLISIONS

The traffic supervisor and motorcycle instructor will review all collisions involving motorcycle officers. They will determine if there is a need for remediation training. The supervisor has the option of directing the involved employee to immediate training to correct any deficiencies. The collision review is designed to determine training needs and will be separate from any department review.

529.1.7 ADDITIONAL TRAINING

In-service Motor Officers may participate in Motorcycle skills and training competitions at the discretion of the department. These training platforms shall not replace the normal in-service required training as discussed in 529.1 and 529.1.4.

529.2 INITIAL TRAINING

This training differs from "in-service" training. The "initial training" is for an employee who is newly assigned to motorcycle duties. The training must be successfully completed in all phases prior to the employee attending a P.O.S.T. approved Basic Motorcycle Operation course.

529.2.1 TYPE OF TRAINING

Each officer assigned to motorcycle duties as a new assignment shall receive the following training as a minimum before being assigned to enforcement:

- (a) A minimum of 160 hours of training on a police motorcycle will be given when an officer is initially assigned to a motor officer position. The officer in training will be required to take weekly tests in order to evaluate his/her progress. The traffic supervisor and/or the motorcycle instructor may conduct the evaluation. If the officer in training is failing to progress at a normal rate, he/she may be discontinued from the program.
- (b) A newly appointed motorcycle officer that has successfully completed the initial training phase shall be sent to a P.O.S.T. approved motorcycle training school as soon as practicable.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Police Motorcycle Training

- (c) A newly appointed Traffic Unit Supervisor that has successfully completed the initial training phase may be sent to a P.O.S.T. approved motorcycle training school as soon as practicable.

529.2.2 ADDITIONAL TRAINING

Upon successful completion of the basic motorcycle operation school, the officer will continue in "training status" in an enforcement FTO program for 80 hours or two weeks. The officer will be assigned to ride partners with the motorcycle instructor. If the motorcycle instructor determines the employee is deficient in enforcement riding skills, a recommendation will be made to the traffic supervisor to extend training. This extended training should not exceed 40 hours. The motorcycle instructor will complete daily evaluation reports. These reports will be reviewed and signed by the officer, motorcycle instructor, and traffic supervisor/training supervisor. These daily observation reports will be maintained in the officer's training file in the Traffic Bureau and Training Unit. In the event the officer fails to successfully complete the FTO program, the traffic supervisor may choose to discontinue the rider from the program.

Late Reported Collisions

531.1 PROCEDURE

A late reported collision is a fatal or injury collision where involved parties and vehicles are no longer at the scene and documentation is requested at a location away from the collision scene. Investigating officers shall determine if the collision was reported after the first opportunity to make such a report before indicating a late reported collision. A late reported fatal or severe injury collision shall be documented as an investigation. All other late reported collisions not meeting the definition of fatal or severe injury shall be documented as follows:

- Information and a statement from the reporting party shall be documented in a traffic report format.
- No primary collision factor (PCF) or area of impact (AOI) will be determined, and no follow up investigation to contact other involved parties will be completed.

Vehicle and Nuisance Abatement

533.1 PURPOSE AND SCOPE

City Ordinance Section 27.101 is referred to as the Nuisance Code of the City of Fairfield. Section 27.601 establishes the procedure for the abatement of abandoned, wrecked, dismantled or inoperative vehicles or vehicle parts thereof, from private or public property, not including highways as defined in Vehicle Code Section 360. The authority for such an ordinance is defined in Government Code Section 25845 and 38773.5, but more specifically for our purposes, Vehicle Code Sections 22660 and 22661. Vehicle abatements on public roadways are the responsibility of and are administered by the Traffic Unit. Vehicle abatement on private property is the responsibility of the Code Enforcement Unit.

533.2 PROCEDURE

Whenever a condition is brought to the attention of the Department which may constitute a public nuisance, it shall be the responsibility of the Department to investigate the conditions, to determine whether a nuisance does exist, and which department or agency has primary enforcement responsibility, as well as notify the appropriate department. Upon the determination that there does exist a nuisance of vehicles or parts thereof, the case shall be referred to the Code Enforcement personnel.

Code Enforcement personnel shall make the necessary inspections at reasonable times and in a reasonable manner. When practical, the Code Enforcement personnel shall contact the owner (or occupant, if different) of the premises, identify oneself; and explain the reason for such inspection and the provisions of the Code requiring that the nuisance be abated. Whether or not the owner/occupant has been contacted, the Code Enforcement personnel may leave upon the vehicle a Notice of Intent to Abate Vehicle/Parts. A Notice of Intent to Abate Vehicle/Parts shall be sent via first class U.S. mail and via U.S. certified mail to the property owner on record, the property tenant if known, and any parties identified as having financial interest in the vehicle/parts.

Compliance with the Notice of Intent to Abate Vehicle/Parts is achieved through one of the following events:

- The vehicle is restored to operable condition; or,
- The inoperable vehicle/parts is stored in a legal, fully enclosed building; or,
- The vehicle/parts is removed from the property.

If there is no compliance within the prescribed time, one of the following is the result:

- Citations may be issued; or,
- If the vehicle represents a hazard, Code Enforcement staff may remove it to a licensed automobile dismantler. Vehicle removal can only be done after proper notices have been mailed and either certified mail receipts have been returned, or the undelivered mail has been returned to Code Enforcement because the addressee would not accept the mail. The vehicle is salvaged and may not be released to the owner at that time.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle and Nuisance Abatement

Vehicle removal to a dismantler is a Vehicle Code requirement once the vehicle has been declared a public nuisance.

533.2.1 RECORD-KEEPING STEPS

Each step of the abatement proceedings shall require a record. Such record shall include the dates and times of:

- Original complaint or Code Enforcement officer's observation of a vehicle in violation.
- Original inspection.
- Mailing of Notice of Intent to Abate Vehicle/Parts.
- Second and any subsequent inspections.
- Citations.
- Phone calls/messages/correspondence or personal conversations with any persons having interest in the vehicle or the property located thereon.
- Completed form Fairfield Police Department 63, Vehicle Abatement Report, if the vehicle is towed.

533.3 NUISANCE ABATEMENT

Chapter 27 of the City Ordinance is referred to as the Nuisance Code of the City of Fairfield, which establishes the procedure for the abatement of certain public nuisances within the City. It further provides a method for the identification of those public nuisances.

Section 27.401 (a) through (s) describes conditions that constitute a public nuisance.

Public nuisances, other than vehicles or parts thereof, should be referred to the Code Enforcement unit for abatement. The Code Enforcement unit also coordinates with other City departments on the abatement of nuisances.

Sally Port Parking and Door Operation

535.1 PARKING PROCEDURES

Department vehicles, excluding motorcycles, are not to be parked in the sally port or the turn-around area immediately outside the sally port gate, except in designated parking spots and under the following conditions:

- Personnel are picking up or delivering prisoners.
- Personnel are picking up or delivering heavy and/or bulky items.
- Other special circumstances that require such parking.

535.2 SALLY PORT DOOR OPERATION

The sally port door may be opened and closed automatically from controls in the Communications Center. Personnel requiring entry to the sally port may request by using the radio or telephone that the Dispatcher to open or close the sally port.

Although the closed circuit camera system allows the dispatcher to view the sally port door area, the view is limited. Dispatchers will not open or close the door unless specifically requested over the radio or telephone. The purpose of this policy is to prevent accidental closure that may injure personnel, or damage department property.

Sally port security responsibilities are shared by all Department personnel. Personnel shall request that the door be opened or closed only when they can actually see the door in plain view. If there is a question as to the status of the sally port door, the dispatcher shall request that a member of the department go out to verify the status of the door.

Fictitious Identity Documents

537.1 PROCEDURE

This procedure establishes regulations for the use of false identity documents provided by official government agencies and administered by the Fairfield Police Department. Regulations pertaining to the use of said documents are set forth as follows:

- Identity documents shall be presented as authentic identification only while acting in an official undercover capacity.
- Identity documents shall be presented for inspection and/or surrender upon request by the Investigations Lieutenant.
- Identity documents shall be automatically surrendered to the Investigations Lieutenant once the subject detective is relieved of duties sponsored by Investigations.
- Loss or theft of identity documents shall be immediately reported to the Investigations Lieutenant.
- No corroborating identity documents shall be obtained without prior approval of the Investigations Lieutenant.
- Identity documents shall not be utilized for personal use in any manner.

Failure to adhere to the above listed regulations may result in the immediate revocation of false identity documents. Police officers requiring false identity documents shall complete a memorandum to the Investigations Lieutenant requesting approval for them. The memorandum shall include the justification for the document(s) and the expected length of time they will be required. The Investigations Lieutenant shall be responsible for approving or rejecting the request and for processing required government applications.

Suspect Identification from Photographs

539.1 PROCEDURE

The method of showing witnesses photographs and identifying suspects must be fair. To ensure fairness, the following guidelines have been established:

- A. The photographs shown to the witness should be selected to ensure fairness and impartiality to the suspect.
 1. There should be a similarity of features of the suspect and other persons appearing in the photographs.
 2. There should be a similarity of the type of photographs shown.
- B. Each witness should view the photographs alone or under circumstances such that other witnesses will not be influenced or open to suggestion.
- C. The points outlined below should be explained to each witness before he or she views the photographs.
 1. The fact that you are being shown a series of photographs should not influence your judgment.
 2. You should not conclude or guess that a picture of the person who committed the crime is contained in the series of photographs.
 3. You are not under any obligation to identify anyone.
 4. It is as important to exonerate the innocent as it is to identify a suspect.
- D. When there are several witnesses, the photographs should be shown until it can be reasonably concluded that the true suspect has been identified. The remainder of the witnesses should be saved for a formal lineup.
- E. The officer will avoid any actions or comments that could be construed as an attempt to influence a victim or witness to select a particular photo.
- F. If a victim or witness identifies a subject in the photo lineup, the officer should ask them to describe in their own words how confident they are of the identification.
- G. When confirming a victim or witness identification, ask open-ended and non-suggestive questions to elicit more information, such as, "What else can you tell me about that person" or "can you talk to me a little more about that".
- H. Any photographs shown to witnesses are to be retained for any subsequent criminal prosecution by booking them into Evidence.

Use of "Fictitious" Citations

541.1 PROCEDURE

The use of departmental citations in a fictitious manner (i.e., issuing an informant a fictitious traffic citation to camouflage their cooperation with police during an investigation) shall be restricted to investigators' use only unless authorized by an immediate supervisor. When using this investigative tool, the officer shall consider the use of other alternatives and evaluate the necessity to issue the citation. The issuance of fictitious citations shall be limited to circumstances in which the citation is necessary to safeguard an investigation. The following procedure shall be used to preserve the accountability of all citations issued:

- (a) The officer shall ensure that the party to whom the citation is issued understands the nature/purpose of the citation. It shall be understood that the party will not appear in court on the matter.
- (b) After issuing the party his/her copy of the citation, the officer shall attach the remaining copies to a memo detailing the reasons for issuing the fictitious citation. The memo shall address the circumstances involved and include the name of the receiving party and case number assigned, if applicable. The memo and citation shall be forwarded to the officer's division captain for disposition unless ordered otherwise.
- (c) The remaining citation copies and memo will be forwarded to the Records unit by the Division Captain.

Release of Stored or Impounded Vehicles

543.1 PROCEDURE

Stored or impounded vehicles must be released only to the registered owner or authorized agent whenever practical. Commonsense must prevail since family members or friends frequently attempt to claim such vehicles, and each circumstance must be evaluated on its own merit. Consult a supervisor if in doubt.

The expense of towing and storage is the owner's responsibility in all instances, except for those held exclusively as evidence. Evidence collection should occur within 48 hours of impound excluding weekends and holidays. The report should be supplemented immediately upon completion of evidence collection.

Vehicles stored or impounded as evidence must have prior approval of a supervisor. They may not be released without approval of the investigating officer or a supervisor. The Department pays the expense for vehicles held as evidence. The reason for the storage and name of approving supervisor must be in the narrative section of the CHP 180 form.

A vehicle stored as a result of abandonment, parking violation, traffic accident, or arrest may be released without any other approval provided it is not also being held for evidence purposes.

Vehicles impounded pursuant to Vehicle Code 14602.6(a) will be held for 30 days. Calculation of the impound period will consist of every calendar day beginning with the date of impound and ending with the date of release.

Employees releasing a stored vehicle must obtain the signature and a photocopy of the driver's license of the person claiming the vehicle. A copy of CHP Form 180 must be given to the person with directions to the storage facility. The arrested person's information and other factors that are not eligible for release as public information must be removed from these copies.

In the event the vehicle is stored at department facilities, the person must show proof that the towing and storage charges have been paid before the vehicle may be released, unless held exclusively as evidence. (Related Policies/Procedures are 4840 through 4845"Stored Vehicles")

DUI/Drivers License Checkpoints

545.1 PURPOSE AND SCOPE

The purpose of this policy is to comply with applicable federal and state law while conducting DUI/Drivers license checkpoints within the City of Fairfield.

The City of Fairfield Police Department conducts DUI/Drivers license checkpoints to reduce the number of drunk drivers on our highways and diminish the amount of pain, suffering and death that result from drunk driving and unlicensed drivers.

Impaired driving and impaired-related crashes constitute one of the nation's leading health problems. These events result in more deaths each year than total homicides. The impact is particularly severe among young people, ages 15-24, where impaired driving is the leading cause of death. Clearly, impaired driving and impaired-related crashes constitute a major threat to the safety and well-being of the public.

The Centers for Disease Control, in a 2008 Injury Prevention & Control, Motor Vehicle Safety report, found that in general, the number of alcohol-related crashes was reduced by 20% in states that implement sobriety checkpoints compared to those that do not.

It is the policy of the City of Fairfield Police Department to conduct DUI/Drivers license checkpoints as a means of reducing the number of impaired drivers and the number of impaired-related crashes.

The California Vehicle Code requires that every driver operating a motor vehicle on a public roadway be licensed to do so. In addition to checking for sobriety, it is the policy of the City of Fairfield Police Department to confirm that all drivers that pass through a DUI/Drivers license checkpoint are properly licensed to operate a motor vehicle.

545.1.1 DEFINITIONS

DUI/Drivers license checkpoint - The DUI/Drivers license checkpoint is a temporary roadway installation used by law enforcement to detect and arrest drivers who are impaired and to educate the public that in the best interest of public safety, impaired-driving shall not be tolerated.

545.2 PROCEDURE

The DUI/Drivers license checkpoint shall comply with the current state of case law and constitutional requirements set forth in the Ingersoll (Ingersoll vs. Palmer (1987) 43 Cal.3rd 1321) case. The checkpoint shall comply with all of the eight criteria outlined in the Ingersoll case as follows:

- **Supervisory Selection:** To avoid arbitrary and capricious selection by an officer in the field, the decision to establish the DUI/DL checkpoint and selection of the site will be made by the Patrol Supervisor.
- **Limited Field Discretion to Stop:** The discretion of enforcement officers in selecting vehicles to be stopped has been limited by a neutral mathematical formula when the volume of vehicular traffic prevents the screening of all of the vehicles entering the

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

DUI/Drivers License Checkpoints

checkpoint. When necessary, such formula will be every third, fifth, or tenth vehicle to be stopped.

- **Safety:** The safety of motorists as well as the personnel assigned to the checkpoint is paramount. Only safe practices that create safe conditions will be employed, including, but not limited to: proper lighting, warning signs, signals, and clearly identifiable official vehicles and personnel.
- **Reasonable Location:** The supervisory decision concerning placement of this checkpoint will be made using local DUI arrest and collision data. The site will be selected because it has been effective in apprehending a high rate of persons driving under the influence based upon a history of alcohol related collisions and arrests.
- **Time and Duration:** To minimize its intrusiveness and yet preserve effectiveness, the length of time this checkpoint will be no longer than reasonably necessary to apprehend people driving under the influence. The time of day will be carefully set to maximize the apprehension of impaired drivers.
- **High Visibility:** Advance warning will be given using signs, flashing lights, police vehicles, and uniformed officers to reassure motorists of the official nature of the roadblock.
- **Length of Detention:** The detention of the motorists will be no longer than necessary to determine if there is impairment. The controlled length of the detention will also preserve traffic safety and avoid traffic back-ups.
- **Advance Publicity:** Although not required by the courts, it is highly desirable to have advance publicity for a DUI/DL checkpoint. The advance publicity helps reduce the intrusiveness of the roadblock and increases its deterrent effect. A press release notifying the public should be sent to the local media prior to the operation.

A complete Patrol Order shall be prepared by the Patrol Sergeant and distributed to the affected Patrol Watch Commander and Communications Center. A sworn, uniformed supervisor shall be assigned to provide on-scene supervision of the checkpoint. The checkpoint shall be staffed by a sufficient number of uniformed personnel to assure a safe and efficient operation. A pre-operational briefing shall be conducted by the Patrol Supervisor. A portion of the briefing shall include a review of safety considerations of personnel standing and directing traffic upon a roadway. Special care shall be taken to warn approaching motorists of the checkpoint. Basic equipment will include, but not be limited to:

- Warning signs placed in advance of the checkpoint
- Traffic safety cones
- Permanent and portable lighting
- Marked police vehicles

The use, placement, and types of traffic control devices must comply with federal, state and local transportation codes. Any deviation from the predetermined operational guidelines should thoroughly document the reason for the deviation (i.e.; traffic backups, intermittent inclement weather). To monitor and ensure standardization and consistency of the checkpoint program, a

Fairfield Police Department

systematic method of data collection will be incorporated. An after-action report should include, but is not limited to:

- Time, date, and location of the checkpoint
- Weather conditions
- Number of vehicles passing through the checkpoint
- Average time delay to motorists
- Predetermined order of selecting motorists
- Numbers of arrests, citations, field sobriety tests, and vehicle impounds
- Identification of unusual incidents such as safety problems or other concerns

An after-action press release shall be prepared by the Patrol Supervisor and sent to the local media highlighting some of the items listed above.

RADAR/LIDAR Operations

547.1 POLICE RADAR TRAINING

The RADAR Operator shall have completed, at a minimum, a 24 hour P.O.S.T. approved RADAR Operator course prior to using RADAR devices.

547.2 POLICE LIDAR TRAINING

The LIDAR Operator shall have completed a P.O.S.T. approved LIDAR Operator course in addition to the required RADAR training as directed in 547.1.

547.3 POLICE RADAR/LIDAR USAGE

The use of RADAR and LIDAR devices shall be restricted to those streets and roadways within the city that have been approved for RADAR/ LIDAR enforcement by means of an Engineering and Traffic Survey (ETS) or as permitted by California Vehicle Code §§ 22352 and 40802.

This does not preclude the RADAR/ LIDAR Operator from using such devices in other jurisdictions when conducting traffic enforcement during mutual aid requests such as, but not limited to, "Avoid the 10".

547.4 POLICE RADAR/LIDAR CALIBRATION

All RADAR and LIDAR devices shall be calibrated by a certified technician every two years, or as necessary, to assure instrument accuracy. The Traffic Supervisor or his/her designee shall be responsible for maintaining the maintenance and calibration records for each device.

547.5 POLICE RADAR/LIDAR CALIBRATION CHECK

Each RADAR/LIDAR Operator shall ensure the accuracy of the device used at the beginning and end of their shift. The accuracy check shall include internal and external accuracy checks and in accordance with applicable law.

Speedometer Calibration

549.1 PURPOSE

Police patrol vehicle speedometers shall be calibrated when the vehicle is first assigned and then annually thereafter, unless otherwise necessary.

549.2 PROCEDURE

The original "Speedometer Calibration Chart" shall be maintained within the patrol vehicle and a copy shall be filed with the Patrol Division - Traffic Bureau. Calibration shall be accomplished by one of the following methods:

- (a) A traffic officer shall use a police RADAR/LIDAR instrument at varying speeds to determine accuracy of the vehicle speedometer and document the displayed speed and actual speed on a "Speedometer Calibration Chart."
- (b) The department may utilize a speedometer calibration service such as that provided and operated by AAA or equivalent.

549.3 CALIBRATION NOTIFICATION

Vehicle maintenance personnel shall advise the Traffic Supervisor which vehicle's speedometer requires calibration at appropriate intervals, including unassigned vehicles. A log of calibrated vehicles shall be maintained in the Traffic Bureau. The Traffic Supervisor shall be responsible for assuring calibration is completed.

Fifteen Passenger Vans

551.1 PURPOSE AND SCOPE

The purpose of this policy is to comply with applicable federal and state law while operating 15-passenger vans.

The City of Fairfield Police Department currently has in its fleet three 15-passenger vans. These vans are marked with the City of Fairfield Police Department's logo and also are marked with the "Volunteers In Police Service" logos.

Fifteen-passenger vans are more likely to be involved in a single-vehicle rollover crash than any other type of vehicle.

Employees of the City of Fairfield Police Department must be vigilant and informed about how to reduce rollover risks, avoid potential dangers, and better protect occupants in the event of a rollover crash.

551.2 GENERAL ADVISEMENTS

The National Highway Traffic Safety Administration (NHTSA) has issued a safety advisory on these vehicles. Based upon that advisory the following shall be considered when using the 15-passenger vans:

Keep your passenger load light. NHTSA research has shown that 15-passenger vans have a rollover risk that increases dramatically as the number of occupants increases from fewer than five to more than ten. In fact, 15-passenger vans (with 10 or more occupants) had a rollover rate in single vehicle crashes that is nearly three times the rate of those that were lightly loaded.

Check the van's tire pressure frequently, at least once a week. A just-released NHTSA study found that 74% of all 15-passenger vans had improperly inflated tires. By contrast, 39% of passenger cars had improperly inflated tires. Improperly inflated tires can change handling characteristics, increasing the prospect of a rollover crash in 15-passenger vans.

Require all occupants to use their seat belts in compliance with City policy. Nearly 80% of those who have died nationwide in 15-passenger vans were not buckled up. Wearing seat belts dramatically increases the chances of survival during a rollover crash.

If at all possible, seat passengers and place cargo forward of the rear axle, and avoid placing any loads on the roof. By following these guidelines, the vehicle's center of gravity will be lowered, accordingly lowering the chance of a rollover crash.

Be mindful of speed and road conditions. The analysis of 15-passenger van crashes also shows that the risk of rollover increases significantly at speeds over 50 miles per hour and on curved roads.

Only qualified drivers should be behind the wheel. Special training and experience are required to properly operate a 15-passenger van. Department employees should only operate these vehicles when well rested and fully alert.

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Fifteen Passenger Vans

551.3 PROCEDURES

The 15-passenger vans may only be operated by paid employees of the City of Fairfield Police Department. Any department employee operating a 15-passenger van should complete a department approved training course prior to the use of the van. The 15-passenger vans shall be used only under the following conditions:

- Transportation of VIPS
- Transportation of Police Department personnel, both sworn and civilian
- Transportation of PAL youth to PAL sponsored events

Additionally, these procedures shall be followed regarding the 15-passenger vans:

- The vehicle must not be "contracted" or loaned out to another entity.
- When transporting youths, the van must never pick up or drop off at any accredited school or other place of education.

Each 15-passenger van is equipped with red lights and siren. Only paid full-time sworn personnel may operate the 15-passenger van in a "Code 3" capacity when transporting sworn personnel to an emergency, disaster, or calamity that would require a large response of police personnel. When operating the 15-passenger van "Code 3," the provisions of the Department's emergency vehicle operations policy shall apply; however, under no circumstances, shall a 15-passenger van be used in a vehicle pursuit.

It shall be the responsibility of each operator of the 15-passenger van to leave it clean and refueled at the end of each use.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 INVESTIGATIONS

The Investigations Bureau is commanded by a Lieutenant. Within the Investigations Bureau are the general Investigation Detectives who are supervised by a Crimes Against Persons Sergeant and a Crimes Against Property Sergeant. The Investigations Bureau also includes the Gang Unit, which is supervised by a Sergeant, and the Narcotics Unit, also supervised by a Sergeant.

600.3 ON-CALL DEPUTY DISTRICT ATTORNEY

The District Attorney has established a non-business hours on-call schedule to provide assistance with search warrants and for legal advice on major crimes. A rotation list with home phone numbers is maintained in the Dispatch Center. If the on-call Deputy DA is away from his/her residence, he or she can be paged. Personnel in need of a Deputy District Attorney during non-business hours should:

- (a) Telephone the on-call Deputy District Attorney at home.
- (b) If unsuccessful, contact the Sheriff's Department dispatch and request that the on-call Deputy District Attorney be paged.
- (c) If neither a or b work, call any of the Deputy District Attorneys on the rotation list.

600.4 DISTRICT ATTORNEY CASE REFERRAL

The District Attorney has a filing policy that guides us through the process of filing cases for court: The case must be investigated to the point that it may be proven "beyond a reasonable doubt." There are exceptions to this rule to allow for the ability to obtain warrants for dangerous felons before the entire case investigation is complete.

600.4.1 PROCEDURE

In order to be as effective as possible, we will follow the stated procedure in referring cases to the District Attorney's Office (this includes traffic collisions with misdemeanor or felony violations). All cases referred to the District Attorney's Office, including outgoing and incoming documentation, must be processed through the Records Bureau and Court Liaison personnel.

600.4.2 REQUEST FOR COMPLAINT/NOTICE TO APPEAR

- (a) Submit a case to the District Attorney's Office for consideration of specifically stated charges. Cases should not be sent to the District Attorney with the instruction "For Review." If, in the opinion of the reporting officer, the case is not prosecutable, the person reporting the crime must be told that there is insufficient evidence to obtain a criminal conviction. However, if the reporting party demands a review by the District Attorney, that fact shall be recorded in the report and forwarded to the District Attorney.

Fairfield Police Department

Investigation and Prosecution

1. Proposition 115: When submitting a case to the District Attorney's Office that was initially taken by a Community Service Officer (CSO), the investigating detective/officer needs to re-contact the victim(s) for a re-interview. This ensures statement accuracy and will allow the detective/officer to testify in court.
 - (b) After a case is submitted, the District Attorney reviews the case and either issues a complaint or sends a request for follow up or issues a Notice of Non-Filing.

600.4.3 WALK-THROUGH WARRANTS

In felony cases when an expedited process is necessary to obtain a warrant, the following "walk through" process is used:

- (a) The detective or officer discusses the report with the Investigation Supervisor, who then approves the case for a "walk-through" warrant.
- (b) The detective/officer shall call to make an appointment with the Deputy District Attorney (DDA) responsible for felony case review and then personally takes the report to the DDA. If the felony intake DDA is not available, the detective/officer will attempt to locate a supervising DDA for review. If neither is available, then the Chief District Attorney Criminal Investigator should be contacted to locate a DDA to review the case. The case should be reviewed immediately while the detective/officer waits, unless other arrangements are made with the reviewing DDA. If the DDA requires more work on the case before the issuance of warrant, the detective/officer will begin that work immediately and then resubmit the case with the completed follow-up. If the DDA refuses to file the case due to listed reasons on the "Notice of Non-Filing" form or tells the detective/officer it will not be filed, the detective/officer's supervisor must review the case. If the supervisor feels the case needs additional review by the District Attorney's Office, the case will be submitted to the Division Captain for review and determination to re-submit the case to the Chief Deputy District Attorney. If the supervisor does not feel the case needs further review, it is considered the final review unless the officer can provide further evidence to prove the case.
- (c) When the case is approved for a warrant, then the detective/officer will continue the "walk through" process by taking the case to the court for issuance of the warrant.

Note: This process could be followed in misdemeanor cases when circumstances dictate. Citizen inquiries as to the status of their case should be referred to the District Attorney's Office only after the District Attorney's Office has been provided with a copy of the report.

600.5 POLICY

It is the policy of the Fairfield Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.6 INITIAL INVESTIGATION

600.6.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Investigation and Prosecution

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.6.2 CIVILIAN MEMBER RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact, or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.7 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.7.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video, with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation, and is otherwise allowed by law.

Fairfield Police Department

Fairfield PD Policy Manual

Investigation and Prosecution

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigations supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.7.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.8 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations, and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

600.9 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation, and storage of; computers, cell phones, and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.10 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights, and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using the member's own equipment, the member should note the dates, times, and locations of the information and report the discovery to

the member's supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.10.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias, or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy, and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.10.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.11 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

The Investigation Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

- (a) Security procedures are developed to protect information gathered through the use of the technology.
- (b) A usage and privacy policy is developed that includes:
 - 1. The purposes for which using cellular communications interception technology and collecting information is authorized.

Fairfield Police Department

Fairfield PD Policy Manual

2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
3. Training requirements necessary for those authorized employees.
4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
5. Process and time period system audits.
6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department's usage and privacy procedures and all applicable laws.

600.12 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor, or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Captain or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.13 USE OF CERTAIN DNA SAMPLES

Known samples of DNA collected from a victim of a crime or alleged crime, and known reference samples of DNA from any individual that were voluntarily provided for the purpose of exclusion are to be used only for the purpose directly related to the incident being investigated and in compliance with the procedures identified in Penal Code § 679.12.

600.14 ANTI-REPRODUCTIVE RIGHTS CRIMES

A member should take a report any time a person living within the jurisdiction of the Fairfield Police Department reports that the person has been a victim of an anti-reproductive rights crime as defined by Penal Code § 13776 and Penal Code § 423.3. This includes:

- (a) Taking a report, even if the location of the crime is outside the jurisdiction of this department or has not been determined (e.g., online harassment).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Investigation and Prosecution

- (b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Members should encourage the person to review the material and should assist with any questions.

A report should also be taken if a person living outside department jurisdiction reports an anti-reproductive rights crime that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the [city/county] to facilitate the crime).

A member investigating an anti-reproductive rights crime should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency. The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

The Investigations supervisor should provide the Dispatch and Records Manager with enough information regarding the number of calls for assistance and number of arrests to meet the reporting requirements to the California Department of Justice as required by Penal Code § 13777. See the Records Bureau Policy for additional guidance.

600.15 STATE REQUIREMENTS FOR FIREARM INVESTIGATIONS

600.15.1 CALIFORNIA DOJ NOTICE OF LOCATION OF REPORTED LOST OR STOLEN FIREARM

When notification is received from the California Department of Justice (DOJ) that a firearm purchase matches an entry made into the Automated Firearms System by the Department as lost or stolen, the Investigations supervisor shall assign an officer to retrieve the firearm and book the firearm into evidence in accordance with the Property and Evidence Policy. Recovery of the firearm shall be reported pursuant to Penal Code § 11108.2, Penal Code §11108.3, and Penal Code § 11108.5. If appropriate, arrangements may be made to have another state or local law enforcement agency retrieve the firearm on behalf of the Department (Penal Code § 28220).

600.15.2 RELINQUISHMENT OF FIREARMS VERIFICATION

The Investigations supervisor shall designate a member to have access to the Armed Prohibited Persons System (APPS) to receive information regarding individuals in the jurisdiction of the Department who have become a prohibited possessor of a firearm registered in their name and have not provided proof of relinquishment. The member shall document steps taken to verify that the individual is no longer in possession of firearms and provide the information to the Records Bureau for preparation of a quarterly report to the California DOJ (Penal Code § 29813) (see the Records Bureau Policy for additional guidance).

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY

It is the policy of the Fairfield Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

602.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Sexual Assault Investigations

602.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - (a) Initial response to sexual assaults.
 - (b) Legal issues.
 - (c) Victim advocacy.
 - (d) Victim's response to trauma.
 - (e) Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

602.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Dispatch Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Sexual Assault Investigations

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

- (a) Prior to the commencement of the initial interview, advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, about any other rights of a sexual assault victim pursuant to the sexual assault victim card described in Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 2. A support person may be excluded from the examination by the officer or the medical provider if the support person's presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

602.7.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Sexual Assault Investigations

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately (Penal Code § 680).

602.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private vendor laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the testing is complete, the statute of limitations has run, or the SAFE kit is exempt from the update requirement (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.8.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Sexual Assault Investigations

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Sexual assault victims shall further have the following rights (Penal Code § 680):
1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 2. To be informed if there is a confirmed match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank or the federal Department of Justice or Federal Bureau of Investigation CODIS database of case evidence.
 4. To access the DOJ SAFE-T database portal consistent with Penal Code § 680.3(e) for information involving their own forensic kit and the status of the kit.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.8.3 COLLECTION OF DNA REFERENCE SAMPLES

Reference samples of DNA collected directly from a victim of sexual assault, and reference samples of DNA collected from any individual that were voluntarily provided for the purpose of exclusion, shall be protected as provided in Penal Code § 679.12 (Penal Code § 680).

602.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations supervisor.

Classification of a sexual assault case as unfounded requires the Investigations supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Sexual Assault Investigations

statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.10 CASE REVIEW

The Investigations supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

Registrants

603.1 PURPOSE AND SCOPE

The City of Fairfield Police Department by policy, City Ordinance, or law will process sex, narcotic and arson registrants. The manner in which each is processed is detailed in the Records Manual.

- (a) **Narcotic Registrants** - Health and Safety Code 11594 states in part, "The statements, photographs and fingerprints herein required shall not be open to inspection by the public or by any person other than a regularly employed peace or other law enforcement officer." No notifications will be made to the registrant's employer as to his/her status or requirement to register.
- (b) **Sex Registrants** - Sex registrants are referenced and handled by Major Crimes in Investigation - except changes of local address and other minor miscellaneous changes that will be handled by the Records Bureau. If there are no investigators or Records personnel available, a patrol officer will be dispatched to assist.

Asset Forfeiture

606.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture, and liquidation of property associated with designated offenses.

606.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Fairfield Police Department seizes property for forfeiture or when the Fairfield Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

- A. Property related to a narcotics offense, which includes (Heath and Safety Code § 11470; Health and Safety Code § 11470.1):
 1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.
 2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.
 3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
 4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.
 5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
- B. Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Asset Forfeiture

1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.
2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash, or assets that have been used in connection with or acquired by specified illegal activities.

606.2 POLICY

The Fairfield Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime, and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety, or any person's due process rights.

It is the policy of the Fairfield Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

606.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.
- (b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
 1. The property subject to forfeiture is legally seized incident to an arrest.
 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the District Attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- (c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470).
- (d) Vehicles, boats or airplanes owned by an "innocent owner," such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
- (e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

606.3.3 SEIZED VEHICLES

Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The officerPatrol Sergeant shall notify the detective supervisor of the seizure of the vehicle, and circumstances of the seizure as soon as possible. The seizing officer shall:

- (a) Determine equity; registered owner; and/or legal owner of the vehicle
- (b) Insure a property sheet is prepared for seizure
- (c) Insure that items removed from the vehicle are itemized, returned, or placed into evidence
- (d) Note the seizure storage location and if the vehicle was towed or driven
- (e) Photograph the vehicle to record damage
- (f) Insure the vehicle is entered into SVS as a stored vehicle and CHP form 180 is completed

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Asset Forfeiture

- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g.; the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.5 MAINTAINING SEIZED PROPERTY

The Property Supervisor is responsible for ensuring compliance with the following:

Informants

608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Fairfield Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Fairfield Police Department for a benefit (e.g.; a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY

The Fairfield Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited, and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from the Narcotic Investigation Unit or Special Operations Team supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana, or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable (Penal Code § 701.5)
- (d) The Chief of Police or the authorized designee

Informants

608.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Investigations supervisor, or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Fairfield Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - (a) Members shall not become intimately involved with an informant.
 - (b) Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigations supervisor.
 - (c) Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer, or with prior approval of the Investigations supervisor.
 - (a) Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Informants

The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigations. The Investigations supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Investigations supervisor, or their authorized designees.

The Operations Division Captain should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigations supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

608.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

- (f) Current employers, positions, addresses, and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented

 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

608.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value, or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigations Supervisor will discuss the above factors with the the Investigations Bureau Lieutenant and recommend the type and level of payment.

608.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments should be paid in cash from Investigations buy/expense fund.
 1. The Investigations supervisor shall sign the voucher for cash payouts from the buy/expense fund.

Fairfield Police Department

Fairfield PD Policy Manual

 - 3. The evidence of payment will be kept in the informant's file.

608.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant, and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

608.6.3 AUDIT OF PAYMENTS

The Investigations Supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least annually, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g.; buy/expense fund records, cash transfer forms, invoices, receipts, and logs) will assist with the audit process.

Unlawful Firearm Possession Reward Program

609.1 PROCEDURE

Investigations will administer and audit a program that provides a \$500.00 reward for information leading to recovery of unlawfully possessed firearms in the City of Fairfield. Additionally, a reward of \$100.00 will be given for information leading to the recovery and arrest for an unlawful non-firearm weapons possession on City of Fairfield school grounds. A citizen reporting another person in possession of a firearm (or an illegal non-firearm weapon on school grounds as defined by 626.10 PC) must have personal knowledge the weapon is unlawfully possessed and must provide current information regarding:

- Physical and clothing description of the responsible person.
- Current location of the responsible person and weapon.
- How they know the person is actually in possession of the weapon or firearm.

The person must cooperatively answer questions that may be necessary to ensure the witness's reliability.

Dispatchers receiving reports will obtain as much identifying information of the person making the report as possible.

- If the person making the report insists on remaining anonymous, the dispatcher will assign an incident number to the call, which will also be referred to as the Witness ID#.
- The ID# will be necessary to claim any reward issued for the information received.

The citizen/witness will be instructed to call back to confirm an unlawfully possessed gun or non-firearm weapon on school grounds was actually confiscated and make arrangements to collect any applicable reward.

609.2 DISPATCHING THE CALL

When a dispatcher receives information about an unlawfully possessed gun or weapon on school grounds, the call should be dispatched as soon as possible. Officers responding to the location of the suspect should conduct a search based on the information provided by the witness.

If an unlawfully possessed firearm or weapon is located, the person should be arrested and the weapon confiscated. In situations where the suspect is contacted and no gun or illegal weapon is located, officers should write an Information Report outlining details of the incident/contact. Supervisory approval shall be obtained in the event an identified suspect is not arrested or if a report is not generated.

609.3 CITIZEN/WITNESS CONFIRMATION

Dispatchers will provide information to the witness as indicated above and advise the citizen/witness to contact the Investigations Bureau Lieutenant to collect the reward. The reward will be issued in cash by the Investigations Bureau Lieutenant from the cash safe located in the Investigations Bureau.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

The Fairfield Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigations supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

610.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.7.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

610.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Eyewitness Identification

used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 1. The length of time the witness observed the suspect.
 2. The distance between the witness and the suspect.
 3. Whether the witness could view the suspect's face.
 4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.
 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Crime Scene Log

611.1 PURPOSE AND SCOPE

The Fairfield Police Department is committed to preserving the integrity of all crime scenes and will establish a Crime Scene Log for all major crime scene investigations. The primary investigating officer will be responsible for initiating or assigning another officer to initiate a Crime Scene Log.

611.1.1 POLICY

During the investigation of a major crime scene, it typically becomes necessary to control and record the individuals who enter and exit a crime scene. A designated officer will be placed at the entrance/exit point of the crime scene to regulate and document ALL personnel entering the crime scene using the City of Fairfield Police Department Crime Scene Log.

After the crime scene has been released and the log completed it will be attached to the original investigation crime report.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Fairfield Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY

The Fairfield Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Fairfield Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

612.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Brady Material Disclosure

- (a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.
- (b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

612.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

Department members should receive periodic training on the requirements of this policy.

Declaration To Increase Bail

613.1 PURPOSE AND SCOPE

In any case in which a person is arrested without a warrant for a bailable felony offense and a police officer has reasonable causes to believe that the bail set forth in the bail schedule is insufficient to assure the defendant's appearance or the safety of the public, the police officer shall prepare a "Declaration in Support of Motion to Increase Bail."

613.2 COMPLETION OF THE FORM

The completion of the form is self-explanatory; however, special attention must be given to the following areas:

- **Likelihood of Flight** - Facts such as prior failures to appear, lack of employment or ties to the community, violation of probation, or other pending offenses, etc. should be listed in support of this area.
- **Capital Crime** - When the charge is a capital crime the facts must be evident or the presumption great that the defendant is guilty. These facts must be set forth in the declaration.
- **Violent Felony** - When the charge is a violent felony, the facts must be evident or the presumption great that the defendant is guilty. The facts must show clear and convincing evidence of substantial likelihood that the defendant's release would result in harm to others. These facts must be set forth in the declaration.
- **Non-Violent Felony** - When the charge is a non-violent felony, the facts must be evident or the presumption great that the defendant is guilty and that there is clear and convincing evidence of that the defendant had threatened another person with great bodily harm and it is likely that the threat will be carried out.

A summary of the defendant's prior criminal history is required; both state and local information can be used. If the information is too lengthy for the form, the rap sheet, or other documents, may be attached.

Upon completion of the form, contact a judge for approval. If the motion is approved, immediately deliver it to the jail and attach a copy to the police report. Immediacy is important to prevent the defendant from posting bail while the motion is being prepared and approved. The motion must be obtained within eight hours of booking in order for it to be valid.

Prostitution Operations

615.1 PURPOSE AND SCOPE

Undercover operations designed to abate prostitution activities are a time-tested, effective law enforcement tool. Contemporary prostitutes may challenge an officer to frustrate the operation by demanding to touch or be touched in an intimate way. Some prostitutes believe that police officers are prohibited from touching during undercover operations. Although this belief is not supported by law or department policy, the potential for negative consequences requires guidelines to protect the integrity of the operation, safety of the officer, and the reputation of the Department.

In general, officers shall not do any more than is reasonably necessary to make the case. They shall always be mindful of the scrutiny these cases must bear in court and the potential impact on the Department's reputation and image.

615.2 INVESTIGATIVE PARAMETERS

Police Officers in undercover prostitution operations shall adhere to the following:

- (a) Undercover officers shall not engage in any sexual activity with suspected prostitutes. Sexual activity, for purposes of this policy is defined as oral copulation, intercourse, ejaculation, digital penetration, or any other sex act that may be construed as shocking to a court of law.
- (b) When faced with a suspected prostitute's demand to touch or be touched, the officer's first response shall be to distract the attention of the suspected prostitute away from the demand through verbal tactics and creative persuasion.
- (c) As a last resort and when no other course of action or tactic has been effective or is practical, the officer may touch or be touched in order to make the case as long as the following are adhered to by the officer.
 1. The officer shall not initiate or encourage physical contact with the suspected prostitute.
 2. There is insufficient probable cause to make an arrest for either 647(a) PC, Lewd Conduct; 314.2 PC Lewd Act; or 653.22 PC loitering for Prostitution, without allowing the touching.
 3. The officer may touch the breast(s), skin to skin or the groin area (only through clothing), and preferably with the back of the hand, for very short duration (one or two seconds).
 4. The officers shall not have skin-to-skin contact with the groin or genitalia of the suspected prostitute at any time, for any reason.

Officers shall not expose their genitals to a suspected prostitute nor allow any suspected prostitute to have skin-to-skin contact with their genitals.

Rape/Sexual Assault Physical Examination Protocol

617.1 PROCEDURE

In order to provide for the needs of the victim; facilitate a timely, cost-effective investigation; and to collect/preserve obtainable evidence, rape/sexual assault physical examinations will be conducted pursuant to department guidelines, Napa-Solano SART (Sexual Assault Response Team) protocol, and an operational agreement with the local sexual assault victim's advocate.

Not all sexual assaults require a medical examination to collect evidence. The officer will determine if the facts justify a medical examination to collect evidence. If there is no physical evidence to be collected and the victim is taken to the hospital only for medical treatment, it is not necessary to contact SART.

- (a) Prior to an actual physical examination of the rape/sexual assault victim at the hospital, the investigating officer will conduct an interview with the victim to determine the facts. It is important for the officer to interview the victim to ascertain particular injuries that may exist. When conferring with examining personnel at the hospital, the officer can direct them to examine the victim for those specific injuries.
- (b) With the victim's approval, the local sexual assault victim's advocate will be notified to have a sexual assault advocate/counselor meet the victim and officer at the hospital. The advocate will provide personal support through the medical exam and law enforcement interview. Penal Code 264.2(b)(1).
- (c) The officer will notify the Communications Center when en route to the hospital for a rape/sexual assault physical examination. The Communications Center will notify and request response of the on-call SART nurse. If the victim is in need of immediate emergency care, he/she will be processed at the hospital as any other patient. The investigating officer may delay the notification of the SART nurse and/or advocate based on the victim's medical condition and ability to participate in the process.
- (d) The nurse and advocate will meet the officer and victim at the designated hospital SART room.

When a victim goes directly to the emergency room to make the first report, the emergency room staff will contact our agency. Once the crime has been determined, the investigating officer will request the SART nurse and, with the victim's approval, the advocate.

- (a) The SART nurse is responsible for the collection of evidence from the victim. Giving the evidence directly to the investigating officer, noting chain of evidence. The officer does not need to be present during the collection of evidence.
- (b) The SART nurse is responsible for OCJP form 923/925 and distributing appropriate copies.
- (c) After the physical examination, the investigating officer shall conduct a follow-up conference with examining personnel and the SART nurse to review the results

of the Department of Justice rape/sexual assault kit examination and any special examinations.

- (d) The kit shall be sealed and placed in the refrigerator in the packaging area. A copy of the property sheet should be placed in locker #50, so that Property personnel are aware that the evidence has been placed there.
- (e) Property personnel will check the kit for liquid blood evidence. The kit will be frozen and the blood will be refrigerated until there is a request for the item to be sent to the Department of Justice. If the suspect is unknown, the kit should be sent to the Department of Justice to develop a DNA profile.
 - 1. The Department of Justice, upon receiving the kit, will refrigerate those perishable items contained within the kit. When the kit is returned to the police department after examination by the Department of Justice, it is no longer necessary to refrigerate the kit and its contents.
 - 2. If any other potential evidence is obtained (i.e.; clothing, bed sheets, etc.) with seminal fluid or blood, it is suggested that those items, upon being returned by the Department of Justice crime lab, be frozen. Due to the lack of cold storage, the items will be stored on the shelf. The evidence shall be kept in accordance with current DNA retention laws. This procedure should be continued until the defendant's conviction is final, if the suspect is known, or one year after the incident if the suspect is unknown. In special cases of patterned rape or in murder/rapes, the evidence should be preserved indefinitely.
- (f) When necessary, follow-up contact with the victim should be made to determine whether or not bruising or other trauma is present. If present, photographs are to be taken of the trauma area.
 - 1. The victim should have a follow-up examination for pregnancy and venereal disease within four to six weeks of the incident. During the follow-up contact, the victim should be reminded the examination can take place with his/her private physician or the Solano County Public Health Department.
- (g) Our Department will pay the fees associated with collecting evidence only, as stipulated by the agreement with Napa-Solano SART and participating medical facilities. The victim should be informed that medical treatment costs are his/her responsibility. The District Attorney's Victim of Violent Crime coordinator will assist the victim in applying for state reimbursement if the qualification is met.
- (h) Officers will give victims a City of Fairfield Police Department Rape Crisis brochure (FPD 14) which describes the victim's rights and provides referral numbers.
- (i) The victim should be requested to sign the Medical Records Release Waiver form (FPD 18). This enables our Department or the District Attorney to secure the victim's medical records from the medical facility.
- (j) Victims who file false rape/sexual assault crime reports will be invoiced for payment of forensic evidence collection.
- (k) **SUSPECT EVIDENCE COLLECTION:** The SART nurse will collect evidence from the suspect.

617.2 CHILD SEXUAL ASSAULT VICTIMS

When an officer, based upon the reported circumstances, reasonably believes that acute injuries and/or DNA evidence is likely to be located, the officer will contact the on-call SART nurse to arrange for an examination. When the officer reasonably believes that evidence of healing injuries resulting from a sexual assault is present (usually greater than 72 hours after the incident), the officer will contact the SART coordinator to schedule a non-acute examination for the victim. The officer does not need to accompany the victim to the examination, but will make arrangements with the SART coordinator to sign the authorization form (OCJP 925) and retrieve any evidence collected during the exam.

Warrant Service

618.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

618.2 POLICY

It is the policy of the Fairfield Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

618.3 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor for review and classification of risk (see the Operations Planning and Deconfliction Policy).

618.4 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the SWAT Commander. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

618.5 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains the following, as applicable:

- (a) Probable cause to support the search or arrest; including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Warrant Service

- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

618.6 HIGH-RISK WARRANT SERVICE

The SWAT Commander or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to physical search for evidence. The images should include the surrounding area and persons present.
- (b) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (c) Reasonable efforts are made during the search to not damage property.
- (d) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (e) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (f) A list is made of all items seized and a copy provided to the person in charge of the premises if present, or otherwise left in a conspicuous place.
- (g) A copy of the search warrant is left at the location.
- (h) The condition of the property is documented with video recording or photographs after the search.

Warrant Service

- (i) The location is secured or left in the care of a responsible party prior to leaving.

618.7 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

618.8 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts, and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible. But in any event, no later than any date specified on the warrant.

618.9 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The supervisor of the operation will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding, and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the Investigations Lieutenant, who will assign the appropriate unit to assist. The assigned unit supervisor should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The supervisor should ensure that members of the Fairfield Police Department are utilized appropriately. Any concerns regarding the requested use of Fairfield Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

Warrant Service

If the Investigations Bureau Lieutenant is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside of the Fairfield Police Department jurisdiction, the supervisor of the operation should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Fairfield Police Department when assisting outside agencies or serving a warrant outside the Fairfield Police Department jurisdiction.

618.10 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

Operations Planning and Deconfliction

619.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

619.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis. Including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

619.2 POLICY

It is the policy of the Fairfield Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations, and prevent duplicating efforts.

619.3 RISK ASSESSMENT

619.3.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any search warrant shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present, and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases, and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g.; history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g.; other criminals, innocent third parties, dependent adults, children, animals).

Operations Planning and Deconfliction

- (f) Obstacles associated with the location (e.g.; fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g.; nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g.; making an off-site arrest or detention of the subject of investigation).

619.3.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants, affidavits, and arrest warrants) to their supervisor.

The supervisor shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

619.3.3 HIGH-RISK OPERATIONS

If the supervisor determines that the operation is high risk, the supervisor should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - (a) SWAT/ CNT
 - (b) Additional personnel
 - (c) Outside agency assistance
 - (d) Special equipment
 - (e) Medical personnel
 - (f) Persons trained in negotiation
 - (g) Additional surveillance

- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

Operations Planning and Deconfliction

619.4 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations, and alert participating agencies when others are planning or conducting operations in close proximity or time, or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

619.5 OPERATIONS PLAN

The supervisor of the operation should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives, and strategies.
- (b) Operation location and people:
 - (a) The subject of investigation (e.g.; history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history).
 - (b) The location (e.g.; fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations) including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids.
 - (c) Other environmental factors (e.g.; nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
 - (d) Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.

Operations Planning and Deconfliction

- (d) Participants and their roles.
 - 1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.

- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing, and approving reports.

619.6 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities, and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants shall be visually identifiable as law enforcement officers.
 - (a) Exceptions may be made by the supervisor for officers who are conducting surveillance or working undercover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (c) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the supervisor of the operation to ensure that the Dispatch Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

619.7 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

619.8 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible.

Unmanned Aerial System

620.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

620.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned aerial system (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

620.2 POLICY

Unmanned aerial systems may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

620.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

620.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating obtaining FAA part 107 Waivers and Authorizations, ensuring that the appropriate waivers and authorizations remain current, and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for department operations.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocol for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.

Fairfield Police Department

Fairfield PD Policy Manual

Unmanned Aerial System

Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

- Coordinating the completion of the FAA Emergency Operation Request Form in emergency situations, as applicable (e.g., natural disasters, search and rescue, emergency situations to safeguard human life).
- Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing an operational protocol governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Operations Bureau Captain.
- Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.

620.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted consistent with FAA regulations.

Chapter 7 - Equipment

Department Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

- (a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.
- (b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available, and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.
- (e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.
- (f) Employees shall not modify or alter any issued equipment without the authorization of the Chief of Police or his/her designee.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Division Commander, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.

Department Owned and Personal Property

To celebrate the Fairfield Centennial in 2003, the Department allowed employees to purchase a specially designed "Centennial Badge". It is the employee's responsibility to maintain the centennial badge; therefore, if it is lost, stolen, or damaged, the department will not repair or replace it.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged, any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

- (a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the employee goes off-duty or within the time frame directed by the supervisor to whom the verbal report is made.
- (c) The supervisor, before going off-duty, shall send an email to the Division Captain and Risk Manager detailing the location and damage to the personal property, and will cause the police report to be forwarded upon completion.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If employees of another jurisdiction cause damage to real or personal property belonging to the City, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off-duty or as otherwise directed by the supervisor.

The supervisor, before going off-duty, shall send an email to the Risk Manager detailing the location and damage to the personal property and will cause the police report to be forwarded upon completion.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Division Captain.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY

The Fairfield Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for department-related business or when the use reasonably implicates work-related misconduct.

702.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)

No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at

work or for work-related business constitutes specific consent for access for department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

702.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will be either secured in the workplace at the completion of the tour of duty or turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by department procedures.
 1. Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 3. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment

or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.

- (f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Fairfield Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from their supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

702.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means requires the express authorization of the Chief of Police or the authorized designee.

- (f) Members will not access social networking sites for any purpose that is not official department business. This restriction does not apply to a personally owned PCD used during authorized break times.
- (g) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.
 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

Vehicle Maintenance

704.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, properly maintained, properly refueled, and present a clean appearance.

704.2 DEFECTIVE VEHICLES

When a Department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

704.2.1 ASSIGNED VEHICLE MAINTENANCE

Routine maintenance on assigned vehicles shall be performed by the Department's Fleet Operations Unit. The employee assigned to a vehicle shall be responsible for the following maintenance procedures:

- (b) Checking tire pressure and replacing flat tires as necessary. Our current tow contract provides tire changes in Fairfield and Suisun.
- (c) Employees parking vehicles with MDC's will place their sunshade in the windshield when the temperature is 85 degrees Fahrenheit or above.

Employees are responsible for scheduling routine maintenance for assigned vehicles every 3,000 miles and should provide vehicle maintenance personnel with at least ten days advance notice so repairs and maintenance work can be scheduled when the employee is off duty. Employees are responsible for ensuring assigned vehicles are available at the Police Department when service is required.

704.2.2 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

704.2.3 SEVERE USE

Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadways or off-road driving, hard or extended braking, and pursuits or prolonged high-speed operation.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

704.6 CIVILIAN EMPLOYEE USE

Civilian employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Civilian employees shall also prominently display the “out of service” placards or lightbar covers at all times. Civilian employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Assigned Vehicle Program

705.1 PURPOSE AND SCOPE

The Assigned Vehicle Program was implemented in 1983 to address the Department's patrol vehicle needs on a long-term basis. Since inception, the Assigned Vehicle Program significantly reduced vehicle maintenance and replacement costs. Participation in the Assigned Vehicle Program is a privilege, not an automatic fringe benefit or right. The longevity of the Assigned Vehicle Program depends largely on the program's cost effectiveness. The Support Services Division is responsible for administering the Assigned Vehicle Program.

705.2 ASSIGNMENT OF VEHICLES

Vehicles are assigned by the Administrative Services Lieutenant based on the employee's job requirements and on what vehicles are available at the time of the assignment.

When the Administrative Services Lieutenant receives notice of a new hire or change of assignment for an employee, the Lieutenant will send the employee an email indicating their assigned vehicle number and effective date of the assignment. This email and the accompanying Assigned Vehicle Agreement form will be generated whenever a change is made to the employee's vehicle assignment. A copy of the email will be sent to the employee's supervisor; the Assigned Vehicle Agreement form will be maintained by the Administrative Services Lieutenant. Seniority will be taken into consideration when issuing new vehicles, however, the Chief of Police or his/her designee will have the ultimate authority on how vehicles, new and old, are assigned based on department needs. To the extent possible, new hires will be assigned a vehicle early in the field training process.

As a general rule, assigned vehicles should be replaced after twelve years of service or 115,000 miles. The cost of maintaining a vehicle and the resale value of that vehicle are also considerations when determining whether replacement is warranted. Vehicles that sustain damage in excess of the value of the vehicle may be replaced rather than repaired.

The Administrative Services Lieutenant will notify the employee by email when their vehicle is rotating to the pool fleet, or when their vehicle is scheduled for auction. The employee's supervisor will receive a copy of the email.

Employees are required to drive pool vehicles if they have not been assigned a vehicle or when their assigned vehicle is inoperable. Exceptions to this must be approved by the Administrative Services Lieutenant or the employee's Watch Commander if the Administrative Services Lieutenant is not available. Pool cars shall not be taken home without permission from the Administrative Services Lieutenant. If an employee must leave their assigned vehicle overnight for maintenance, the employee must make other arrangements for transportation to and from work until their assigned vehicle is returned.

705.3 USE OF ASSIGNED VEHICLES

Assigned vehicles may be used for travel related to a work assignment as follows:

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

- (c) Those employees who are eligible to take their cars home based on the above criteria shall provide off-street parking for the police vehicle. The address where the vehicle will be parked when not in use shall be current on the Assigned Vehicle form.

 - 3. North Bay Water Treatment Plant
 - 4. Dickson Hill Water Treatment Plant
 - 5. Any Fairfield Fire Station
 - 6. Other secure facility approved by the Administrative Services Lieutenant (documentation of permission to park may be required)

When driving an assigned vehicle to and from work, outside of the jurisdiction of the City of Fairfield Police Department, an officer shall not become involved in enforcement actions except in those circumstances where a potential threat to life or serious property damage exists. Officers driving marked vehicles shall be armed at all times, and shall be dressed appropriately. Examples of inappropriate attire include, but are not limited to, clothing with offensive slogans, revealing attire, lack of shirt, and footwear that would not allow an officer to render public assistance if necessary. Employees shall not use assigned vehicles for personal business, such as errands, secondary employment, or transport of persons other than City employees without supervisor approval.

When an employee with a marked take-home vehicle is on vacation, leave, or out of the area in excess of one week, the vehicle shall be stored in a secure garage at the employee's residence or at one of the authorized police facilities.

All firearms shall be stored in accordance with the Firearms policy. Use of an assigned vehicle for any other purposes shall be at the discretion of the Chief of Police. When a vehicle is assigned to an employee, an Assigned Vehicle Agreement form specifying the parameters for the vehicle's use and parking requirements shall be signed by the employee. The Chief of Police reserves the right to restrict an officer from taking a city-owned car home at any time.

Trainees shall not take assigned vehicles home until they have successfully completed the training program.

705.4 ASSIGNED VEHICLE EQUIPMENT

No modifications, additions, or deletions of any equipment shall be made to the vehicle without written permission from the Administrative Services Lieutenant who acts as the Assigned Vehicle Program manager.

The Department will stock assigned vehicles with a standardized inventory of supplies. Employees assigned to a vehicle shall be responsible for restocking the vehicle as necessary from equipment and supply reserves maintained by the department.

Employees should not remove equipment, including the spare tire, from one vehicle and attach it to another vehicle unless there is an emergency need, and a supervisor approves. An email should be sent to the Fleet Manager advising them of the equipment removal at the first opportunity so that it can be replaced. The department Fleet Manager are the only personnel authorized to remove or replace equipment, conduct maintenance, or install new equipment, unless authorized by the Administrative Services Lieutenant.

705.5 VEHICLES SUBJECT TO INSPECTION

All City owned vehicles are subject to inspection and/or search at any time by a supervisor. No employee assigned to, or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle.

705.6 KEYS

All uniformed field personnel approved to operate marked patrol vehicles shall be issued their own personal unit key as part of their initial equipment distribution upon hiring or at the time of vehicle assignment. The loss of any assigned key shall be promptly reported through the employee's chain of command.

705.7 MAINTENANCE

- (a) Each employee is responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicle.
- (b) Employees shall make daily inspections of their assigned vehicle for service/maintenance requirements and damage.

- (d) Supervisors should, at a minimum, perform semi-annual inspections of vehicles assigned to employees under their command to ensure the vehicles are being maintained in accordance with policy.
- (e) Routine maintenance and oil changes shall be done in accordance with the Fleet schedule. The vehicles will normally be serviced at the police department maintenance shop.
 - 1. When leaving a vehicle for maintenance, the employee will complete a service request explaining the service or repair, and leave the vehicle in the "prune yard" lot.

Vehicle Use

706.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Fairfield to provide assigned take-home vehicles.

706.2 POLICY

The Fairfield Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments, and other considerations.

706.3 USE OF VEHICLES

706.3.1 SHIFT ASSIGNED VEHICLES

Pool cars are provided by the Department for use when an officer's assigned vehicle is down for maintenance. The use of pool cars is governed under the Pool Vehicles policy.

706.3.2 UNSCHEDULED USE OF VEHICLES

Members utilizing a City-owned vehicle for any purpose other than their regularly assigned duties shall first notify their supervisor of the reason for use. This section does not apply to members permanently assigned an individual vehicle (e.g.; command staff, detectives), who regularly use the vehicle on an unscheduled basis as part of their normal assignment.

706.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents, or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any person in custody, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

Vehicle Use

706.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g.; continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation, or to engage in a foot pursuit, must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended while on-duty, and removed from the vehicle when off-duty.

706.3.5 MDC

Members assigned to vehicles equipped with a Mobile Digital Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify the Dispatch Center. Use of the MDC is governed by the Mobile Digital Computer Use Policy.

706.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available. The inoperable MCD shall be turned in for repair to Information Technology (IT) through the appropriate IT Help Desk service request procedure before the end of the member's shift. Dispatch will notify the Watch Commander anytime a member's vehicle equipped with a location system is not working properly.

System data may be accessed by staff at any time. However, access to historical data may be obtained by PSU or with Manager approval. Managers and supervisors may utilize vehicle location data to ensure service quality and policy compliance.

All data captured by the system shall be retained in accordance with the established records retention schedule.

706.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

The loss of a key shall be promptly reported through the member's chain of command.

706.3.8 AUTHORIZED PASSENGERS

Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy or authorized by the officer's supervisor.

706.3.9 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

706.3.10 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

706.3.11 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

706.3.12 CIVILIAN MEMBER USE

Civilian members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Civilian members shall prominently display the "out of service" placards or light bar covers at all times. Civilian members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

706.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform the member's regular assignment. The use of individually assigned vehicles shall be in accordance with the Assigned Vehicle Program policy.

706.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

- (f) All weapons shall be removed from any vehicle left for maintenance.
- (g) Supervisors shall make periodic inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

706.5 UNMARKED VEHICLES

Vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a division supervisor. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall get approval from the Watch Commander.

706.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

706.7 TOLL ROAD USAGE

Law enforcement vehicles are not routinely exempted from incurring toll road charges.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vehicle Use

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

- (a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.
- (b) Members passing through a toll plaza or booth during a response to an emergency shall notify the appropriate Division Commander within five working days explaining the circumstances.
- (c) Members who drive City vehicles through toll plazas as part of their commute to and/or from work are responsible for paying their own toll.

Pool Vehicles

707.1 PROCEDURE

The Fleet Maintenance Unit is responsible for maintaining all department vehicles including; marked, unmarked, volunteer pool vehicles, and special use vehicles.

The Fleet Maintenance Unit will perform routine maintenance inspections on the pool vehicles weekly. This will include checking fluid levels, tire pressure, vehicle damage and general drivability. This inspection does not relieve drivers of the responsibility of examining the vehicle prior to operation to ensure it is in proper working order. If any pool vehicle is in need of repair or maintenance, the employee using the pool vehicle is responsible for submitting a service request.

After using a pool vehicle, the driver shall ensure the car has at least 1/2 tank of gas and the interior is neat and clean.

All pool vehicles are to be parked in the pruneyard parking lot (across Webster Street) only.

SMOKING IS NOT ALLOWED in any City owned vehicle, including assigned vehicles and all pool vehicles.

Private vehicles (POVs) are NOT TO BE USED for City business, including training, without prior authorization.

707.2 UNMARKED POOL VEHICLES

Sworn personnel who are assigned marked units are encouraged to take their vehicle to training, but have the option of using an unmarked pool vehicle if two or more employees are attending the same class, and a pool car is available.

This option requires prior authorization from the Administrative Services Lieutenant. Civilian personnel may also use unmarked pool vehicles for training, or if one is needed and available for administrative duties.

707.3 MARKED POOL VEHICLES

On-duty sworn personnel should use marked pool vehicles when their assigned unit is not in service. The marked pool vehicle is not to be used as transportation for training, and should not be taken home without supervisor approval. When an officer uses a pool vehicle, at the end of their shift he/she shall remove all trash, personal belongings, and equipment. Unassigned marked units that are not designated as pool cars should not be used without permission from the Administrative Services Lieutenant, or a Watch Commander.

707.4 VOLUNTEER POOL VEHICLES

Keys to the volunteer and Explorer vehicles are kept in the Keywatcher cabinet for check-out by the Sergeant or Watch Commander who will be responsible for ensuring the keys are returned to the Keywatcher cabinet after they are no longer needed.

Exempt Registration Process

709.1 PROCEDURE

Initial registration of vehicles purchased for the Department is handled by the car dealership when transferring title of the vehicle to the City of Fairfield. Typically all City vehicles receive exempt license plates initially.

709.2 PREPARING TO REPLACE LICENSE PLATES

A temporary registration tag should be obtained and affixed to the vehicle. Request for a "temporary tag" from the Department of Motor Vehicles (DMV) Confidential Records Bureau can be made by phone at (916) 657-7142. Up to three temporary tags may be requested in one phone call. The DMV requires the following information on the vehicle:

- Vehicle make, model, and type
- Complete Vehicle Identification Number (VIN)

If there are more than three vehicles needing temporary tags, a letter including the vehicle information may be submitted by fax to (916) 657-8146.

Usually temporary tags arrive by mail in seven (7) to 10 days after the request to DMV.

When any assistance is needed, such as reordering forms or checking status of a license plate request, the phone number (916) 657-7142 may be used. No photocopies of DMV forms will be accepted, except INV 175 (see procedure below).

709.3 TO REQUEST NON-EXEMPT PLATES WHEN EXEMPT PLATES HAVE BEEN ISSUED

Send the following to DMV using a package delivery service with package tracking (such as FedEx or OnTrac):

- Exempt plates
- Original vehicle registration (always keep a photocopy of it)
- Letter stating the request
- DMV form # INV 218

Send to:

Department of Motor Vehicles
Attn: Confidential Records Bureau
2415 1st Ave.

Personal Protective Equipment (PPE)

710.1 PURPOSE AND SCOPE

This policy identifies the different types of Personal Protective Equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

710.1.1 DEFINITIONS

Definitions related to this policy include:

Personal Protective Equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

710.2 POLICY

The Fairfield Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

710.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

710.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 8 CCR 5098.

710.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

Personal Protective Equipment (PPE)

The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in 8 CCR 3382.

710.6 HEAD AND BODY PROTECTION

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

710.7 RESPIRATORY PROTECTION

The Administrative Services Unit Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (8 CCR 5144):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.

710.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g.; a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (8 CCR 5144):

Personal Protective Equipment (PPE)

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

710.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (8 CCR 5144):

- (a) Ensure that facial hair is short, and well-kept between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

710.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (8 CCR 5144).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.
- (d) The expiration date on the cartridges or canisters has been reached.

These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

710.7.5 RESPIRATOR FIT TESTING

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (8 CCR 5144).

After initial testing, fit testing for respiratory PPE shall be repeated (8 CCR 5144):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g.; obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

710.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE

No member shall be issued respiratory protection that forms a complete seal around the face until (8 CCR 5144):

- (a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
- (b) A physician or other licensed health care professional has reviewed the questionnaire.
- (c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (8 CCR 3380).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (8 CCR 5144).

There may be instances wherein unpredictable critical incidents demand the need for Incident Commanders to authorize military equipment to be used in a manner not outlined within this policy. In scrutinizing those particular instances, the judgment of the Incident Commander influenced by the totality of the circumstances, public safety, officer safety, civil rights, and information available at the time will be used.
- (d) It is incumbent upon Incident Commanders, Supervisors, individual Officers, and specific units to recognize the particular circumstances wherein military equipment should be employed to enhance the safety of the public and officers, and to bring a critical incident to a safe resolution.

The range of the weapon system helps to maintain space between officers and a suspect reducing the immediacy of the threat which is a principle of de-escalation. The Remington 870 pump shotgun is a reliable 12 gauge with double action bars for smooth pump operation. A steel lined groove fore-end provides a stronger grip while the flexi-tab feeding system provides positive and easier cycling. The shotgun has a distinctive orange barrel, buttstock and sling.

- (a) The Model 2581 Super-Sock® is in its deployed state immediately upon exiting the barrel. It does not require a minimum range to "unfold" or "stabilize." The Super-Sock is an aerodynamic projectile, and its accuracy is relative to the shotgun, barrel length, environmental conditions, and the operator. The Super-Sock is first in its class providing the point control accuracy and consistent energy to momentarily incapacitate violent, non-compliant subjects. Effective optimal range of 15 to 60 feet, projectile weight is 40 grams, and velocity is 270-290 feet per second.

- (b) Purpose

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Military Equipment

- (a) To limit the escalation of conflict where lethal force is prohibited or undesirable. The less lethal shotgun affords the ability to use munitions to address a threat from a greater distance and provides an alternative option for deadly force when reasonable. The bean bag round allows officers to confront a potentially armed or dangerous suspect at a longer distance. This can potentially prevent a deadly force encounter.

The Department is authorized to acquire additional stock of items listed here from other law enforcement agencies or CalOES in the event of an emergency when approved by the Chief of Police or designee.

711.12 TESTING AND EVALUATION OF MILITARY EQUIPMENT FOR POTENTIAL FUTURE ACQUISITION

While the Department's current inventory of military equipment is wide ranging and versatile, advancements in technology, tactics, and operational effectiveness may necessitate the expansion or complete replacement of certain items of military equipment in the current catalog. From time to time, certain equipment vendors and/or manufacturers may loan certain military equipment items to the Department for testing by various units to conduct assessments involving feasibility of use, cost analysis, effectiveness, and training efficacy.

This process is commonly referred to as "Testing and Evaluation" (T&E). During the Testing and Evaluation process, various units and/or subject matter experts conduct assessments of the equipment being tested and opine the viability of whether or not an item of military equipment should be considered for Department use. Military equipment that is being tested shall not be used operationally without express approval from the Office of the Chief of Police.

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide current useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Code Enforcement Unit

801.1 PURPOSE AND SCOPE

The Mission of the Code Enforcement Unit is to serve the community of Fairfield by ensuring compliance with all adopted City codes. This is done through effective public contact and education, cooperative partnerships throughout our community, and equitable and impartial enforcement.

Code Enforcement will foster a culture that is helpful, approachable, knowledgeable and of the highest integrity.

801.2 CODE ENFORCEMENT OFFICER

Code Enforcement Officers are responsible for effectively administering a pro-active enforcement program whereby, in coordination with other departments and agencies, identify deficiencies in compliance of properties with applicable building, zoning, fire, health, and safety codes through investigations, field inspections, and analysis to induce corrective actions by property owners, and to enforce code compliance in accordance with established laws, policies and procedures.

801.3 IDENTIFYING AND PRIORITIZING CODE CASES

To provide overall guidelines for prioritizing code cases. The number of violations and the time it takes to achieve compliance requires staff to make efficient use of limited time and resources. The most efficient method is to obtain voluntary compliance from property/business owners and residents who are found to be in violation of City Code or State law. Cases where reasonable progress towards abatement of identified violations are not feasible shall be referred to City Counsel or the City Attorney for legal enforcement action(s). In all cases, the Department will seek to avoid code compliance actions that result in the permanent loss of dwelling units; except in cases where a unit was constructed in violation of the applicable zoning ordinance in place at the time, or where a unit cannot be rehabilitated to meet health and safety requirements.

801.3.1 PROCEDURES

The Department prioritizes the identification and abatement of Code violations affecting the health and safety of Fairfield residents, employees, and visitors. The Department prioritizes the abatement of violations that cause or have the potential to cause environmental harm. Nuisances and other violations that do not have an immediate potential for harm to people and/or the environment will be a lower priority. The Department relies on citizen complaints to help identify violations requiring the attention of Code Enforcement Officers. The Department also identifies potential violations through regular patrol, reviews and inspections conducted pursuant to City Code and/or conditions of approval, as well as independent investigations of violations associated with short-term rental housing. In addition, staff may become aware of violations through the direct observation of activities being conducted without the benefit of permits (or outside the scope of approved permits.)

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Code Enforcement Unit

The Code Enforcement Unit is a customer-service-oriented team, whose purpose is to fulfill the community's need for code compliance. A professional appearance and demeanor produce respect and support from the community and co-workers. Part of being a professional Code Enforcement Officer is the ability to handle any situation with understanding, care, and concern. Code Enforcement Officers are encouraged to continue to obtain training and education in an effort to improve their skills of achieving voluntary compliance. Certification and training sessions are available through the California Association of Code Enforcement Officers.

801.4 CASE MANAGEMENT

Cases will be overseen to ensure quality service, standardize information and facilitate the preservation of accurate records for all compliance activities, and to continue operation of a system of code compliance that is both effective and fair.

801.4.1 PROCEDURES

Procedures will be established to provide consistent collection and factual analysis of information relating to investigations. Detailed records will be maintained and organized for use by the Unit, City Attorney, City Counsel, and Courts. The following is a guideline to assist all staff in the complaint handling process. Changes may occur based on individual cases and circumstances, as reasonably determined by the Unit Manager. The reason for any change or expedited process shall be documented and described in the case file. The City of Fairfield uses CitizenServe Case management software.

801.5 PERFORMANCE MEASURES

Performance measures are in place to ensure a uniform timeframe in which Code Enforcement complaints are investigated.

801.5.1 PROCEDURES

In order to measure efficiency, performance measures are tracked based upon the percentage of cases resolved (applications submitted/reviewed/permit issued), and how much time it takes a Code Enforcement Officer to perform an Initial Response from the date the complaint is logged. For the Initial Response indicator, cases are prioritized in the following manner:

Priority 1 - Safety related complaints (such as building without a permit, unsafe structure, and sub-standard conditions) with a goal of three working days for the initial response. (NOTE: 'Working day' means a day when the office is open for business. Weekends, City Holidays as well as days when the office is closed for regular business due to a declared or posted emergency do not constitute working days).

Priority 2 - Non-Safety related complaints (zoning, etc.) with a goal of five working days for initial response. The unit will create reports from CitizenServe case management system. These reports will be used to measure performance and provide data that can be used to evaluate and improve the program.

801.6 RECORDS ORGANIZATION AND ELECTRONIC FILE NAMING

Recording will be maintained in a standardized manner to ensure consistency

801.6.1 PROCEDURES

This electronic filing system is adopted for all documents in Code Enforcement. All files shall be saved in the electronic filing system, and enforcement files with the following naming conventions: Street address+owners last +identifier. If an address has not been assigned to the parcel the APN number shall be used. If the owner is not an individual the company name shall be used.

If latitude and longitude are all that are available and it's within 10 meters of an address, dispatch will update the location in the call for service. Dispatch will close out the call with a disposition of "unable to locate."

If a Phase 1 911C call is received with an open line, the dispatcher will attempt to rebid/retransmit the call and update the call with the new latitude and longitude (A phase 1 is any call where ANI/ALI shows only the cell tower address with a generic latitude/longitude) dispatch shall attempt to call back the cell number and check for prior contacts for all 911C calls. If the Dispatcher is unable to make contact with the caller, there is no distress/disturbance/emergency, and no associated address is found, and the range is greater than 10 meters from a location, the dispatcher may close out the call with a disposition of "unable to locate". If the dispatcher calls back and makes contact with someone who states the call was a misdial or pocket dial, Dispatch may close the call with the proper documentation and a disposition of "unfounded".

All 911C calls where the number begins with a prefix of 911 shall be entered into CAD and then closed with "unable to locate" (A prefix of 911 means no provider information available). Cell phone providers provide emergency telephone traces and address information to the police department. Cellular providers require a form to be filled out and faxed for emergency traces and address information.

Security at the Solano Town Center and NBMC may check 911 hang ups. The call can be closed out once security has confirmed the location has been checked. Security should not be requested to respond to calls where there is an obvious indication of trouble.

All 911T calls shall be entered as a call for service. All call taking procedures will be followed, including verifying the address and phone number. The dispatcher may use canned messages in collecting specific call related information. The dispatcher will broadcast the call as 911 Text (same as 911 Cell broadcast).

Dispatchers shall not use texting jargon/lingo, abbreviations, or acronyms, and shall spell out questions to avoid misunderstanding with the callers. Dispatchers shall ask for clarification for receipt of any ambiguous messages/phrases. Dispatchers should not assume to understand abbreviations or slang provided by the callers without verifying its meaning. Once all the necessary information is obtained from the text caller, the Dispatcher will make it clear that the text session will be ending before ending the session.

For **In Progress Calls**, the conversation will be kept "open" to provide updates until an Officer arrives on scene. If the conversation is "ended", we are only able to re-contact via a phone call, which may not be applicable in all situations.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

The Dispatch Center

A voice call should not be made to a text caller in cases where their safety, or the safety of another, is in question. The Dispatcher should ask the caller if it is safe to receive a voice call. If an Officer requests a call back, inform the Officer the call came in via text. If the Officer still requests a call back, make the call back and document the request in the CAD incident.

If a text message is received without information or with vague information, the Dispatcher will send a canned message, "Fairfield 911, what is your emergency?" If no response after 2 minutes, the Dispatcher may end the session.

When transferring text calls, remain on the line to make sure the agency receives the transfer. If a transfer fails, place a voice call to the agency and remain on the text call if needed.

802.3.5 PROCESSING CALLS FOR SERVICE

The Dispatcher's role is to determine the type of service requested by the caller, to dispatch the appropriate field personnel, or to refer the caller to the proper resource. Calls for service are classified and assigned an "activity type," and are prioritized as follows:

1. In-progress emergencies requiring response by first available police or fire unit.
2. Non-emergency request for service requiring response by a Police Officer, CSO, or fire personnel.
3. Services provided exclusively by Communications.

Dispatchers shall use discretion when committing to a specific response time to avoid setting unrealistic expectations by the public. Dispatchers should attempt to re-contact the reporting party when it becomes apparent that the call will not be dispatched within sixty (60) minutes.

802.3.6 INFORMATION NOT TO BE BROADCAST OVER A VOICE CHANNEL

Information of a sensitive or confidential nature shall not be broadcast over a voice radio channel, unless there is an immediate threat to life and no other means available to deliver the information.

Information considered confidential includes:

- Addresses/telephone numbers of department employees.
- Locations of inoperable alarm systems.
- Locations of buildings that cannot be secured.
- Locations of stakeouts/undercover assignments or search warrants before they are served.
- Department of Justice Criminal History.

802.3.7 STATUS CHECKS

For the sake of safety, Dispatchers will be constantly mindful of the status of units in the field. The CAD status screen will be kept accurate based upon information provided to the Dispatcher by field units. Dispatchers will inquire about the status of any field unit who remains inactive for an extended period of time. While assigned to an event and depending on the type of detail, the Dispatchers will check the status of field units within a reasonable time-frame.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

The Dispatch Center

If an inaudible radio transmission is heard, which may indicate the officer is in trouble, the Dispatcher shall initiate a status check of all units by broadcasting, *"Attention, Fairfield Units standby for roll call"*. Once all units are accounted for, the Dispatcher will broadcast, *"All units accounted for, Fairfield clear at (current time)"*. The Dispatcher will immediately advise the Patrol Sergeant of any field unit who does not answer the roll call. If known, a unit will be dispatched to the last known location of the missing unit. The Dispatcher will create a call for service, document the units response and notify a Sergeant of the units who did not respond.

802.4 SPECIAL TYPES OF CALLS FOR SERVICE

802.4.1 DISPATCHING CRIMES IN PROGRESS

A crime in progress includes an incident that has just occurred or the suspect is still at the scene. Information from witnesses at the scene must be recorded and relayed to field units as quickly as possible to increase the likelihood of suspect apprehension. Dispatchers will obtain the location and nature of the incident and generate a CAD incident. The incident will be broadcasted to the field units assigned as soon as possible. All Dispatchers should be attentive to emergency calls being generated on their CAD screen. Dispatchers will update the event in the CAD system by entering each line of information as it is received.

Dispatchers should not hesitate to advise field units of a pending emergency calls. Once the initial details of the incident are broadcasted, Dispatchers should refer to various resources in the Dispatch Center to assist field units in setting up a perimeter, if necessary. If appropriate, the Dispatcher may activate a "Code 33" to restrict radio traffic so additional information about the incident can be relayed as it is received.

802.4.2 DOMESTIC VIOLENCE CALLS FOR SERVICE

Domestic violence is a serious crime. Penal Code § 13702 mandates that calls reporting threatened, imminent or ongoing domestic violence -- and the violation of any protective orders -- shall be ranked among the highest priority calls. Dispatchers will appropriately code all domestic violence calls in accordance with department policy, and ask the reporting party about the existence of any protection orders pertaining to the victim or suspect, and document the response in the CAD incident.

802.4.3 DISPATCHING FIRE DEPARTMENT PERSONNEL

The assignment of fire personnel to fires, medical emergencies, and other public service calls is all pre-determined based upon the location of the incident relative to a fire station, and the amount of equipment and personnel needed to provide the service.

All of these responses are contained in the CAD Recommendation Table, otherwise known as "Fire Run Cards". Dispatchers will follow these pre-determined responses in all cases, unless directed otherwise by a Fire Supervisor.

802.4.4 METHODS FOR NOTIFYING FIRE STATIONS OF CALLS FOR SERVICE

Fire Stations are notified of calls for service using one of the following methods and in the order they are listed, depending upon the availability of the method of notification:

- (a) Automated Radio Paging Encoder and automated voice broadcast on the main Fire channel.
- (b) Manual Radio Paging Encoder and voice broadcast on Fire Main.
- (c) Pin Pad - voice broadcast on Fire Main.
- (d) Telephone call to Void extension.
- (e) Station cell phones.

802.4.5 STEPS TAKEN BY DISPATCHERS WHEN PROCESSING FIRE DEPARTMENT CALLS FOR SERVICE

Dispatchers will take the following steps when processing a Fire Department call for service:

- (a) Determine the nature of the emergency, location, and generate a CAD event.
- (b) Determine the appropriate response by pressing then using the CAD recommendations.
- (c) Dispatch may use the automated First-In/Westnet Fire Alerting System (FAS) to dispatch and tone out fire stations.
- (d) If AVD is off or fails, dispatch the call initiating a broadcast.
 1. Press the alert tone for TWO seconds.
 2. Broadcast, *"Standby Engine # for a (nature of the call)."*
 3. Activate the appropriate paging tones.
 4. Broadcast, *"Attention Engine #, respond to a (nature of the incident) at (location), (map page) time out (current time)."*
 5. If any engine dispatched to a call for service does not acknowledge the call either verbally via radio or by updating the engine's status to "E" in CAD within 3 minutes, the dispatcher will confirm that the engine copied the dispatch.
 6. The dispatcher will complete status checks with fire engines on scene at calls. Typically, this should occur once the engine has been on scene for 15 minutes. Additional status check may be necessary in 15 minutes increments thereafter; depending on how long the unit remains on scene. Any changes in status shall be logged in the CAD incident.
- (e) Advise police personnel of all emergency response by the Fire Department over Patrol 1.

802.4.6 FIRE/AMBULANCE AND POLICE RESPONSE TO MEDICAL EMERGENCIES

- (a) Policy

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

The Dispatch Center

1. Dispatchers are not to determine the response code of fire/ambulance personnel. The response code is determined by fire/ambulance personnel or by a first responder (i.e.; police officer) on scene.

802.4.7 FIRE/AMBULANCE AND POLICE RESPONSE TO MEDICAL EMERGENCIES

(a) Procedure

1. Dispatchers are to automatically send fire/ambulance personnel, along with police units to all reports of; head-on traffic collisions and rollover accidents, all accidents with airbag deployment, and reports of motorcyclists down. The calls should be coded as 11-79b or "Rescub" to generate a response from both agencies.
2. Dispatchers and police officers do not determine the response code for the Fire Department or ambulance service. The code of response is determined by the responding agency (fire/ambulance). As first responders and when on scene, police officers can choose to reduce the number of responding fire/ambulance units upon determination (the best judgment of the police officer) that the difference in Code 3 or Code 2 response time would not impact the patient's outcome.
3. The first responder (police officer) may cancel a responding fire/ambulance unit upon determination that there are no injuries or illnesses that require ambulance transport, or if the patient on scene refuses fire/ambulance services.

802.4.8 CITIZEN REQUESTS FOR EMERGENCY MEDICAL ASSISTANCE

When any citizen requests and then cancels that same request for emergency medical care prior to the arrival of fire/ambulance units, the dispatchers may cancel the responding units and note the reason for cancellation on the CAD incident.

When any citizen has established telephone contact and indicated that they are experiencing a medical emergency but are unsure whether they want or need medical assistance, dispatchers will dispatch Fire and medical personnel to their location to ensure the safety and well-being of the individual.

802.4.9 DECISIONS ABOUT WHEN TO STAGE A RESPONSE

For those calls that require both fire/ambulance and police response, Dispatch will advise responding fire/ambulance units to stage when:

- The suspect is on scene or nearby.
- The patient is violent.
- There is a threat of violence to responding fire/ambulance personnel.
- There is a weapon involved.

Dispatch must advise responding fire/ambulance units of the reason for staging. Dispatch must also advise responding police units that medical is staging and the reason. Only police units shall determine scene security.

Fairfield Police Department

Fairfield PD Policy Manual

If responding fire/ambulance personnel decide to stage on their own, they are to advise Dispatch. Dispatch then is to advise responding police units that fire/ambulance personnel are staging.

If Fairfield Fire units are responding to a County jurisdiction, such as Mental Health, Fairfield Dispatch will immediately advise Solano County Dispatch where staging is required.

On dual-response calls, Fire personnel will advise Dispatch from where they are responding Code 3, and Dispatch will relay that information to responding police units. Fire personnel responding from a location other than in quarters are required to advise Dispatch of the location.

802.5 SPECIAL RESPONSES

802.5.1 EMERGENCY DIGITAL INFORMATION SYSTEM (EDIS)

Emergency Digital Information System (EDIS) is a service provided through the Governor's Office of Emergency Services. The EDIS system provides emergency agencies the ability to alert and inform news media and the public on emergency situations such as natural disasters, child abductions, and other threats to public safety. It can be accessed via the CLETS system.

Refer to the Response Plan manual located in Dispatch for the full EDIS protocol.

802.5.2 NORTH AMERICAN AEROSPACE DEFENSE COMMAND (NORAD)

The NORAD (North American Aerospace Defense Command), in conjunction with NENA (National Emergency Number Association) and NASNA (National Association of State 9-1-1 Administrators), have created an agreement for all Public Safety Answering Points (PSAP) to follow when receiving 9-1-1 calls from parties reporting terrorist activity or a hijacking on an airborne aircraft.

802.6 EMERGENCY EVACUATION AND E9-1-1 TRANSFERS

Fairfield Police Department is the backup 9-1-1 PSAP for the Solano County Sheriff's Office and the Travis Air Force Base Security Police Department. In the event of an emergency requiring evacuation of either Dispatch Center, a Dispatcher from that agency will notify our Dispatch Center and request activation of the 9-1-1 Automatic Transfer Switch.

802.6.1 EVACUATION PROCEDURES FOR FAIRFIELD POLICE DEPARTMENT DISPATCH CENTER

When a situation arises that requires the evacuation of our own Dispatch Center, dispatchers will perform the following functions prior to leaving, unless the situation is life-threatening:

- Broadcast to all personnel on the main Police and Fire channels, and over the paging system within the building the nature of the emergency, advising that the Dispatch Center is being evacuated. Advise the Patrol Watch Commander of the emergency situation.
- Contact Solano County Sheriff's Office via telephone or their radio channel and advise them of the emergency and pending evacuation. Request they activate the 9-1-1 call transfer switch; this will automatically forward City of Fairfield 9-1-1 calls to their dispatch center.

802.8 DESTRUCTION OF HARD COPY RECORDS

Hard copy printouts of any record obtained from the department's Records Management System, CAD or CLETS systems are considered confidential and are "controlled documents". In all cases when hard copy printouts are no longer needed, they shall be destroyed beyond recognition.

802.9 RADIO BROADCAST AND A RADIO BROADCAST ALERT

All field units must be aware of a variety of incidents and information; some may require the use of a radio broadcast alert. An alert may be generated within the department or received from other agencies via radio, telephone, or the CLETS network. In all cases, this information shall be documented in CAD, either on the original event or in a separate CAD event.

802.9.1 DISPATCHERS MAY BROADCAST AN ALERT

Dispatchers may broadcast an alert using the radio or MDC or both, depending upon the nature of the information. When determining the best method of dissemination, dispatchers will consider the importance of the information to those units without access to a MDC (Traffic, Investigation, Explorers, etc.).

Fairfield Police Department

Fairfield PD Policy Manual

Typically information regarding officer safety, vehicles, or persons of interest should be broadcast both on the radio and MDC. - Where?
- What?
- When?
- Who?
- Weapons?

If the dispatcher determines the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a

language-appropriate authorized interpreter is available in the Dispatch Center, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

804.8 INSPECTIONS OF THE EVIDENCE ROOM

- (a) On a monthly basis, the supervisor of the evidence custodian shall make an inspection of the evidence storage facilities and practices to ensure adherence to appropriate policies and procedures.
- (b) Unannounced inspections of evidence storage areas should be conducted bi-annually by the Manager over the Property Division, or as directed by the Chief of Police.

804.9 PROPERTY ROOM ALARM PROCEDURE

As an added level of security, the storage room for narcotics, currency, and weapons is equipped with an alarm system. The alarm is an audible tone that will sound directly outside of the room with a visual alert installed in the Dispatch Center. All rooms and locations storing evidence shall be alarmed.

The alarm system will be activated after hours and on weekends. The system covers the exterior entry door and a motion detector which monitors the interior of the room. It is manually armed by property personnel by use of a keypad on the outside of the entry door. Only personnel permanently assigned to the Property Unit will have access to the room and have the ability to arm and disarm the alarm system. The supervisor or Manager of the unit will manage the system and its codes.

Activation consists of an audible tone to the exterior of the room and the blue strobe light will illuminate in the Dispatch Center. The audible tone will sound and the strobe will stay lit until the system is disarmed.

If activation occurs, Communications is to immediately contact the Watch Commander on duty. The Watch Commander will inspect the area outside the door to determine if a security breach has occurred. The Watch Commander will then contact the Property Supervisor or designee to determine if further action or response is required. Communications staff will generate a call for service in CAD as an information report. A copy shall be printed and distributed to the Communications and Property Supervisors.

All activations are automatically logged in the monitoring system database.

804.10 FORENSIC DRYING LOCKER AND TEMPORARY LOCKERS

The forensic drying lockers and temporary evidence lockers are designed to serve as temporary holding locations for a specific purpose.

Forensic Drying Lockers

The Forensic Drying Lockers are designed to dry and preserve a variety of evidence items in a controlled environment and to protect personnel from the odors and particulates generated during the drying and/or decaying of organic matter. Items placed in these lockers are NOT considered "booked" into evidence. A sheet of butcher paper will be placed, as a liner, on the bottom of the

drying locker to absorb or collect any material that may fall from the item. The directions on the outside of the drying lockers must be followed - particularly all warnings listed.

It is the responsibility of the booking officer to monitor the items being dried and to complete the booking process once the items have thoroughly dried.

After the evidence has been placed into the drying lockers the door shall be locked using the pad lock provided. If additional items of evidence (from a separate case) need to be placed into the drying locker, the investigating officer will find the extra key in the Key Watcher System. The key shall be returned after the evidence has been secured.

Temporary Evidence Lockers

The bank of storage lockers is for use by department personnel for safe, temporary storage of evidence, typically not longer than the officer's shift. Property personnel will use these lockers to temporarily store evidence that has been received which was improperly packaged or must be returned to the employee for other reasons. Property personnel will provide a key for the locker to the supervisor of the employee who improperly packaged the item(s) so that corrective measures can be taken. Once the property has been correctly packaged the employee who originally booked the item is responsible for re-booking the evidence in the permanent lockers.

The temporary lockers may also be used for temporary storage of evidence for short periods of time within an employee's work shift. All items placed in temporary lockers for this purpose must be removed and properly disposed of prior to the end of the employee's work shift.

The Property Unit Supervisor will be responsible for monitoring the use of the temporary lockers for compliance with this policy.

Destruction of Bulk Marijuana Quantities

805.1 PURPOSE AND SCOPE

In many instances, marijuana investigations yield the recovery and seizure in quantities that exceed the abilities of the Fairfield Police Department to adequately and safely store. It shall be policy of this department to take appropriate steps to evaluate when bulk marijuana quantities can be destroyed prior to the adjudication of criminal proceedings.

805.2 AUTHORIZATION OF DESTRUCTION

Per 11479 H&S, the destruction of bulk marijuana in excess of 10 pounds must be under the approval of the Chief of Police or his/her designee. For purposes of the Fairfield Police Department, the Chief's designee will be the Investigations Lieutenant and/or Narcotic Investigations Unit Supervisor.

805.3 EVALUATION FOR DESTRUCTION

The Fairfield Police Department will follow law as outlined under 11479 H&S:

- (a) At least five random and representative samples have been taken, for evidentiary purposes, from the total amount of suspected controlled substances to be destroyed. These samples shall be in addition to the 10 pounds required above. When the suspected controlled substance consists of growing or harvested marijuana plants, at least one 10 pound sample (which may include stalks, branches, or leaves) and five representative samples consisting of leaves or buds shall be retained for evidentiary purposes from the total amount of suspected controlled substances to be destroyed.
- (b) Photographs have been taken which reasonably demonstrate the total amount of the suspected controlled substance to be destroyed.
- (c) The gross weight of the suspected controlled substance has been determined, either by actually weighing the suspected controlled substance or by estimating that weight after dimensional measurement of the total suspected controlled substance.
- (d) The chief of the law enforcement agency has determined that it is not reasonably possible to preserve the suspected controlled substance in place, or to remove the suspected controlled substance to another location. In making this determination, the difficulty of transporting and storing the suspected controlled substance to another site and the storage facilities may be taken into consideration.

Subsequent to any destruction of a suspected controlled substance pursuant to this section, an affidavit shall be filed within 30 days in the court which has jurisdiction over any pending criminal proceedings pertaining to that suspected controlled substance, reciting the applicable information required by subdivisions (a), (b), (c), and (d) together with information establishing the location of the suspected controlled substance, and specifying the date and time of the destruction. In the event that there are no criminal proceedings pending which pertain to that suspected controlled substance, the affidavit may be filed in any court within the county which would have jurisdiction over a person against whom those criminal charges might be filed.

This policy establishes the guidelines for the operational functions of the Fairfield Police Department Records Bureau. The policy addresses department file access and internal requests for case reports.

806.1.1 NUMERICAL FILING SYSTEM

Case reports are filed numerically within the Records Bureau by Records Bureau personnel.

Reports are numbered commencing with the last two digits of the current year followed by a sequential number beginning with 00001 starting at midnight on the first day of January of each year. As an example, case number YY-00001 would be the first new case beginning January 1 of a new year.

806.1.2 CASE NUMBERS

Case numbers will be assigned to all police reports as well as citations that include: Property sheets, Health and Safety Code violations, Business and Professions Code violations, and non-traffic City Ordinance violations (e.g.; Daytime Curfew). Crime and incident reports are assigned case numbers via the Computer Aided Dispatch (CAD) system. New reports are assigned a case number by Dispatch personnel or the assigned employee may assign a case number to their call using the Mobile Digital Computer (MDC).

If it is necessary to cancel a case number and the cancellation is required during the same shift in which the original case number was requested, the person requiring the cancellation can notify Dispatch verbally and have them cancel the case number in CAD. If the cancellation occurs after the shift ends, the person requiring the cancellation must write a narrative in RIMS explaining the need to cancel the case number, and change the offense code to "VOID".

806.2 POLICY

It is the policy of the Fairfield Police Department to maintain department records securely, professionally, and efficiently.

806.2.1 REQUESTING ORIGINAL REPORTS

Original reports shall not be removed from the Records Unit.

806.3 REQUISITION OF SUPPLIES

The Records Unit Supervisor is responsible for ordering and maintaining supplies for the Records Unit. The assigned administrative assistant may also order supplies as needed.

806.3.1 RECORDS BUREAU MANAGER

The Chief of Police shall appoint and delegate certain responsibilities to a Support Services Manager over the Records Bureau. The Records Bureau Manager shall be directly responsible to the Support Services Division Captain or the authorized designee.

the related arrest records. Petitions should be forwarded to the Records Unit Supervisor. The Records Unit does not determine factual innocence, it acts on the sealing via a court order.

Penal Code §851.8(b) provides in part: "If, after receipt by both the law enforcement agency and the district attorney of a petition for relief under subdivision (a), the law enforcement agency and district attorney do not respond to the petition by accepting or denying such petition within 60 days after the running of the relevant statute of limitations or within 60 days after receipt of the petition in cases where the statute of limitations has previously lapsed, then the petition shall be deemed to be denied. In any case where the petition of an arrestee to the law enforcement agency to have an arrest record destroyed is denied, petition may be made to the municipal or justice court. A copy of such petition shall be served on the district attorney of the county having jurisdiction over the offense at least ten (10) days prior to the hearing."

Note: The petitioner shall be responsible for obtaining the original petition from the law enforcement agency and submission to the court of jurisdiction.

806.5 ARREST WITHOUT FILING OF ACCUSATORY PLEADING

The Operations Division Captain should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

- (a) The individual is issued a certificate describing the action as a detention.
- (b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.
- (c) The California DOJ is notified.

806.6 CONFIDENTIALITY

Records Bureau staff has access to information that may be confidential or sensitive in nature. Records Bureau staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies and the Records Bureau procedure manual.

Indexing Records

807.1 PURPOSE AND SCOPE

The purpose of indexing records is to centrally locate names that will assist in locating a report at some later time and provide statistical information for departmental reports.

807.2 PROCEDURE

The following have generally proven effective as a means to accomplish this task:

- Crime Reports victims, arrestees, suspects, witnesses, reporting parties, and registered owners of vehicles
- Traffic Reports drivers, registered owners of vehicles, injured parties, property owners
- Case data (date, time, location, officer, crime code, UCR code)
- MO elements
- Suspect person and/or vehicle descriptions
- Collision data
- Names of registrants
- Names of persons issued permits (such as solicitors, taxi driver, massage)
- Names of Community Service Volunteers
- Juvenile probation orders
- Names of parties in restraining orders

807.3 NOTIFICATION OF FALSE NAME GIVEN/JOHN DOE BOOKINGS

Arrested persons who have no identification in their possession should be booked under whatever name they give the arresting officer. The officer should enter the name given on the Arrest/Detention Report followed by the term "Questionable Identity." The Sheriff's Department will include the "Questionable Identity" notation on the live-scan form sent to Department of Justice (DOJ). This causes DOJ to make a special effort to determine if the name given is a true name or an alias.

This Department will be notified if the name given is something other than the person's true name. Department personnel receiving the corrected information will record the information on a Supplemental Crime Report form. Records personnel will distribute the supplement according to established procedure.

Records personnel will be responsible for updating the Records Management System (RMS) with the correct information.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

808.2 PROCEDURE

Any firearm coming into the possession of the Fairfield Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g.; the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

808.2.3 OFFICER RESPONSIBILITY

The Property Officer receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

Fairfield Police Department

Restoration of Firearm Serial Numbers

808.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

808.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Property Officer will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

808.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.
 - 1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 7922.600).

The written response shall also include the names, titles, or positions of each person responsible for the denial (Government Code § 7922.000; Government Code § 7922.540).

810.5 RELEASE RESTRICTIONS

810.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

810.8 RELEASE OF POLICE REPORTS TO SCHOOL DISTRICTS

In cases where the school district requests a copy of a report where they are the victim (or when the school district could be potentially liable for an incident that occurs on school property), the City of Fairfield Police Department should release a copy of the report.

There are some cases where the school district is not a victim nor are they potentially liable; however, they may have an interest in a particular report due to Education Code Section 48900. In summary, Section 48900 provides that a pupil in public schools may be suspended or expelled for acts related to school activity or attendance that occur at any time, regardless of location.

If the school district has a particular interest in a report (due to EC 48900), they should contact the school resource officer. The school resource officer will check the status of the report. If the report has been referred to probation, the school district will be referred to the probation department. If the report is still under investigation by our agency, the school resource officer will summarize the event and verbalize the information to the school district.

If the report has been closed and our agency has a disposition on file (either from the Hearing Officer or Probation), then a copy of the report will be made and stamped with purge information. (Welfare & Institutions Code Sections 827 and 707 of provides for notification by the courts to the school districts when pupils have been convicted of specific crimes. Each notice sent by the court shall be stamped with the instructions: "Destroy this Record 12 Months After the Minor Returns to Public School. Unlawful Dissemination of this Information is a Misdemeanor.") The purge information statement would ensure the timely destruction of these juvenile records and parallels the instructions from the court.

810.9 SEALED RECORD ORDERS

Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Dispatch and Records Manager shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

810.9.1 SEALED JUVENILE ARREST RECORDS

Upon receiving notice from a probation department to seal juvenile arrest records pursuant to Welfare and Institutions Code § 786.5, the Dispatch and Records Manager should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

810.10 SECURITY BREACHES

The Dispatch and Records Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

 - (b) When the breach involves an email address that was furnished by the Fairfield Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

810.10.2 MANNER OF NOTICE

- (a) Notice may be provided by one of the following methods (Civil Code § 1798.29):
 - (a) Written notice.
 - (b) Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.
 - (c) Substitute notice if the cost of providing notice would exceed \$250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:
 - (a) Email notice when the Department has an email address for the subject person.
 - (b) Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
 - (d) Notification to major statewide media and the California Information Security Office within the California Department of Technology.
- (b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

810.11 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 7923.625).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in

Fairfield Police Department

which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 7923.625).

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

810.11.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 7923.625).

810.11.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 7923.625):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (a) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

810.11.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Police or the authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere

Fairfield Police Department

Fairfield PD Policy Manual

Records Maintenance and Release

with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 7923.625).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 7923.625).

810.11.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 7923.625):

- (a) The person in the recording whose privacy is to be protected, or the person's authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 7923.625).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 7923.625).

Protected Information

812.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release, and security of protected information by members of the Fairfield Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

812.1.1 DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored, or accessed by members of the Fairfield Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state, or local law enforcement databases that is not accessible to the public.

812.2 POLICY

Members of the Fairfield Police Department will adhere to all applicable laws, orders, regulations, use agreements, and training related to the access, use, dissemination, and release of protected information.

812.3 RESPONSIBILITIES

The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records, and California Law Enforcement Telecommunications System (CLETS).
- (b) Developing, disseminating, and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.
- (c) Developing, disseminating, and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.
- (d) Developing procedures to ensure training and certification requirements are met.
- (e) Resolving specific questions that arise regarding authorized recipients of protected information.
- (f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

Protected Information

812.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Fairfield Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

812.4.1 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

812.4.2 RELEASE OF CORI

Only the persons listed below are authorized to release CORI. Each authorized person releasing CORI is responsible to ensure that each request granted appears legitimate and that the requester is an authorized recipient with a right and need to know.

- (a) Criminal Records Security Officer
- (b) Dispatch and Records Manager
- (c) Full-time employees of the Records Bureau
- (d) Personnel specifically designated in writing by Division Commanders with the concurrence of the Criminal Records Security Officer

812.4.3 RELEASE OF CORI TO FIELD PERSONNEL

Personnel shall not have access to CORI until a background investigation has been completed and approved.

CORI shall not generally be transmitted by radio, cellular phone, or through computer terminals to field personnel or vehicles, except in cases where circumstances reasonably indicate that the immediate safety of the officer or the public are at significant risk. Examples of situations where the transmission of summary criminal history information would be justified include a hostage situation or an armed suspect, however a routine investigation or traffic enforcement stop would not be sufficient justification.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Protected Information

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Dispatch and Records Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

812.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

812.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of officers, other department members, or the public is at risk, only summary information may be transmitted.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDC or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

812.6 SECURITY OF PROTECTED INFORMATION

The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

- (d) Tracking, documenting, and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

812.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

812.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

812.7.1 COMPUTER TERMINAL SECURITY

Computer terminal equipment capable of providing access to automated criminal offender record information is located in the Records Bureau, Dispatch Center, and in Investigation to preclude access by unauthorized persons.

No employee shall be authorized to operate computer terminal equipment with access to CORI until the operator has completed the appropriate training.

812.7.2 DESTRUCTION OF CORI

When any document providing CORI has served the purpose for which it was obtained, it shall be destroyed by shredding.

Each employee shall be responsible for destroying the CORI documents they receive.

812.7.3 CUSTODIAN OF CRIMINAL RECORDS

The Dispatch and Records Manager, unless otherwise directed by the Support Services Division Captain, shall be the Department's official Custodian of Criminal Records. The Custodian of Criminal Records shall be responsible for the security, storage, dissemination, and destruction of criminal records, and will serve as a primary contact for the California Department of Justice for any related issues. The Support Services Division Captain may appoint other department employees to the role of Custodian of Criminal Records, who will share the same responsibilities regarding criminal records.

Protected Information

The Support Services Division Captain will ensure that he/she makes the appropriate applications and notifications to the California Department of Justice regarding the Department's Custodian of Criminal Record appointments, per the requirements of Penal Code § 11102.2.

This subsection is not intended to interfere with any other employee acting as a custodian of records for other statutory purposes, but is narrowly tailored to address issues of criminal history records.

812.8 TRAINING PROGRAM

All personnel authorized to process or release CORI shall be required to complete a training program prescribed by the Criminal Record Security Officer. The Training Unit shall coordinate the course to provide training in the proper use, control, and dissemination of CORI.

812.9 PENALTIES FOR MISUSE OF RECORDS

Penal Code §§ 11140 and 11144 make it a misdemeanor to furnish, buy, receive, or possess Department of Justice rap sheets without authorization by a court, statute, or case law.

Title 11, California Administrative Code § 702 provides that authorized persons or agencies violating the Regulations Regarding the Security of Criminal Offender Record Information in California may lose direct access to CORI maintained by the California Department of Justice.

Divulging the content of any criminal record to anyone other than authorized personnel is a violation of Policy Manual § 340.3.7(a).

Employees who obtain, or attempt to obtain, information from the department files other than that to which they are entitled in accordance with their official duties is a violation of Policy Manual § 340.3.7(a).

812.10 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).

Computers and Digital Evidence

814.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCD's), digital cameras, digital recorders, and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as; fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
 3. Call the Computer Crime Task Force or an identified computer crimes detective in the Department's Investigation unit to determine the proper method to shut down the device so as not to lose any pertinent information or evidence.
- (e) Label each item with case number and item number using a bar code label.
- (f) Handle and transport the computer and storage media (e.g.; tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Store all computer items in a property locker. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Computers and Digital Evidence

4. If it can be determined, how it was being used.
5. Interview the owner and/or operators of the device to determine any passwords that may be needed.
 - (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer. Or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g.; photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access, or open digital files prior to submission. If the information is needed for immediate investigation, request a detective with computer forensic training to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters, or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat, such as in a parked vehicle on a hot day.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Computers and Digital Evidence

- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PCDS

Personal communication devices such as cell phones, PDA's, or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review, or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted, or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition, or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA

Digital media files should be transferred to digital optical media (writable CD's) and booked into evidence. Photographs taken in the line of duty become the property of the City of Fairfield Police Department and shall not be retained or disseminated without the express consent of the Chief of Police or his/her designee.

814.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory, or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Computers and Digital Evidence

- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

814.5.5 CONTROL OF DIGITAL IMAGES

When an officer or other Department representative takes photographic evidence of a crime scene or incident, the photograph is considered the property of the City of Fairfield Police Department and is for Official Use Only. Photographs shall not be taken for personal use or released to the public. Photographs must be downloaded as outlined in § 814.5.2 and § 814.5.3, and may not be copied or distributed.

Fingerprinting City Applicants and Volunteers

815.1 PURPOSE AND SCOPE

The police department provides fingerprinting for city applicants, volunteers, and those required by the City to carry specific permits. Fingerprints shall be taken by Records personnel to ensure the appropriate paperwork is submitted to DOJ and correct fees are charged.

815.2 PROCEDURE

The Records Unit may fingerprint officers and their family members who require this service in order to facilitate the volunteer process and when the City will not incur a fee pursuant to Penal Code § 11105.3. The volunteer must have the paperwork for the volunteer organization, proper photo identification, and the appropriate AFIS fingerprinting forms. It is a violation of Penal Code § 502(a) for police department employees to fingerprint themselves to circumvent or facilitate the volunteer process.

Peer Support

816.1 PURPOSE AND SCOPE

The Fairfield Police Department's most valuable resource is its employees. The purpose of the Peer Support Program is to assist personnel with stress created in their personal and/or professional lives, so they can continue to be productive members of this Department.

816.1.1 DEFINITIONS

Critical Incident/Traumatic Event - Directly experiencing or witnessing actual or threatened death or serious injury, or experiencing a threat to one's own physical integrity or the physical integrity of someone else. Any event that may temporarily overwhelm an individual's usual methods of coping or produce unusually strong reactions. It is important to note an individual's reaction to a traumatic event is individual-specific based on the totality of circumstances in that individual's life (i.e.; the degree of involvement, cumulative events, personal likeness, children, etc.).

Critical Incident Debriefing - Deemed appropriate by the Chief of Police or his/her designee, designed to mitigate the psychological impact of a traumatic event, prevent the subsequent development of a post-traumatic stress disorder, and serve as an early identification mechanism for individuals who may require professional mental health follow-up.

Debriefings are a structured group meeting or discussion during which personnel are given an opportunity to discuss their thoughts and reactions concerning a traumatic event in a controlled environment under the direction of a mental health professional and/or peer support personnel. It is a process that should generally be conducted within 72 hours of the traumatic event. Critical Incident Debriefs require mandatory attendance.

Peer Assistance - A process by which trained personnel provide emotional support and referrals for a colleague during a crisis or when they are under stress. Generally, peer assistance is sought by the employee in need, or suggested by the employee's peer(s) or supervisor. Peer assistance or support is a necessary adjunct to professional mental health guidance and leadership in trauma support services. Peer assistance is not a replacement for the department's Employee Assistance Program (EAP).

Defusing - A defusing is a shortened version of the debriefing generally lasting less than one hour. A defusing is a peer guided discussion that should take place as soon as possible after the traumatic event and before involved personnel are released (within 8 hours).

816.2 POLICY

It is the policy of the Fairfield Police Department to provide departmental employees with voluntary and confidential resources of support and assistance related to personal, work, and/or critical incident stress.

816.3 PROGRAM STAFFING AND RESPONSIBILITIES

The Peer Support Team shall consist of the following positions:

816.5 TRAINING

The Peer Support Coordinator is responsible for monitoring the training status of Peer Support Personnel to insure appropriate preparedness of Team Members. The Program Coordinator will be responsible for the scheduling of initial team training and as well, updated training for team members.

B. Critical Incident/Traumatic Event Activation

1. In the event that a critical incident occurs, the supervisor of the employee should notify the Peer Support Manager as soon as possible. The Peer Support Manager and/or Peer Support Team Coordinator will then confer with the supervisor and assess whether or not the incident warrants the need for a formal group crisis intervention. The final decision as to whether a debriefing or diffusing is warranted will be made by the Peer Support Manager.
2. When making the notification, the supervisor should attempt to utilize an on-duty Peer Support Team Member in the absence of the Peer Support Coordinator or Manager.

C. Debriefing/Defusing

1. This program is dependent upon the identification of all critical incidents large and small, to help reduce the emotional impact and to avoid the effects of post-traumatic stress.
2. The critical incident stress debriefing should include any sworn and/or non-sworn personnel directly involved in the incident. If the debriefing to be conducted is for an incident described in this order, the attendance will be automatic for those involved. Active participation in the discussion is not a requirement. Anyone not directly involved in the incident, may not attend the critical incident stress debriefing. Peer support personnel will be in attendance.
3. In general, these de-briefings will be facilitated by the contracted Psychological Consultant Services.
4. Critical incident stress defusing may be used to determine the need for debriefing and/or other services, and are typically conducted by a peer support team member. Defusing will be offered to all employees to assist in identifying any stress or trauma

experienced during the incident and should be held as soon as practical after the incident.

D. Referrals

1. Members of the Peer Support Program are trained to be effective listeners, to provide feedback, clarify issues, and assist employees in identifying options for problem resolution; however, they are not therapists. When problems are acute or appear to require specialized assistance, information on referral resources will be made available to employees.
2. Peer Support Team members should not make referrals to a mental health professional without the Peer Support Program Manager's authorization.
3. A list of available professionals shall be available to the Program Coordinator and Manager to assist employees in making a choice if a referral is made. This list should include EAP providers as well as private practice professionals.
4. Peer assistance is not a replacement for the department's Employee Assistance Program (EAP).

E. Confidentiality

The most important aspect of the Peer Support Program is the promotion of trust, anonymity, and confidentiality. With this in mind, it is the intent of the Peer Support Program to keep all communications between Peer Support personnel and employees involved in critical incidents confidential, with the following exceptions:

1. The Peer Support team member believes that the employee is a danger to themselves or others.
2. The information provided to the Peer Support team member constitutes a criminal offense.
3. Information gathered that would require investigation per department policy.
4. Furthermore, the evidence code does not recognize Peer Support members as a protected class with respect to privileged communication(s).

If any of the above conditions exist, the on duty Watch Commander, Program Manager, and Program Coordinator shall be notified immediately.

In the event that the employee has threatened injury to an individual, the intended victim shall also be notified.

The exceptions to confidentiality are either required by law or deemed necessary. Peer Support team members shall not abdicate their responsibilities to report criminal conduct. If concerns arise, Peer Support personnel shall contact the Program Coordinator for guidance.

816.7 MEMBER WITHDRAWAL

Peer Support personnel may request withdrawal or inactive status from the program if serious personal and/or professional problems arise which prevent continued participation. The employee shall write a memorandum to the Program Manager requesting such withdrawal from the program.

False Alarm Penalty

817.1 PROCEDURE

Fairfield City Ordinance 2009-13 allows the Fairfield Police Department to charge a false alarm penalty to any resident, business, or agent who has caused any signal, message, or alarm to be transmitted to the Police Department, either by direct telephone or other direct communication and is determined to have been a false alarm after investigation by the responding police officer or fire department personnel.

The Support Services Division will be responsible for notification by mail (to the resident, business, or agent) the determination of the false alarm and initiate the collection process of any penalty.

In the event the resident, business, or agent disagrees with the findings of the investigation conducted by the responding officers, a hearing may be requested within fourteen (14) days of receipt of the notice, to further determine if a false alarm occurred.

The decision of the Chief of Police may be appealed to the City Council.

Petty Cash

819.1 PROCEDURE

Petty cash reimbursement is limited to \$50 without prior approval by a Finance Manager. All petty cash reimbursements must be accompanied by:

- Authorized signatures approving the reimbursement.
- Account number to which the item is to be charged, and a brief description of the purchase.

A receipt for the items involved should accompany all petty cash reimbursements. If a receipt is not obtained, the reimbursement may be processed only after approval by a Finance Manager. The following is a complete list of items that may be reimbursed through petty cash. Any items not listed cannot be reimbursed without prior approval by a Finance Manager.

- Seminar lunch reimbursement.
- Lunch, bridge tolls, and parking fees for professional meetings.
- Lunch or dinner for oral interview boards, City affiliated agency meetings, and emergency work crews.
- Office supplies or small tools not available in stores or available through a vendor with an open purchase order.
- Teaching supplies for Recreation/Community Services classes.

Registration of Firearms

821.1 PURPOSE AND SCOPE

It is in the best interest of law enforcement and the community to register firearms. This assists in recovery of lost and stolen firearms and in the investigation of crimes involving the use of firearms.

821.2 PROCEDURE

Voluntary handgun registration is performed by members of the Support Services Division, Training Unit. The registration process is by appointment only. Citizens wishing to register their handguns will be instructed to contact the Training Unit. The Training Unit will set up an appointment to complete the registration process. The weapon owner will be required to bring the unloaded weapon to the department in a locked container on the appointed date/time.

When an appointment is made, the officer should obtain the person's name, address, date of birth, and weapon serial number so appropriate checks can be made to determine if the person registering the weapon is legally authorized to possess it. Prior to registering the weapon, run a "want" check through RMS on the subject.

If a weapon is brought into the Department, the weapon will be seized by sworn Training personnel who will take appropriate enforcement action.

If a citizen requests registration of any firearm, the weapon owner will be instructed to leave the gun unloaded in the trunk of their vehicle. The assigned officer will accompany the owner to the vehicle to record the serial number and other necessary registration information. The firearm will not be brought into the lobby.

Records personnel will assist Training personnel in the completion of the necessary paperwork associated with gun registration.

Purchasing Card (CAL-CARD or IMPAC VISA CARD)

822.1 PROCEDURE

Specific Department employees are issued a State of California "Cal-Card", also known as an IMPAC VISA card, for authorized purchases. These are:

- Chief of Police
- Division Captains
- Investigations Lieutenant
- Patrol Lieutenants
- Administration Services Lieutenant
- Communications and Dispatch Manager
- Training Unit Sergeant
- Administrative Support Supervisor
- Property Unit Supervisor
- The Training Office Specialist (for booking training travel arrangements)
- HIT Sergeant

All purchases must be in accordance with the City's Purchasing Policies as described in the City of Fairfield Administrative Policy Chapter 400 -- Purchasing, Section 7 -- Purchasing Methods. No personal charges may be made on the card. Each month when the CAL-CARD invoices are received, the cardholder shall:

- (a) Verify all charges made with their card.
- (b) If the cardholder loses a receipt, they need to contact the vendor for a copy. If there is going to be a delay that prevents the invoice from being paid in a timely manner, the cardholder shall write a memo to the City's Purchasing Officer indicating the reason for submitting the invoice for payment without the required receipt.
- (c) The cardholder shall sign the statement, attach the receipts, and forward to their approving official within three business days.

The approving official will review the invoice and if approved, will forward it to the claims processing clerk for payment. If a purchase is to be processed with an account code other than that of the cardholder's area of responsibility, the purchase must have the approval of the Division Captain whose budget will bear the expense of the purchase. All disputed charges will be resolved as soon as possible in accordance with the CAL-CARD purchasing guidelines.

Department of Justice (DOJ) Information Bulletins

824.1 PURPOSE AND SCOPE

It is important that all relevant information from the California Department of Justice be disseminated to the appropriate personnel on a timely basis. In order to assure that this occurs, the following procedure will be followed.

824.2 PROCEDURE

Upon receipt by the department, all DOJ information bulletins shall be forwarded to the Agency Terminal Coordinator (ATC). The ATC shall log the receipt of these bulletins and distribute them to all Administration management staff. Bulletins shall also be distributed to departmental personnel who are affected by or can benefit from the information contained in the bulletin.

The ATC shall maintain an index of all bulletins received, including the date and time received and the topic of the bulletin.

Contacts with the Public

826.1 PURPOSE AND SCOPE

The role of the individual employee in community relations is manifested in its most common form in the numerous daily encounters between public safety personnel and citizens. In dealing with people, employees must attempt to make their contact one that inspires respect for themselves as individuals and their profession, and on which generates the cooperation and approval of the public.

826.2 PROCEDURE

The department has a long-standing commitment to provide the best possible service to the community. Part of maintaining quality levels of service involves constant assessment and evaluation of citizen perceptions as to how the department is providing these services.

The Quality Assurance Audit has been developed as an ongoing program designed to measure the perception of the citizens who come in contact with personnel of the department. Surveys are conducted of a random number of citizens who have received services. The survey can be done by mail, phone, or in person. Mailed surveys include a self-addressed stamped envelope. The resident is asked to give his/her opinion about the quality of service received, and provide comments and/or suggestions. The responses are analyzed and action taken where appropriate to improve the level of service.

The Quality Assurance Audit may be conducted by any unit Manager within either Division of the Police Department. An audit of each division within the department should be conducted at least semi-annually. The unit Manager will coordinate the audit and analyze the results with the Support Services Division Captain. Audit results will be forwarded to the Chief and all affected supervisors. Results will be discussed with all employees within the division/work unit audited.

Burglary Alarm Response

828.1 PROCEDURE

Officers dispatched to or encountering a burglary alarm will respond to that location and attempt to determine if the alarm is factual or false. All reasonable efforts shall be made to check the business or residence for possible entry.

Use of Radio Channels

830.1 PROCEDURE

A talk group (channel) will be referred to as "channel".

Police calls being dispatched and on-viewed typically take place on Patrol 1. A code 33 may be initiated on Patrol 1 to accommodate an incident. Personnel not assigned to that incident should switch to Patrol 2.

Dispatch will designate a Tactical channel for tactical incidents requiring prolonged channel designation and extended usage when deemed necessary by the Patrol Sergeant or Watch Commander. Dispatch will conduct a roll call of units unless otherwise specified by the Patrol Sergeant.

Officers needing a Tactical channel shall route the request through Dispatch who will assign a Tactical channel based on availability of resources.

Patrol 1 and 2 are the only Fairfield Police channels designated by Dispatch to be monitored at all times. Dispatch will monitor other Fairfield Police channels only when deemed necessary to accommodate a specific designated incident and as resources allow.

The City Emergency channel may be used by Transit or Public Works employees to report in progress emergencies when all other means of calling into the Police Dispatch Center are not available. The City Emergency channel shall be monitored by Dispatch at all times.

A Dispatcher can patch and multi-select 2 channels when needed.

Fire calls being dispatched and on-viewed will take place on Fire Main Channel. Dispatch will designate a TAC channel for all calls requiring 2 Engines and a BC or more. Responders will remain on Fire Main through on-scene, and then will switch to the designated TAC channel for their incident. Fire Units will advise on Fire Main that they are switching to Fire TAC # (designated). All radio to/from dispatch will take place on Fire Main via Dispatcher and IC, BC, or Primary Engine. Fire Tactical channels will not be routinely monitored by Dispatch.

Fire incidents that require mutual aid may be patched from a designated Fairfield Fire Tactical channel to a designated Solano County channel, when necessary.

Fire Main is the only Fairfield Fire channel designated by Dispatch to be monitored at all times. Dispatch will monitor other Fairfield Fire channels only when deemed necessary to accommodate a specific designated incident and as resources allow.

Telephone Calls Placed for Field Personnel

832.1 PROCEDURE

Field personnel may request that dispatchers make telephone calls for them in urgent cases and when a telephone is not available in the field. Field personnel will provide the dispatcher with complete information prior to the telephone call being made.

Optional Methods of Filing a Police Report

836.1 PROCEDURE

In addition to the traditional method of filing a police report through personal contact with a police department employee, citizens may choose (in certain cases) to use one of the optional reporting methods. In any case, however, if a citizen desires to have personal contact by a department employee to file a report, the appropriate personnel shall be dispatched.

CAD INCIDENT REPORTS

This option may be offered to citizens at the time the incident is reported to the department. Minor incidents without suspect information or without a requirement for follow-up may be documented in the CAD system on the incident screen. A case number can be immediately provided to the citizen for insurance purposes. CAD Incident Reports may be taken for vandalism with less than \$5,000 in damage, lost property, and petty theft. All CAD incidents are closed with a disposition of "7."

CITIZENS CRIME REPORTS

This option may be offered to citizens who come into the front counter but they do not wish personal contact by a police officer. These reports can be used to document the same types of incidents as described above.

ONLINE REPORTING

This option may be offered to citizens who wish to file certain types of reports on line.

Fire Response to Alarms

838.1 PROCEDURE

Dispatch personnel shall dispatch the appropriate Fire units to all fire and medical alarm calls without delay.

Fire personnel may cancel their response to a fire alarm if telephone contact has been made with an individual advising the alarm is false and the Fire department is not needed.

Battalion Chief Notification

840.1 PURPOSE AND SCOPE

The on-duty Battalion Chief should be monitoring calls for service and staffing levels throughout their shift. The Battalion Chief may reassign or redirect Fire units as necessary to ensure response capabilities are adequately maintained.

840.2 PROCEDURE

The Battalion Chief shall also be notified in all cases where multiple stations (four or more) are committed to calls, and when ambulance coverage for the jurisdiction is unavailable or delayed.

City Hall Complex Fire Alarm Monitoring

842.1 PROCEDURE

City Hall has a fire alarm system monitored by the Dispatch Center. The system includes smoke detectors, rate of rise heat detectors, and manual pull devices. The system also detects system faults and power outages.

When a fire alarm is received, dispatch will create a CAD event and will note the specific location of the fire alarm as indicated by the fire alarm panel. Fire personnel shall be dispatched according to the CAD Recommendation File. If the alarm occurs during business hours, Building Maintenance should be notified. Fire personnel will reset the activated system. If a system fault is detected, the dispatcher shall notify Building Maintenance personnel as soon as practicable.

Arrest Register

844.1 PROCEDURE

The Arrest Register consists of names of all adult persons arrested and booked by this agency. Each time an officer arrests and books a subject, this information must be reported to Dispatch who will then record the name of the arrested person, the charges, the date, time of arrest, and the arresting officer's ID number. The Arrest Register is considered public information under Government Code Section 6254(f).

The Records Unit also uses the Arrest Register as a daily guide in determining in custody reports needed by the District Attorney's Office. Completed pages are collected and maintained by the Dispatch and Records Supervisor.

Private Property Tows

846.1 PROCEDURE

When vehicles are towed from private property by order of the property owner, the property owner is required to report the tow to the police department under Vehicle Code Section 22658(a).

The information on vehicles removed from private property shall be recorded in CAD as a CAD report and be entered into the Department of Justice Stolen Vehicle System as a Towed and Stored Vehicle. The number 4803 will be used as the case number in the "OCA" field indicating a private property tow. The location where the vehicle was towed from, as well as the towing company name and phone number, will be entered into the "REF" field as a reference.

These entries will remain in the SVS system for a 30-day period and will purge automatically. Dispatch Center personnel will print a copy of the entry and attach it to the CAD incident report.

Radio Procedure

848.1 PROCEDURE

In using a radio system, words should be pronounced distinctly and rather slowly. The normal dispatch rate should be between 40 to 60 words per minute. Lengthy transmissions should be broken at 30 second intervals. This allows the receiving party to keep up and obtain the information or, if unable to receive, ask for a repeat. This also allows any other unit or station that may have emergency traffic to break in without delay. Personnel should be impersonal on the air. Members of the department and other police officers should be directed by proper title or rank and name, never by name alone. First names or nicknames should not be used, unless it is absolutely required for clarification purposes, and then the full name would also be used. Dispatchers should never guess or assume anything and should check all doubtful words, names and locations with the originating source. Dispatchers should never announce acceptance of a message until definitely sure it is correct in every detail. Choice of words in making up a message determines to a large extent whether the receiving operator will copy it correctly the first time, or find it necessary to ask for repeats. Calls should be dispatched enabling responding personnel to prepare for appropriate action in a logical manner. The best method of assigning a call to a fire or patrol unit, after initial contact has been established, is:

- (a) Unit number
- (b) Nature of detail and when it occurred
- (c) Location of detail
- (d) Description of suspects and their direction of travel, where applicable
- (e) Easily misunderstood street names or locations should be phonetically spelled; (e.g.; F-I-R, "Frank, Ida, Robert"; and F-I-R-S-T Street; "Frank, Ida, Robert, Sam, Tom" Street).
- (f) Phonetic alphabet spelling to units should not be used unless a doubt exists. The phonetic alphabet is routinely used only for license numbers.
- (g) Driving under Code Three (3) conditions is hazardous. Officers responding to an emergency should be assisted by providing them with the cross street or landmark directions.
- (h) Channels should be monitored before transmitting to prevent interference with other traffic. Transmission should not be "clipped," and personnel should be certain the transmit switch is depressed before speaking and maintained in that position until the transmission is completed.
- (i) Standard radio codes should be used whenever possible. Dispatchers shall acknowledge the unit by repeating the call sign.

The CAD system requires certain routine radio transmissions use a standard format for broadcasting information. In all of the cases below, field personnel shall precede the transmission

with their call sign, nature of their activity, and location (i.e., Fairfield, L22, (nature of event), 11-95 etc, location).

- TRAFFIC STOPS: Call sign, 11-95, (location), (license plate or vehicle description)
- PEDESTRIAN STOPS: Call sign, 11-94, (location)
- OTHER ON-VIEW ACTIVITY: Call sign, (activity type), (location)
- NAME INQUIRIES (warrant checks, driver's license checks): Call sign, last name, first name, middle initial, BREAK TRANSMISSION, date of birth or age.

Radio Usage and Allied Agencies

850.1 PURPOSE AND SCOPE

All vehicles assigned to sworn personnel are equipped with P25 radios programmed with the Solano County Sheriff's Department frequencies. The Sheriff's Department primary radio channel is Solano 1, along with SECA is available to Fairfield police personnel for emergency communications when radio contact with Fairfield Dispatch has been lost or is intermittent due to radio frequency range limitations (including "dead spots" of radio coverage in City limits).

850.2 PROCEDURE

Fairfield officers may use Solano 1/SECA during an emergency when they have lost City of Fairfield Dispatch radio coverage or when they are aware they may be out of range, such as during a vehicle pursuit, mutual aid response, or other circumstance.

Before switching to Solano 1/SECA, a field unit must advise Dispatch of this intention, if practical. City of Fairfield Dispatch shall notify Solano Dispatch of the unit ID and the need to use Solano Dispatch resources. City of Fairfield Dispatch will provide a description of the circumstances and the incident to Solano Dispatch (e.g.; a vehicle pursuit with a stolen vehicle). If an officer is already out of City of Fairfield radio coverage, they may initiate contact with Solano Dispatch as outlined below.

When communicating with Solano Dispatch, the field unit shall introduce themselves by using their full City of Fairfield unit ID preceded by a "2" (the City of Fairfield PD unit identifier) and then stating "Requesting Mutual Assist". It is imperative officers ensure Solano 1/SECA is clear of other radio traffic before initiating contact with Solano Dispatch.

Solano Dispatch shall be responsible for acknowledging radio traffic generated by any City of Fairfield officers on their primary channel. City of Fairfield Dispatch shall be responsible for monitoring the Solano channel and updating the CAD incident with any information copied over the Solano 1 channel.

When the Solano 1 channel is no longer needed, City of Fairfield Dispatch will notify Solano Dispatch.

Additional allied agency frequencies have been programmed into the County radios. Officers may monitor them in order to improve field operations effectiveness. Officers should not transmit on these frequencies except under extreme, life-threatening emergencies, or as requested specifically by that agency (e.g.; Mutual Aid Response). If practical, officers must advise City of Fairfield Dispatch that they are working on an allied agency frequency under these conditions.

The City of Fairfield Communications Center and City of Vacaville Communications Center agree to communicate via telephone (ring down or direct dial) for all communication (daily business, non-emergency, emergency).

Fairfield police units may use Vacaville Patrol 1 to communicate with the Vacaville Communications Center when transmitting emergency radio traffic while in the City of Vacaville.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Radio Usage and Allied Agencies

City of Fairfield police units shall use their Solano County agency identifier (2) followed by their call sign. Vacaville Communications Center will retain control of all radio traffic and may redirect City of Fairfield police units to a different channel as deemed necessary.

Vacaville police units may use City of Fairfield Patrol 1 to communicate with the City of Fairfield Dispatch Center when transmitting emergency radio traffic while in the City of Fairfield. Vacaville Police units shall use their Solano County agency identifier (3) followed by their call sign. City of Fairfield Dispatch will retain control of all radio traffic and may redirect Vacaville police units to a different channel as deemed necessary.

Fairfield fire units communicating emergency radio traffic or station coverage/incident response while in the City of Vacaville may use Vacaville Fire Main.

Vacaville fire units communicating emergency radio traffic or station coverage/incident response while in the City of Fairfield may use City of Fairfield Fire Main.

Communications Equipment Repair

852.1 PROCEDURE

Motorola has responsibility for maintaining the City radio in conjunction with IT. IT is responsible for all other computer equipment, except 911 equipment. The City Radio System includes all remote transmitter and receiver sites, all radio equipment in the Dispatch Center, and all portable and mobile radios operating on the City frequencies.

852.1.1 CITY RADIO SYSTEM FAILURE

Dispatchers are responsible for monitoring the City Radio System and for reporting any malfunctions detected. Any failure of this system that may inhibit the operations of the Police and Fire departments shall immediately be reported to the following persons:

- Dispatch Manager/Dispatch Shift Supervisor
- Motorola
- Patrol Supervisor (if affecting police channels)
- Battalion Chief (if affecting fire channels)

852.1.2 COMPUTER SYSTEM FAILURE

Dispatchers are responsible for monitoring the CAD and CLETS and for reporting any malfunction of these systems. Any malfunction that may render these systems inoperable or that may affect the emergency response of the Police and Fire Departments shall immediately be reported to the IT Division.

Fire Evacuation Alert Tone

854.1 PROCEDURE

The Fire Evacuation Alert Tone is to ensure fire personnel are warned when it becomes necessary to evacuate a building while fighting a fire.

When circumstances warrant, the Incident Commander will advise the dispatcher to sound the Evacuation Tone. The dispatcher will press the alert tone 3 (A3) button on the Motorola monitor for five (5) seconds. This will cause a warbler tone to be broadcast over the Fire Main channel. The Incident Commander will then broadcast evacuation instructions over the radio to all fire personnel on the scene.

854.1.1 MAYDAY RADIO TRAFFIC

MAYDAY is a radio term used to alert the Incident Commander or other persons on the emergency scene that personnel are in an imminent life-threatening situation. When a MAYDAY is called the Battalion Chief will advise Dispatch on Fire Main that there is a MAYDAY on the TAC channel, stating the nature of the emergency. The dispatcher will then be responsible for monitoring the TAC channel. On the TAC channel, the dispatcher will use ALERT tone 1 for five seconds and announce the MAYDAY. The dispatcher will monitor and act as a direct resource to the Incident Commander during the MAYDAY event. When advised by the Incident Commander, the dispatcher will advise when the MAYDAY is clear.

When a MAYDAY is called, the Incident Commander will come up on Fire Main and the Dispatcher will do the following:

- (a) Acknowledge the MAYDAY on Fire Main (copy, MAYDAY on TAC1)
- (b) Change to TAC Channel, announce MAYDAY, (copy MAYDAY at location, use A2 Alert Tone for five seconds, announce emergency traffic only)
- (c) Obtain staging point
- (d) Call for 2 Code 3 ambulances
- (e) Dispatcher on Fire Main to monitor TAC1 and TAC2 when possible if there is not designated Tactical Dispatcher
- (f) Prompt the Incident Commander to give a second TAC channel
- (g) Add an on-scene timer to the call to start the 10 minute timer
- (h) Dispatch will provide time updates frequently to the Incident Commander, ideally every 10 minutes
- (i) Dispatch will copy when MAYDAY is resolved on Fire Main.

Issuing Radio Call Number Identifiers

858.1 PROCEDURE

It is the responsibility of the City of Fairfield Information Technology (IT) Division to issue and maintain radio call numbers to employees of the Police and Fire Departments who require the use of the radio, as they are hired/terminated, and receive assignment changes. The IT Division is responsible for publishing and updating the Radio Call Number Roster and disseminating the changes in a timely fashion.

The radio call sign consists of three basic parts. The first digit is "2" for a Police Department unit. The next digit(s) are alpha character(s) indicating a functional choice. The digits following the alpha character(s) represent an individual job assignment or specific function within a particular division or unit. Fire apparatus is identified by their designated station number and equipment type.

Radio Paging System

860.1 PROCEDURE

The First-In radio paging system is used to alert fire stations, and the duty chiefs. The paging system operates on Fire Main Channel by generating a series of tones and automated voice dispatching. The dispatcher can generate the tones by pressing the individual station buttons, the individual station or unit buttons.

Alert Tones

862.1 PROCEDURE

Alert tones are used to call the attention of personnel to the radio for a particular reason or emergency. There are three distinct alert tones available for use on any radio channel. Dispatchers will use alert tones as follows:

- (a) Police Radio Channels
 1. Steady Tone (A1) - Used to raise the attention of a field unit not answering the radio.
 2. Warbler Tone (A2) - Used before broadcasting a serious crime or incident that just occurred such as a shooting with injuries, robberies, fights with a gun involved or known serious injury, and large accidents with extrication.
 3. Two Tones (A3) - Used before broadcasting all BOLOs, Code 666 and for all announcements, such as when a radio channel is not available or when a computer system is down.
- (b) Fire Radio Channels
 1. Steady Tone (A1) - Pre-Alert tone for all calls for service.
 2. Warble Tone (A2) - Used to signal fire personnel to evacuate a building or during a MAYDAY. This tone will only be sounded at the direction of the incident commander.

Computer System Security

864.1 PROCEDURE

The City of Fairfield's Information Technology Division (IT) is responsible for managing the security of the department's computer and radio systems. All reasonable measures will be taken to ensure the integrity and security of the computer system equipment and data files.

Access to the computer system is provided through a user account and specified options. IT is responsible for creating, modifying, and deleting these accounts and options when authorized by a police department supervisor. The user's supervisor shall make requests for new accounts and options. All required training shall be provided to the employee prior to being provided access to the account and options.

When the Training Unit receives notification (via the Personnel Action Form) that a new employee has a start date to begin work, they will forward the required forms to establish a new computer user account to the appropriate supervisor. The supervisor will complete the forms and return them to Training. Training will process the paperwork and forward to IT. IT will contact the new employee's supervisor to schedule and conduct the required computer training. In addition to the training given to all general users, CLETS access will be established once a certified CLETS Trainer conducts the required training.

Each employee is responsible for maintaining a password for their account on the computer systems using the password software program available on the systems and to change their passwords as necessary. Passwords for accounts on the MDC system are set by IT. Users will not share access to their accounts with anyone. Users are responsible for all computer transactions completed while they are logged on to the systems. Users shall log off of the systems each time they have completed use of the systems.

Use of information from automated systems is restricted by California Penal Code Sections 11142, 11143, and 502 and by the California Department of Justice policy. Access and use of information is based upon a "right to know" and "a need to know." These rules apply to all of the Department's computer systems.

Users shall take reasonable precautions to ensure that persons who are not authorized cannot access or view information from the computer systems while the user is logged on. This is particularly important when citizen observers are present, near an MDC, or while in the Communications Center. The same concerns apply to hard copy material printed from the computer systems.

Free Format Automated Computer Messages

866.1 PROCEDURE

The MDC and CAD computer systems allow free format messages to be sent from one terminal to another for the purposes of reducing the amount of radio voice traffic necessary to perform a function.

Messages sent using this feature shall not contain unprofessional language, profanity, racial, or slanderous remarks. This feature will be used for business purposes only. A log of all MDC transmissions will be maintained for 100 days and may be reviewed at random by the Communications Supervisor to ensure appropriate use of the system.

A Patrol Supervisor may also review the log of transmissions by submitting a request with the specific dates and times desired to the Dispatch Supervisor.

Downtime CAD Operations

868.1 MANUAL INFORMATION PROCESSING

There are two types of computer "downtime" that describe periods of time when the CAD system is not operational. The first is "scheduled" downtime and results from planned activities such as maintenance, installation of new software, etc. The second is "system failure" and results from a malfunction of either a hardware element or software feature.

As soon as a system failure is detected, the dispatcher will notify the IT Manager, who is responsible for first line troubleshooting, and the Dispatch Supervisor. Once the restart is successful, a reversal of the manual process should occur as soon as described below.

During "downtime," dispatchers will record information manually so that it can be processed for automated systems entry at a future time. The Dispatch Center will document in a CAD information call, the time that CAD went down, all notifications made, and the time CAD came back up. This information call will be printed and forwarded to the Dispatch Supervisor and the Administrative Services Lieutenant.

868.2 SCHEDULED DOWNTIME

Dispatchers will be notified in advance when CAD will be disabled. Active incidents at the time of shutdown must be recorded on manual cards prior to the initiation of the shutdown procedure. Pending incidents that have been verified but not dispatched should be transferred to dispatch cards. Incidents that are unverified before the notice to disable is delivered must be entered onto manual cards. Manual cards must contain the following minimum information for each event.

- Unit number or numbers
- Corresponding officer identifications
- Valid activity code
- Location of the event
- Reporting party (where applicable)
- Address of reporting party (where applicable)
- Phone number of reporting party (where applicable)
- Dispatcher ID number receiving the call
- Dispatcher ID number dispatching the call
- An indication as to whether the event is a call for service, on-view or out of service activity
- Reporting area
- Case number (where applicable)
- Disposition code

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Downtime CAD Operations

- Time stamps as appropriate
- The incident number of the event
- All other activity shall be recorded using the Manual Data Cards (see Policy/Procedure 6904"Manual Data Collection Card")

When the system is ready for "restart" the process must be reversed. Events that have been logged on cards must remain active in that mode until they are closed. When the "restart" process is complete, the system operator will obtain the last manually assigned sequence and report number from dispatch for the purpose of resetting CAD. Once CAD is restarted and the history file is running, each newly reported event can once again be processed in the typical manner.

868.3 UNSCHEDULED DOWNTIME (SYSTEM FAILURE)

System failure will be characterized by a loss of interactive capability; this may or may not include a blank screen or foreign screen image condition. In such an event the first steps taken will be the most important for insuring that a smooth process continues under manual operation.

Events that have been verified but not dispatched must be transferred to manual cards to contain all information previously listed under "scheduled downtime." Events that have been dispatched must be transferred to cards. In either case, all manually processed information must be filed so that dispatchers can later enter the data into the history file.

The primary dispatcher will be responsible for reviewing all cards and placing them in sequential order. The cards will be banded together with the card containing the list of incident numbers used and the dispatcher's beat assignment card.

A Dispatch Supervisor will then review the cards. Once reviewed, the cards will need to be entered into CAD by the Communications Center. Once entered, all cards will be banded together with a note indicating the date the entry was completed and placed in the Supervisor box. A Dispatch Supervisor will be responsible for ensuring these cards are filed in Records.

As each new event is received and time stamped, a sequential number that corresponds with the series that was active at the time the manual process was initiated must be assigned and noted in the "additional details" section of the dispatch card as previously described.

Manual Data Collection Card

870.1 PURPOSE AND SCOPE

When automated systems are not operating, a manual data collection card is completed each time an officer is notified to respond to the location of a call for service, and each time an officer initiates some kind of on-view activity. In addition, these cards are completed when officers go out of service for breaks, and when they communicate miscellaneous requests.

Under certain circumstances, all action for an event may be recorded on this card. In these instances the card is the only record of the incident and a detailed report is not required. It is also a source document for automated management reports and incorporates a method to monitor proper initial case disposition.

870.2 DETAILS OF THE MANUAL DATA COLLECTION CARD

The card has two sides. The face side includes the information required to dispatch calls or otherwise account for times, location, and type of activity. It also provides a disposition block and is completed as follows:

- A. Assigned: Enter the complete call number of the officers or units. More than one card may be needed for situations where more than two officers are assigned.
- B. Back up: Enter the complete call number of the officers or units used to assist. Use a separate card for each back up unit assigned beyond that initially attached to the event.
- C. Status Code/Activity Type: Describe the activity by code, whenever possible. Use English for non coded activity.
- D. Location of Activity: Enter the location where the officer is sent or the location where the officer is out of service. Be exact. Use street address, whenever possible. This can be a telephone number on out of service records.
- E. PSA: Enter the PSA where the officer is to be sent. This need only be completed on dispatched calls, as its only function is to assist dispatchers in determining which unit or officer to select.
- F. Reporting Party Name: Enter the name of the person who reports the activity or the name of the person the officer should contact. This is only required on dispatched calls.
- G. Reporting Party Address: Enter the address of the reporting party. This may be left blank if the address is the same as location of activity. Draw a line through this blank if the address is not known to prevent confusion. This block is only required on dispatched calls.
- H. Reporting Party Phone: Enter the telephone number where the reporting party may be contacted for additional information if necessary. It is important to have a telephone number where the officer may be reached during the time he is at the scene if a telephone is present. This block is only required on dispatched calls.
- I. Received By: Enter the number or initials of the person who receives the call.

- J. Dispatched By: Enter the number or initials of the radio operator.
- K. Incident Number: Assign a sequentially progressive number, consistent with the automated system outputs at last shutdown, for each event.
- L. PSA: This is the reporting area where the officer takes the report or initiates activity. This must be completed before being sent to Records Bureau, Data Entry clerical processing. Use reporting area table.
- M. Do Not Contact: Check this block if the reporting party does not desire contact by the reporting officer.
- N. Report Number: Enter the case number if the officer requests one.
- O. Disposition: Enter the disposition number provided by the reporting officer, if applicable.
- P. Additional Details: Enter any additional data that will aid the dispatcher in passing on pertinent information(i.e.; description, direction of travel or other notes regarding the incident). This is very important when the dispatcher is not the person who received the call.

870.3 DISPOSITION CODES

The disposition code allows the dispatch card to become an incident report when a written detailed report is not required by department policy. The Status Code/Activity Type denotes the type of event that was handled. The disposition code in turn tells how the event was handled.

Disposition Codes are defined as:

- A - Unable to locate, unable to contact; gone on arrival or unable to complete the assignment for exceptional reasons.
- 1 - Unfounded report or complaint.
- 2 - Civil matter referred to attorney or court.
- 3 - Assist or service completed to reporting party's satisfaction.
- 4 - Referred to other agency.
- 5 - Warning given (primarily for traffic stops).
- 6 - Report taken or citation issued.
- 7 - Service completed in Dispatch Center
- 8 - Service completed by Records
- 9 - Test call

All cards must be completed as accurately and fully as possible since they may be used in courtroom presentations and frequently will become an official report. Operating procedures will vary, according to the way the card is utilized.

Call for Service Use: Each card must have a minimum of four time stamps. These stamps indicate:

- Time call was received
- Time call was dispatched
- Time of arrival
- Time cleared

Additional times may be stamped prior to the time the officer clears the call due to special requests or location changes. Enter the disposition code when the call is cleared.

Cost Recovery for Specified Emergency Responses

873.1 PURPOSE AND SCOPE

It is the intent of the department to seek reimbursement for the costs of emergency responses whenever lawful and practical to do so. "Emergency Response" is defined as any response that must be handled without delay. There is no requirement the response be made "Code Three." Typical emergency responses are traffic collisions, crimes in progress, fires, medical emergencies, and spills of hazardous or toxic materials.

873.2 PROCEDURE

Copies of reports involving people and activity meeting the legislative criteria described in H&S Code 13009.6 and Gov. Code sections 53150 and 53158 should be routed to the department personnel responsible for initiating the collection process. Such reports must provide adequate information to justify attempting to collect for the services rendered.

873.2.1 H & S CODE 13009.6

Any person (and the person's employer if the negligence occurs in the course of the person's employment) who negligently causes an emergency response by a public agency; to confine, mitigate the release, escape, or burning of hazardous substances is liable for the costs of the response if any of the following occurs.

- (a) Evacuation beyond the property where the incident originates is necessary to prevent loss of life or injury.
- (b) The incident results in a spread of hazardous substances or fire posing a real and imminent threat to public health and safety beyond the property of origin.

Hazardous substances are defined as substances designated as such by:

- (a) Title 15 U.S.C. section 2606.
- (b) Title 33 U.S.C. sections 1317(a), 1321(b)(2)(A).
- (c) Title 42 U.S.C. sections 7412, 6921, and 9602, except any waste that has regulation suspended by act of Congress under the Solid Waste Disposal Act.
- (d) Any hazardous waste or mixture of hazardous wastes which, if human exposure should occur, may likely result in death, disabling injury, or serious illness because of its quantity, concentration, or chemical characteristics.
- (e) Any waste because of its concentration, quantity, or physical, chemical, or infectious characteristics may cause or significantly contribute to an increase in mortality or illness or poses a substantial present or potential hazard to human health or environment when improperly managed.

Cost Recovery for Specified Emergency Responses

873.2.2 GOVERNMENT CODE ARTICLE 8, SECTIONS 53150-53159

- (a) Any person, under the influence of an alcoholic beverage or drug or a combination of the two, whose negligent operation of a motor vehicle, boat, vessel or civil aircraft causes any incident resulting in an appropriate emergency response is liable for the expense of the response. "Under the influence" for purposes of this section is defined as, "Being in a state due to intoxication where the person's mental or physical abilities are impaired to a degree they cannot operate a vehicle with the caution that a sober person would." The presumptions described in V.C. 23152 and 23155 apply to this article.
- (b) Any person whose intentionally wrongful conduct causes any incident resulting in an appropriate emergency response is liable for the expense of the response. "Intentional wrongful conduct" for purposes of this section is defined as "conduct intended to injure another person or property."
- (c) The liability may not exceed \$12,000.00, is not insurable, and no insurance policy shall pay for the expense.
- (d) This article does not require either an arrest or conviction in order for the responsible person to be liable for the expense of the emergency response. The arrest of a person for driving under the influence of alcohol or drugs when such person caused a traffic collision is sufficient to initiate the collection process on those kinds of emergency responses. In other instances, it is necessary to fully describe the negligent or intentional wrongful conduct.

873.2.3 THE COLLECTION PROCESS

The Administrative Services Lieutenant and the Support Services Division Captain, when notified, will take the necessary steps to initiate the collection process. Depending upon the circumstances, assistance will be solicited from the Finance Department Revenue Section, the District Attorney's Consumer Protection Unit, or the appropriate court when it appears more practical to follow PC 1203.1 as it relates to restitution as a part of probation. If either City property, or an employee's uniform or equipment is damaged as a result of a criminal act, the reporting officer shall indicate in the police report referred to the District Attorney the nature and extent of damage, how it occurred, and an estimate of loss, if known. The report shall also request the District Attorney's Office to seek restitution for the damage. In cases of vehicle accidents as a result of criminal acts (such as pursuits, vehicular assaults, and so forth) the report shall also state the current information on the driver's insurance, including name and address of agent. A copy of the police report shall be forwarded to the Support Services Division Captain, who will be responsible for determining any unknown damage estimates and forwarding that information to the District Attorney's Office, as soon as it is known. A copy of the police report shall be forwarded to the Administrative Services Lieutenant who shall:

- (a) Initiate the billing for damage or emergency response.
- (b) Monitor the incident so that payments received as a result of action taken through the District Attorney's Office or Probation Department can be appropriately logged and deposited.

Verbal Notice of Suspension of Driver's License

875.1 PROCEDURE

Form DL310 is completed by authorized police department personnel to notify a driver that their driving privilege in the State of California has been suspended or revoked. Authorized personnel, including any sworn employee, Records Assistant, or Records Supervisor, will confiscate the driver's license when in possession and forward form DL310 and the driver's license to Records Unit personnel, who will immediately forward the form DL310 and/or the driver's license to: Department of Motor Vehicles, P.O. Box 942890, Sacramento, CA 94290 0001. No record is maintained of form DL310 mailings.

Control, Indexing and Review of Permanent Records

877.1 CONTROL OF PERMANENT RECORDS

To maintain an adequate level of integrity in a police department records system, it is imperative that once a finished product is submitted and processed for permanent file, the original document not be released for indiscriminate distribution or possible loss. Therefore, the following records control procedure is established:

- (a) No original or other file copy of a permanent record will be removed from the Records Bureau except:
 1. By court order
 2. On written order of the Records Manager or superior authority. (Under such circumstances, a copy of the written order will replace the document removed from file. Return of the file document will be the responsibility of the authority approving its removal.)
- (b) Intradepartmental needs for access to information contained in original documents will be met by Records Bureau personnel providing copies upon such request.

877.2 REPORT REVIEW BY GOVERNMENT AGENCY EMPLOYEES

Police reports on file with this Department may be viewed by the following persons provided they have an official interest in the document or its subjects:

- Solano County District Attorney, Deputies District Attorney, and/or Investigators
- Federal Bureau of Investigation, agents, or investigators
- City Manager and/or assistants
- City Attorney and/or Investigators
- Solano County Coroner and/or deputies

Police Report Release Fees

879.1 POLICY

Government Code 6253.9(b) and the City's established Fee Schedule authorize a fee to be charged for release of documents. The police department may not arbitrarily apply rules or policies to individuals or agencies. In the interest of equity, the fees will be applied in all situations, except as noted in the following procedure.

879.2 PROCEDURE

Except as provided by statute, a fee (per the City's published Fee/Service Schedule) will be charged for release of reports, except in the following situations:

- No fee is charged for report copies to the District Attorney's Office when the report is needed for prosecution purposes.
- No fee is charged for report copies released to any law enforcement agency (as defined in Penal Code 830) when the report is needed to conduct a criminal investigation, an internal investigation, or a pre-employment background investigation on a prospective law enforcement employee or volunteer. A photocopy of the law enforcement identification is not necessary for processing provided they present their identification upon request and receipt.
- No fee is charged for report copies to the school district when the report is needed for disciplinary action against a student or former student.
- No fee is charged for report copies to the California Transportation Department (Cal Trans) when the report is needed to repair state property.
- No fee is charged for report copies to a child protective agency (as defined in 11165.9 P.C.) when the report is needed to investigate a child abuse (or alleged abuse) situation as defined in article 2.5 of the California Penal Code.
- No fee is charged for the first copy of a police report released to domestic violence victims (6228 FC) when the request is made within five years from the date of the incident.
- No fee is charged for the first copy of a police report released to the victim of identity theft (530.6(a) PC).
- No fee is charged for the first copy of a police report released to the victim of sexual assault (AB 1312).

Taxi Driver Permit

881.1 PROCEDURE

The applicant needs to complete the All Purpose Application, and pay the fee. Their employer should have provided them a drug testing authorization form, if not, provide the applicant the form. Advise them they must submit a drug test within the next 48 hours.

Taxi permits are good for one (1) year from the date fees were paid.

881.2 RENEWAL

A renewal must be done every year. Renewals consist of paying fees, having the Driver License re-run, and reissuing a new ID Card.

881.3 INITIAL PERMIT

The Records Assistant (RA) processes the applicant through AFIS, runs RMS checks, and runs wants/warrants/27 (DL for validity) checks through CLETS. The RA takes a digital photo of the applicant. The application is logged in EXCEL in the folder titled "Permit Logs" in the Taxi Applicant spreadsheet. The RA can issue the next sequential Taxi Permit number from this spreadsheet. The permit number will be written on the application itself. The RA then prepares a Taxi ID Card.

881.4 AFTER DOJ RESPONSE IS RECEIVED

When the DOJ response comes back, provide the following information to the designated Police Department supervisor:

- The DOJ Response regarding summary criminal history
- The completed permit application
- The lab results submitted to the City of Fairfield Police Department by the independent laboratory
- The City Taxi ID card that the RA printed/prepared
- All RMS checks
- Notation whether clear (10-26) or not
- A copy of the applicant's Driver License
- The drug test results that were faxed/sent in via employer
- The prepared Taxi ID Card

The designated Department supervisor does the following:

- Signs and approves the application; *OR*,
- Denies the application; if denied, the designated Department supervisor contacts the applicant via letter prepared by the RA

Fairfield Police Department

Taxi Driver Permit

If approved, the designated supervisor signs the Taxi ID card and gives the packet back to the processing RA. The RA contacts the applicant to pick up his/her signed card. The RA has the applicant review the ID card for accuracy and sign the card. The RA laminates the card, makes a copy of the Taxi ID card for the file, has the applicant sign the application acknowledging receipt of the card and then files the application/attachments (in accordance with the City of Fairfield Police Department records retention).

Record Expungements

883.1 PROCEDURE

An adult may, under certain circumstances, apply to have his or her criminal record expunged (Penal Code 1203.4). An expunged record must be viewed in the same light as a record having no conviction. On receipt of an expunged order, the following procedure is used to comply:

- (a) Change the individual's RMS master index arrest entry from "arrest" to "suspect."
- (b) Attach the expunged order to the master copy of the report and return a copy of the order to the appropriate agency with an endorsement reflecting compliance.
- (c) Forward a copy of said order to the Sheriff's Office, Services Division, for information. That agency will make notification to the Department of Justice and/or FBI as required.

In the event that the record to be expunged has been copied to digital reel, the report, any supplements, and the expunged order will be re-laserfiched and re-indexed with the corresponding report number. It is important to note that the expunged order does not relieve the probationer of the obligation to disclose the conviction in response to any question contained in a questionnaire/application for public office, for licensure by any state or local agency, or for contracting with the California State Lottery. Furthermore, it does not permit a person to own or possess any concealable firearm.

Criminal History Local Review

885.1 PROCEDURE

Under Penal Code Section 13320, persons for whom a record is maintained in the files of the Department have the opportunity to examine their local record. Individuals contacting this agency requesting a review of their local record must:

- Complete required request form
- Provide picture identification
- Remit to the City of Fairfield applicable fees for record processing

This information will be forwarded to the designated Records personnel for processing. Once processed the requestor is notified and given the option of picking up the record or having it mailed. Persons examining local records and who desire to refute any erroneous or inaccurate information may be provided copies of specific reports/documents in compliance with statutes relative to disclosure (i.e.; Penal Code Sections 13320-13323). Said person challenging the accuracy of their record must submit a written request describing the alleged inaccuracy and shall specify any available proof or corroboration. Within sixty (60) days of receipt, applicable department personnel will forward results of the review to the applicant, as described in Penal Code Section 13324.

Hospital/Doctor Notification (11160/11161 P.C.)

887.1 PROCEDURE

The Fairfield Police Department routinely receives both verbal and written notifications by a hospital or doctor that a patient has been seen and has alleged their injuries were the result of a criminal act or deadly weapon.

VERBAL NOTIFICATION: The hospital is required to report all gunshot wounds/assaults with deadly weapon. An officer will be dispatched to respond to the hospital to contact the victim.

WRITTEN NOTIFICATION: Upon receipt of the written notification, Records Unit personnel will determine if there is a corresponding report and attach the written notification to the report. If there is no report on file, the Records Unit personnel will forward notification to Investigations for follow-up.

Juvenile Record Sealing

889.1 PROCEDURE

A person may petition the Juvenile Court to have their criminal record sealed any time after they reach the age of 18 years. Orders to seal such records are almost routinely given and apply only to records concerning arrest or citation for criminal matters. Traffic-related records may not be sealed. When a Juvenile Record Sealing Order is received by this department, the Lead Records Assistant or Records Manager is responsible for generating a Sealing Notification letter. Notification letters should be sent to all departments or agencies who have received copies of the report from our agency and who are not listed on the sealing order. These Departments or agencies are responsible for returning the Notification letter and any accompanying data to Records in ten working days. All arrest indicators in the juvenile's name shall be removed from the RMS master name index, as well as other entries that could be defamatory such as "suspect" or "investigative lead." Laserfische reports containing identifying information of the juvenile shall be eradicated, re-scanned, and re-indexed. All "clean copy" documents pertaining to the juvenile record sealing will be placed in a manila envelope, sealed, and placed in a secure file area until the destruction date.

Solicitor Identification Card

891.1 PROCEDURE

Solicitors need to fill out the appropriate solicitor application and the all-purpose application and then go to the City's Finance Department to pay their fees.

Solicitors who don't have a current business license in the City of Fairfield must pay for a yearly business license, the new application fee, plus the ID card and fingerprint fees. A Business License is valid for one year or until January 31 of the coming year. ID cards are valid for three years.

Every person that the owner employs needs to fill out the all-purpose application and needs to pay fees for the ID card, fingerprinting and application.

After one year, the solicitor must come in and pay for a business license again and a permit fee of \$300. Note that the solicitor doesn't have to pay for an ID at this point because their ID card is valid for three years.

If solicitor has paid the correct fees, the Records Assistant (RA) gives him/her an all-purpose application and solicitor application to fill out. Food vendors must provide a copy of their Solano County food permit which they get from the government center at 675 Texas Street in City of Fairfield. They must also include a copy of their vehicle insurance for the vehicle they are using for their business. The solicitor then needs to be live-scanned and told that they are not to do business until they get their ID card and permit. The RA also makes a copy of their driver license and takes their photo with the Kodak camera in the Records unit. The Records Assistant responsible for permit processing is notified that a solicitor-applicant's Kodak photo has been taken; that RA downloads the photo and renames it with the applicant's name.

When the application has been filled out and fees have been paid, do the following:

- Run the name in CLETS to check for wants/warrants and print the DL response.
- Run an RMS check and print the pages if the applicant has a negative history.
- Make a copy of the reports and dispositions for all the negative contacts.

If there were no negative contacts with the applicant and they had no wants/warrants, then please write "10-26" in the upper left hand corner of the all-purpose application.

Log the application in EXCEL in the folder titled "permit logs" while we wait for the fingerprint response from DOJ. Once the fingerprint responses are received from DOJ, send the entire packet to Code Enforcement, Attn: Laura, and email her the applicant's photo as an attachment.

If the application is approved, the permit and ID card will be returned to Records. The RA will call the applicant to come in and sign his ID card and the RA will then laminate it. The RA will then make a copy of the permit and ID card and have the applicant sign the copies acknowledging that it was received. The RA goes back to the permit log in EXCEL and indicates the date the entire process was complete and the permit picked up.

Chapter 9 - Custody

Custodial Searches

901.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Fairfield Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

901.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of the individual's property, shoes, and clothing, including pockets, cuffs, and folds on the clothing, to remove all weapons, dangerous items, and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach, rectal cavity, or vagina of an individual.

Strip search - A search that requires an individual to remove or rearrange some or all of the individual's clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus, or outer genitalia. This includes monitoring an individual who is changing clothes, where the individual's underclothing, buttocks, genitalia, or female breasts are visible.

901.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy, and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment, or retaliation.

901.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after the individual's arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

901.4 STRIP SEARCHES

No individual in temporary custody at any Fairfield Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to

believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.
- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
 - 1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.
- (c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).
- (d) The individual's actions or demeanor.
- (e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

901.4.1 STRIP SEARCH PROCEDURES

Strip searches at Fairfield Police Department facilities shall be conducted as follows (28 CFR 115.115; Penal Code § 4030):

- (a) Written authorization from the Watch Commander shall be obtained prior to the strip search.
- (b) All members involved with the strip search shall be of the same sex as the individual being searched, unless the search is conducted by a medical practitioner.
- (c) All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that it cannot be observed by those not participating in the search. The search shall not be reproduced through a visual or sound recording.
- (d) Whenever possible, a second member of the same sex should also be present during the search, for security and as a witness to the finding of evidence.
- (e) Members conducting a strip search shall not touch the breasts, buttocks, or genitalia of the individual being searched.
- (f) The primary member conducting the search shall prepare a written report to include:
 - 1. The facts that led to the decision to perform a strip search.
 - 2. The reasons less intrusive methods of searching were not used or were insufficient.

3. The written authorization for the search, obtained from the Watch Commander.
 4. The name of the individual who was searched.
 5. The name and sex of the members who conducted the search.
 6. The name, sex, and role of any person present during the search.
 7. The time and date of the search.
 8. The place at which the search was conducted.
 9. A list of the items, if any, that were recovered.
 10. The facts upon which the member based the member's belief that the individual was concealing a weapon or contraband.
- (g) No member should view an individual's private underclothing, buttocks, genitalia, or breasts while that individual is showering, performing bodily functions, or changing clothes, unless the individual would otherwise qualify for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect the individual's privacy and dignity.
- (h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.

1000.5 SELECTION PROCESS

The Department shall actively strive to identify a diverse group of candidates who have in some manner distinguished themselves as being outstanding prospects. Due to the potential for accessing unsubstantiated, private, or protected information, the Department shall not require candidates to provide passwords, account information, or access to password-protected social media accounts (Labor Code § 980).

All candidates shall meet the minimum standards required by state law (Government Code § 1029; Government Code § 1031; Penal Code § 13510.1; 11 CCR 1950 et seq.). Candidates will be evaluated based on merit, ability, competence, and experience, in accordance with the high standards of integrity and ethics valued by the Department and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related, and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge, and skills required to perform the position's essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Personnel Department should maintain validated standards for all positions.

The department will also follow California Peace Officer Standards and Training (POST) Commission Regulations 1953(f) and 1959(f) regarding background investigation requirements for reinstated employees.

Employees that are reinstated per city policy will retain their previously accrued seniority for the purposes of selecting shifts, eligibility for special assignments, and eligibility for promotions. Reinstated employees will not accrue seniority for time that passes during separation. For example, a police officer with three years of seniority voluntarily separates from employment for six months and is then reinstated. That officer would be reinstated with three years' seniority and not three years and six months. Reinstated employees that have already completed their probationary period will not be placed on probation after reinstatement. City policy and MOUs address topics such as merit increases, probation, vacation, and sick leave for reinstated employees.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1002.1.1 SUPERVISORY RESPONSIBILITY

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. When an employee's job performance falls below the established standards of the job, the supervisor should, as soon as practical, advise the employee in writing in order to provide an opportunity for the employee to improve performance. The involved employee will be provided the opportunity to initial any such writing and respond in writing within 30 days, if desired. Failure to meet established performance standards is justification for an unsatisfactory rating. Rating factors that are not observed are assumed to be performed at a standard level.

All sworn and civilian supervisory personnel shall be sent to a POST approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

The performance reporting system is based upon results shown by the employee in carrying out assigned duties and responsibilities. From the supervisor's viewpoint, the following are significant uses of the performance evaluation process:

- (a) Maintain a high level of efficiency;
- (b) Inform the employee of good performance, which may in turn lead to promotion or higher pay;
- (c) Indicate to the employee those points of weak performance and suggest the proper means of raising that performance to the desired level;
- (d) Encourage better working relationships and mutual understanding;
- (e) In discussing the report with the employee the supervisor should:
 1. Describe any progress;
 2. Commend efforts;
 3. Advise need for specific improvements and course of action to obtain;
 4. Advise advancement preparation techniques;
 5. Allow the employee an opportunity to make comments or suggestions.

1002.2 POLICY

The Fairfield Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Evaluation of Employees

a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1002.2.1 PROCEDURE

Employee performance evaluations will be completed by the employee's supervisor at the prescribed time for the individual employee. Employees shall be evaluated on the approved department form.

Prior to evaluation due dates, the Administrative Assistant shall notify the Division Captain of the evaluation due date for applicable division employees. When an employee's evaluation is due, a watch commander will assign a supervisor the responsibility for the completion of the evaluation.

Prior to beginning the evaluation process, the evaluating supervisor shall review the department Performance Evaluation Guidelines. After an evaluation is completed by the shift supervisor it shall be routed through the Division Captain to their supervisor. Upon review, the evaluation shall be returned to the supervisor for any necessary revisions and discussion with the employee. The evaluation will then be routed to the Chief of Police.

1002.2.2 RATING CRITERIA

When completing the Employee Performance Evaluation, the rater will place a rating in the rating column. The definition of each rating category is as follows:

OUTSTANDING - is actual performance well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

MEETS STANDARDS - is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

SUB-STANDARD - is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A sub-standard rating must be thoroughly discussed with the employee.

Space for written comments is provided next to each column and at the end of the evaluation in the rater comments section. These sections allow the rater to verbalize employee strengths, employee weakness and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1002.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Evaluation of Employees

immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1002.3.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered under the Reserve Officers Policy.

1002.3.2 ALL PERMANENT EMPLOYEES

Permanent employees shall receive a Performance Evaluation annually, based on their individual review/merit increase date.

1002.3.3 MERIT REVIEW

All employees shall be evaluated at the time they are eligible for a merit increase.

Additionally, employees may be evaluated at any time deemed necessary by their supervisors.

1002.4 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the Employee Comments section of the performance evaluation report.

1002.4.1 DISCRIMINATORY HARASSMENT FORM

At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the City and Department harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

- (a) That the employee understands the harassment and discrimination policies.
- (b) Whether any questions the employee has have been sufficiently addressed.
- (c) That the employee knows how and where to report harassment policy violations.
- (d) Whether the employee has been the subject of, or witness to, any conduct that violates the discrimination or harassment policy which has not been previously reported.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

1002.5 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given.

1002.5.1 PROCEDURE

Sworn supervisors will use the Supervisor's Comment Form (SCF) to document favorable as well as adverse comments as soon as possible after receiving the supporting information, or making personal observations. Favorable comments include but are not limited to: praise of the employee based on personal observation; comments received by the employee's peers and coworkers; compliments from citizens or others with who the officer has had contact; and written correspondence. Adverse comments include but are not limited to: synopsis of informal training given by the supervisor in response to inappropriate behavior on the employee's part; educational reminders; review of department policy and procedure in light of the employee's performance during a particular incident; critique of the employee's safety practices and field tactics; critique of written work; and statements concerning the employee's investigative skills.

When available, supervisors should attach supporting documents, whether favorable or adverse in nature, to the SCF.

Once the supervisor has discussed the information on the SCF with the employee, he or she shall request the employee sign the form. Once signed, the supervisor will give the employee a copy of the comment form. If the employee refuses to sign the form, the supervisor should note the refusal in the employee signature block, and request the employee to initial the refusal-to-sign block at the bottom of the document.

Evaluation of Employees

When an SCF is completed, employees shall be advised that they have 30 days to respond in writing to any adverse comment, and that any such written response will be attached to the SCF.

When an employee performance evaluation is being completed, the supervisor writing it will check the employee's shift file and consider all SCF's when completing the evaluation. The SCF's will then be attached to the completed annual performance evaluation. Once the evaluation is completed to the bureau commander's satisfaction, the SCF's should be destroyed.

- (a) Present a professional, neat appearance.

The police department organizational chart lists special assignments and desired staffing levels for each. In general, special assignment positions fall into specialized units under a division and bureau. The department may continually evaluate, modify, add to, or disband special assignments based on need.

1004.3 COLLATERAL DUTIES

Collateral duties are part-time and ancillary in nature. Collateral duties support department mission, objectives, training, and needs that are not covered by special assignments. Collateral duties range in duration from temporary to indefinite, may be held by any member of the department based on required qualifications, and are not considered promotions. The department may continually evaluate, modify, add to, or disband collateral duties based on need.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Special and Collateral Assignments

1004.3.1 MINIMUM QUALIFICATIONS

The following qualifications apply to special assignments and collateral duties for all members of the department:

- (a) Off probation at time of appointment
- (b) Not on a Performance Improvement Plan (PIP) at the time of application or appointment

1004.4 LENGTH OF ASSIGNMENT

In an effort to balance the interests of individuals selected for a special assignment to fully appreciate and benefit from the opportunity, and to provide ample opportunity to others who have a desire and ability to perform those assignments, there is a need to establish some limits of duration for special assignments. This policy should help to avoid a few individuals from "locking up" a limited number of special assignments that prevent or deter opportunities or progress of other deserving people to develop desired skills and experience. This policy also establishes a set of common ground rules that will be used by all sworn and professional staff members of the department.

1004.4.1 LENGTH OF ASSIGNMENT

The duration of special assignments are based upon the approval and satisfaction of the supervisor or commander of a unit or division. However, members selected for a special assignment may anticipate the term of 0-5 years. Supervisors and managers may anticipate a term of 0-3 years. The duration of collateral duty positions are based upon the approval and satisfaction of the supervisor or manager of a unit or division, and may range indefinitely, unless otherwise stated in the policy for that collateral duty.

If the performance of an individual does not meet standards after appropriate training and reasonable remediation opportunity, the person can be removed from the assignment. If an individual discovers that the conditions or expectations of an assignment are unacceptable, they may request a transfer from the assignment and a transfer will be arranged as soon as it is practical. No property right is attached to any special assignment or collateral duty; therefore, an employee may be removed by the Chief of Police at any time, with or without cause.

Special and Collateral Assignments

If there is a special need of expertise or training, a lack of interested or qualified candidates, or there is some other reason why an exception should be made, extensions can be considered by the Chief of Police on a year-by-year basis.

While it is not generally desired for an individual to go from one special assignment to another, it is not prohibited. However, the fact that a person applying for a special assignment has recently come from another special assignment will be considered as they are evaluated for a position. A person who has just concluded a special assignment will not be allowed to reapply for the same position for at least one year, unless there is some unusual circumstance that necessitates an exception, as determined by the Bureau Captain and approved by the Chief of Police.

1004.4.2 SELECTION FOR SPECIAL ASSIGNMENTS AND COLLATERAL DUTIES

Recruitment of department members for special assignments and collateral duties within the police department shall be conducted as follows:

- (a) A supervisor within a division or unit with an open position, or anticipated opening, for a special assignment or collateral duty, shall cause a Memorandum of Notice to be sent via department email. The memo shall describe the duties of the special assignment or collateral duty, desirable experience, and minimum qualifications, and invite candidates to submit a Memorandum of Interest. The memo shall provide a minimum of two weeks for response and indicate a specific cutoff date for submission, and describe components of the testing process. The memo shall be approved by the Bureau Captain, or designee prior to posting.
- (b) Any person having interest in (and qualifying for) the special assignment or collateral duty described shall submit a Memorandum of Interest to the supervisor who posted the Memorandum of Notice. The interested member shall obtain initials on their memo from their immediate supervisor prior to submitting it to the special assignment or collateral duty supervisor. By initialing the memo, the supervisor confirms that the member's chain of command has been notified and that the member meets the posted minimum qualifications.
- (c) After the cutoff date, the special assignment or collateral duty supervisor will compile a list of the names of candidates from the Memoranda of Interest received. The special assignment or collateral duty supervisor shall then conduct panel interviews with all candidates, even if there is only one candidate. The panel should consist of the unit manager, unit supervisor, unit member of the same assignment, and a member of the bargaining group that represents the candidate. The unit manager and bargaining group member may be non-raters and present as observers only. Community members relevant to the position, subject matter experts, allied agency personnel, or other stakeholders may be utilized as raters on the panel, depending on the assignment.
- (d) At the conclusion of a recruitment process for a special assignment or collateral duty, the special assignment or collateral duty manager shall retain all testing documents (interview questions, scenarios, rating sheets, etc.) until fourteen days have passed from the date of the selection announcement from the Chief of Police. At that time, all documents will be destroyed.

Special and Collateral Assignments

- (e) After the interview(s), the unit manager shall submit the recommendations of the panel to command staff for discussion. The Chief of Police shall make a final determination and issue a memorandum announcing the appointment selection.
- (f) Members may be selected for a special assignment and appointed at a later date based on the needs of the department as determined by the Bureau Captain.
- (g) The unit manager and/or supervisor will provide members that are not selected for a special assignment or collateral duty with an opportunity for feedback and to debrief the process within a reasonable amount of time after selections are made, generally within 14 days.

The policy and procedures for all positions may be waived for temporary assignments, emergency situations, for training, or for the needs of the department at the Chief's discretion.

Relocation Expenses

1005.1 PROCEDURE

When an officer receives a credible threat that a life threatening action may be taken against the officer or their immediate family as a result of employment, the officer shall immediately notify his/her supervisor. The supervisor shall submit a written memorandum to the Training. If the threat is a result of a specific crime report, the supervisor shall document the threat in a supplement to the crime report and send a copy to the Training. The written report shall document the factual circumstances surrounding the threat.

Without delay, the Training shall contact the officer and develop a relocation plan. After careful evaluation, the Training will recommend either permanent or temporary relocation. Temporary relocation housing may be provided for no longer than 60 days. If permanent relocation housing is determined to be the best course of action, the officer and the Training will submit a permanent relocation plan to the Support Services Division Captain for approval.

Only those actual and necessary relocation expenses approved by the Support Services Division Captain shall be reimbursed. The officer shall submit receipts for their relocation expenses and the Support Services Division Captain shall cause the Finance Department to generate a reimbursement check to the officer. The Department is not obligated to reimburse relocation expenses incurred 120 days after the original notification of a credible threat, if the officer has failed to relocate.

"Credible threat" means a verbal or written statement or a threat implied by a pattern of conduct or a combination of verbal or written statements and conduct made with the intent and the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family.

"Immediate family" refers to the spouse, parents, siblings, and children residing with the officer.

The Department shall not be liable for any loss in value to a residence or for the decrease in value due to a forced sale. The officer shall not be considered to be on-duty while moving unless approved by the Support Services Division Captain and the Training.

Anti-Retaliation

1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1008.2 POLICY

The Fairfield Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1008.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

An officer shall not be retaliated against for reporting a suspected violation of a law or regulation of another officer to a supervisor or other person in the Department who has the authority to investigate the violation (Government Code § 7286(b)).

1008.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police, or the Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.

- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1008.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- (a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1008.8 RECORDS RETENTION AND RELEASE

The Dispatch and Records Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Hepatitis and HIV Testing for Assault on Officer Suspects

1009.1 PURPOSE AND SCOPE

The purpose of this policy is to provide a process for the testing of suspects who have interfered with the official duties of a peace officer, firefighter, or emergency medical personnel (victim) by biting, scratching, spitting, transferring blood, or other bodily fluids upon or through the skin or membranes of the victim. The victim may petition the court for an order requiring the suspect to undergo a blood test as provided in Health & Safety Code § 121060, et seq..

1009.2 PROCEDURE FOR TESTING

- (a) A crime report shall be prepared charging the suspect with the appropriate violation(s).
- (b) The supervisor reviewing the crime report shall complete the Workers' Compensation forms and forward them, along with a copy of the crime report, to the Personnel and Training Supervisor and notify the on-duty Watch Commander. The Personnel and Training Supervisor shall determine if testing of the suspect for Hepatitis and/or HIV is necessary.
- (c) If testing is necessary, the Personnel and Training Supervisor shall coordinate with the Investigation Supervisor and cause an affidavit to be prepared and forward it to the Deputy District Attorney handling the suspect's arraignment.
- (d) The Judge will hold a hearing to determine if testing of the suspect (defendant) is warranted.
- (e) If an order for testing is issued by the Judge, the order shall be forwarded to the Correctional Medical Services at the Solano County Sheriff's Office for the collection of the samples (two blood vials).
- (f) The Personnel and Training Supervisor shall obtain the samples and provide it to NorthBay Health at Work Laboratory for testing. NorthBay Health at Work will notify the Personnel and Training Supervisor of the results.
- (g) The Personnel and Training Supervisor shall provide a copy of the results to the victim officer and shall notify his/her commander of the results.

1009.3 OFFICERS RESPONSIBILITY

The victim officer who suffered the possible exchange of fluids, as defined in this procedure, shall coordinate with the Personnel and Training Supervisor to have their blood tested at the time of the incident or as soon as practical. Follow up blood testing will occur six months and twelve months after the date of the possible exposure.

1009.4 CONFIDENTIALITY

relating to said test results except for disclosure that may be necessary to obtain medical or psychological care or advice.

A copy of the test results will be placed in the victim officer's personnel file.

Reporting of Arrests, Convictions, and Court Orders

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Fairfield Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and California law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on a member's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1010.4 REPORTING

All members and all retired officers with an identification card issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Watch Commander or the Chief of Police) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether or not the matter

was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their supervisors (retired officers should immediately notify the Watch Commander or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable POST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing their duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on the member's own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1010.4.1 NOTIFICATION REQUIREMENTS

The Training and Standards Division Commander or designee shall submit within 10 days of final disposition a notice to POST of a conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1010.5 POLICY

The Fairfield Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1012.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1012.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1012.3.2 CANNABIS

Possession, use, or being under the influence of medical or recreational cannabis on-duty is prohibited and may lead to disciplinary action. Members shall not smoke, ingest, or otherwise consume cannabis products within 24 hours of reporting for duty.

1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Personnel Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug, or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Drug- and Alcohol-Free Workplace

- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than thirty (30) days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

1014.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1014.2 POLICY

It is the policy of the Fairfield Police Department to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1014.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1014.4 EXTENDED ABSENCE

Members absent from duty for three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Sick Leave

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1014.5 REQUIRED NOTICES

The Department shall ensure:

- (a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.
- (b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1014.6 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Personnel Department as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - (a) Negatively affected the member's performance or ability to complete assigned duties.
 - (b) Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Vacation/Shift Selection Policy

1015.1 PURPOSE AND SCOPE

It is critical that a balance is reached between employee's ability to take vacation time off and the Department's responsibility to the community to adequately staff the Police Department. Therefore, vacation time off shall be granted and scheduled in such a manner to ensure that a minimum deployment of personnel will be available to achieve department objectives.

1015.2 SELECTION PROCESS

1015.2.1 APPROVAL PROCESS

When approving vacation requests, supervisors should give more preference to those requests of a week or more over those for a shorter period of time. Factors supervisors should consider in approval or denial of requests of vacation for a workweek or more:

- Availability of a vacation slot
- Available staffing
- Time of requests (first requests to have a preference over later requests)
- Exigency or significance of the reasons for the request

Factors supervisors should consider in approval or denial of requests for less than a workweek of vacation time:

- Available staffing
- Exigency or significance of the reason for the request
- Length of time since the employee has taken a work week or more vacation
- Vacation leave should not be granted for periods less than two hours duration

1015.2.2 CANCELLATION OF APPROVED VACATION

It may become necessary at times to cancel vacation requests that have been through the approval process. The reasons for cancellation include, but are not limited to the following:

- (a) By request of the employee, where the cancellation request is received 30 days prior to the start of the vacation period, where exigent circumstances exist, or with supervisory approval.
- (b) By mutual consent.
- (c) Emergency circumstances. Vacations of one workweek or more shall only be canceled for emergency circumstances after regular off-duty personnel have been called back.
- (d) Vacation time of less than a workweek may be canceled to accommodate approval of vacation requests for a workweek or more.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Vacation/Shift Selection Policy

1015.3 SHIFT CHANGE AND TIME OFF SELECTION AT SHIFT CHANGE

Officers requesting extended vacations must submit the request to their Watch Commander, on the department approved form, prior to the next shift change. These forms will be accepted by the Watch Commanders who will place their initials, employee identification number, and the date they received the form on the lower right corner of the form. The form will be copied and the copy given to the employee requesting vacation. The form will then be given to the Watch Commander responsible for scheduling the upcoming shift rotation.

Prior to the next rotation, the scheduling Watch Commander will facilitate shift selections by the patrol officers. After all patrol officers have chosen, or been assigned to a shift, the Patrol Bureaus office specialist will create the patrol schedules with the officers placed on their respective shifts. The Watch Commanders will then approve or deny the requests for extended vacations.

Should the extended vacation request cause the daily staffing to drop below the minimum staffing guidelines, the Watch Commander may deny that request. The vacation requests will be approved by the Watch Commanders with priority given to those with the earlier submittal date based on the Watch Commanders written date. The Watch Commander will write the approved vacations on the draft schedule.

After the extended vacation selections, the order of time off will be as follows:

- (a) Selection of Float Days by Seniority (Based on any restrictions placed by the Watch Commander and no time off days)
- (b) K9 Float Days
- (c) Additional vacation or CTO days off based on Policy Manual § 1055.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV, and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Fairfield Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY

The Fairfield Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks, or other specialized equipment in the work area or department vehicles, as applicable.

- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 - 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that could cut or puncture (e.g.; needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1016.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1016.5 POST EXPOSURE

1016.5.1 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting

requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1016.5.2 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.3 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1016.5.4 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- (c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Communicable Diseases

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1016.5.5 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1016.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Fairfield Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches, and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY

The Fairfield Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

1018.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Fairfield Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1018.4 ADDITIONAL PROHIBITIONS

No person shall use tobacco products within 20 feet of a main entrance, exit, or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University, and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

1018.4.1 NOTICE

The Chief of Police or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).

Personnel Complaints

1020.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Fairfield Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.2 POLICY

The Fairfield Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.3 DEFINITIONS

Administrative Leave - Administrative leave is a temporary leave from a job assignment. An employee may be placed on administrative leave when an allegation of misconduct is made against an employee, after an officer involved shooting (without implying fault), or any time the Department determines appropriate. During the leave, the employer may partially, or fully complete an investigation before determining the employee should return to work. Administrative leave is not considered, nor is it to be used as an instrument of discipline.

Administrative Reassignment - An administrative reassignment includes placing an employee at another assignment within the Department, with restrictions (i.e.: such as no public contact). An administrative reassignment is not a form of discipline. All administrative reassignments (and return to full duty) are at the discretion of the Chief of Police or designee.

1020.4 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures, or the response to specific incidents by the Department. Minor violations of policies or procedures, or cases where the reporting party is agreeable to the supervisor handling the complaint by means of a conversation with the employee may also be handled informally.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Personnel Complaints

1020.4.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the supervisor or manager of rank greater than the accused member is satisfied that the appropriate action has been taken to remedy the complaint.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor or manager of rank greater than the accused member or referred to the Professional Standards Unit, depending on the seriousness and complexity of the investigation.

Matters in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation may be further investigated depending on the seriousness of the complaint and the availability of sufficient information. Such investigations may be formal or informal depending on the nature of the complaint. Supervisors and managers will work with their chain of command to determine the appropriate level of investigation in instances where the reporting party ceases to cooperate with the investigation.

1020.4.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate an inquiry into a possible investigation based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1020.5 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.5.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in the sergeant's office and the front counter, and will be accessible through the Department's website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1020.5.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the on-duty supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to the on-duty supervisor.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Personnel Complaints

If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate. A memo or email to the supervisor's direct manager in lieu of a complaint form will also suffice. If the complaint is regarding an employee not assigned to the supervisor who takes the complaint, that supervisor will notify his/her Bureau Commander who will coordinate notification to the employee's proper chain of command.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of the complaining party's statement at the time it is filed with the Department (Penal Code § 832.7).

1020.5.3 AVAILABILITY OF WRITTEN PROCEDURES

The Department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5). This procedure is detailed on the back of the Citizen Complaint Form and is also written in a "Citizen Complaint Procedure" brochure, available on the Department's website.

1020.5.4 HATE COMPLAINTS AGAINST PEACE OFFICERS

Internal complaints or complaints from the public shall be accepted and investigated in accordance with this policy where it is alleged that an officer has in the previous seven years, and since 18 years of age, engaged in membership in a hate group, participated in a hate group activity, or advocated any public expression of hate (Penal Code § 13682).

1020.6 DOCUMENTATION

Supervisors shall ensure that any citizen wishing to make a formal complaint against a department member is offered a complaint form. If a citizen wishes to make a formal complaint, but does not want to fill out a complaint form, and the nature of the complaint, if true, would amount to a violation of Department policy, the supervisor shall get as much information as possible from the reporting party and notify his/her manager via email as soon as practicable. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible. The Bureau Commander will follow up with their Division Captain and forward the complaint to the Training and Standards Lieutenant to initiate a formal investigation.

Informal complaints that are handled at the unit level to the satisfaction of the Bureau Commander are not tracked, however supervisors should be aware of employees receiving multiple informal complaints for the same type of behavior. Such a pattern may constitute the need for a formal investigation, remedial training, and/or discipline.

1020.7 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Personnel Complaints

1020.7.1 SUPERVISOR RESPONSIBILITIES

In general, the initial responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is offered to the complainant.
 - 1. The original complaint form will be directed to the Bureau Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the Bureau Commander, who will consult with the Division Captain to initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the complaint is informal and the matter is resolved, no further action is required.
 - 3. All formal complaints will be routed to the Professional Standards Unit via the chain of command, or by directing the complainant to submit the complaint form via mail or online. All formal complaints will be entered into the IA Pro software system.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Bureau Commander and the Division Captain are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Division Captain through the chain of command for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination. The Division Captain will ensure that the City's Human Resources Director is advised of the allegation.

- (i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1020.7.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

- (a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated in accordance with the Memorandum of Understanding between the City and the employee's bargaining unit.

- (c) During an interview, no more than two interviewers should ask questions of an accused member.

- (e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.
- (f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related

investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
 - (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (j) All members shall provide complete and truthful responses to questions posed during interviews.
 - (k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor's *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

The Chief of Police may decide, based on the complexity and/or sensitivity of the investigation, to contract with an consulting firm specializing in law enforcement personnel investigations. In those cases, the Training and Standards Lieutenant will work with the consultant to ensure these policies are adhered to throughout the investigation.

1020.7.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete, and essentially follow this format:

Complaint Summary - Include the identity of the members, the identity of the assigned investigators, the initial date, and source of the complaint. This section will also include a brief summary of the facts giving rise to the investigation, and the specific violations of policy that are alleged.

The Professional Standards Unit Supervisor will send the drafted memos to the Administrative Services Lieutenant. The Administrative Services Lieutenant will review and forward the memos to the Support Services Captain for his/her review. Upon review and approval, the Support Services Captain will forward the memos to the Police Department Assistant and the Professional Standards Unit Supervisor for issuance of a File Number, entry into IAPro, and disbursement of the memos.

1020.7.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions, or findings:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

1020.11 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Fairfield Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.12 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, The Professional Standards Unit Supervisor will submit the report to the Training and Standards Lieutenant, who will review the report for completion. The Support Services Division Captain will then review the report and forward it to the Operations Division Captain.

1020.12.1 LIEUTENANT RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Lieutenant that supervised the subject employee at the time of the investigated incident shall review the entire investigative file, and any other relevant materials. The supervising Lieutenant shall make recommendations regarding the disposition of any allegations.

1020.12.2 OPERATIONS DIVISION CAPTAIN RESPONSIBILITIES

Upon receipt of any completed personnel investigation from the supervising Lieutenant, the Operations Division Captain shall review the entire investigative file, the member's personnel file and any other relevant materials. If the Lieutenant has sustained or partially sustained any of the allegations, Members of the Fairfield Police Officer's Association (FPOA) and the Fairfield Police Manager's Association (FPMA) may elect to have an Internal Affairs Panel convened as described in each bargaining unit's respective Memorandums of Understanding with the City.

The Captain may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Captain may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Captain shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with written notice that the complaint against the member may be sustained or partially sustained. Members of the Fairfield Police Officer's Association (FPOA) and the Fairfield Police Manager's Association (FPMA) may elect to have an Internal Affairs Panel convened as described in each bargaining unit's respective Memorandums of Understanding with the City. Once the IA Panel process is

completed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within fourteen (14) days of receiving the notice. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
- (c) If the member elects to respond orally, the "*Skelly*" hearing may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

The pre-discipline "*Skelly*" process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials, and prior to the imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1020.12.5 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1020.14 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline (Penal Code § 13510.8).

1020.15 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

Internal Department Audits

1021.1 PURPOSE AND SCOPE

The operation and management of a modern law enforcement agency, such as the City of Fairfield Police Department, is similar to that of any effective and successful business. As such, it is essential that the department conduct audits frequently to ensure that we are operating per mandates, procedures, and best practices. These audits will occur often, without notification, and at the direction of the Office of the Chief of Police. These audits are intended to check the business practices of the department and ensure we are following our own procedures; they are not intended to catch employees doing anything wrong.

1021.1.1 EXTERNAL PROPERTY AUDITS

In addition to the above audits, the department will contract with a reputable, certified, outside consultant to conduct an audit of the Property Room every two years. The results of the audit will be returned to the Office of the Chief of Police. The Chief of Police, or his/her designee, will task the Support Services Captain with taking reasonable steps to address any actions recommended by the outside auditor.

1021.2 INTERNAL AUDITS

The Professional Standards Unit will conduct internal audits per procedure and at the direction of the Office of the Chief of Police. These audits are intended to gather and review information pertaining to areas of high liability and risk during department operations. This information will be reviewed by the Office of the Chief of Police and all affected police managers and supervisors to address potential liability concerns and training needs.

This process will ensure that the department provides quality service to the community. This documentation will provide police managers and supervisors with an early warning system to assist their divisions or units in corrective action such as training.

The PSU Sergeant shall receive copies of all "use of force" police reports, department-involved police pursuit reports, police-involved traffic collisions, and arrests for Penal Code §§ 148 and 243 arrests. The PSU Sergeant will review these reports to determine if actions taken were within the law and department policies/procedures. The PSU Sergeant will also review the reports to ensure they are complete and thorough.

At the direction of the Chief of Police, the PSU Sergeant will be responsible for quarterly audits of records, reports, and evidence of high liability or risk, such as, but not limited to:

- Booking of evidence
- Narcotics
- Weapons
- Currency
- Evidence storage

A memorandum indicating any audit findings will be sent to the Office of the Chief of Police and the reporting officer's Division Commander and immediate supervisor(s). The memorandum will include recommended corrective actions. If training deficiencies are noted, the PSU Sergeant will recommend necessary training. This training will be coordinated with the Training Unit.

The Support Services Division Captain will be responsible for ensuring the recommendation process is followed through to completion. Within 15 days of the audit, the PSU Sergeant will forward the audit findings to the Support Services Division Captain for review and recommendations. The Support Services Division Captain will then forward the recommendations to the affected division or unit managers for adherence to the recommendations within 30 days. Within 30 days, a memorandum will be sent to the Support Services Division Captain advising that the recommended corrections, commendations, or training has been completed.

The Chief of Police will be notified of all audit results and any recommendations that arise from them.

1021.3 PROCEDURE

All copies of the use of force police reports, department-involved police vehicle pursuits, officer-involved traffic collisions, and audit findings shall be maintained in the PSU Office for a period of two years. Seat Belts

1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING PERSONS IN CUSTODY

Persons who are in custody should be in a seated position and secured in the rear seat of any department vehicle with a restraint system or, when a restraint system is not available, by seat belts provided by the vehicle manufacturer. The restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

An incarcerated person in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.5 POLICY

It is the policy of the Fairfield Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Seat Belts

1022.6 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1022.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1022.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the policy of the Fairfield Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR

The Training Sergeant shall ensure that body armor is issued to all officers when the officer begins service at the Fairfield Police Department. And that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Training Sergeant shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule, or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required, subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity, and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is conducting enforcement duties in uniform outside the police building.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g.; temperature, light, humidity) are not reasonably controlled (e.g.; normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Body Armor

Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 TRAINING SERGEANT RESPONSIBILITIES

The Training Sergeant should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

1026.11.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations
 - 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 - 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who engaged in misconduct or used the force.
- (b) Filed criminal charges
 - 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative investigations
 - 1. Disclosure may be delayed until:
 - (a) There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force

1026.11.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
 - 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
 - (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due

to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

Once the supervisor confirms the information, they will prepare a memo to the Awards Committee. The Awards Committee will coordinate awarding the employee and providing them with the ribbon.

1031.3.3 SPECIAL CONSIDERATIONS

Employees and Supervisors should take into consideration the investigative implications of recovering unoccupied stolen vehicles immediately. Non-sworn staff will be given credit for recovering a stolen vehicle for the purposes of this award if they hand off the investigation to sworn staff such as Patrol, the Special Operations Team, or the Stolen Vehicle Task Force.

1032.3 SUPERVISOR RESPONSIBILITIES

- (a) A supervisor observing an employee, or receiving a report of an employee who is perceived to be, unable to safely perform his/her duties due to a physical or mental condition shall take prompt and appropriate action in an effort to resolve the situation.
- (b) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem, and in all cases a preliminary evaluation should be made in an effort to determine the level of inability of the employee to perform his/her duties.
- (c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
- (d) In conjunction with the Watch Commander or employee's available Division Commander, a determination should be made whether or not the employee should be temporarily relieved from his/her duties.

1032.5 WORK RELATED CONDITIONS

Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the employee and until such time as the following is completed:

- (a) A preliminary determination that the employee's conduct appears to be in compliance with policy and, if appropriate.
- (b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1032.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

- (b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. Fitness for Duty

- 30 hours in any 2 day (48 hour) period or
- 84 hours in any 7 day (168 hour) period

Except in very limited circumstances members should have a minimum of 7 consecutive hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, court, holdover, training, general overtime and any other work assignments.

1032.8 APPEALS

An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to City of Fairfield Administrative Policy and the Memorandum of Understanding governing the respective employees.

1034.1.1 MEAL PERIODS AND BREAKS

Sworn employees, CSO's, and dispatchers shall remain on-duty subject to call during meal periods. All other employees are not on-call during meal periods unless directed otherwise by a supervisor. According to City of Fairfield Administrative Policy, every employee is allowed one 15 minute break for each four hours worked. Employee breaks are paid breaks and taken at a time approved by the supervisor. Additionally, every employee is allowed a 30 minute meal period for every five hours worked. If the total work period per day of the employee is no more than six hours, the meal period may be waived by mutual consent of the employer and employee. If employees are not relieved of all duty, meal periods shall be paid time (i.e.; sworn employees, CSO's, and dispatchers). Below are general guidelines for Department employees:

Sworn Personnel:

8 hour shift - (1) 30 minute meal period and (2) - 15 minute breaks,

10 hour shift - (1) 30 minute meal period and (3) - 15 minute breaks,

12 hour shift - (1) 45 minute meal period and (3) - 15 minute breaks.

Sworn personnel working a fixed schedule on a 12 hour shift may combine any 2 break periods once during each shift.

Non-Sworn Personnel:

8 or 9 hour shift - (1) 30 minute meal period and (2) - 15 minute breaks

10 hour shift - (1) 60 minute meal period and (2) - 15 minute breaks

12 hour shift - (1) 60 minute meal period and (3) - 15 minute breaks.

Non-sworn personnel who are off-duty and unpaid during meal periods may be assigned to a 60 minute meal period by mutual consent of the employer and employee.

Uniformed patrol, traffic officers, and CSO's shall request and obtain clearance from the Dispatch Center prior to taking a meal period in order to ensure that enough units are available at all times. Dispatchers will not approve a number of units to go out of service so great as to leave too few units available to respond to an emergency call.

Should circumstances require it, dispatchers may divert field units from meal periods, breaks, follow-ups, or non-emergency calls in order to respond to a call of higher priority. Uniformed officers shall take their meal periods and breaks within the City limits unless on assignment outside

Fairfield Police Department

Fairfield PD Policy Manual

Meal Periods and Breaks

of the City. The time spent for meal periods and breaks shall not exceed the authorized time allowed.

1034.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the mid point, for each four (4) hour work period. Only one 15 minute break shall be taken during each four (4) hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

In an effort to reduce negative public perception, no more than three uniformed employees or two marked police vehicles (patrol cars, marked pick-up trucks, and/or motorcycles) may be parked at a coffee shop, restaurant, etc. for a break or lunch. Exceptions may be considered on a case-by-case basis, but must be approved by the employees' supervisor(s).

Field officers are subject to call and shall monitor their radios when on breaks. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Dispatch Center.

Lactation Break Policy

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child (Labor Code § 1034).

1035.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing infant child (29 USC § 218d; Labor Code § 1030).

1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 218d; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Members desiring to take a lactation break shall notify the Dispatch Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 218d; Labor Code § 1031).

Upon returning from maternity leave, the member will be given access to a key in the KeyWatcher system for the Nursing Mother's Lounge from the Personnel & Training Unit Sergeant. Once the need for expressing breast milk has ceased, the member will return the key to KeyWatcher.

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Lactation Break Policy

This room is NOT a break room, and is ONLY for use by members with a need for appropriate accommodations to express breast milk.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1035.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member ends her shift.

1035.5.1 STATE REQUIREMENTS

Members have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Members who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

Payroll Records

1036.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1036.2 POLICY

The Fairfield Police Department maintains timely and accurate payroll records.

1036.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1036.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administrative Services Unit as established by the City payroll procedures.

1036.5 RECORDS

The Administrative Services Unit Division Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

1038.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a User Overtime Request in Schedule Express as soon as practical after overtime is worked.

1038.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed the number of hours of compensatory time prescribed in their respective MOUs.

1038.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests in Schedule Express as soon as practicable for verification and processing.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1038.2.1 EMPLOYEES RESPONSIBILITY

Employees shall submit overtime compensation requests immediately after working the overtime. Employees submitting overtime compensation requests for on-call pay when off-duty shall submit requests the first day after returning for work.

1038.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

1038.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime).

1038.3.1 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial, and the amount of time for which payment is requested varies from that reported by the other officer,

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

the Watch Commander or other approving supervisor may require each employee to include the reason for the variation in the "Notes" section of the User Overtime Request in Schedule Express.

1038.4 UNSCHEDULED OVERTIME

In meeting its service obligation to the community, the Police Department has a responsibility to provide a sufficient number of on-duty personnel to process calls for service; employees are scheduled so that this obligation can be fulfilled.

Unexpected employee absences or unusual situations can sometimes create a temporary but immediate personnel shortage. Supervisors may find it necessary to assign additional work shifts, to call off-duty employees back to work, or direct on-duty employees to remain at work beyond the time when their daily tour of duty might normally expire.

Supervisors have such authority, coupled with the responsibility to ensure affected employees are appropriately compensated when overtime results.

Outside Employment

1040.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation, or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s), or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s), or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1040.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

Outside Employment

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.
- (d) When an employee is unable to perform at full-duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full-duty status.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit, or enforcement of any other employee of this department.
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient.

1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary

employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity, or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
 - 1. The officer(s) shall wear the departmental uniform/identification.
 - 2. The officer(s) shall be subject to the rules and regulations of this department.
 - 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 - 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 - 5. Outside security services shall not be subject to the collective bargaining process.
 - 6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1040.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1040.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1040.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through the appropriate channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty, shall inform their immediate supervisor in writing within five (5) days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Fairfield Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

Occupational Disease and Work-Related Injury Reporting

1042.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues, and work-related injuries.

1042.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1042.2 POLICY

The Fairfield Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

1042.3 INJURY NOT REQUIRING MEDICAL ATTENTION

Those injuries and illnesses not requiring medical attention shall be recorded on the Injury Log-No Medical Treatment Form, located in the Sergeant's office.

This form shall be completed by a supervisor, indicating that the employee desires no medical attention at the time of the report. By completing this form, the employee will not preclude his/her ability to seek medical attention later.

1042.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1042.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related City-wide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply, and take additional action as required.

1042.3.3 DIVISION CAPTAIN RESPONSIBILITIES

The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The

Fairfield Police Department

report shall then be forwarded to the Chief of Police, the City's Risk Management entity, and the Support Services Division Captain to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

1042.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Personnel Department. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

1042.4 OTHER DISEASE OR INJURY

Diseases and injuries caused, or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command, and a copy sent to the Support Services Division Captain.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1042.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1042.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Personal Appearance Standards

1044.1 PURPOSE AND SCOPE

In order to project uniformity and neutrality toward the public and other members of the department, employees shall maintain their personal hygiene and appearance to project a professional image appropriate for this Department and for their assignment.

1044.2 GROOMING STANDARDS

Unless otherwise stated and because deviations from these standards could present officer safety issues, the following appearance standards shall apply to all employees, except those whose current assignment would deem them not appropriate, and where the Chief of Police has granted exception.

1044.2.1 HAIR

Hairstyles of all members shall be neat in appearance. A Sworn member's hair must not extend below the bottom edge of the uniform collar while assuming a normal stance. Hair longer than the bottom edge of the uniform collar shall be worn in a bun, braid, or ponytail and not extend past the horizontal level of the bent elbow when the employee is standing erect. Hair shall not extend to the front in a manner which obstructs the sworn member's vision.

Hair dye shall be a "natural" hair color for all uniformed and sworn personnel.

1044.2.2 MUSTACHES

A short and neatly trimmed mustache may be worn. Mustaches shall not extend below the corners of the mouth or beyond the natural hairline of the upper lip.

1044.2.3 SIDEBURNS

Temporary Light/Modified-Duty Assignments

1054.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary light/modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1054.2 POLICY

Subject to operational considerations, the Fairfield Police Department may identify temporary light/modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1054.3 GENERAL CONSIDERATIONS

Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No permanent position in the Fairfield Police Department shall be created or maintained as a temporary light/modified-duty assignment.

Temporary light/modified-duty assignments are a management prerogative and not an employee right. The availability of temporary light/modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary light/modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a light/modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary light/modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary light/modified-duty assignments should not exceed a total of 12 months. At the sole discretion of the Chief of Police during critical operational staffing needs, employees may be granted a one-time extension up to 6 months past the initial 12-month period. This 6-month extension should only occur with employees who have a specific skill set and experience to fill the critical staffing need. Additionally, such extension should only occur if supported by medical documentation. Even with the extension, this remains a temporary light/modified duty assignment and should not be considered a permanent accommodation unless mutually agreed to by the City and the employee.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

Temporary Light/Modified-Duty Assignments

If an extension is needed, a memorandum will be drafted to the Chief of Police citing the extension provision, summarizing the staffing need, employee's skill set and expected duration. A copy of the signed memorandum will be forwarded to the Human Resources Director for awareness. An additional signed copy of the memorandum should be attached to the Temporary Modified Duty Agreement form that is signed by the employee, Personnel Sergeant, and Human Resources.

1054.4 PROCEDURE

Employees may request a temporary light/modified-duty assignment for short-term injuries or illnesses.

- (b) The nature and scope of limitations and/or work restrictions.
- (c) A statement regarding any required workplace accommodations, mobility aids, or medical devices.

The Personnel Sergeant will make a recommendation to the Administrative Services Lieutenant regarding temporary light/modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Administrative Services Lieutenant or the authorized designee shall confer with the Human Resources Department or the City Attorney as appropriate.

Based upon the needs of the department, employee restrictions, or the available assignments, light/modified-duty personnel will be rotated on a regular basis to ensure fair and equitable division of the light/modified-duty assignment opportunities.

Requests for a temporary light/modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Personnel Sergeant with notice to the Administrative Services Lieutenant.

The Personnel Sergeant or designee shall meet with employees requesting a temporary light/modified-duty assignment and complete the City of Fairfield Interactive Process Modified Work Agreement form. The form shall be signed by the Personnel Sergeant or designee and the employee after a review of the employee's medical restrictions as outlined by the employee's health care provider. The interactive process form shall be forwarded to Human Resources with an indication of whether or not the Department is able to accommodate the employee's medical restrictions.

1054.4.1 MODIFIED-DUTY SCHEDULES

The schedules of employees assigned to light/modified-duty may be adjusted to suit medical appointments or Department needs at the discretion of the Personnel Sergeant.

The employee and his/her supervisors should be informed in writing of the schedule, assignment, limitations, and restrictions as determined by the employee's health care provider.

Such examinations shall be at the expense of the Department and coordinated with Human Resources.

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

Personnel may continue to attend other department-authorized training they are assigned if such training falls within the employee's medical restrictions.

1054.5.7 VEHICLES

Personnel assigned to temporary light/modified-duty may continue to operate their assigned vehicle to and from work so long as the employee's medical restrictions allow them to be armed and they are current on firearms training.

1054.5.8 OVERTIME

Personnel assigned to temporary light/modified-duty may work pre-existing collateral duty overtime assignments so long as the work performed falls within the employee's medical restrictions. Employees should balance their 28-day work schedule when on temporary light/modified-duty. In order to mitigate placing employees at unnecessary risk, personnel assigned to temporary light/modified-duty should avoid working any overtime assignment that places them in the general public. Such assignments shall be discussed with the Personnel Sergeant in advance.

1054.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

1054.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary light/modified-duty assignment unless they have a medical restriction. Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under Government Code § 12945.

1054.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. Employees who are assigned to temporary light/modified-duty shall inform their supervisors and Personnel Sergeant of any inability to maintain any certification, training, or qualifications.

Employee Absences

1055.1 PURPOSE AND SCOPE

While it is recognized that employees will have a need to take time off work for a variety of reasons, it must also be recognized that ensuring sufficient staffing to accomplish the mission of the police department is critical. This has necessitated that parameters be put in place so the balance between employee's time off and departmental needs can be achieved.

Employees must provide a reasonable amount of advanced notice when requesting time off (vacation, CTO, etc.) to allow supervisors time to evaluate and approve or deny the request. It is generally accepted that seven (7) days notice in advance of the anticipated day(s) off is a reasonable period of time. Personnel requesting time off or a shift exchange must receive approval from every supervisor affected by such request. It shall be the responsibility of the employee requesting the time off to secure the approval of all shifts affected.

1055.2 ABSENCE PROCEDURES

The following procedures are intended to be guidelines for personnel when considering time off for vacations, compensatory time off, shift exchanges, sick leave, or leave without pay.

- (a) **Vacation:** Vacation requests will be approved or denied based upon staffing needs, current MOU's, and department procedures. Extended vacations covering a shift change will be handled pursuant to Policy § 1015.
- (b) **Compensatory Time Off:** Employees accrue CTO based upon their MOU. Employees may request to use their CTO time, and the department will approve or deny the time based upon staffing needs, Fair Labor & Standards Act (FLSA) rules, and current MOU and department procedures. The Department will not unreasonably deny requests for time off by employees.
- (c) **Sick Leave:** Absences for sickness or injury will generally be deducted from the employees' accumulated sick leave. Under extenuating circumstances, vacation or CTO deductions may be made in lieu of sick leave, provided approval has been granted by the employee's supervisor.
- (d) **Shift Trade:** Employees requesting a shift trade must complete a shift trade request in Schedule Express. Once the shift trade request is accepted by both employees, it will be available for sergeant approval. The requesting employee shall send an email to the other involved employee, and supervisors for both employees, letting them know there is a shift trade request in Schedule Express ready for approval. The sergeant should review and approve the shift trade in Schedule Express. Shift Trades shall occur within the same 28-day pay period.
- (e) **Leave Without Pay:** Leave without pay may be administered for those absences that have not been approved or authorized. Such absences of three or more consecutive workdays will generally be considered as a resignation. Leave without pay may be authorized for other approved absences.

Employee Absences

- (f) **Employee Absence Reports:** Employees unable to report for duty because of illness or any other reason shall report this immediately to their supervisor or on duty manager, giving the nature of their illness and any other pertinent facts requested.

The supervisor or manager on-duty will complete an employee absence report in every case and may visit the employee to make a written report of the case. An employee signature is not required on the absence report when the absence is for sick leave or industrial injury. Vacation leave or compensatory time off reports may be initiated by the employee or the supervisor. Each of these guidelines should be viewed as a standard to be achieved, however, should not be construed as preventing exceptions when circumstances justify an alternate course of action. Ref: 4850 Labor Code 299.D and Policy Manual.

THERAPY DOGS

1056.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of therapy dogs to help department employees, victims, and witnesses cope with the exposure to traumatic incidents, support the department's wellness program to improve members' resiliency and overall well-being, and participate in community outreach.

1056.1.1 POLICY

It is the policy of the Fairfield Police Department that therapy dogs and handlers regularly train to maintain the appropriate proficiency to reasonably carry out the objectives of the program.

1056.2 ASSIGNMENT

Therapy dogs will be assigned to sworn or professional staff members in Dispatch, Records, or Patrol, including those working as Community Services Officers. Therapy dog handlers must be trained members of the Peer Support Team. Therapy dog teams will primarily be responsible for their normal job assignments. Therapy dog handlers will be expected to make the therapy dogs regularly available to staff throughout their normal work hours. Use of the therapy dog following critical incidents, for special events, or any other request outside of their normal assignment will be reviewed and approved by the Canine Coordinator or Watch Commander.

1056.3 THERAPY CANINE COORDINATOR

Along with all applicable responsibilities described under section 816.3, the Peer Support Manager will have the additional responsibilities related to the therapy dog program:

- (a) Maintaining liaison with the contracted training vendor.
- (b) Ensuring that the therapy dog and handler meet the minimum training and performance standards as set by the training vendor.
- (c) Maintaining liaison with the Department's Peer Support Coordinator ensures that the therapy dog program provides the most benefit to department members.

1056.4 REQUESTS FOR THERAPY DOG TEAMS

While the primary focus of Fairfield Police Department's Therapy Dog program is internal staff wellness; the teams may be utilized to help individuals exposed to trauma, those who experience vicarious trauma, investigators requesting assistance during interviews, and other instances where the use of the therapy dog would be suitable under this policy to achieve a department goal.

At all times, consideration of the therapy dog and handler's health and safety will be the guiding principle utilized to determine the best method of response to provide service in the safest atmosphere for all involved. This response is left to the discretion of the Peer Support Manager. The therapy dog handler at the scene can terminate the response if the handler feels that the situation is not safe for the canine or handler. If there is a dispute about the manner of response, the handler will confer with the Peer Support Manager or on-duty Watch Commander to resolve the conflict. Therapy Dog teams shall not respond or be utilized during active scenes.

Fairfield Police Department

Fairfield PD Policy Manual

Fairfield PD Policy Manual

THERAPY DOGS

When the therapy dog is deployed, the handler will be focused on ensuring the therapy dog is responding appropriately; therefore, safety considerations must include the presence of loose or aggressive dogs, suspects who could pose a threat to the handler and therapy dog, and any other environmental concern that could be present.

Therapy dogs will not be intermingled with enforcement canines in the K9 Unit due to the vast differences in their functional roles and temperaments, and to avoid adverse interactions between the animals.

1056.5 THERAPY DOG DEPLOYMENTS

Most therapy dog sessions should last between 30-45 minutes but no longer than approximately one hour. In some circumstances, it could go longer (investigative interview), but that should be the exception. Afterward, the handler will ensure the dog has a break.

In the absence of a scheduled request for service or appearance, teams will visit units within the police department, as their regular work assignment allows. These visits should not interfere with normal operations and should not extend beyond approximately 30 minutes. Care should be taken if someone who is working does not want to interact with the dog. The supervisor should be consulted for approval before bringing the dog to the unit.

Self-initiated interactions are also encouraged at special events or known locations that attract residents and visitors if dogs are welcome (outdoor shopping areas, City-sponsored events—particularly those occurring outdoors). Care should be taken when the temperatures are extremely hot or cold because it poses a risk to the dog's well-being. Appearances such as this should last no more than an hour at a time, and the dog should be given a break afterward.

The Peer Support Coordinator will consider after-hours requests in consultation with the Division Commander on a case-by-case basis. If a call-in is determined to be appropriate for the situation, the Peer Support Coordinator will schedule the event with the handler.

1056.6 REPORTING OF BITES OR INJURIES

REPORTING OF BITES OR INJURIES

Any unintended bite or injury caused by a canine, whether on or off-duty, shall be promptly reported to the Peer Support Manager. The Peer Support Manager, or on-duty supervisor, will immediately respond to the scene of the incident. Unintended bites or injuries caused by a canine should be documented in an administrative report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified, and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the time any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any

The contracted veterinarian will maintain the microchip number.

1056.7.3 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A therapy dog shall not be left unattended in any area to which the public may have access.
- (b) If the therapy dog needs to be secured in a vehicle, the vehicle shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

1056.7.4 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the Peer Support Manager. Compensation for call-outs will be in accordance with the terms of the handler's respective MOU. (FPOA or FEA)

The therapy dog and handler are a team. They will be certified by the Fairfield Police Department's designated training vendor to the standards deemed appropriate by the trainer to operate in the field as a therapy dog team. The dog and handler must be proficient with basic canine obedience commands. After the initial certification, monthly training with the vendor will be mandatory. The handler will conduct ongoing weekly training.

All training records will be maintained by the handler and reviewed by the training coordinator and vendor regularly.

If the handler or canine fails to meet the minimum standards to maintain certification or perform therapy dog duties, the department will remove the canine from service and either reassign the canine to another handler or permanently remove the canine from active service.

1056.7.7 RETIREMENT OF A THERAPY DOG HANDLER

Therapy dogs are property of the Fairfield Police Department. If the assigned handler separates from employment with the Fairfield Police Department during the service life of the canine, the canine will be reassigned to an appropriate employee based upon the established selection process.

1058.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites, and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech, or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including; acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1058.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to; film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1058.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Fairfield Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1058.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Fairfield Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another employee to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

1059.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Fairfield Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1059.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1059.2 POLICY

It is the policy of the Fairfield Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1059.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and the Dispatch Center.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1059.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Commander, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Fairfield Police Department members may be apprised that survivor notifications are complete.

1059.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the Department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1059.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- The selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include but are not limited to:

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1060.5 DEFUSINGS & CRITICAL INCIDENT STRESS DEBRIEFINGS (CISD)

A defusing should be short in duration (20-30 min) and should occur within 8-12 hours after a traumatic event. The process is designed to provide an initial forum for cathartic ventilation and information exchange.

A Critical Incident Stress Debriefing (CISD) should generally occur 48 to 72 hours (2 - 3 sleep cycles) following a critical incident. In the case of a prolonged critical incident or injured employees, the CISD may occur later than 72 hours, but should be completed no later than 14 days post incident. The coordinator is responsible for organizing the debriefing.

Notes and recorded statements shall not be taken because the sole purpose of the defusing or CISD is to help mitigate the stress-related effects of a traumatic event or critical incident.

The defusing or CISD is not part of any investigative process. Care should be taken not to release or repeat any communication made during a defusing or CISD unless otherwise authorized by policy, law, or a valid court order.

Attendance at the defusing or CISD should only include peer support members and those directly involved in the incident. Attendance in a defusing is strongly encouraged, but not mandated. Attendance in CISD is mandatory.

FOREWORD

Hate Crimes (i.e. crimes motivated by bias) convey a message of terror and exclusion, not just to the immediate victims but to entire communities. They often target victims who are least able to defend themselves. They cause trauma that is more extreme and longer lasting than similar crimes committed for other motivations. They can spark retaliatory crimes, escalating the cycle of crime and violence. If not addressed professionally and thoroughly they may undermine public confidence in law enforcement.

The 2018 California State Auditor's Report, titled "Hate Crimes in California," found that California law enforcement has not taken adequate action to identify, report, and respond to hate crimes. The report found that agencies did not properly identify some hate crimes, and underreported or misreported hate crimes as well. The report also noted that hate crimes are on the rise in California, increasing in both 2015 and 2016.

California Penal Code (CPC) 422.87 added new language and requirements to any newly created or updated agency hate crimes policy. Effective January 1, 2019, any local law enforcement agency that updates an existing hate crimes policy, or adopts a new one, shall include the content of the model policy framework provided in this document as well as any revisions or additions to the model policy in the future.

These guidelines are the primary elements that law enforcement executives are now required to incorporate into their hate crimes policy if an agency creates a new hate crimes policy or updates an existing one. The guidelines are designed for department-wide application and are intended to reflect a values-driven "top-down" process. They are intended to assist with the development and delivery of training and ensure proper identification, investigation, and reporting of hate crimes within each agency's jurisdiction.

POLICY GUIDELINES

GUIDELINE #1

Develop the foundation for the agency's hate crimes policy.

The law enforcement executive is responsible for providing leadership, communicating organizational values to the department and the community, paying attention to hate crime trends and current events that could trigger hate incidents and/or hate crimes in the community, and providing education and training to establish the foundation for the agency's hate crimes policy. Employees' ability to respond appropriately to hate crimes and hate incidents is maximized when the executive effectively establishes and communicates the foundational values of the organization.

GUIDELINE #2

Develop a hate crimes policy for the agency.

- I. An agency's hate crimes policy shall include the statutory definition of a hate crime, and its policy and programs should minimally include the following:
 - A. Response
 - B. Training
 - C. Planning and Prevention
 - D. Reporting

The law enforcement executive is responsible for the initial development of the policy and should be actively involved in its implementation. See the appendix for the exemplar "Message from the Agency Chief Executive".

GUIDELINE #3

Develop expertise to identify and investigate hate crimes.

The law enforcement executive is responsible for ensuring that the agency possesses expertise to identify and investigate hate crimes, as well as ensuring compliance with state and federal

reporting and public information requirements. Agencies should assign identified personnel to appropriate training to develop expertise and knowledge to investigate hate crimes.

Hate crimes are low-frequency events with high-risk consequences for the agency and community. Agencies shall provide a checklist to first responders to provide direction for the investigation of all hate crimes as mandated by CPC 422.87.

GUIDELINE #4

Develop and implement cooperative hate crimes plans with other law enforcement agencies.

- I. Coordinate cooperative efforts among regional, state, federal, and tribal law enforcement agencies to share information and training, and develop strategies to prevent hate crime activity.
- II. Develop and/or participate in law enforcement intelligence networks to enhance the agency's ability to anticipate potential hate crime targets. This interaction should include sharing intelligence information with other jurisdictions and cooperative investigations, arrests, and prosecutions if appropriate.

GUIDELINE #5

Develop and implement cooperative hate crime plans with the community and related governmental and non-governmental organizations, as appropriate.

- I. Collaborate with the community, including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools and colleges, to do the following:
 - Develop a network to build rapport with community groups

-
- Develop a protocol for response to hate crimes
 - Obtain witness and victim cooperation
 - Provide support services to victims
 - Collect demographic information about specific communities
 - Identify hate crime trends based upon current events and activity (hate crimes and/or hate incidents)
 - Identify periods of increased vulnerability based on significant dates and events for affected communities
- II. Law enforcement should identify and seek out cultural diversity training and information from/about specific communities within its jurisdiction (immigrant, Muslim, Arab, LGBTQ, Black or African American, Jewish, Sikh, disability, etc.) to strengthen agency awareness.

GUIDELINE #6

Conduct an annual assessment of the agency's hate crimes policy and its ongoing implementation.

The assessment should include:

- I. A review to ensure compliance with the POST Hate Crimes Model Policy and California law.
- II. A review and analysis of the agency's data collection, policy, and annual mandated reporting of hate crimes.
- III. A review and updating of the agency's hate crimes brochure to ensure compliance with CPC 422.92.
- IV. A review of any existing or available data or reports, including the annual California Attorney General's report on hate crimes, in preparation for, and response to, future hate crime trends.

- V. Annual outreach to the community including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools, and colleges assessing the agency's responsiveness to hate crimes.

MINIMUM LEGAL REQUIREMENTS FOR AN AGENCY'S HATE CRIMES POLICY

CPC 13519.6, effective January 1, 2005, minimally requires:

1. A message from the law enforcement agency's chief executive officer to the agency's officers and staff concerning the importance of hate crime laws and the agency's commitment to enforcement.
2. The definition of "hate crime" in Penal Code section 422.55.
3. References to hate crime statutes including Penal Code section 422.6.
4. A title-by-title specific protocol that agency personnel are required to follow, including, but not limited to, the following:
 - a. Preventing and preparing for likely hate crimes by, among other things, establishing contact with persons and communities who are likely targets, and forming and cooperating with community hate crime prevention and response networks.
 - b. Responding to reports of hate crimes, including reports of hate crimes committed under the color of authority.
 - c. Accessing assistance, by, among other things, activating the Department of Justice hate crimes rapid response protocol when necessary.
 - d. Providing victim assistance and follow-up, including community follow-up.
 - e. Reporting

CPC 422.87, effective January 1, 2019, states and minimally requires:

Each local law enforcement agency may adopt a hate crimes policy. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new one shall include, but not limited to, the following:

1. The definitions in Penal Code sections 422.55 and 422.56.
2. The content of the model policy framework that the Commission on Peace Officer Standards and Training developed pursuant to Section 13519.6 (above) and any content that the commission may revise or add in the future, including any policy, definitions, response and reporting responsibilities, training resources, and planning and prevention methods.
3. Information regarding bias motivation
 - a. For the purposes of this paragraph, "bias motivation" is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.
 - i. In recognizing suspected disability-bias hate crimes, the policy shall advise officers to consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse

fear or guilt, a perception that persons with disabilities are inferior and therefore “deserving victims,” a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

- ii. In recognizing suspected disability-bias hate crimes, the policy also shall advise officers to consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator’s motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.
- b. Information regarding the general underreporting of hate crimes and the more extreme underreporting of anti-disability and anti-gender hate crimes *and a plan for the agency to remedy this underreporting* (emphasis added).
- c. A protocol for reporting suspected hate crimes to the Department of Justice pursuant to Penal Code section 13023.
- d. A checklist of first responder responsibilities, including, but not limited to, being sensitive to effects of the crime on the victim, determining whether any additional resources are needed on the scene to assist the victim or whether to refer the victim to appropriate community and legal services, and giving the victims and any interested persons the agency’s hate crimes brochure, as required by Section 422.92.
- e. A specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.
- f. The title or titles of the officer or officers responsible for assuring that the department has a hate crime brochure as required by Section 422.92 and ensuring that all officers are trained to distribute the brochure to all suspected hate crime victims and all other interested persons.
- g. A requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.
- h. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new hate crimes policy may include any of the provisions of a model hate crime policy and other relevant documents developed by the International Association of Chiefs of Police that are relevant to California and consistent with this chapter.

MODEL POLICY FRAMEWORK

Purpose

This model policy framework is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how law enforcement agencies may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy.

Policy

It is the policy of this agency to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This agency will employ necessary resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this agency should attend to the security and related concerns of the immediate victims and their families as feasible.

The agency policy shall include a requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.

The agency policy shall provide a specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.

POST offers training and video courses to assist law enforcement in the identification, investigation, documentation and reporting of hate crimes. These courses provide officers with information and skills necessary to effectively identify, investigate, document and report hate crimes. Various training programs include the history and definitions of hate crimes, recognition of hate groups, international terrorism, legal considerations, victims' considerations, initial response duties, victim interviewing and care, suspect identification and interrogation, evidence identification, report writing, the role of law enforcement, investigative strategies, intelligence collection, supervisory roles, community relations, media relations and local program training development, and other topics such as proper use of computer systems and methods for reporting. POST also maintains an extensive array of training videos on applicable topics such as working with those with mental illness and intellectual disabilities, hate crimes, and working with minority communities.

For more information on POST training opportunities and available videos, visit the POST website at www.post.ca.gov. In conjunction with POST training opportunities, trainers may utilize other state and federal agencies that offer training courses, such as the U.S. Department of Justice.

Planning and Prevention

The general underreporting of hate crimes is an identified issue in California. Underreporting is caused by victims not reporting hate crimes or hate incidents due to a number of factors, including fear of reprisal and the belief that law enforcement will not properly investigate them. A report by the State Auditor in 2018 determined that California law enforcement has not taken adequate action to identify, report and respond to hate crimes. There is also an extreme underreporting of anti-disability and anti-gender hate crimes. The agency's plan to remedy this underreporting *shall be inserted into the policy* (emphasis added).

In order to facilitate the recommendations contained within this policy, it is strongly recommended that agencies build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Agency personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes. Assigned personnel should perform the following:

1. Meet with residents in target communities to allay fears; emphasize the agency's concern over this and related incidents; reduce the potential for counter-violence; and provide safety, security, and crime prevention information. Cultural diversity education and immersion programs (if available) could facilitate this process.
2. Provide direct and referral assistance to the victim and his/her family.
3. Conduct public meetings on hate crime threats and violence in general.
4. Establish relationships with formal community-based organizations and leaders.
5. Expand, where appropriate, preventive programs such as hate, bias, and crime reduction seminars for school children.

-
6. Review the Attorney General's latest opinion on hate crime statistics and targets in order to prepare and plan for future crimes, specifically for Arab/Middle Eastern and Islamic communities.²
 7. Provide orientation of and with communities of specific targeted victims such as immigrants, Muslims, Arabs, LGBTQ, Black or African-American, Jewish, Sikh, disabled persons, etc.

Hate crimes are not only a crime against the targeted victim(s) but also have impacts on the victim's family and community. Working constructively with segments of this larger community after such crimes is essential to help reduce fears, stem possible retaliation, prevent additional hate crimes, and encourage any other previously victimized individuals to step forward and report such crimes. This is particularly important if an upward trend has been identified in these crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Most California law enforcement agencies do not track hate incidents. It is recommended that hate incidents be investigated and documented, if directed by policy, as part of the overall planning to prevent hate crime.

Tracking social media is also another identified area to find indicators of, or precursors to, hate crimes. It is recommended that agencies assign personnel to find, evaluate and monitor public social media sources to identify possible suspects in reported hate crimes, or to determine suspects or suspect groups in future hate crimes or hate incidents affecting the identified individuals, groups or communities that may be victimized, and planned hate-based events.

Release of Information

Agencies should have procedure and/or policy on public disclosure of hate crimes. Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure would assist greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

1. Dissemination of correct information.
2. Assurance to affected communities or groups that the matter is being properly and promptly investigated.
3. The ability to request information regarding the commission of the crime(s) from the victimized community.

Agencies should provide the supervisor, public information officer, or designee with information that can be responsibly reported to the media. When appropriate, the law enforcement media spokesperson should reiterate that the hate crimes will not be tolerated, will be taken seriously, and will be prosecuted to the full extent of the law.

Agencies are encouraged to consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

²As described in CPC 13519.6(b)(8)

It is the agency executive's responsibility to determine the form of documentation and type of indicators on crime reports.
3. The agency head or their designee (identified in the agency policy) should make a final determination as to whether the incident should be classified as a hate crime by the agency.

APPENDIX

Definitions and Laws

In accordance with CPC sections 422.55, 422.56, 422.6, and 422.87, for purposes of all other state law unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Hate crime

“Hate crime” means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (1) Disability.
- (2) Gender.
- (3) Nationality.
- (4) Race or ethnicity.
- (5) Religion.
- (6) Sexual orientation.
- (7) Association with a person or group with one or more of these actual or perceived characteristics.

(b) “Hate crime” includes, but is not limited to, a violation of Section 422.6.

“Association with a person or group with these actual or perceived characteristics” Includes advocacy for, identification with, or being on the ground owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of those characteristics listed in the definition of “hate crime” under paragraphs 1 to 6, inclusive, of CPC 422.55 subdivision (a).

Note: A “hate crime” need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate Speech

The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected: fighting words, true threats, perjury, blackmail, incitement to lawless action, conspiracy and solicitation to commit any crime.

Hate incident

A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places
- Displaying hate material on your own property

Bias Motivation

Bias motivation is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.

Disability Bias

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Disability

Disability includes mental disability and physical disability as defined in GC 12926, regardless of whether those disabilities are temporary, permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Gender

Gender means sex and includes a person gender identity and gender expression. Gender expression means a person's gender-related appearance and behavior, whether or not stereotypically associated with the persons assigned sex at birth. A person's gender identity and gender related appearance and behavior, whether or not stereotypically associated with the person's assigned sex at birth.

In Whole or In Part

"In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that crime would not have been committed but for the actual or perceived characteristic.

Nationality

Nationality includes citizenship, country of origin, and national origin.

Race or Ethnicity

Race or ethnicity includes ancestry, color, and ethnic background.

Religion

Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Sexual orientation

Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim

Victim includes, but is not limited to, a community center, educational facility, entity, family, group, individual, office, meeting hall, person, place of worship, private institution, public
